Middlethian.

Dear Madam,

I am desired to inform you that we unfortunately do not possess in our Library the book to which you refer. Miss Pelliser would have no influence at Girton that she could use on your behalf so far as getting the book for you is concerned, in fact, as a graduate, you yourself would find it better to write ~~independently~~ of anyone else.

Trusting you will succeed in getting it,

Believe me,

Yours faithfully,
