Dear Sir,

Miss Palliser being very much occupied has asked me to reply to your enquiry as to whether the tables drawn up by Mr. Keir Hardie have ever been completed. So far as she knows they have not but she will be seeing Mr. Keir Hardie in a few days and will put the question to him and if she finds there is any further information available will let you have it.

I enclose a copy of the leaflet on Women's Suffrage in New Zealand and Australia for which you ask.

Yours faithfully,
