My dearest May,

So many thanks for your
delightful letter. Last week
I almost despaired of our
being able to make any way
with the Conciliation Bill
but now the signs look rather
more favourable. As quite

has consented to receive a

deputation on its support from

the N. U. on the 21st

We shall follow with our big

Queen's Hall meeting on the

28th. Will you be able to

come?

I shall love to have the J. S. Hall
letter especially as your gift.

It is good of you to send it

Love,

See you very lovingly

M. Saworth

I am so glad to hear of

You going on the Stamp for us
I feel sure you did very well
