

the members of the Committee.
A week or two ago I received
a parcel of literature &
letters from Mrs Cutbert
asking me to take her place
as Sec. as she was letting
her house for 12 months &
would be away for a long
time. I have written
to Mrs Cutbert telling her
that owing to want of time
I cannot become the Sec.
of the Association but I
will keep all the 'books
etc. here till you appoint

another Secretary. I may say
we have never had a con-
meeting since the first
one at which Mrs Watson
was present.

I wish very much that
I could take the Secretary-
-ship but already I have
so much public work that
I could not do justice to
it. I am immensely keen
on the subject & I have
spoken at a great many
meetings all over the country
on the question. Last Thursday

I spoke for the "Hindhead
& Haslemere Women's Suffrage
Association". Until I arrived
there I thought I was being
employed by your Union,
but I found that they had
formed a little independent
Society (non-political) & they
themselves paid me my fees
& expenses. If ever you need
a speaker I should be very
glad to offer my services.
I am one of the speakers
for the Women's Liberal Federation
& I ~~go~~ am about a good

Central Society for Women's Suffrage.
