Dear Mrs Bantick

Thank you very
much for your cheque. I
hope you are in no
great hurry for the
drawing! I will not be in
town again for some
days but will send it along then
to the frame maker and
to you immediately after -
if this will suit you!

Please do not
trouble to answer if this
will be all right.

Yes I think a thin
dark frame for the
drawing

I will lay your
awful threats to heart
— It seems worth
people were the first
to try to get me
away from the Herald

The Society of 15 are
London painting friends of
mine with whom I
exhibited chiefly I
think to oblige the
friend who asked me
of my honesty
