

Northfield.

Oct-5th

AL/2240

My love to you both still as per dear
mother for her letter. So sorry to hear of
fresh trouble in your family. I meant to have
sent a line before but have had up & down.
I shall be leaving here before long to have a
consultation in town & will let you know my
movements. I am much better for the present -
will here & now will come the question of what
to do here further. I hope both of you are well.
Much love, B.H.
