## Business Monitor

Report on the Census of Production<br>Household textiles and handkerchiefs

Special Note for Purchasers
Commencing with the 1971 Census, the Census o Production reports are being numbered in a uniform series embracing all industrial inquiries in the Business P (for production) followed first by $A$ lindicating th it is an annual series) or Q (quarterly) or M (monthly) and then by a number indicating the minimum list heading, or sub-division of a minimum list heading heading, or sub-division of a minimum list heading, of
the Standard Industrial Classification (revised 1968).

The Census of Production (PA) reports are available on standing order (details on application to Her Majesty's Stationery Office, P.O. Box 569, London SE1 9NH. Telephone 01-928 6977), although they are not included in the global subscription arrangements

Government Statistical Service
A service of statistical information and advice is
provided to the Government by specialist staffs
employed in the statistics division of individual
Departments. Statistics are made generally available through their publications and further information and dvice on them can be obtained from the Departments concerned.

Notes
Thase notes give the main information needed for Interpreting the filgures in the Industry Bus Iness
Monltors: more detalled Information about the Montors: more detalied Information about the PAlool (1ntroductory Notes) of the Report on the
general information
Changes made for 1976
The Consus for 1976 is in line with simllar Inquir lesu being conductods In other member countries of the European Economic Communtles. There was a
smali' number of changes in the scope of the small number of changes in the scope of the
Industry reports compared with 1975. These include separate head ings for:
Sales of
Sales of goods produced
Recelpts for work done and industrial services rendered
Amounts pald for hire of plant and machinery
Amounts pald for rent of industrial and specific chanees angs specific changes are explained in the introductions
to the industry reports or by footnotes to the tables.
Suppression of information relating to individua undertakings
Section $9(5)(b)$ of the Statistics of Trade Act 1947 states - "The foll effect with respect to any report, summary or other
communication to the public of information obtained under the foregoling provisions of this Act -
in compliling any such report, summary or communicatlon the competent authority shall so pubilshed therein from belng identified as being particulars relating to any Individual person or undertaking except with the previous consent in that undertaking, as the case may be; but this
provision shall not prevent the disclosure of the provislon shall not prevent the disclosure of the
total quantity or value of any articlos produced, disclosing any such total the competent authority shall have regard to any representations made to
them by any person who alleges that the disclosure thereof would enable particulars relating to him or to an undertaking carried on by him to be deduced from the total disclosed."
If a flgure involved disclosure the contributor concerned was sometimes asked to give permission permission was given. When it was refused and where contributors were not approached the figure other figures, or as in the regional tables, by other flgures, or as in the
omltting the flgure altogether.

sales data are provided in the Quarterly Busin Monitors, is published in Business Monitor PQ100 Statistical units
The statistical
The statistical unit for the purpose of the Censu as the smallest unit which can provide information normally required for an economil
census, for example, employment, expenses, turn over, capital formation. Usually the principal
octivites carrled activitles carrled on in an establishment fit
within a single heading of the classificat within a single heading of the classification
( $e_{0}$ g. steel making or sugar refining). Typicall e.g. steel making or sugar refining). Typicall|,
the establishment embraces all the activitle carried on at a single address e.g. a farm, a mine or a factory, Including those which are ancilliay
to the principal activities. Frequently distinct othe principal activities. Frequently distinct
activities characteristic of different industries are carried on at one address, but normally these are not classifited separately and the whole activity. If, however, the requited range of dato a constitute a for each activity, each is taken activities which are conducted as Sometimes business are carried on at a number of addressses Where this is so, businesses are asked to provide
the full range of separate information in resped of each address; whether or not the activities ar ifferent. Their activities may, however, b
integrated to such an extent that they constituta single establishment. In the latter case th establishment is defined to cover the comblin activities at these addresses (termed l
units). employment and net caplital expenditure at unit in order to complle regional tables.
Efforts are made by the Business Statistics Efforts are made by the Business Statistics of to ensure, by negotlating with respondents, the return from an establishment does not
local units or addresses in more than one of countries of the United Kingdom.
Further information about the statistical Further information about the statistical appeared in an article "The statistical unit
business inquiries" In Statistical News No. 13 Establls
Establishments are asked to exclude from the returns particulars relating to any department
engaged in production e.g. merchanting, transp warehousing, for which they keep a separate se accounts. Transfers of goods produced to departments are treated as sales and responden are asked to value them as far as possible as
sold to an Independent purchaser. Where separat accounts are not kept they are asked to Incluon

## USED IN THE CENSUS REPORT

erage number employed
persons on the required to state the number of return, payroll on average during the ees. Separate figures were required for:

## administrative, technical and clerical

employees employees (operatives)
all other emp
ges could be calculated from the figures
lating to the last week of each calndar month.
tablishments were also required to state the
number of working proprletors where appropilate
and these are included in total employment figures. Outworkers ( $1 . e$. persons employed by establishments whe worked in thelr onn homes otc.
on materials supplied by the establishent) on materials supplied by the establishment) are
excluded. The figures include persons engas merchanting or factoring and canteen workers where particulars in respect of these activities could not be excluded from the return.

Working proprietors
employed" for nat persons regarded as "selfmembers of their families who worked in the business without recelving a wage or salary; but number of working hours are excluded. Directors working in the business but not in recelpt of a under this heading: directors pald by fee only are not included.
Employees
Administrative, technical and clerical employees include directors in recelpt of a definite wage,
salary or commission, managers, and works foremen; research and design employees lother than operatives); draughtsmen, oditorial
staff, advertising staff, travellers and all office emp loyees.
Operatives
Operatives include all other classes of employees,
that is, broadly speaking earners. They include operatives manual wage power stations, transport (including roundsmen), warehouses, stores, shops and canteens,
inspectors, maintenance workers and cleaners. inspectors, maintenance workers and cleaners:
Operatives engaged in outside work of erecting,
itting Operatives engaged in outside work of ereeting,
fitting etc. are also included, but outworkers
are excluded.
Capital expenditure
Capital expenditure during the year in respect of manufacturing. .units where production had not
started before the ond of the year is included. Establishments were asked not to deduct from the expected to be expenditure amounts recelved or axom the Go bernment or any statutory or allowances
Establishments or local
authority. authority. Establishments with 100 or more
employees. were asked to Include a total net
capital expenditure tigure for each calendar year.
(a) New building work

This represents the cost incurred during the year
of new building and other constructlonal work to be used in connection with constructlonal work to to
the the thess covered by the return. The value is that charged to capltal account during the year of return; it includes
expenditure on new buldings and on the extension works of a capital old bullidings, the value of establishment's own staff and the cout by the shown includre legal buldings purchased. Figures
charges, stamp duties, agents commissions, otc.
(b) Land and existing bulldings
purchased and the capital cost cost of freeholds for leaseholds acquired coscluding promlum payable assets acquired in taking over an existing
business), and the amounts recelvable for freebusidess), and the amounts recelvable for free-
holds or leaseholds disposed of. The value is hat charged to capltal account during the year of
that the value is
return.
(c) Plant, machinery and vehicles
The ttems shown are the value of plant and
machinery and of vehicles acquired, both new and machinery and of vericles acquired, both new and
second-hand, and the amount recelved for items disposed of during the year. The value of plant
and machinery acquired includes plant, etc. which
firms produced for their own use in connection with the bus iness covered by the return. The value of
plant, etc. acquired is the expend iture charged to capital account dur ing the year of return less any discounts recel ved, but Including the cost of transport and instailation. Deductibe value addod
tax oxcluded but non-deductible value adod tax
on motor cars acculired ls. licludel on motor cars accul red is Inclucued No deduct ion
is made for deprectation, amortization or obsolesIs made for depreclation, amortization or obsoles-
conce. The proceeds of Items disposesed of dur
thy

Cost of industrial services
This includes amounts payable to other firms for ment, payments for sepalirs band maintenance (and aming those in respect of rented muildings)
 excluded.
Cost of non-industrial services
buildings, hire of of Industrial and commercial Insurance, premiums, plant and machinery, commercial charges and amounts paid for protessional services, pharges and amounts poid
transport, advartis services, royalties for the ising otc. Amounts payable on copyrlights etc., manufacturing patents, trademarks, "knowhow" are al so Included.

Gross output
in the calc
In the calculation of gross output the value of
total sal es and work done ls total sales and work done is increased by the rise
(or reduced by the fall) (or reduced by the fall) during the year in the
value of work in progress and goods on hand for salu.
Not output
Net output, a customary census measure is Not output, a customary census measure, is
cal culated by deducting from gross output he cost
of purchases (reduced by the rise or the of purchases (reduced by the riss, or Increases by
the fall, during the year of stocks of mater ials the tall, dur ing the year of stocks of mater lals
otc.) and the cost of Industrial services recelved, and where applicable, duties etc.
Not output per head
Not output per head
The tilires of not output per head are derived by
divid ing the net output by the ayer parsons employed (full by the average number of activitios covered by the returns, Including
operatives, administrative, tochnical and clerical operatives, administrative, technical and clerical
employeas and working proplietors, but excluding
outworkers, outworkers.
Gross valuu addded at factor cost
groducting added at factor cost is calculated by Ieducting trom not output the cost of nonn
Industrial sorvices (e.g. rent of bulldings, hire of plant services ea.g. rent of bulidings, hire
or machinery, commercial insurance professiona bank charges and amounts pald for
 rates) and the codvertising) icates (excluding water
This of linsing motor vehicles. closely than of gross value added approaches more of net output or value added in national accounts statistics.

Gross value added at factor cost per head The flgures of gross value cost per haod
head are der factor cost per head are der Ived by dividing the gross value added
by the average number of persons employed (full and by the average number of persons employed (full and
part-time) on all activities covered by the
 technlcal and cler lcal emporoyes and working
propletors, but excl uding outworkers and

Purchases
Purchases
Include the cost of ram materials,
components, semi-manufactured goods and worksho
materlals; of replacement parts and consumit tools not charged to capital account; of packar materials of all types; of stationery and pri matter; of fuel, electricity and water
materials to be used by the establishment or
out to materials to be used by the establishment or
out to other establishments for the machinery or other capital tor the productlo
IIshment's the IIshment's own use; of materlals for use by
establishment when working establomers; and of working on goods supplled covered by the establishment's return. Transters of goods to the establishment from another depa ment of the same firm not covered by corresponding to the estimated selling recorded by the other department. Amounts payabla to ransport firms or credited to the firm's om transport department for dellivery of materlals a
excluded, as are all purchases of machinery plant charged to capital account. Purchases goods for merchanting or factoring have collected separately since 1973. The values
exclude VAT. They include, in addition actual purchase price, the value of to material charged to the establishment. The value of returned goods or packaging material returned to suppliers and any trade discounts are exclud
Materials purchased duty-paid are Included at the
duty-paid duty-pald value, less any drawback, rebate, The cost of transport is included only If accounts. With the purchase price in the
inported goods are included at accounts. Imported goods are included at thel
full del ivered cost. If in the firm's accounts the
transport from transport from docks or airport is not included in
the cost of goods purchased, the cost is entered the cost of goods purchased, the cost is entered
c.l.f. plus duty (if applicable). and hire purchase charges are excluded.
Sales of goods produced
Sales for the purposes of the annual censuses
means deliveries on sale of goods made by estate means deliveries on sale of goods made by estab-
IIshments in the United Kingdom covered by the inquiry. Sates of goods made for these estab-
IIshments by outworkers or by other Iishments by outworkers or by other establishments
from materials given out to them and sales of from materials given out to them and sales and machinery or other capital New building establishments for hiring out or produced regarded as sales, the value or leasing return being that adopted in the establishments capital asset accounts. Forward sales and canteen takings are excluded. All sales in the perlod goods mere manufactured. Goods produced In establishment and transferred elther to ancll departments not engaged in production for wit there are separate accounts, or to another
establishment of the same firm not covered by the return, are treated as sales by the producing establishment and valued as far as possible as it
they had been sold to an independent purcherit they had been sold to an independent purchaser
Goods transferred to wholesale or retail selling organisations, for which separate accounts are kept are valued on the same basis. The value shown for sales is the "net selling value" defined as the amount (excluding value
added tax) charged to customers whether on an ex-works or dellivered basis, after any trad
discounts and agents discounts and agents' commissions have deducted. The cost of packing materials
allowance for returnable cases is included industries where products attract Excise Duty value stated is usually inclusive of duty if so duty-pald and exclusive of duty if sold in bond a exported.
Work done and industrial services rendered igures for work done represent the amount chargel
for work carried out on materlals supplied by for work carried out on materlals supplited by
customer and include repalr work. Within cortaln
ndustrles this heading covers a wide variety of citivities, for example, within the food sector coter packed on commission; within the textlie
ndustries - making up of garments, fur dressing dextile finishing; within printing and pubishing - preparatory work on type-setting, block the electrical machinery and heavy engifeering industries, covering erection, installation and epair and jobbing work. Other activitios within this heading include exploration work, research and
devel opment, glass cutting and dressing and planing of timber.
ndustrial services rendered include repairs and aintenance, Installation work, and technical
asearch and studies for other organisations.

Capital goods produced for establishments' own use
Thls Includes all work of a capltal nature carriled his includes all work of a caplal nature carried
ut durling the year by the establishments! own
tat
on-Industrial services rendered
Inl includes rents recilved for commercial and
industrial bulldings, amounts charged industrial bulidings, amounts charged for hiring
out plant, machinery and other goods and amounts out plant, machinery and other goods and amounts
charged to other organisations for the provision of
transport. It also includes amounts recelved for right to use patents, trademarks, copyrights c., manufacturing and quarrying rights and tech-
cal cal "know-how" and
clllites as canteens.
soods merchanted or factored
Merchanted goods are those (excluding canteen
sales) sold without having been subjected to any nanufacturing process by the seller.
nat
stocks and work in progress
values are glven of stocks of goods on hand for
sale and of materials, stores and fuel the year of return and of the change during the Including any stocks of goods held for
wherk in progress is ceflined as materlals which have been partially
rocessed by the establishment but processed by the establishment but which are not
lisully sold or transferred to another estab-
IIshment without further processing. The value Inclunt the thout further processing. The of materials consumed and labour ised, together with a margin of overhead costs and proflts. Progress payments made to sub-
contractors are excluded and progress payments contractors are excluded and progress payments
reeelved from other organisations are not deducted.

## ges and salarlos

operatives and to administrative, technical and
lerical ane to propr letors, employees. whether called salariests to working
por not, are xeluded. The values shown Include all overtime
payments, bonuses and commissions, whether paid
egularly or not regularly or not, and no deduction is made for
income tax, insurances contid Income tax, Insurances, contributory penslions etc. The value of redundancy payments less any amounts
fimmoursed from Government sources is included. Celmbursed from Government sources is included.
he value of any payments in kind, travelling xpenses etc. Is excluded.
Remuneration pald to outworkers
remuneratlon paid to outworkers (i.e. persons
nployed by the establishment who do their work in he ir own homes) is generally on a plece-work
basis. Only amounts pald to outworkers dasis. Only amounts pald to outworkers whose names
appear on the ostablishment's payroll are included.
Amounts paid to appear on the ostablishment's payroll are included.
Amounts paid to outworkers by sub-contractors are
excluded. excluded.
Employers' insurance and welfare contributions national includes employers. contributions to
insurance and graduated pensions (and/or insurance and graduated pensions (and/or
arnings related basic contributions under the

Social security Act, 1973) as well as commercial
insurance premiums to provide pensions, superannuation or other retirement benefits, sickness benefits, personal accident beneflits, disabllity
or death benefits for employees or former employees or their fependants. employees or for contributions to
ent the running costs of canteens, soclal contres, hildren's and holiday homes, etc. for employees, ormer employees and their dependants are also
