General footnotes

(a) The figures relate to the establishment based censuses only. See Table 1 footnote (a).

(b) Including estimated figures for small establishments that were not required to make detailed returns and for unsatisfactory returns. The figures for 1907 and 1912 include within the United Kingdom the whole of Ireland, but for other years, only Northern Ireland. The 1948 figures include estimates for Northern Ireland based on the 1949 census taken there. For the years 1950, 1952 and 1953 the figures exclude smaller establishments in Northern Ireland (employing fewer than eleven persons).

(c) Including from 1958 onwards, persons engaged in merchanting or factoring and canteen workers (where particulars could not be excluded from the returns).

(d) As defined in the SIC (Revised 1968). For changes in coverage of census industries see footnotes to Table 1.

(e) Excluding outworkers.

(f) Prior to 1948 including working proprietors.
