History of the School

The founding of the School marked the conjunction of a need with an opportunity. The need was for a centre where political and social problems could be studied as profoundly as they were being studied in universities on the continent and in America. The opportunity came when Henry Hunt Hutchinson, a member of the Fabian Society, died in 1894 leaving instructions that Sidney Webb and four other trustees were to dispose of the residue of his estate for socially progressive purposes, but otherwise more or less as they thought fit. Sidney Webb working without 'the formalities of charters and incorporations, of public subscriptions and government grants, boards of trustees and governors' collected subscriptions and started his School. Its aim was to contribute to the improvement of society by promoting the impartial study of its problems and the training of those who were to translate policy into action.

The School opened modestly in October 1895 in rooms at 9 John Street, Adelphi, moving next year to 10 Adelphi Terrace, later the home of Bernard Shaw. It was here in November 1896 that the School's library, The British Library of Political and Economic Science, was started. From the first the School set itself to cater for older students as well as for those of normal university age, attracting them particularly from business and administration; and from the first held itself open equally to students of both sexes.

Once the University of London had reorganised itself in 1900, and established a Faculty of Economics and Political Science, the School joined the University, its three-year course providing the basis of the new B.Sc. (Econ.) degree. Since the formality of its new position required the School to regularise its constitution, it was incorporated as a limited company not trading for profit, on 18 June 1901, with Sidney Webb as Chairman of the Governors. The Memorandum of Association (Section 3 vii) authorised the School to promote 'the study and advancement of Economics or Political Economy, Political Science or Political Philosophy, Statistics, Sociology, History, Geography, and any subject cognate to any of these'. And Article 28 of the Articles of Association stated that 'no religious, political, or economic test or qualification shall be made a condition for or disqualify from receiving any of the benefits of the Corporation, or holding any office therein; and no member of the Corporation, or professor, lecturer or other officer thereof, shall be under any disability or disadvantage by reason only of any opinions that he may hold or promulgate on any subject whatsoever'.

Numbers soon rose; and in 1902 the School moved into its first purpose-built accommodation. The site was provided by the London County Council in Clare Market; the money for building was donated by Mr. Passmore Edwards and others. By 1913 the building was seriously overcrowded; and the School's subsequent history is a saga of rising numbers, constantly diversifying academic interests and too little space. In 1921 the School was recognised by the University Faculty of Laws; in 1922 by the Faculty of Arts; in 1963 by the Faculty of Science. Research and teaching have expanded from small beginnings into the complex range of disciplines set forth later in this Calendar. In 1921 the journal *Economica* was founded;

History of the School

in 1934 *Politica*, which ceased publication during the war. The Library has expanded likewise, until it is now, within its chosen fields, probably the finest collection in the world. And the School buildings, though they have not expanded in step with the needs implied by this growth have been added to and adapted so as to provide space for snack-bars and dining-rooms, homes for computers and statistical machines, meeting-rooms for student gatherings, and modest facilities for physical recreation, in addition to more accommodation for conventional academic needs.

There is a full account of the foundation of the School in *The History of the Foundation* by Sir Sydney Caine; and a survey of subsequent development in F. A. von Hayek, "The London School of Economics, 1895-1945", *Economica*, February 1946.

Report by the Director on the work of the School during the Session 1967-68

The session 1967-68 was the first of a new quinquennium, 1967-72. For the School, as for all the other London colleges, this quinquennium will be a period of stand-still rather than of development, because the recurrent grants from central and local government sources are barely sufficient to meet existing commitments. Few, if any, of the proposals in the School's development plan for the quinquennium can be brought into operation.

This is disappointing in itself because the two or three years of new activity, particularly in research, now lost can never be regained, and still more because a university needs some momentum of development to maintain its full efficiency, especially in a period in which the teaching and research services of universities are so conspicuously needed.

The disappointment was harder to endure because of the fumbling way in which the recurrent grants for the quinquennium were introduced. We began with only a 'provisional' grant for 1967-68 and no knowledge of what the grants for the remainder of the quinquennium would be. It was not until half way through the first year, in January 1968, that we were informed of the grant for 1967-68 and for the subsequent four years. Even then, there was a significant missing factor which made detailed planning and estimating for the quinquennium impossible; the School was not informed until July 1968 of the income it would receive from the equalisation fund for overseas students fees.

Differential fees for overseas students had been introduced by a government decision in December 1966, without prior consultation with the universities. The rate for newly registered students was to be £250 p.a., with an increase of £50 p.a. over the normal fees for those already embarked on courses. This arbitrary decision was deeply resented by the universities, both because of the principle of discrimination involved and because of the manner in which it had been introduced. It immediately caused cases of individual hardship with which the government had to deal by various supplementary grants. At the cost of much administrative effort, in which Students' Union representatives shared most effectively, all known cases of serious individual hardship at the School have been disposed of satisfactorily. The universities and the colleges of the University of London agreed to pool the additional income received from the increased fees, in order to avoid the financial inequity that would otherwise have resulted from the great variations in the proportions of overseas students in the individual institutions. The operation of this equalisation fund remained and still remains a distracting, if minor, factor in university financing. It is to be hoped that it will disappear if the general question of fees in higher education can be settled in the tripartite discussions which are now proceeding between the central government, the local authorities and the universities, and that the arbitrary differential between overseas and United Kingdom resident students will be removed as part of a general settlement.

In July 1968 the Court of the University of London informed the School that it could retain its income for 1967-68 from overseas fees and that the Court grants

Report by the Director

announced in January 1968 would be reduced. The School can accordingly expect in the quinquennium the following Court grants:

1967-68	£1,443,000
1968-69	£1,467,000
1969-70	£1,496,000
1970-71	£1,530,000
1971-72	£1,565,000

in addition to overseas fee income (of the order of £80,000 in 1967-68), normal fee income and its income from other sources.

The Court grant to the School is mainly composed of a proportion of the University Grants Committee's allocation of funds to the University. In announcing its recurrent grants for the quinquennium, the University Grants Committee for the first time accompanied its allocations with a memorandum of general guidance indicating its own priorities for university development, and with more specific indicative proposals for the individual institutions. In particular, it linked its grants to student targets to be achieved in the quinquennium and took the view that 'the undergraduate numbers are a genuine priority', and that 'in the light of present A level trends the major increase must be in the number of arts-based, rather than science-based, students'. The Court of the University of London, in assessing its grants to the School 'had in mind the following 1971-72 full-time student numbers targets' for the School, 1,725 undergraduate and 1,206 postgraduate.

The University Grants Committee in its letter to the University of London stated that it had 'not felt able to make provision for a further swing from undergraduate to postgraduate work in Social Studies at the London School of Economics; this reflects the need substantially to increase during the present quinquennium the number of undergraduate places in these subjects and the limited funds available for an expansion of postgraduate numbers'.

This issue of the balance between the undergraduate and postgraduate activities of the School is fundamental. The School's considered long-term policy has been to stabilise its undergraduate numbers while developing and expanding its graduate school. This policy has had the explicit approval of the University Grants Committee for many years and it is disconcerting that, at least for this quinquennium, there should be a halt in its implementation. The Academic Board and the Governors while accepting the University Grants Committee's guidance for the immediate future, reaffirmed that the continuing development policy of the School must be in the growth of its graduate school.

The reasons for this long-term policy are powerful. The School has assembled a specialist staff in the social sciences unique in its distinction and range, which has made it a national and international centre for graduate training and research. Its Library is the greatest collection in the social sciences in Europe and attracts scholars from all parts of the world. Located at the heart of the metropolis, the School has unrivalled accessibility to the economic, political, legal and professional life of the country. It has been, and remains, a pioneer in most of the social sciences and has provided, and continues to provide, many of the teachers and research workers needed for the development of the social sciences in other universities and institutions. Since the War, provision for first-degree training in the social sciences

Report by the Director

has been made in almost all the universities in Great Britain and in many other institutions of tertiary education; the number of applicants for entry to the social sciences has increased more than in any other academic field; there is now a growing flood of graduates in the social sciences seeking opportunities for postgraduate study. The increasing sophistication and specialisation of these sciences, together with the need to avoid undue pressure in undergraduate courses, create a situation in which the three-year basic training of a first degree is in many cases insufficient for professional competence. A rising proportion of graduates needs the additional preparation provided by a Master's or other higher degree. On its restricted site in an area of extremely high-cost land and buildings, the School cannot expand its student numbers greatly; it would be financially extravagant and an uneconomic use of its specialist resources for it to attempt to cope with a large increase in undergraduates; its quantitative growth should be in postgraduate and other specialised activities.

I fully share my colleagues' conviction that the distinctive and most effective contribution which the School can make, nationally and internationally, is in the postgraduate sphere, while retaining a vigorous undergraduate school of approximately its present size. I hope, therefore, that the University Grants Committee's guidance for the present quinquennium will prove to be only a temporary interruption in the agreed pursuit of the School's long-term development policy.

My remarks about the quinquennial settlement may appear to be ungracious and petulant. I recognise that in a period of grave economic difficulty for the country, the universities cannot be exempted from sharing in the inescapable cuts in government expenditure and in the postponement of desirable developments. It would be unjust not to pay tribute to the achievements of the University Grants Committee and of the Court of the University in defending the interests of the universities and of the colleges of London at a time of exceptional strains and complications. My anxiety is that the central organisations for dealing with universities have not yet developed and adjusted sufficiently to cope with the new situation created by the sudden growth in size and numbers of universities in the last decade. The Department of Education and Science, inexperienced in university matters, the University Grants Committee, the Committee of Vice-Chancellors and Principals, and the central organs of the University of London have not yet had time to adapt themselves to the novel issues raised by the changes in scale in university affairs. There is consequently a certain lack of subtlety and discrimination in the decisions and procedures, which may ignore or damage the special cases within the richly varied university world.

An illuminating example of this, which seriously affects the School, was the introduction of a new senior/junior staff ratio as a requirement to be observed by all universities. The proportion of senior staff, that is professors, readers and senior lecturers, was not to exceed 35 per cent of the total academic staff. When this was announced, the proportion in the School was 45 per cent. It has never been explained convincingly what useful purpose any such senior/junior ratio is intended to serve, but its uniform application to each university institution creates absurdities as well as needless difficulties and injustices. Were the School to put it forthwith into effect it would be compelled to keep senior posts vacant indefinitely and to deny all promotions from the lectureship grade to senior lectureships. It is a blunt instrument for dealing with a variety of staffing situations. It ignores the special needs of

Report by the Director

the University of London colleges like the School with an exceptionally high commitment to postgraduate teaching which, as one of several factors, involves them in having a greater proportion of senior staff than the national average. Happily, negotiations by the University and its colleges throughout the session are likely to win recognition of London's special situation and to avoid the most damaging consequences for the University and the School. The episode, however, illustrates the dangers to real academic interests and thus the long-term national interests that arise from the application of an egalitarian and rigid approach to the dissimilarities which are one of the great strengths of the British universities.

Student numbers

The total number of students, 3,833 in the session 1966-67, exceeded the targets which the School had set for itself. This led to an undue strain on the resources, particularly of staff, library and accommodation, and to the decision to control registrations for the session 1967-68 more tightly. The limitation was all the more necessary because the buildings in Clements Inn Passage had to be destroyed, with a loss of 13,000 square feet of accommodation, in preparation for erection of the new buildings on the site. The total number of students in 1967-68 was 3,439, a reduction of 394 or slightly more than 10 per cent from the previous session's total.

The reductions in the various categories of students are shown in the following table:

	<i>Session</i> 1966-67	<i>Session</i> 1967-68	<i>Percentage</i> <i>Reduction</i>
REGULAR STUDENTS			
First degree	1,743	1,669	4.2
First diploma	83	73	12.0
Higher degree	1,206	1,195	0.9
Higher diploma and certificate	198	166	16.2
Research fee	137	81	40.9
Other regular	111	78	29.7
TOTAL OF REGULAR STUDENTS	3,478	3,262	6.2
OCCASIONAL STUDENTS	355	177	50.4
GRAND TOTAL	3,833	3,439	10.3

It will be seen that the greatest proportionate reductions were in the numbers of Occasional students and Research Fee students, and that these two combined, 234, account for nearly two-thirds of the total reduction of 394.

Within the overall totals, the decline in the proportion of overseas students which appeared in the session 1965-66 continued in the session 1967-68, after the probably abnormal increase in 1966-67. The main decline was in the categories of Occasional and Research Fee students, which was in part due to the deliberate decisions of the School in reducing these groups. The decline in the number of overseas students taking a first degree is almost certainly part of a permanent trend. Overseas students continue to account for nearly half of the regular students reading for a higher degree at the School.

Machinery of government

The School has always enjoyed the benefit of an unwritten constitution and the quite exceptional flexibility that this has given it in its internal government and administration. Over the past few years there has been much discussion about ways in which it should adapt its scheme of governance to meet its new responsibilities. These new responsibilities arise from the general growth in size and complexity of the School's activities, from the devolution by the University to its constituent colleges of greater responsibility for academic policy, from the increased urgency of systematic forward planning and formulation of priorities in a period of scarce resources, and from the need for improving the channels of consultation and mutual information among all members of the School.

Some specific proposals for changes, in particular for the establishment of a Senate, were put forward in a paper by Sir Sydney Caine in August 1966, and accepted as a basis for discussion by both the Academic Board and the Court of Governors, which in February 1967 appointed a joint committee to work out the details of a scheme for further consideration. The committee co-opted five student members to assist it in its deliberations. It produced its first report in February 1968, which, together with some notes of reservation or dissent and a minority report by two of the student members, was widely discussed throughout the School during the Lent term. In the event neither the Academic Board nor the Students' Union approved the Committee's report, and further discussions are proceeding in order to find agreed proposals.

Nevertheless, although a comprehensive scheme of changes has not yet been adopted, important innovations have been introduced. The part-time post of Pro-Director has been established and occupied throughout the session, with distinction and with immense assistance to myself, by Professor H. C. Edey. The part-time post of Dean of Undergraduate Studies has been created and occupied by Dr. P. S. Cohen, whose constructive influence has already made itself felt throughout the whole undergraduate school. Under his chairmanship, a joint student-staff Committee on Undergraduate Studies has embarked on a wide-ranging review of tutorial arrangements, teaching methods and other aspects of first degree activities. In each academic department there has been formalised or newly established a staff-student committee, meeting regularly and with freedom to discuss the academic activities of the department. These committees have already proved their worth and will, I am convinced, remain an important informal part of the working constitution of the School. Both the Court of Governors and the Academic Board have agreed to the addition of student members to many of the existing School committees and the detailed arrangements for this will be introduced early in the 1968-69 session.

The main constitutional problems which in my view remain to be solved are two. The first is to strengthen existing machinery, or to create new machinery, to cope expeditiously with the growing volume of technical academic business, such as changes in degree structures, syllabus modifications and examination arrangements, as responsibility for these increasingly passes from the University to the School. The second is to establish an effective and therefore relatively small body, enjoying the confidence of the whole community of the School, which can take a synoptic view of the School's interests and resources – teaching, research, finance, accommodation – and concern itself with longer-term planning and priorities. Whether

these two tasks can be undertaken by a single organ, such as the 'Senate' proposed in the Machinery of Government Committee's report, is still an open question. The needs, however, are urgent, and it may be better to proceed by a series of practical experiments and trial and error, than by the theoretical formulation of new constitutional schemes and the unending debates to which these give rise in an academic community.

Teaching and research

With the standstill attitude which financial uncertainty imposed, no major academic innovation could be undertaken in the session 1967-68. The introduction of a first degree in social psychology had to be postponed. The new degrees in mathematics and in modern languages were introduced with 14 and 13 students respectively embarking on the first year of these courses. The taught Master's degree continued to enjoy great popularity and 451 new entrants, including 244 from overseas, were admitted to these courses. After a review of the Master's degree, the Graduate School Committee reached the conclusion that at present no major changes were called for in the regulations or teaching arrangements.

The new Research Committee embarked upon a detailed analysis of the Units and other research projects at the School largely financed from external grants, and for the first time assessed the allocation of School resources involved, finance, accommodation, library, computer, administration and other. On the basis of this analysis, the Committee intends to proceed to an assessment of the needs and priorities of research in the School and will keep under review the guide lines to be used in seeking and allocating resources. The majority of gifts and non-U.G.C. grants received in the session were for research, including grants from the Department of Education and Science for studies by the Unit for Economic and Statistical Studies on Higher Education, a grant from the Leverhulme Trust for the continuation of the work of the Greater London Group, and assistance from the Rees Jeffreys Road Fund for the continuation of the Research Fellowship in Transport for a further five years. A Ford Foundation grant to the School of \$280,000 over five years brought the Centre for International Studies into full activity at the opening of the session, with awards of studentships, fellowships and travel grants to develop its long-term programme of research and training in this interdisciplinary field.

Student welfare and activities

The two Halls of Residence, Passfield and Carr-Saunders, had successful years. In Passfield it has been decided to increase the number of women residents. Dr. C. J. Lowe on appointment to a Chair in Canada has resigned as Warden after five-and-a-half years' service and been succeeded by Mr. J. A. W. Forge. Carr-Saunders Hall, of which Mr. K. Klappholz has been Warden since it opened in the spring of 1967, had the honour of a visit from the Chancellor of the University, Her Majesty Queen Elizabeth the Queen Mother, on 13 March 1968. The occasion gave a further opportunity to express our deep gratitude to the anonymous benefactor, through his representative, Lord Murray, for his gift of the Hall, and to the Friends of L.S.E. for their generosity in furnishing the Common Room.

Important though the contribution of the two Halls, and of the University and

Report by the Director

other college halls, is to meeting the residential needs of the School's students, the acute problem of accommodation for London students grows ever graver as their numbers increase with the expansion of undergraduate and graduate numbers and the creation and development of new universities and institutions of higher education within the metropolis. The cost in terms of travel time, fatigue and inadequate study and feeding facilities of the present arrangements must seriously diminish the returns on the investment in tertiary education in London. The problem is a national one, calling for coordinated action beyond the piecemeal efforts of the separate colleges within the jungle of conflicting housing and planning authorities. It is receiving the urgent attention of the Vice-Chancellors' Committee and of the University. Students of the School, following the survey of residential needs of the Students' Union in 1966-67, are taking important initiatives in attempting to establish housing associations and to start cooperative and other forms of student-run schemes.

The medical service, with the important addition of the new dental service, has benefited from the improved accommodation which has been put at its disposal in Connaught House.

The Students' Union appointed a committee to make proposals for changes in the Union's constitutional structure, but by the end of the session agreement had not been reached within the student body on any major structural reform. Nevertheless, within the existing constitution, changes had been agreed in principle for giving greater autonomy and responsibility to the Union in financial matters and these should be brought into effect in the coming session.

In a year in which many universities in the United Kingdom experienced student disturbances, there were few incidents or moments of tension within the student body or between students and School authorities and none which merits recording. It is important to record that after Mr. Enoch Powell's speech in Wolverhampton on race and immigration, the Students' Union took the initiative in organising a whole day's constructive discussion by students and staff on the racial problem and 'What can we do about it?'.

Buildings and accommodation

Buildings and accommodation

There were no major changes in the School's accommodation resources during the session. Interest centred on the progress of the two new buildings arising on the site of the old Government Laboratory and on the site of the old buildings in Clements Inn Passage. The building on the former will be an extension of St. Clements Building and will not be separately named. The development on the latter will be a more independent building with its own entrance and it has been decided to name it Clare Market Building, to preserve an association with the history of this area. Hopes faded that these major additions, which will add some 35,000 square feet of usable space to our resources, will be ready for occupation at the opening of the 1969 session. A few weeks' delay during the construction period may already have made the critical difference between possession in the next Long Vacation or at the opening of term, with all the grave inconvenience that will then ensue. It is at least a small comfort that these two buildings escaped the moratorium on capital works which the University Grants Committee had suddenly to impose in August 1968.

Report by the Director

The stubborn problem of library accommodation remains. Some relief in late 1969 to the Library will be available in the Old Building when the St. Clements Building and Clare Market Building are occupied, but this will be only one more compromise and improvisation. It is deplorable, for example, that in this great international library of the social sciences, direct access for readers is not available to three-quarters of the books. Only the radical solution of rehousing the Library on an alternative site will solve its problems satisfactorily. Continuous efforts throughout the session were maintained in pursuit of this radical solution, but a final conclusion cannot yet be reported, and may yet elude us.

Colleagues

The School suffered a grievous loss by the death on 28 December 1967 of Professor Ely Devons, who was appointed to the Chair of Commerce with special reference to International Trade in 1959. His special contribution to the Department of Economics and to the School powerfully influenced the development and sense of direction of both.

By the accidents of timing the School lost by retirement at the end of the session an unusually large number of its elder statesmen, who had done much to create and to sustain its national and international standing: in Economics, Professor R. S. Sayers (Money and Banking) and Professor E. H. Phelps Brown (Economics of Labour), both of whom had occupied their Chairs at the School since 1947; in Anthropology, Professor R. W. Firth and Professor Lucy Mair, whose connection with the School dates back to 1933 and 1927; and in Law, Professor G. S. A. Wheatcroft, who was Master of the Supreme Court (Chancery Division) when he accepted the Chair of English Law at the School in 1959.

On the Library and administrative side, there has been a departure by retirement of a group of distinguished and loyal servants whose services have for so long been an integral part of the School that I, for one, doubt if it will be recognisable again as the same institution. Dr. Marjorie Plant retired as Deputy Librarian after unbroken service in the Library since 1925. The retirement of Miss Eileen Garrett from the Correspondence Office at Easter 1967 after nearly forty years' devotion to the School, has been followed this session by the retirement of Miss Dora Smith (Registry) - 'Miss Patrick' - after forty years with the School, Miss Phyllis Shrimpton (Assistant Establishments Officer), who joined the School in 1930, Miss Pleasance Partridge after twenty-five years in the Social Science Department, Mrs. Marion Horn (Assistant Secretary) after twenty years' service, and Mr. H. C. Scriven (Deputy Secretary), who joined the School over thirty years ago and to whose multifarious, unselfish services to the School I have specially personal reasons for paying tribute and gratitude. These seven officers have together given over two hundred years of service and to them we owe an irredeemable debt. It would be wrong to omit mention of the retirement of Mrs. Gerti Kvergic from the Economists' Bookshop (the School's joint venture with the Economist newspaper) of which she had been Manager since its foundation twenty-one years ago and the wide reputation and commercial success of which she has done so much to foster.

At the end of the session, Lord Bridges retired from the Chairmanship of the Court of Governors to which he had been first elected in 1957. Others better equipped than I will elsewhere pay tribute to the wisdom and unrivalled experience

Report by the Director

which he brought to his guidance of the School in this decade. To me in my first year as Director, Lord Bridges gave support, confidence and inspiration in that inimitable way which only those who have worked with him can know. I owe him more than I can ever express privately or publicly, and in affection and admiration will try to deserve at least a fraction of the trust he reposed in me.

Research

The School has, from its foundation, been a leading centre of research in social studies and has sought to provide good research facilities for members of the teaching staff and for graduate students. Furthermore, in order to preserve the freedom of staff to pursue research in their own way, the aim of the School has been to keep administrative organisation concerned with research to a minimum consistent with adequate financial control and flexible enough to allow for the variety of research undertaken and for the rapid changes in the ways in which research is pursued. To this end there is a Research Committee whose terms of reference are as follows:

1. To encourage and facilitate research appropriate to the School as an academic centre of scholarship and teaching in social studies.
2. To keep under general review the research activities of the School and:
 - (a) seek to initiate and to secure means for the development of research
 - (b) receive for assessment all new proposals for research or for extensions of existing research projects, which involve commitments on School funds and resources, other than the personal research of members of the staff or research financed from the Staff Research Fund
 - (c) make recommendations to the Director concerning proposed applications by the School or by members of the staff to outside bodies for research funds for which if granted the School would be accountable
 - (d) make recommendations to the Director concerning the amount of the allocation to be voted annually to the Staff Research Fund
 - (e) receive annual reports on the use of all research funds and grants for which the School is accountable

There is also a Staff Research Fund Committee which is responsible for the allocation and use of the Staff Research Fund.

The Research Divisions

There are at present seven research divisions, which include most members of the teaching staff. They are:

- (i) the Economics Research Division, which includes the staffs of the Economics and Economic History departments
- (ii) the Geographical and Anthropological Research Division
- (iii) the Government Research Division
- (iv) the International Studies Research Division, which includes the staffs of the departments of International History and International Relations
- (v) the Legal Research Division
- (vi) the Social Research Division, which includes the staffs of the departments of Social Psychology, Social Science and Administration and of Sociology
- (vii) the Statistics Research Division

Any member of the staff who does not belong to one of these divisions may seek assistance on an individual basis by application to the Research Committee, which

Research

keeps under review the applications submitted by research divisions and allocates funds available.

The divisions are concerned mainly with 'project research' and provide assistance to individual teachers on an *ad hoc* basis. Two divisions have, however, developed other functions:

- (a) The Economics Research Division has established a basic staff of research assistants, whose services are available to all members of the Division, and an Economic Documentation and Research Centre where information is collected. To this extent this division may be said to be becoming also a centre of 'subject research'.
- (b) The Statistics Research Division also offers an advisory service to staff and graduate students throughout the School on statistical methods and their application, and maintains a small research library, the Leverhulme Library, for staff use.

A Unit in Operational Research has been established recently within this Division to provide a centre at which new theoretical problems in this field can be attacked, to provide graduate students with practical experience and to provide advice and information for operational research workers.

It is characteristic of much research in social studies today that it is co-operative in many different ways. Many projects are joint ventures in which several members of the staff share; some involve co-operation between several academic disciplines; some are pursued in collaboration with outside agencies, public and private, and with other colleges both in the United Kingdom and overseas. These have often been most fruitful in contributing both to the solution of urgent social and economic problems and to the enrichment of academic knowledge and the stimulation of the development of new techniques of enquiry.

The units described in the following paragraphs are mainly concerned with projects of this kind.

Building Management Research Unit

The Personnel Management section of the department of Social Science and Administration has been financed by the Ministry of Public Building and Works to undertake research into building maintenance problems. The research objectives are to analyse the structure of a number of maintenance organisations and to study the strategies open for organisational change in such situations. Other completed studies include a project on Contract and Site Management Behaviour and Training Needs, and a study of the Site Agent's Role in Maintaining Continuity of Employment for Workers.

The research of the Unit is under the direction of Miss B. N. Seear and Mr. K. E. Thurley. The Unit secretary is Mrs. P. de Martell.

In addition to the research staff of the Unit assistance is being given by a number of persons involved with the building industry.

Centre for International Studies

The Centre for International Studies was established at the School in 1967, with the aid of a grant from the Ford Foundation. Whilst the prime concern of the Centre lies in the broad field of international studies, special attention is to be devoted to research and training in Soviet studies, including Russian and East

Research

European studies, and the study of International Communism; in Asian studies with special emphasis on development within China, and on China's relations with the outside world; and in European studies where, initially, a major concern is with the pattern of East-West relations, political, economic and cultural, in Europe.

In pursuance of this programme, the Centre has to date appointed three Research Fellows: Mr. J. D. Duncanson, who is working on China and the Independence of Vietnam; Dr. Maurice Pearton, who is investigating Eastern European Relations with Germany from 1935 onwards as a source of capital and technique, the study being designed to show the interaction of political and economic and technical necessities in the area at the time; Mr. Lucjan Blit, who is working on the Ideological Background of the Ruling Communist Party in Poland. The Centre has also awarded studentships to seven graduates. Four Visiting Fellows have also been able to spend some time at the Centre, taking part in seminars, as well as conducting their own research.

Otherwise, the Centre's main activity has been the promotion of a seminar on East-West Relations in Europe, within which, on the initiative of the Comparative Politics Group, and with the support of the Social Science Research Council, particular attention is being paid to the political impact of economic decentralisation in Yugoslavia, Poland and Czechoslovakia. Mr. Ghita Ionescu has been appointed a Visiting Fellow of the Centre, to co-ordinate the work of the different groups which are conducting research into different aspects of this problem.

A seminar is also being run on Asia and the Pacific in International Relations, particular attention being given to China's relations with her neighbours and other great powers.

The work of the Centre is directed by a Steering Committee under the Chairmanship of Professor G. L. Goodwin, consisting of: Professor H. C. Edey, Dr. C. M. Bell, Professor M. Freedman, Mr. G. Ionescu, Professor D. H. N. Johnson, Professor H. G. Johnson, Professor J. B. Joll, Dr. P. H. Lyon, Professor F. S. Northedge, Mr. P. Reddaway, Professor L. B. Schapiro, Mr. G. H. Stern, Mr. D. C. Watt, Professor P. J. de la F. Wiles, Mr. P. Windsor. The Organising Secretary is Mrs. M. Horn.

Greater London Group

This interdisciplinary group was formed in 1958, under the stimulus provided by the appointment of the Royal Commission on Local Government in Greater London. The appreciation of the value of the evidence which the Group presented to the Commission led to continued research into a number of subjects relating to local government in London and the South-East Region, the range of which is indicated by the appended list of publications.

The Group undertook in 1967 for the Royal Commission on Local Government a study in depth of local authorities in the South-East Economic Planning Region (excluding Greater London) with a view to throwing light on the working of the existing system of local government and examining possible forms of re-organisation likely to produce improved performance. The Group also prepared for the Royal Commission a report setting out what they considered to be the most important consequences of the London Government reforms and the lessons to be learnt from them. Both these reports were published by the Royal Commission in 1968.

The Group is currently engaged on two major projects. One is an examination of

Research

transport and traffic administration in Greater London. The other is a history and evaluation of the reform of London Government, the first part of which is to be published in 1970.

A study of the 1964 and 1967 Greater London elections is also in hand.

The Group has received grants of £18,300 from the Nuffield Foundation, £13,000 from the Leverhulme Trust, £8,000 from the Royal Commission on Local Government, £3,500 from the Ministry of Housing and Local Government and £2,000 from the City Parochial Foundation.

The Chairman of the Group is Professor W. A. Robson, the Vice-Chairman is Professor P. J. O. Self, the Secretary is Mr. G. Rhodes.

Higher Education Research Unit (formerly the Unit for Economic and Statistical Studies on Higher Education)

The Unit undertakes research on various economic and statistical aspects of higher education. Its research relates to methods of educational planning at national level, the relationship between what is provided in higher education and labour force needs, and the costs and operation of institutions of higher education. Part of the Unit's efforts are devoted to educational planning in developing countries.

Current projects include: a computable model of the educational system; studies in the field of manpower planning; institutional studies, particularly the relations between higher education and the state; facilities for management education; and the costs of higher education. Several projects have now been completed, each resulting in a major publication. Five books have been published by Oliver and Boyd: *Graduate School: A Study of Graduate Work at the London School of Economics*; *Manpower and Educational Development in India 1961-1986*; *The Utilization of Educated Manpower in Industry*; *Educational Finance: Its Sources and Uses in the United Kingdom* and *Education and Manpower: Theoretical Models and Empirical Applications*. The Unit has now arranged with Allen Lane, The Penguin Press, to publish a series of *L.S.E. Studies on Education*. Three titles have already appeared: *The Causes of Educated Unemployment: The Indian Case*; *Decision Models for Educational Planning* and *The Impact of Robbins: Expansion in Higher Education* (Penguin Education Special). The following are in preparation or in the press:

Research

Policy and Practice (the development of the former Colleges of Advanced Technology); *The Finance of Private Education*; *Educated Manpower for India's Industrial Development*; *The Use of Qualified Manpower in Industry*. Other reports on completed projects include: *Statistics of the Occupational and Educational Structure of the Labour Force in 53 Countries*; and 'Trends in University Entry: An Inter-country Comparison' in *Social Objectives in Educational Planning* published by O.E.C.D.; and 'Cost-Benefit Analysis of Industrial Training' published in the *British Journal of Industrial Relations*, July 1969. Journal articles by members of the Unit are issued in the Unit's Reprint Series.

Financial support for the Unit has come from the Nuffield Foundation, the Social Science Research Council (2 grants), the Department of Education and Science (5 grants), O.E.C.D. (3 grants), the Ford Foundation (2 grants), the Ministry of Overseas Development, the Department of Employment and Productivity and the National Economic Development Office and now totals some £375,000.

The research staff of the Unit is: Joint Directors, Professor C. A. Moser and Professor B. C. Roberts; Deputy Directors, Mr. P. R. G. Layard and Mr. G. L. Williams; Research Secretary, Miss J. A. Pinney; 3 Research Fellows; 2 Senior Research Officers; 7 Research Officers; 4 Research Assistants; and 8 Consultants.

Management Studies Research Division

The Management Studies Research Division, which is financed partly by funds drawn from outside bodies, is concerned primarily with the development of studies at the School germane to management problems, covering such fields as administrative theory, structure and procedures; mathematical and statistical methods applied to decision-making; computer programming and data processing; accounting for management; the economics and finance of public and private enterprises; and industrial relations. Its work is directed by a committee of management under the chairmanship of Professor H. C. Edey, consisting of Professor J. Durbin, Professor B. C. Roberts, Miss B. N. Seear, Professor P. J. O. Self and Professor B. S. Yamey.

Medical Research Council Unit

The Medical Research Council Unit was established at the School in April 1962 to study problems on the borderline of sociology and medicine. There are at present two sides to the work of the Unit. First, the National Survey of Health and Development; second, studies of family development being carried out by a branch of the Unit working in Waltham Forest.

The work of the National Survey covers three main areas: (a) the educational achievement of the 5,000 young people in the sample, more than 500 of whom are at present attending universities or training colleges. Miss Jean Ross is in charge of this part of the study; (b) the employment and vocational training of those who have left school and are not continuing with full-time education. This part of the study is in the charge of Miss Nicola Cherry, who, with the help of youth employment officers throughout the country, is looking at further education and apprenticeship among school leavers, the types of job they have taken, their reasons for taking them and the time they have lost from work. This study is financed by a grant from the Social Science Research Council; (c) the home background, education record and emotional adjustment of those who come before the courts. This part of the Survey is supported by a grant from the Home Office.

Research

The work of the Unit in Waltham Forest is concerned with the early experiences of children. Dr. J. Cooper and Dr. Annette Lawson have developed a method of recording the contacts and stimulation that children receive during their early years. Dr. Cooper has applied this technique to the study of children whose mothers are excessively houseproud or obsessional and Dr. Lawson and Mr. D. Ingleby have applied it to the study of children from two contrasting social groups. A more recent development is the use of observational methods to record the interactions between mothers and children, and between sibs, in certain standard situations. Dr. A. Costello is the senior research worker in charge of these observational studies. Dr. Penelope Leach and Dr. Costello are planning a study of the way in which the personal characteristics of very young children influence the care they receive. The Director of the Unit is Dr. J. W. B. Douglas and the Secretary is Miss E. Pollard.

Population Investigation Committee

The Population Investigation Committee is a research group concerned with the study of demographic questions and has been housed at the School since World War II. It is affiliated with the School, acts as adviser to the School on questions of demographic research and teaching, and collaborates with the School in the provision of postgraduate training in demography. The Committee undertakes investigations into population problems and publishes a journal *Population Studies*.

A major investigation undertaken under the auspices of the Committee has been the National Survey of the Health and Development of Children, carried out in co-operation with the Institute of Child Health and the Society of Medical Officers of Health. Reports on the survey include twenty-four published papers and three books—*Maternity in Great Britain* by the National Survey Committee, *Children under Five* by J. W. B. Douglas and J. M. Blomfield and *The Home and the School* by J. W. B. Douglas.

A further extension of this study is continuing under the direction of Dr. Douglas through the Unit (of which he is the Director) established by the Medical Research Council in collaboration with the School. (See page 80.)

The Committee is also co-operating with the Scottish Council for Research in Education in their follow-up survey of Scottish school children.

A study of changes in marriage and divorce in England and Wales over the past hundred years is being undertaken and several reports have been prepared. A collection of documentary materials on marriage and divorce has been built up and is being analysed.

The documentary study was complemented by a stratified sample survey covering a national sample of 3,000 households. This survey, multi-purpose in character, covered not only a number of aspects of marriage, but also detailed questions on fertility and birth control. Several papers have been published dealing in particular with the changing incidence of birth control practice in Great Britain.

Another major enquiry consisted of a demographic study of the British Peerage, covering a period from the beginning of the seventeenth century to the early twentieth century—a study of fundamental importance as a contribution to historical demography. The results of this study were published as a supplement to *Population Studies*—T. H. Hollingsworth, *The Demography of the British Peerage* (Supplement to Volume 18, No. 2, November, 1964).

Research

During the past three years the research of the Population Investigation Committee has been focused more strictly upon questions of current marriage and fertility patterns in Britain. A pilot study was undertaken covering questions on family size and expected additional fertility as a basis for a national enquiry. A full-scale enquiry into fertility and birth control practice in Britain was launched in 1967. The Committee is also involved in research concerning population questions in developing countries and is helping to evaluate the birth control programme in Mauritius.

The Committee has received financial support from many bodies including the following: Department of Scientific and Industrial Research, the Social Science Research Council, the Ford Foundation, the Home Office, the International Planned Parenthood Federation, the Nuffield Foundation, the Simon Population Trust, the Population Council Incorporated of New York and the Rockefeller Foundation. The Chairman of the Committee is Professor D. V. Glass; the Hon. Research Secretary is Mr. N. H. Carrier and the General Secretary is Mrs. D. Castle.

Survey Research Centre

The Survey Research Centre is concerned primarily with studies of the techniques of social and business research. It tests existing research procedures and develops and tests new or modified techniques where necessary.

Two major series of enquiries are in progress. The first is a long-term study in methodology for delinquency research. This enquiry began with the development of research techniques for use in studies of the development of juvenile stealing. One of these techniques is a procedure for eliciting from boys (in the general public) information about the nature and the extent of any stealing they have done. Another is a technique for identifying cause and effect with respect to the onset of stealing. These two techniques have since been used in a Centre enquiry based on 1,500 boys and designed to identify causal factors in the development of stealing amongst boys. Various reports have already been issued and others will appear during 1969. Also within this series, the Centre is preparing a critical summary of the criminological literature which presents hypotheses, theories and findings about possible causes of juvenile delinquency. The whole series is supported by a grant from the Home Office. Steps are now being taken to establish a series of social experiments based upon the findings from the causal enquiry. These will involve (a) programmes of training in schools in honesty in relation to property; (b) the provision of acceptable (but legal) outlets for the fun and excitement seeking of boys.

The second of the Centre's research programmes is concerned with studies of information gathering through survey interviewing. The Centre has recently issued reports on the following: studies of the effects of tape-recording upon the accuracy of information collected in the survey interview; the effects upon response distribution of reversing the order of presentation of verbal rating scales; the accuracy of respondent statements about the amount of different commodities bought by them in some specified recent period; the nature and extent of respondent understanding of questions put to them in the survey interview; order effects in the use of the Semantic Differential scaling system. In addition, reports are being prepared about several further checks on the efficiency of Semantic Differential scaling, about interviewer deviations from instructions and about a further study

Research

of the effects of reversing the order of presentation of verbal rating scales. Studies planned for 1969-70 include: further assessments of respondent accuracy in reporting behaviour and purchases; studies of the practical significance of *volunteered* information; studies of sources of error in the use of lists and inventories as tools of survey research; studies of the influence of different question forms upon the nature and extent of interviewer bias. This series is supported on a long-term basis by approximately seventy research and business organisations in Britain, Europe, Canada and Australia.

Those interested in receiving the reports of the Centre should apply directly to the Survey Research Centre.

The Centre is also setting up a programme of research into interviewer performance; a series of studies of classification systems; an information service designed to provide enquirers with available information about different research techniques for use in social and business research. Bibliographical work is being undertaken in the field of large-scale data-gathering techniques. The services of the Centre's Analysis Section are now available to the School, and its developing interviewer force can similarly be made available. The Centre has a small but specialised library of books, journals and off-prints dealing with the methods of social and business research. This library is available to staff and graduate students of the School.

The Centre circulates reports of its work widely to university teachers, to other social scientists and to those conducting business research. It is directed by Dr. W. A. Belson with an Advisory Committee. Head of Crime Research is Mr. P. J. Didcott; Office Manager, Mrs. J. Harwood; Head of Analysis, Mr. V. Thompson. It has a full-time staff of eight research personnel and fifteen clerical and technical supporting staff.

Other Aspects of Research

Whilst some research activity is financed from School funds, the greater part of it is supported by public sources of research grants, by research foundations and by benefactions from industry and individuals. Reference to some of this support has been made in the preceding paragraphs about the larger units engaged upon co-operative projects. Earlier benefactions have provided support for a wide range of other research projects, some of them extending over several years.

The School has also been glad to accept grants from outside bodies which have made possible the establishment of fellowships, thereby enabling scholars to undertake on a full-time basis investigations the pursuit of which would scarcely have been possible if combined with the heavy burdens of teaching duties.

Other aspects of the School related to the pursuit of research are dealt with in other parts of the *Calendar* where particulars will be found of the resources of the British Library of Political and Economic Science, one of the most important 'tools' for social scientists in the world and of the Graduate School and the facilities provided for graduate students.

This brief account of research in relation to the teaching and research staff of the School would not be complete without reference to the important contribution

Research

which the School makes by the training of research workers, many of whom thereafter carry their experience to newer centres of social studies both at home and abroad.

Computer Services

As members of London University, students and staff of the School have access to the University computer facilities. These comprise the London University CDC 6600 computer at Guilford Street; the London University ICT Atlas at Gordon Square; the IBM 360/65 at University College; the 1905E at Queen Mary College; the IBM 7094 at Imperial College and the ICT Atlas at Chilton. The School is directly linked through a card reader and line printer and by means of a number of video keyboard terminals to the CDC 6600 computer. In addition, the School shares a CDC 1700 computer at King's College, which is also directly linked to the central 6600.

Access to all these computers, with the exception of the IBM 7094 at Imperial College, is free of charge, although small charges may be made for the hire of magnetic tapes or discs, and the use of stationery. A small sum of between £15 and £20 per hour is charged for the use of the Imperial College machine.

A computer service comprising data preparation, computer operating, programming and advisory services, is provided under a Computer Services Manager. The Computer Services Manager is also responsible for liaison with the other computer services of the University. A very comprehensive range of programs designed for the use of social scientists is available to members of the School.

The Computer Services Manager is assisted in his duties by a Computer Services Management Committee, which is also responsible for the appraisal of the long-term computing requirements of the School. In addition, all departments are represented on a Computer Services Users Committee, which represents the views of computer users to the Manager and Management Committee.

Part II: Regulations and Facilities

Admission of Students

1. Students are classified in the following categories:
 - (a) Regular students—those paying a composition fee for a degree or diploma or for any other full course and students paying a research fee.
 - (b) Occasional students—those paying a fee for one or more separate courses of lectures.
2. No student will be admitted to any course until he has paid the requisite fees.

First Degrees

1. All applications for admission to full-time courses leading to a first degree at the School should be made through the Universities Central Council on Admissions. The Council's address is P.O. Box 28, Cheltenham, Glos., GL50 1HY, and all completed application forms should be sent there.
2. Students at school in this country may obtain the application form and a copy of the U.C.C.A. handbook, which contains a list of universities and degree courses and instructions on completing the form, from their head teacher. Other students may obtain the form and handbook from the Secretary of the U.C.C.A. The cost, post free, is 3s. 0d. within the United Kingdom; 5s. 0d. within Europe; 9s. 0d. elsewhere.
3. Completed application forms must be returned to the U.C.C.A. and not to the School. The School's code number is **L LSE 44**. An overseas candidate should normally submit his form to the U.C.C.A. through one of the recognised agencies, such as the Ministry of Overseas Development or his own country's High Commissioner's Office, Students' Office, Embassy or Consulate General in the United Kingdom. British Council offices abroad can give helpful advice, but do not supply application forms or handbooks. Any student whose permanent home address is outside the U.K. will be classed as an overseas student **for U.C.C.A. purposes**.
4. The earliest date at which the U.C.C.A. is prepared to receive applications for admission in October 1970 is 1 September 1969. The closing date for the receipt of applications at the U.C.C.A. is 15 December 1969, except for students who include Oxford or Cambridge in their choice of universities, who must submit their applications by 15 October 1969. However, all students are advised to submit their applications as soon as possible after 1 September and not to leave them until the last minute.
5. Before anyone can be considered for admission to a degree course he must either have satisfied the general requirements of the University of London and any additional requirements for the course for which he is applying, or intend to do so before the date on which he wishes to be admitted. The entrance requirements for the degree courses conducted by the School are set out briefly on pages 122-7. Full

Admission of Students

details may be found in the pamphlet *Regulations Relating to University Entrance Requirements* which may be obtained from the Secretary to the University Entrance Requirements Department, University of London, Senate House, Malet Street, London, W.C.1. Intending students are advised to obtain a copy of the regulations and to check that their qualifications are appropriate for the course they wish to follow.

6. The fact that a student has satisfied these general requirements does not mean that he will automatically obtain a place at the School. Since its accommodation is limited the School can accept only a small proportion of those who apply. Candidates are usually expected to have reached a standard well above the pass mark in their qualifying examinations. The School reserves the right to call any student for personal interview and may also specify conditions over and above the requirements of the University regulations with which a student must comply before admission. Some candidates may also be asked to take an Entrance Examination.

7. No person under the age of eighteen years will be admitted as a student without the Director's special permission. Any candidate who wishes to enter the School before his eighteenth birthday may be asked to write to state his reasons.

8. Candidates will be informed of the result of their applications through the U.C.C.A. Successful candidates will be admitted as regular students of the School on payment of the requisite fees and on presentation of a Statement of Eligibility to enter the University of London. They will receive an admission card, which must be produced at any time on demand.

9. No student is allowed to register or study concurrently for more than one examination of the University of London or of the School unless he has previously obtained in writing the permission of the Director of the School. Students studying for an examination of the University or of the School who wish to study at the same time for an examination held by an outside body are required to state this fact when applying for admission to the School. Students failing to disclose this fact are liable to have their registration cancelled.

Interviews

The School receives many applications each year and it is not possible, therefore, to interview all candidates. As far as the courses with larger intakes are concerned, candidates are called for interview only in special circumstances, e.g. in marginal cases; where further information is required; and in the case of mature students or students with unusual qualifications.

For some of the other courses, however, where numbers of applications and places are smaller, a higher proportion of applicants is interviewed.

University Entrance Requirements

All candidates for admission to degree courses at this School must, by the date on which they hope to be admitted, be able to satisfy:

- (a) the general requirements for admission to degree courses which are laid down by the University of London;
- (b) the course requirements (if any) for the particular degree course they wish to follow. (See table on pages 125-7.)

Admission of Students

Candidates may satisfy the general entrance requirements by:

1. passing the General Certificate of Education examination, or an approved equivalent, in the required number of subjects, i.e.
either (a) two at advanced level and three at ordinary level,
or (b) three at advanced level and one at ordinary level;

(Notes: (i) A Grade I pass in a subject taken in the Certificate of Secondary Education is recognised as equivalent to an Ordinary level pass in the G.C.E. examination. (ii) Higher or Lower passes in the Scottish Certificate of Education examination are accepted as equivalent to Ordinary level subjects in the G.C.E. examination. Advanced level equivalence is granted to certain subjects passed in the Certificate of Sixth-year Studies, and passes in certain branches of mathematics in the post-higher syllabus may count as equivalent to Advanced level subjects.)

or 2. graduating in another university;

or 3. obtaining by examination a full practising professional qualification;

or 4. obtaining the Diploma in Technology;

or 5. applying under the regulations for Advanced Students in virtue of a Teacher's Certificate, awarded since 1962, after a course of study lasting three academic years in a Training College in England or Wales, or a three-year course of training in Northern Ireland since 1950;

or 6. by other qualifications to be considered by a Special Entrance Board. (See below.)

For a list of first degree courses and course requirements, see pages 125-7.

A Special Entrance Board will consider applications from holders of the Higher National Diploma or Certificate, or the Ordinary National Diploma or Certificate. Full details will be found in the pamphlet *Regulations Relating to University Entrance Requirements* mentioned in Section 5 on page 122.

Additional Information for Overseas Students

Many students overseas will find it convenient to submit their applications to the U.C.C.A. through an established agency, such as their government's Students Office or High Commission, or the Ministry of Overseas Development; and students are advised to seek the help and advice of these agencies before submitting an application. Students who wish to do so, however, may send direct to the U.C.C.A. any application for admission to a first degree course at this School. Students who are in any doubt or difficulty over this procedure may write direct to the School for advice.

Candidates from overseas are also asked to take particular note of the following points:

- (a) Those who do not hold the relevant British qualifications listed on pages 122-3, but who hold a qualification enabling them to enter a foreign university may be considered by a Special Entrance Board of the University of London. Such students should in the first instance apply for admission to the School through the U.C.C.A. If the School is willing to admit them it will forward their applications to the special board for consideration.

Admission of Students

- (b) Students whose mother tongue is not English will be required to give evidence of proficiency in the language before their applications can be considered.
- (c) Candidates from overseas, whether living abroad or in the United Kingdom at the time they make application, will be required, before they are accepted, to show that they have adequate financial resources to cover the cost of the three-year full-time course of study for a first degree. They will be asked to provide a guarantee that they have available at least £625 a year in addition to the fees. They may also be asked to provide a medical certificate.
- (d) Intending students from overseas should not set out for this country unless they have received a definite offer of a place at the School.
- (e) There is further information on pages 138-40 about fees for overseas students.

General Course Students

Enrolment in this category is suitable for students who wish to follow a full-time course of study at the School for one year only. The facilities are intended mainly for foreign students, and attendance does not count towards any degree awarded by London University.

1. Applications for General Course registration will be considered from undergraduates who will have completed at least two years of study in a foreign university by the time of their enrolment at the School. Highly qualified graduate students who wish to do general work in the social sciences may also apply. Graduates who wish to follow a more specialised course without preparing for a degree, should apply for Research Fee registration (see pages 138 and 230).
2. General Course enrolment enables a student to attend lectures and receive tuition at the School for one academic year only.
3. The number of students admitted each year is strictly limited. Only students who propose to spend one whole session at the School will ordinarily be considered.
4. (a) At the beginning of the year a reception programme is arranged, which includes an introductory talk by the Adviser to General Course students, who has general responsibility for all students in this category.
(b) Every student is allocated to a tutor, who will advise in the selection of courses and act throughout the session as supervisor.
(c) The student may attend most lecture courses and may also join classes.
(d) The student has full use of the Library without payment of any additional fee.
5. (a) At the end of the course each student will be given, on request, a certificate of registration. This certificate lists the lectures and classes for which the student was registered, but does not include a detailed record of attendance.
(b) The student may apply to write not more than two examination papers in subjects of his own choosing. The results of any examinations are added to the registration certificate.
(c) A tutor's confidential report will also be made available, on request, to the student's home university.

The School does not grade students or award credits on the American model. Before committing themselves to attendance, students should, therefore, ensure that the facilities outlined above will satisfy the requirements of their home university.

6. Application forms for General Course registration may be obtained from the Assistant Registrar (Admissions) of the School. Completed applications must reach the School not later than 31 March before the opening of the session for which admission is sought.

Occasional Students

1. Occasional students are entitled to attend up to three courses, i.e. three hours a week, throughout the session. They are normally required to enrol for a complete course or for one term; registration for single lectures is not permitted. The fee for most courses is 10s. 0d. per hour.

2. Applicants for admission as Occasional students must normally be in full-time employment.
3. A person seeking admission as an Occasional student should obtain a form of application from the Assistant Registrar (Admissions) of the School and return it at least four weeks before the opening of the term in which he wishes to attend.
4. Each applicant will be asked to state his qualifications for study at the School and the purpose for which he wishes to study, and he may be invited to attend for interview before admission. In view of pressure on teaching resources and accommodation, only a limited number of Occasional students will be accepted. Candidates for external degrees of this University may not normally be registered as Occasional students.
5. If the application is accepted the student will, on payment of the fees, receive a card of admission for the courses named thereon and must produce it on demand.
6. Occasional registration does not entitle a student to tutorial assistance. The teaching facilities are strictly limited to attendance at the courses for which the individual student is registered.
7. An Occasional student will be allowed full use of the Main Library but not of the Teaching Library.
8. At the end of his attendance a student will, on request, be given a typed certificate listing the courses for which he has been registered, but this certificate will not include a detailed record of attendance.

University Registration

Students of the School who are reading for degrees or diplomas of the University of London are registered by the School as internal students of the University.

Students reading for diplomas awarded by the School may register as associate students of the University.

Regulations for Students

Preamble

1. The School exists for the pursuit of learning. Its fundamental purpose can be achieved only if its members can work peaceably in conditions which permit freedom of thought and expression within a framework of respect for the rights of other persons.

The Regulations exist to maintain these conditions and protect the School from actions which would damage its academic reputation or the standing of the School and its members.

Alterations and Additions

2. There shall be a Rules and Regulations Committee. The Committee shall consist of the Director, three Academic Governors, and three other members of the Academic Board elected annually by the Board, the President and Deputy President of the Students' Union and three other student members elected annually from among the registered full-time students in accordance with Regulation 25. The Committee may make recommendations for alterations and additions to these Regulations to the Standing Committee of the Governors and such alterations or additions shall come into effect forthwith upon publication after the approval of the Standing Committee has been given. If at any time the Standing Committee does not accept a recommendation of the Rules and Regulations Committee it shall state its reasons to that Committee in writing.

3. The Rules and Regulations Committee may also make recommendations to the Director on Rules for the conduct of School affairs, and the Director or any other person authorised by him may make and issue Rules that are not inconsistent with these Regulations after consultation with the Committee. The Director or any other person authorised by him may also, in circumstances which in the opinion of the Director or such other person constitute an emergency, issue Instructions for the duration of the emergency.

General

4. No student of the School shall:

- (a) Disrupt teaching, study, research or administrative work, or prevent any member of the School and its staff from carrying on his work, or do any act reasonably likely to cause such disruption or prevention;
- (b) Damage or deface any property of the School, or do any act reasonably likely to cause such damage or defacing;
- (c) Use the School premises contrary to the Regulations and Rules, or do any act reasonably likely to cause such use;
- (d) Engage in any conduct which is, or is reasonably likely to be, clearly detrimental to the School's purposes.

Academic Matters

5. The Director may at his discretion refuse to any applicant admission to a course of study at the School or continuance in a course beyond the normal period required for its completion. He may refuse to allow any student to renew his attendance at the School as from the beginning of any term, on the ground of the student's lack

Regulations for Students

of ability or of industry, including failure in a degree examination or other examination relating to a course, or failure, without adequate reason, to enter for an examination after completing the normal course therefor, or for any other good academic cause.

The Press

6. The admission to the School of representatives of the press, radio or television shall be governed by Rules made under these Regulations.

Public Statements

7. A student using the name or address of the School on his own behalf or on behalf of an organisation in a public statement or communication shall make clear his status as a student, and the status of any such organisation.

Copyright in Lectures

8. The copyright in lectures delivered in the School is vested in the lecturers, and notes taken at lectures shall be used only for purposes of private study. Lectures may not be recorded without permission of the lecturer. Any recording permitted is subject to the conditions (if any) required by the lecturer.

Misconduct

9. Any breach by a student of these Regulations constitutes misconduct and renders the student guilty of such a breach liable to penalties as laid down in these Regulations. Misconduct shall not be excused by the fact that the offender may have acted on behalf of, or on the instructions of, any other person or organisation.

10. If suspension from any or all of the facilities of the School has been imposed by a Summary Tribunal or by a Board of Discipline, or by the Director or under his authority under Regulation 24, and the student upon whom it has been imposed fails during the period of the suspension to comply with its terms, this failure shall itself be misconduct.

11. If a student is convicted of a criminal offence in the courts which relates to an act committed within the School or immediately affecting the School or committed in such circumstances that the continued presence of the offender within the School may be clearly detrimental to the well-being of the School, the fact of a conviction will not necessarily preclude the institution of disciplinary action by the School under these Regulations.

Penalties for Breaches of Regulations

12. The following penalties may be imposed for a breach by a student of any of these Regulations:

Reprimand.

A fine not exceeding £25.

Suspension from any or all of the facilities of the School for a specified period.

Expulsion from the School.

In any case where a penalty is imposed (other than a reprimand) the Director or the authority imposing the penalty may suspend its coming into force conditionally upon the good behaviour of the offender during the remainder of his membership of the School.

Regulations for Students

13. A Board of Discipline may impose any of the penalties listed in Regulation 12. A Summary Tribunal may impose any of the following penalties:

Reprimand.

A fine not exceeding £25.

Suspension from any or all of the facilities of the School for a period not exceeding six weeks.

Disciplinary Procedures

14. Where any member of the staff or any student of the School believes that a breach of the Regulations has been committed by a student of the School he may file a complaint against that student for misconduct. The complaint shall be filed in writing with the Academic Secretary, who will investigate the matter.

Should the Academic Secretary be satisfied that a *prima facie* case exists, he will refer the complaint to the Director, or to another person authorised by the Director, and the Director or such person shall decide whether the complaint shall be proceeded with, and, if so, whether before a Summary Tribunal or before a Board of Discipline. In deciding whether proceedings shall take place before a Summary Tribunal or a Board of Discipline the Director or the person authorised by him shall have regard to the seriousness of the alleged misconduct. Where the decision is made to proceed the Director or the person authorised by him shall formulate the charge or cause it to be formulated, and convene a Summary Tribunal or Board of Discipline as the case may require.

15. Subject as hereinafter provided, the members of Summary Tribunals and Boards of Discipline shall (other than the Chairman of a Board of Discipline) be drawn from a Disciplinary Panel and a Student Disciplinary Panel:

Provided that

- (a) If a person who has been selected as a member of a Tribunal or Board, and to whom not less than seventy-two hours notice of its convening has been despatched, is absent during any part of the proceedings of the Tribunal or Board, he shall thereafter take no further part in the proceedings and his absence shall not invalidate the proceedings unless the number of those present throughout the proceedings (including the Chairman) falls below two in the case of a Summary Tribunal or four in any other case.
- (b) Students against whom charges of misconduct are laid shall have the right, if they so wish, to be heard by a disciplinary body without student members provided it is otherwise properly constituted.

16. The Disciplinary Panel shall consist of ten lay Governors appointed annually by the Court of Governors and ten members of the academic staff who are recognised teachers of the University of London of at least two years' standing at the time of selection, selected annually by lot in accordance with Regulation 27:

Provided that

- (a) No Governor who is a member of the Standing Committee of the Court of Governors shall be a member of the Disciplinary Panel.
- (b) No member of the Rules and Regulations Committee shall be a member of the Disciplinary Panel.

17. The Student Disciplinary Panel shall consist of ten persons who are registered full-time students selected annually by lot in accordance with Regulation 26.

Regulations for Students

18. Subject to Regulation 29, appointments of Governors to and selection of academic members of the Disciplinary Panel and the selection of the Student Disciplinary Panel shall take place in the year preceding the year of office which shall commence on 1 August in each year. Additional appointments and selections may be made during the year of office to fill casual vacancies.

19. The members of a Summary Tribunal or of a Board of Discipline (other than lay Governors, who shall be selected by the person convening a Board, and the Chairman) shall be selected from the appropriate Panels by lot. No person shall be eligible for selection as a member of a Tribunal or Board if he is himself the subject of the case intended to be referred to that Tribunal or Board, or if he is the person who has brought the complaint, or if in the opinion of the person convening the Tribunal or Board it would be unfair to the person who is the subject of the case if he were to be selected. If at the commencement of a hearing a member of a Tribunal or Board is successfully challenged by the student who is the subject of the case, or his representative, that member shall be replaced by another person selected in a like manner.

20. Subject to Regulation 15, a Summary Tribunal shall consist of two academic members of the Disciplinary Panel and one member of the Student Disciplinary Panel. The Chairman of a Summary Tribunal shall be appointed from the Disciplinary Panel by the person convening the Tribunal. The decision of a Summary Tribunal shall be by a majority. At least seventy-two hours before a Tribunal meets, the student alleged to have committed a breach of these Regulations shall be informed in writing of the date of the hearing and of the nature of the breach which he is alleged to have committed. At the hearing of the Summary Tribunal he shall be entitled to be represented by an advocate of his own choice, who may be a lawyer. He or his representative shall be entitled to cross-examine any witness called, and to call witnesses in his defence. He shall further be entitled to give evidence and to address the Board in his defence. The Summary Tribunal shall report its findings and the penalty (if any) imposed in writing to the student concerned and to the Director.

21. In every case where a Summary Tribunal reports that a breach of Regulations has been committed the student concerned shall be entitled to request, within forty-eight hours of being informed of the report and of the penalty proposed to be imposed, that the decision be reviewed by an Appeals Board consisting of two members of the Disciplinary Panel who shall not be persons concerned in the original hearing, selected in the same manner as the Academic members of the Summary Tribunal. The Appeals Board shall not re-hear evidence but otherwise shall determine its own procedure. It shall report its decision in writing to the student concerned and to the Director.

22. Subject to Regulation 15, a Board of Discipline shall consist of two members of the Disciplinary Panel who are also lay Governors, two academic members of the Disciplinary Panel, two members of the Student Disciplinary Panel and a Chairman who shall be a practising member of the Bar of at least seven years' standing who is not a member of the School and who shall be appointed in consultation with and subject to the agreement of the Vice-Chancellor of the University of London. The decision of a Board of Discipline shall be by a majority. At least three weeks before a Board of Discipline meets, the student alleged to have committed a breach

Regulations for Students

of these Regulations shall be informed in writing of the date of the meeting and of the nature of the breach which he is alleged to have committed. At the hearing of the Board of Discipline he shall be entitled to be represented by an advocate of his own choice, who may be a lawyer. He or his representative shall be entitled to cross-examine any witness called, and to call witnesses in his defence. He shall further be entitled to give evidence and to address the Board in his defence. The Board of Discipline shall report its findings and the penalty (if any) imposed in writing to the student concerned and to the Director.

23. In every case where the Board of Discipline reports that a breach of Regulations has been committed the student concerned shall be entitled, within three weeks of being informed of the report and of the penalty proposed to be imposed, to appeal to an Appeals Committee of two members, neither of whom shall be members of the School, appointed in consultation with and subject to the agreement of the Vice-Chancellor of the University of London. The Appeals Committee shall not re-hear evidence but otherwise shall determine its own procedure and shall report its decision to the student concerned and to the Director in writing.

24. At any time when a decision to refer an alleged offence to a Board of Discipline is under consideration, or after any such reference has been made, the Director or a person under his authority may suspend the student concerned from all or any specified use of the School facilities pending the decision of the Board of Discipline.

Any order for suspension made pending a decision to refer shall lapse at the end of two weeks and shall not be renewable unless the case is, within that time, referred to a Board of Discipline. Any suspension under this Regulation will not be construed as a penalty, nor will it be reported to a grant-giving body as a penalty.

Student Members of Rules and Regulations Committee

25. The student members of the Rules and Regulations Committee shall be elected annually in the academic year preceding the year of office, which shall commence on 1 August in each year. Nomination of candidates shall be carried out in like manner to the nomination of candidates for the election of the President of the Students' Union. The election shall be by postal ballot and shall be conducted by the Academic Secretary. The President of the Students' Union shall be entitled to nominate a student to observe the conduct of the election.

Student Disciplinary Panel

26. The annual selection of members of the Student Disciplinary Panel shall be made by the Academic Secretary in the academic year preceding the year of office, using a random selection process. In making this selection he shall seek the advice of an Appointed Teacher in Statistics of the University. He shall exclude from the selection students whose courses he anticipates will be completed during the year of selection. He shall notify the persons selected and shall ask them to state in writing whether they agree to serve as members of the Panel. If within fourteen days of this notification any of the persons selected has not given this consent, further selections shall be made in like manner until ten persons have been selected and have agreed to serve. Any casual vacancies that arise during the year of office may be filled by further selection in like manner from the same group of persons.

Regulations for Students

The President of the Students' Union shall be entitled to appoint a student to observe the conduct of the selection.

Academic Members of Disciplinary Panel

27. The annual selection of the academic members of the Disciplinary Panel shall be made by the Academic Secretary in the academic year preceding the year of office, using a random selection process. In making this selection he shall seek the advice of an Appointed Teacher in Statistics of the University. He shall exclude from the selection persons who he anticipates will be absent from the School for any period in term time exceeding four weeks during the year of office for which the selection is made. He shall notify the persons selected and shall ask them to state in writing whether they agree to serve as members of the Panel. If within fourteen days of this notification any of the persons selected has not given this consent, the Academic Secretary shall make further selections in like manner until ten persons have been selected and have agreed to serve. Any casual vacancies that arise during the year of office may be filled by further selection in like manner from the same group of persons.

Miscellaneous

28. These Regulations shall come into force on 29 September 1969.

29. The first appointments to and selections for the Disciplinary Panel and the first selection of the Students Disciplinary Panel shall exceptionally be made and held as soon as practicable after 29 September 1969 and the members of each Panel as so constituted shall hold office until 31 July 1970.

30. Any disciplinary proceedings pending on 29 September 1969 and any appeal from any finding or penalty imposed in any disciplinary proceedings which is pending on such date shall, notwithstanding the coming into force of the Regulations, continue to be governed by and in the manner available under the Regulations for Students in force at the time when the pending proceedings or appeal were commenced.

31. Until the first Disciplinary Panel has come into existence a Summary Tribunal shall be duly constituted if its members (other than the student) consist of two members of the academic staff appointed by the person convening the Tribunal, and a Board of Discipline shall be duly constituted if its Chairman has been nominated as laid down in Regulation 22 and its other members (other than students) consist of any four persons appointed by the person convening the Board from the Board of Discipline in existence immediately before these Regulations come into force. If at any time there shall be no duly constituted Student Disciplinary Panel in existence a Summary Tribunal or a Board of Discipline shall be duly constituted if the Tribunal or Board as the case may be has no student members provided that it is otherwise properly constituted.

32. Rules and Instructions issued under these Regulations shall be deemed part of the Regulations. All Rules in force immediately before these Regulations come into force shall remain valid and shall be deemed part of these Regulations until they have been amended, altered or cancelled under the provisions of Regulation 3.

33. An accidental defect in the constitution of a Summary Tribunal or Board of Discipline shall not invalidate its procedure.

Regulations for Students

34. Any actions that these Regulations require to be carried out by the Academic Secretary may be carried out by a person acting under his authority. In the absence or incapacity of the Academic Secretary his functions under these Regulations may be exercised by his Deputy or by another person authorised by the Director, and references in these Regulations to the Academic Secretary shall be read to include his Deputy or any such person.

Fees

(The fees stated are those which are applicable to the session 1969-70: they may not be valid thereafter.)

General Notes

1. Composition fees entitle students to:

- (a) the use of the Library;
- (b) membership of the Students' Union, and, for students working under inter-collegiate arrangements, the use of student common rooms of the other colleges at which they attend.

2. Degree composition fees cover lectures, classes and individual supervision, and also lectures given at other colleges under intercollegiate arrangements.¹ They also cover University registration and examination fees except in the case of *part-time* students registered for higher degrees who must pay University registration and examination fees in addition to the School composition fees.

3. Following the decision of the Government, announced in December 1966, separate fees are payable by overseas students. The definition of overseas students is given on pages 139-40.

4. Students are normally expected to pay fees by the session, but for those who find this difficult, payment by terminal instalments is permitted.²

5. The sessional or terminal fees should be paid in full before the beginning of the session or term to which they relate.² Fees are not returnable, but applications for partial return of fees may be considered in exceptional circumstances. Adequate notice of withdrawal from the School should be given. Students who fail to notify the School of their withdrawal before the opening of term will be liable for the fees for that term.

6. Fees should, as far as possible, be paid by cheque and remitted by post to the Accounts Department, Room H402.

7. Cheques should be made payable to the "London School of Economics and Political Science" and should be crossed "A/c. Payee".

8. The School does not issue receipts for payments by cheque unless specially requested.

¹The fees do not cover (a) board and travel costs of vacation field work which is compulsory for students proceeding to the B.Sc. degree in Geography, or to the B.Sc. (Econ.) degree with the special subject Geography, (b) the year's residence abroad normally required for the B.A. degrees in Language Studies, (c) the cost of practical work and fees charged by social work agencies for students reading for School Diplomas in Applied Social Studies, Mental Health, Personnel Management and Social Administration.

²If the sessional fee has not been paid by 31 December, students will be charged at the terminal rate.

Fees

Notes:

(i) Graduate students undertaking research not leading to a degree, or undertaking studies leading to a higher degree of a university other than London, will be classified as research students and be required to pay the research fee.

(ii) The continuation fee is payable by a higher degree student who has completed his approved course of study, but has been permitted to continue his registration. It entitles him to receive advice from his supervising teacher and to attend one seminar, but not to attend any lecture courses. From October 1969, these arrangements will apply to full-time higher degree students who have been registered for three years at full fees, and part-time students who have been registered for four years.

(iii) The fees cover attendance at all such courses at the School as a student may attend and at such courses at other institutions of the University as he may attend on the advice of his teachers and with the approval of the other institutions concerned.

(iv) The fees for the LL.M. degree entitle the student to the advice and guidance of a supervising teacher and attendance at such lecture courses and seminars as are approved by the latter. A student spreading the work for the degree over two sessions may, with the consent of the teacher concerned, repeat a seminar or course already taken.

(v) Part-time students reading for higher degrees are charged non-inclusive tuition fees plus a University registration fee of £5. They pay their own examination fee as follows:

	£	s.	d.
M.A., M.Sc., M.Phil. or LL.M.	25	0	0
Ph.D.:			
Before 1 September 1970	30	0	0
On and after 1 September 1970	35	0	0

Fees for Occasional Students

Approved students are admitted on payment of appropriate fees, the amounts of which will be quoted on request. For general guidance it may be stated that the fee for most courses is 10s. per hour. Thus, for example, the fee for a course of ten lectures of one hour each is £5.

Definition of "Overseas Students" for the Purpose of Fees

The following are not regarded as overseas students for the purpose of paying fees:

1. Any student who has been ordinarily resident in the U.K. for at least three years immediately preceding the date his course is, or was, due to begin; a student who has been in the U.K. either at school or at a course of non-advanced further education is regarded as having been ordinarily resident in the U.K. during the period of such attendance.

2. Any student whose parents have been ordinarily resident in the U.K. for at least three years immediately preceding the date his course is, or was, due to begin.

3. Any student who would have been ordinarily resident in the U.K. for at least three years immediately preceding the date his course is, or was, due to begin had he or his parents not been employed for the time being outside the U.K.

Fees

4. Any student aged under 21 at the date his course is, or was, due to begin if he and his parents have been ordinarily resident in the U.K. for at least one year immediately preceding that date.

5. Any student who for at least one year immediately preceding the date his or her course is, or was, due to begin, has been (a) ordinarily resident or on a full-time or sandwich course of higher education in the U.K., and (b) married to a person who has been ordinarily resident in the U.K. for at least three years immediately preceding that date.

All other students are regarded for the purpose of fees as overseas students for the duration of their course, including any student who has attended a full-time or sandwich course of higher education in the U.K. prior to embarking on a course at the School.

Eligibility for the limitation of the fee increase to £50 per annum

For all overseas students who were full-time or sandwich course students in the U.K. on 30 April 1967, the increase in fees to be charged shall be limited to £50 per annum above the fee charged to a home student on the same course, until the end of the academic year 1970-71. Where such an overseas student changes from one course to another, the fee to be charged to him on the new course shall be £50 per annum above the fee charged to a home student on the same course. This will apply whether or not the student changes institutions in changing his course.

Scholarships, Studentships, Exhibitions and Bursaries

The pages immediately following give particulars of the scholarships, studentships, exhibitions and bursaries made available by the School or by other authorities to students studying or hoping to study at the School. They are classified in the following categories:

(a) **Entrance awards**, open to those who seek to enter the School to read for a first degree.

(b) **Undergraduate awards**, open only to students already studying at the School. They are generally awarded either on the results of an Intermediate or Part I degree examination or on the student's record as an undergraduate.

(c) **Graduate awards**, open to graduates who wish to read for a higher degree of the University of London or to undertake research or advanced study.

(d) **Awards for Special Purposes:**

1. The S. H. Bailey Scholarship in International Studies (see page 146).
2. The Scholarship in International Law (see page 147).

Overseas applicants All the awards offered are open to overseas students, and there are some for which only overseas students may compete. One graduate entrance studentship is offered exclusively to students from overseas, on the basis of record only, and without interview. An interview at the School is, however, an essential part of the selection procedure for all other awards offered by the School and overseas candidates cannot be considered unless they are likely to be in England at the time when the selection is being made.

Entrance Scholarships awarded by the School

Candidates for these scholarships must apply separately for admission to the School through the Universities Central Council on Admissions by 15 December.

LEVERHULME ADULT SCHOLARSHIP

One Adult Scholarship, of the value of £100 per annum, will be offered annually by the School.

The regulations for this scholarship are:

1. Candidates must be not less than 23 years of age on 1 October in the year of award.
2. The scholarship shall be open equally to men and women.
3. A student who has already obtained a university degree shall not ordinarily be considered for this scholarship.
4. Candidates may be asked to submit an essay on an approved topic or to take the Entrance Examination (see page 122). Selected candidates will be interviewed.
5. Candidates must be in a position to comply with the University of London general requirements for admission to a first degree course or must enter for an

Scholarships, Studentships, Exhibitions etc.

examination to enable them to comply with such requirements before 1 October in the year of award.

6. Candidates must have studied one or more subjects systematically since leaving school and must show evidence of promise in their work.

7. The scholarship shall be tenable for one or more years, extension beyond the first year being dependent upon the high standard of progress required of a School Scholar.

8. The successful candidate shall be required to register as a regular student of the School and to pursue a course of full-time study for one of the first degrees in the social sciences.

9. The scholarship shall not be awarded unless there is a candidate of sufficient merit.

Application forms may be obtained from the Senior Assistant Registrar of the School and should be returned not later than 15 December in the year preceding the year of award.

ENTRANCE SCHOLARSHIPS FOR MATHEMATICIANS

Entrance Scholarships have been established with the aid of funds provided by a number of business firms for students who wish to read for the B.Sc. (Econ.) degree and to specialise in Accounting and Finance, Economics (Analytical and Descriptive), Economics and Econometrics, Statistics or Computing; or to read for the B.Sc. degree in Mathematics in the Faculty of Economics. The value of each scholarship will be £550 a year; each scholar will be responsible for paying his own fees.

It is expected that one scholarship will be offered in 1970. In addition, a small number of awards of up to £100 may be offered to supplement local education authority awards. If required, a place in a hall of residence will be reserved for each scholar, though the scholar will, of course, be required to pay the normal hostel fees.

The regulations for these scholarships are:

1. The scholarships shall be open equally to men and women.
2. In making the awards, the School shall have regard to the candidates' school records and their performance in the examination for the General Certificate of Education. Candidates may also be required to attend an interview.
3. Successful candidates must satisfy the general requirements of the University of London before admission. They shall be required to have passed at least one of the Mathematics papers of the General Certificate of Education examination at advanced level in or before the year of award or to hold evidence of similar proficiency in Mathematics.
4. Scholars shall be required to register as full-time students of the School and to proceed to the internal degree of B.Sc. (Econ.) of the University of London and to offer one of the following subjects as their special subject in Part II of the degree examination:
Accounting and Finance
Economics (Analytical and Descriptive)
Economics and Econometrics

Scholarships, Studentships, Exhibitions etc.

Statistics
Computing

or to read for the B.Sc. degree in Mathematics in the Faculty of Economics.

5. Scholars shall be entitled to the full value of the award. No account shall be taken of the parents' income or of income from any other source.

6. The scholarships shall be tenable for one or more years, extension beyond the first year being dependent upon the high standard of progress required of a School Scholar.

Application forms may be obtained from the Senior Assistant Registrar of the School and should be completed and returned not later than 30 November in the year preceding the year of award.

CHRISTIE EXHIBITION

An exhibition to the value of £40, founded in memory of the late Miss Mary Christie, will be offered for award every other year. The next award will probably be offered in 1970.

The regulations for this exhibition are:

1. Candidates must have attained the age of 20 years or, if a graduate, 21 years by 1 October in the year of award.
2. In making the award the School shall have regard to the candidates' academic records. Candidates may also be asked to attend an interview.
3. Candidates must satisfy the committee as to their need of financial assistance to follow the course prescribed.
4. The holder of the exhibition shall pursue a diploma course in the department of Social Science and Administration at the School.
5. The exhibition shall be tenable for one year.

Candidates need not make special application; they will be considered automatically and the successful candidate will be informed.

Entrance Scholarships and Exhibitions awarded by the University of London and other bodies

LOCH EXHIBITIONS

Two exhibitions to the value of £24 each, founded by a private benefactor in memory of the late Sir Charles Loch of the Charity Organisation Society, will be offered for award annually by the University of London.

The regulations for these exhibitions are:

1. Candidates must have attained the age of 20 years or, if a graduate, 21 years by 1 October in the year of award.
2. In making the awards the School shall have regard to the candidates' academic records. Candidates may also be asked to attend an interview.
3. Candidates must satisfy the committee as to their need of financial assistance to follow the course prescribed.

Scholarships, Studentships, Exhibitions etc.

4. Holders of the exhibitions shall pursue a diploma course in the department of Social Science and Administration at the School, and if a further year's tenure is granted, a further course in the same department.

5. The exhibitions shall be tenable for one year in the first instance, but may be renewed for a second year.

Candidates need not submit a special application. The Director, on the advice of the convener of the department of Social Science and Administration, will nominate two candidates to the University. Successful candidates will be informed.

AWARDS OFFERED BY LOCAL AUTHORITIES

Local education authorities in England and Wales make awards for university study. Particulars of these may be obtained from education officers of counties or county boroughs. Details of the awards arrangements for first degree and comparable courses are set out in the pamphlet *Grants to Students* No. 1, obtainable from the Department of Education and Science or local education authorities. Students are advised to apply before the end of January in the year in which they hope to begin their studies.

STATE SCHOLARSHIPS FOR MATURE STUDENTS

A limited number, not exceeding 30, of State Scholarships for Mature Students is awarded annually by the Department of Education and Science.

The purpose of the scholarships is to provide opportunities for pursuing studies leading to an honours degree in Liberal Studies to students over 25 years of age who were unable to take a university course at the normal age.

Forms of application must be submitted by 15 November of the year before the candidate hopes to start his course of study.

Further particulars may be obtained from the Department of Education and Science (Awards), Elizabeth House, 39 York Road, London, S.E.1.

SCHOLARSHIPS FOR MENTAL HEALTH COURSE

A scheme of Government grants is available to assist candidates intending to be Psychiatric Social Workers to read for the Diploma for Social Workers in Mental Health. Further information about these grants will be given to successful applicants for admission to the course.

ASSOCIATION OF CERTIFIED AND CORPORATE ACCOUNTANTS

(Sociology), the B.A. degree in Sociology, or the B.A. degree in Psychology or the B.Sc. degree in the Faculty of Science with main field Psychology, or the B.Sc. degree in Social Psychology in the Faculty of Economics, and who has completed satisfactorily one year of the course for the relevant degree in the University.
2. The scholarship will be tenable in the first instance for one year, but may be renewed on application.

Applications for the scholarship on a prescribed form, addressed to the Secretary of the Scholarships Committee, University of London, Senate House, W.C.1, and accompanied by the names and addresses of not more than two referees must reach the University not later than 1 September in the year of award.

Scholarships and Studentships for Graduate Work awarded by the School

Note for overseas students The attention of students from overseas is particularly directed to the conditions of award for graduate studentships offered by the School. The awards are not made until the beginning of the session for which they are offered and, save in the case of the Leverhulme Graduate Entrance Studentship for Overseas Students, final selection is by competitive interview at the School. Competition for the studentships is keen, and students from overseas should not come to the School in the expectation of securing an award. They should have sufficient resources to maintain themselves during their course of study.

GRADUATE STUDENTSHIPS IN ECONOMICS¹

Graduate Studentships will be offered for full-time advanced study in Economics, widely interpreted. These studentships are intended to enable recent graduates to spend at least a year in the Graduate School in organised courses or supervised research.

The regulations for these studentships are:

1. They shall be open primarily to graduates of United Kingdom universities with First or good Second Class Honours degrees in Economics, or other appropriate subjects, who obtain such degrees in the year of award.
2. Each studentship shall be tenable for one year in the first instance, but may in a limited number of cases be extended for not more than two further years.
3. Each studentship shall be of the value of £750 a year in the first year, together with all appropriate fees. The value of the studentship may be increased if it is renewed for a second or third year.

¹'Economics' may be interpreted to include Statistics in relation to Economics, Econometrics, Operational Research, parts of Accounting and certain aspects of Economic Geography, Economic History and Industrial Relations.

Scholarships, Studentships, Exhibitions etc.

4. Each holder of a studentship shall be required to register as a full-time student in the Graduate School and to follow a prescribed course of study or undertake approved research.

5. The holder of a studentship shall undertake no paid employment without the permission of the Director.

Applications should be made by letter to the *Secretary of the Graduate School* by 1 March.

Those who have already applied for admission to the School for the M.Sc. in Economics and have stated on their application form that they wish to be considered for one of these awards need take no further action.

GRADUATE STUDENTSHIPS

Two Graduate Studentships may be offered annually for graduate work in the social sciences.

The regulations for these studentships are:

1. They shall be open to graduates of any university.
2. Each studentship shall be of the value of £500 a year together with tuition fees.

Applications should be made on a form obtainable from the Secretary of the Graduate School, to whom it must be returned by 6 September. Candidates should submit an outline of their proposed programme of advanced study or research and are also invited to send original work, either published or in typescript, in support of their application. They should also submit the names of two referees.

LEVERHULME GRADUATE ENTRANCE STUDENTSHIP FOR OVERSEAS STUDENTS

One Graduate Studentship for overseas (excluding Commonwealth) students may be offered annually for graduate work in the social sciences.

The regulations for this studentship are:

1. It shall be open to men and women who are graduates of an overseas university or who expect to become graduates of such a university before October in the year of award.
2. No person who is or who has been a student of the School shall normally be eligible.
3. The studentship shall be of the value of £500 a year together with tuition fees.
4. The successful candidate shall be required to register as a full-time student of the School and to obtain the approval of the Director for the advanced study or research which he proposes to undertake.
5. The holder of the studentship shall undertake no paid employment without the permission of the Director.
6. The studentship shall be tenable for one year in the first instance, but may be renewed for a second year subject to satisfactory progress.
7. An award shall be made only if there is a candidate of sufficient merit.

Applications should be made by letter which should reach the Secretary of the Graduate School by 30 April. Candidates should submit an outline of their proposed programme of study or research and are also invited to send original work, either published or in typescript, in support of their application unless this information has already been sent to the School. They should give the names of two persons whom they should ask to write direct to the Secretary of the Graduate School to report on their suitability for the award. Candidates are responsible for seeing that these letters are sent in support of their application.

LEVERHULME RESEARCH STUDENTSHIP FOR OVERSEAS STUDENTS

A Graduate Studentship will be offered annually to enable an overseas (excluding Commonwealth) student to continue with full-time graduate work at the School leading to a higher degree of the University of London.

The regulations for this studentship are:

1. The award shall be restricted to students who are not graduates of the University of London and who have been registered at the School as graduate students throughout the session previous to that in which they wish to hold the award.
2. The studentship shall be of the value of £500 a year together with tuition fees.
3. The successful candidate shall be required to continue as a full-time graduate student of the School.

Scholarships, Studentships, Exhibitions etc.

4. The holder of the studentship shall undertake no paid employment without the permission of the Director.
5. The award shall be tenable for one year only.
6. An award shall be made only if there is a candidate of sufficient merit.

An announcement concerning the award will appear on the scholarships notice-board in the School at the beginning of the Summer term. Applications must be made by letter addressed to the Secretary of the Graduate School.

THE JACKSON LEWIS SCHOLARSHIP

The Jackson Lewis Scholarship, founded under the will of Mr. H. L. Jackson, a former student, will be offered every other year to enable the holder to undertake graduate work in the social sciences.

The regulations for this scholarship are:

1. It shall be open to graduates of any university.
2. The scholarship shall be of the value of at least £300 a year.
3. The successful candidate shall be required to register as a full-time student of the School and to obtain the approval of the Director for the advanced study or research which he proposes to undertake.
4. The holder of the scholarship shall undertake no paid employment without the permission of the Director.
5. Subject to satisfactory progress the scholarship shall normally be tenable for two years.
6. An award shall be made only if there is a candidate of sufficient merit.

Applications should be made by letter addressed to the Secretary of the Graduate School by 6 September. Candidates should submit an outline of their proposed programme of study or research and are also invited to send original work, either published or in typescript, in support of their application. They should also submit the names of two referees.

GREEK SHIPOWNERS' STUDENTSHIPS FOR GRADUATE STUDENTS

Studentships for graduate students of Greek nationality have been established with the aid of funds provided by a number of Greek shipping firms.

The regulations for the studentships are:

1. The value of each studentship shall be not less than £300 a year, the student being required to pay his own fees.
2. The studentships shall be open to men and women of Greek nationality who are university graduates or expect before October in the year of award to become graduates and who intend upon completion of their studies to return to Greece.
3. Candidates must satisfy the selection committee as to their need of financial assistance to follow the course proposed.
4. Each student shall be required to read at the School as a full-time student for a higher degree of the University of London, or to follow at the School some other graduate course approved by the Director.
5. Each studentship shall be tenable at the School for one year in the first instance, but may be renewed for a second year if the student's progress is satisfactory.

Each candidate for an award should apply by letter giving his age and full particulars of his education and qualifications. He should state why he wishes to obtain

Scholarships, Studentships, Exhibitions etc.

an award and what benefit he hopes to derive from it, and he should supply details of his proposed scheme of research or course of study, unless this information has already been sent to the School. He should give the names of two referees. He should also state whether he holds any other award and the value of it.

Applications must be received by 6 September for awards tenable from the following October and should be sent to the Secretary of the Graduate School.

MONTAGUE BURTON STUDENTSHIPS IN INTERNATIONAL RELATIONS

The School offers annually one or more graduate studentships, each of the value of £40, to enable the holders to pursue research, or to read for a higher degree in International Relations under the direction of the Montague Burton Professor of International Relations.

The regulations for these studentships are:

1. The awards shall be open to graduates in the Humanities or the Social Sciences of any university.
2. Applicants need not necessarily have any formal grounding in any particular branch of International Studies.
3. In awarding the studentships the School shall have regard to the desire of those who founded this endowment by giving preference to those students who wish to qualify themselves for university teaching in International Relations, the subject in which the Montague Burton Professorship was established.
4. The awards shall be tenable for up to two years.
5. In exceptional circumstances, the School may grant a maintenance allowance to the holder of one of these studentships.

Applications for the awards should be made on a form which can be obtained from the Secretary of the Graduate School and must be returned to her by 6 September.

GRADUATE STUDENTSHIPS IN INTERNATIONAL STUDIES

With the aid of a grant provided by the Ford Foundation, a number of Graduate Studentships are offered annually to enable the holders to read for a higher degree at the School in the field of International Studies, and especially on some aspect of contemporary China or the Soviet Union or Eastern Europe. The term International Studies in this context includes the study of the politics, economics, law, social structure or modern history of a single country or group of countries in the areas listed, as well as the relationships between these areas and other parts of the world. Some preference will be given to applicants intending to make their career in International Studies, particularly in university teaching.

The regulations for these studentships are:

1. They shall be open to graduates of any university with a first class or high second class honours degree in the Humanities or the Social Sciences (particularly Economics, History, International Relations or Politics).
2. The studentships shall be tenable for one year in the first instance, but they will normally be renewable for at least a further two years, subject to satisfactory progress.
3. Each studentship shall be of the value of £750 a year together with all appropriate fees.

Scholarships, Studentships, Exhibitions etc.

4. Each holder of a studentship shall be required to register as a full-time student of the School and to follow a prescribed course of study or to undertake approved research.
5. The holder of a studentship shall undertake no paid employment without the permission of the Director.
6. Awards shall be made only if there are candidates of sufficient merit.

Applications should be made by letter, giving full particulars of the applicant's qualifications, a general indication of the field of advanced study or research in which the applicant is interested, and the names of two referees, and should reach the Secretary of the Graduate School by 28 February in the year of award.

Only a formal letter of application is necessary from students who have already applied to, or been accepted by, the Graduate School.

NOEL BUXTON STUDENTSHIP IN INTERNATIONAL RELATIONS

With the aid of a grant provided by the Noel Buxton Trust, a Research Studentship in International Relations tenable at the London School of Economics and Political Science has been established for a limited period. It is intended to offer an award every other year; the next studentship may be offered in 1971.

The regulations for the studentship are:

1. It shall be open to men and women who are graduates of a university.
2. The field for research or study shall be any subject calculated to promote the better understanding of the problems of international peace and security (including disarmament). Some preference, however, may be given to subjects associated with one or other of the more urgent international problems of the day.
3. The holder of the studentship shall be required to follow an approved course of study or research in the field defined in regulation 2, whether leading to a higher degree or not.
4. The value of each studentship shall not exceed £1,000 a year. It shall normally be held for a period of not less than two years at a time.

Applications for the studentship, which should be in writing, must give full particulars of the applicant's career and of his interest in the relevant field of study and must be received by the Secretary of the Graduate School by 28 February in the year of the award. The names of two referees should be given.

(In exceptional circumstances applications may be considered from candidates who expect to graduate before October in the year of award.)

HUTCHINS STUDENTSHIP FOR WOMEN

A studentship is offered for award every third year to women students. Its value will be the income of the Hutchins Fund for three years preceding the date of the award, and will normally be about £320. It is intended to promote the execution of definite pieces of original work preferably in Economic History, or if no suitable candidate is forthcoming in that field, in some branch of Social Science. The next studentship may be offered in 1970.

The regulations for this studentship are:

1. The studentship shall be open to women students who are graduates or possess the necessary qualifications to undertake research.

Scholarships, Studentships, Exhibitions etc.

2. The subject of research shall be approved by the Director of the School.
3. Each holder of the studentship shall be required to register as a full-time student of the School and shall undertake no paid employment without the permission of the Director.
4. The studentship shall be tenable for one year only.

Applications should be made on the prescribed form which can be obtained from the Secretary of the Graduate School. The closing date for entry is 6 September in the year of award.

EILEEN POWER STUDENTSHIP

An Eileen Power Studentship in social and economic history, founded by the friends of the late Professor Eileen Power, will be awarded every second or fourth year until further notice. The studentship, which is designed for students of graduate standing, may next be offered for award in 1970. It is not conditional upon registration for a higher degree. The studentship is of the value of at least £650, and is tenable with other emoluments.

The regulations for this studentship are:

1. The student shall be elected by a selection committee appointed by the Committee of Management.
2. The studentship shall be open equally to men and women.
3. Preference will be given, other things being equal, to a candidate offering to study the economic or social history of some country other than the country of his or her usual residence.
4. The studentship shall be tenable from October of the year of award for one year.
5. Candidates for the studentship must submit with their applications full particulars of their qualifications, the names of three referees and a scheme of study of some subject in social or economic history.

When the studentship has been advertised application should be made by letter addressed to the Secretary of the Graduate School. There are no special application forms.

REES JEFFREYS STUDENTSHIP IN TRANSPORT

The School will offer for award annually one studentship in Transport provided in part from funds from an endowment created for the purposes of the studentship by the late Mr. Rees Jeffreys and in part by the trustees of the Rees Jeffreys Road Fund.

The regulations for this studentship are as follows:

1. It shall be open both to men and women who are graduates of a university; and also to persons who are or have been engaged in the operation or administration of transport, the construction of transport facilities or the manufacture of transport equipment.
2. The field for research or study shall be in subjects relating to the economics of transport, and to the balanced development of the various forms of transport.
3. The holder of the studentship shall be required to register at the School as a full-time student and to undertake advanced study or research; his programme of work must have the approval of the Director.
4. The value of the studentship shall not exceed £750 a year.

Scholarships, Studentships, Exhibitions etc.

5. The studentship shall be tenable at the School for one year in the first instance, but can in appropriate circumstances be renewed for a second year.

Applications for the studentship should be made on a form which can be obtained from the Secretary of the Graduate School and must be returned to her by 31 May.

(This scholarship may be held in addition to other awards.)

An Acworth Scholarship of the approximate value of £90 a year will be offered for award by the School for graduate work relating to inland transport subjects.

The regulations for this scholarship are:

1. The scholarship shall be open to graduates of any university.
2. The successful candidate shall be required to register as a graduate student of the School and to obtain the approval of the Director for the advanced study or research which he proposes to undertake.
3. The scholarship shall be tenable for one year in the first instance, but may be renewed.
4. An award shall be made only if there is a candidate of sufficient merit.

Applications should be made on a form obtainable from the Secretary of the Graduate School, to whom it must be returned by 6 September, together with the names of two referees. Candidates should submit an outline of their proposed programme of study or research and are also invited to send original work, either published or in typescript, in support of their application.

ROSEBERY STUDENTSHIP

(This studentship may be held in addition to other awards.)

A Rosebery Studentship of the value of £100 a year will be offered for award by the School for graduate work in the social sciences. Preference will be given to candidates including some aspect of transport in their studies.

The regulations for this studentship are:

1. The studentship shall be open to graduates of any university.
2. The successful candidate shall be required to register as a graduate student of the School and to obtain the approval of the Director for the advanced study or research which he proposes to undertake.
3. The studentship shall be tenable for one year in the first instance, but may be renewed.
4. An award shall be made only if there is a candidate of sufficient merit.

Applications should be made on a form obtainable from the Secretary of the Graduate School, to whom it must be returned by 6 September, together with the names of two referees. Candidates should submit an outline of their proposed programme of study or research and are also invited to send original work, either published or in typescript, in support of their application.

MANOR TRUST

As a memorial to the late Mr. Albert Palache the Manor Trust has made available

Scholarships, Studentships, Exhibitions etc.

to the School a small fund to assist students who wish to undertake graduate work in the following subjects:

- Accounting and Finance
- Economics
- Econometrics
- Industrial Relations
- Operational Research

and who are unable to secure financial assistance from other sources.

The fund is administered by the Scholarships and Prizes Committee of the School.

ceeding to graduate studies immediately after undergraduate studies, must have been ordinarily resident in England or Wales for at least three years immediately preceding the start of the undergraduate studies.¹ They have at present a maximum value for at least 44 weeks' full-time study in a year of £530 (or £410 if the student lives at home), plus tuition and examination fees. The maintenance grant will be awarded without reference to the income of the student's parents.

The awards are made by the Department of Education and Science each summer on the basis of recommendations made by British universities during the Lent term. Students of the School who wish to undertake graduate work with the aid of state studentships of either kind should apply to the Senior Assistant Registrar by a date in the Lent term which will be announced on the scholarships notice-board in the main entrance hall of the School. Every student seeking nomination must be supported by two sponsors, normally members of the teaching staff.

Students may not apply direct to the Department of Education and Science.

SOCIAL SCIENCE RESEARCH COUNCIL ADVANCED COURSE AND RESEARCH STUDENTSHIPS

The Social Science Research Council offers Research Studentships and Advanced Course Studentships for research or advanced study in the Social Sciences. For the purposes of these awards the Social Sciences are defined as the following subjects:

Accountancy	International Relations
Anthropology	Political Science
Demography	Regional Planning
Economics	Social Psychology
Econometrics	³ Social Administration
Economic and Social History	Sociology
² Human Geography	Social Statistics
Industrial Relations	

Generally, applicants for S.S.R.C. Studentships or their parents must have been ordinarily resident in Great Britain for at least three years immediately preceding the start of postgraduate studies, hold a Second Class (Upper Division) Honours degree and be under 27 years of age on 1 October in the year of application. If neither parent has been so resident, the three-year period must exclude any period of full-time education. Non-British subjects must also be graduates of a university in the United Kingdom. Candidates must be nominated for an award by the authority of the college at which the award is to be held.

SCIENCE RESEARCH COUNCIL ADVANCED COURSE AND RESEARCH STUDENTSHIPS

The Science Research Council includes the following subjects among those it recognises for its Advanced Course and Research Studentships:

Operational Research
Statistics

¹In other cases, students must have been ordinarily resident in England or Wales for at least three years immediately preceding the start of the graduate studies, ignoring for this purpose any period spent on the undergraduate studies.

²Excluding Cartography and Physical Geography.

³Excluding Option B.

Scholarships, Studentships, Exhibitions etc.

Generally, applicants for S.R.C. Studentships should be citizens of the United Kingdom or Colonies, or Commonwealth citizens who are normally resident in Great Britain and whose parents are normally resident in Great Britain. They should hold a good Second Class honours degree and be under 27 years of age on 1 October in the year of application.

The School will be given quotas of awards at the end of April or the beginning of May and will then be able to put forward applications to both these bodies for consideration. Confirmation of the awards will not be given by the S.S.R.C. or the S.R.C. until the degree results are known. Students who would like to obtain one of these studentships should state that they wish to do so when applying to the Secretary of the Graduate School for admission.

Students cannot apply direct to the S.S.R.C. or to the S.R.C.

METCALFE STUDENTSHIP

A studentship, founded under the will of Miss Agnes Edith Metcalfe, is awarded annually by the University, provided a candidate of sufficient merit presents herself. Until further notice the value of the studentship will be not less than £120 in the case of a full-time student, and not less than £60 in the case of a part-time student. Candidates who do not know the result of their degree examinations may make provisional application.

The regulations for this studentship are:

1. The studentship is tenable at the School and is open to any woman who has graduated in any university of the United Kingdom.
2. The successful candidate will be required to register as a student of the School and undertake research in some social, economic or industrial problem to be approved by the University. Preference will be given to a student who proposes to study a problem bearing on the welfare of women.
3. The studentship is tenable for one year in the first instance, but may be renewed for a second year.

Applications must be received not later than 24 May in the year of award, by the Secretary of the Scholarships Committee, University of London, W.C.1, from whom further particulars and application forms may be obtained.

LEON FELLOWSHIP

A fellowship has been founded under the will of Mr. Arthur Lewis Leon for the promotion of graduate or advanced research work in any subject, but preferably in the field of Economics or Education. The value of the fellowship will be not less than £1,200 a year. The fellowship will be offered for award from time to time as funds permit (normally biennially), provided that there is a candidate of sufficient merit.

The regulations for this fellowship are:

1. Candidates need not be members or graduates of a university, but must be in possession of qualifications which would enable them to undertake advanced research work.

Scholarships, Studentships, Exhibitions etc.

2. A scheme of work must be submitted for the consideration of the selection committee.
3. Candidates who are graduates must obtain nomination from the head of the institution with which they are connected.
4. The fellowship is tenable for one year in the first instance, but may be renewed for a second year.

Applications must be received by the Principal, University of London, W.C.1, on or before 1 February in the year of award. Further information may be obtained from the Deputy Academic Registrar.

INSTITUTE OF COMMONWEALTH STUDIES
JUNIOR RESEARCH FELLOWSHIPS

1. The Institute offers the Henry Charles Chapman Junior Research Fellowship and the Dame Lillian Penson Junior Research Fellowship in Commonwealth Studies for research relating to the history, or to the contemporary social, economic, or political problems of the Commonwealth or any overseas part of it.
2. The Henry Charles Chapman Junior Research Fellowship was established and is maintained with the income from a bequest to the University by the late Mr. Henry Charles Chapman for promoting the study of the history of the British Commonwealth, its problems and world responsibility. The Dame Lillian Penson Junior Research Fellowship was instituted as a memorial to the late Professor Dame Lillian Penson.
3. The annual value of each Junior Research Fellowship will be in the range £650–£850 or such smaller sum as will ensure that the holder's total income from scholarships is not less than £650 a year. In addition, tuition fees in the University of London incurred by the holder of a fellowship for his approved programme of work may be defrayed by the Institute where these fees have not otherwise been provided for.
4. The amount of each fellowship will be payable in quarterly instalments, each instalment (with the exception of the first, which will be paid in advance) being payable only on receipt by the Institute of a satisfactory report on the Fellow's progress and conduct.
5. The fellowships will normally be awarded to graduates of at least one year's standing of any university of the United Kingdom or elsewhere in the Commonwealth. Only graduates of at least two years' standing can be considered for a fellowship of annual value higher than £650. Each fellowship will be tenable for one year in the first instance, with the possibility of renewal for a second year at the discretion of the Committee of Management of the Institute. Holders of the fellowships will be required to devote their full time to their subject of research and, unless already registered for a higher degree in the University of London, will normally be required to register for such a degree.
6. Students working for a London higher degree and expecting to undertake field work overseas in a session starting in October after the closing date for applications, may submit an application with a view to consideration for a fellowship to commence after their return from field work. Junior Research fellowships cannot be offered to cover a period of field work.

Scholarships, Studentships, Exhibitions etc.

7. Candidates placed on the short list may be required to attend at the Institute for interview.
8. Applications (4 copies) on the prescribed form, must reach the Secretary, Institute of Commonwealth Studies, 27 Russell Square, London, W.C.1, not later than 1 March.

UNIVERSITY POSTGRADUATE STUDENTSHIPS

(I) A number of Postgraduate Studentships of £525 a year, plus tuition and registration fees and, under certain conditions, payment of higher degree examination fees and a grant of up to £50 towards the cost of producing a thesis, will be awarded annually by the University provided candidates of sufficient merit present themselves.

The regulations for these studentships are:

1. Candidates may be internal or external graduates of the University, in any faculty.
2. Candidates must have taken their first degree not more than three years previous to the date of the award.
3. The studentships are tenable for one year or for two years in the first instance.

Applications must be received by the Secretary to the Scholarships Committee, University of London, W.C.1, not later than 1 March in the year of award. Further information may be obtained from him.

(II) The University also offers a small number of studentships available for award in any subject as follows:

1. The studentships are open to internal and external students who obtain first class honours at their final examinations for Bachelor's degrees, and who are neither eligible for, nor, for special reasons, candidates for, awards under the national schemes. In special circumstances other candidates of special distinction may be considered.
2. Successful candidates must satisfy the University of their intention to pursue a full-time course of advanced study or research and will be required to submit periodical reports on the progress of their studies during the tenure of their studentships.
3. The holders of the studentships will normally be required to carry out graduate work in a school or institute of the University.
4. The tenure of the studentships begins at the beginning of the session immediately following the final Bachelor's degree examinations and extends for one or two years in the first instance.
5. The value of the studentships is £500 in the first year and £525 in the second year, plus tuition and registration fees and, under certain conditions, payment of a grant of £25 for approved initial research expenses, and the payment of higher degree examination fees and a grant of up to £50 towards the cost of producing a thesis.

No special application need be made. Suitable students are automatically considered on the results of the final examinations. The awards will be made by the University Scholarships Committee after consideration of reports from the relevant examiners.

Further information can be obtained from the Secretary to the Scholarships Committee, University of London, W.C.1.

WILLIAM LINCOLN SHELLEY STUDENTSHIP

The William Lincoln Shelley Studentship founded under the will of Mr. William Lincoln Shelley, will be awarded from time to time to a graduate of the University of London for advanced study or research in any subject. Until further notice the value of the studentship will be £275 a year plus a grant of £250.

The regulations for this studentship are as for University Postgraduate Studentships (I).

UNIVERSITY POSTGRADUATE TRAVELLING STUDENTSHIPS

A number of Postgraduate Travelling Studentships will be awarded annually by the University if candidates of sufficient merit present themselves.

The regulations for these studentships are:

1. Candidates may be internal or external graduates of the University, in any faculty.
2. Candidates must not have completed their 28th year on or before 1 June in the year of award.
3. Successful candidates must spend the year of tenure abroad and must submit a scheme of work for the approval of the University.
4. The value of the studentships will be fixed in relation to the estimated expenses of the successful candidates.
5. The studentships will be tenable for one year.

Applications must be received by 1 March in the year of award by the Secretary to the Scholarships Committee, University of London, W.C.1, from whom further information can be obtained.

NOTE Candidates are not eligible to apply until the session after they have graduated in this University.

DERBY STUDENTSHIP

A Derby Studentship in History will be awarded annually by the University on the results of the final examination for the B.A. Honours degree. The value of the studentship will be £100 and it will be tenable for one year. It can be held concurrently with a University Studentship awarded on the results of the final examination, or other award. No special application is necessary; the studentship will be awarded by the Scholarships Committee after considering reports from the Examiners.

GERSTENBERG STUDENTSHIP

A Gerstenberg Studentship will be awarded annually by the University on the results of the final examination for the B.Sc. (Econ.) degree. The value of the studentship will be £100 and it will be tenable for one year. It can be held concurrently with a University Studentship awarded on the results of the final examination, or other award. No special application is necessary; the studentship will be awarded by the Scholarships Committee after considering reports from the Examiners.

RESEARCH FELLOWSHIPS IN HISTORY

1. The Senate offers a number of Research Fellowships in History tenable at the Institute of Historical Research, Senate House, W.C.1. The fellowships will be of an annual value of £650, or such smaller sum as will ensure that the holder's total income from scholarships is not less than £650 a year. In addition, tuition fees in the University of London, incurred by the holders of fellowships for their approved programmes of work, may be defrayed by the University, where these fees have not otherwise been provided for.

2. The fellowships will be awarded to graduates in History of any university. In respect of half of those available preference will be given to graduates in History of the University of London.

3. The fellowships will normally be awarded to postgraduates of at least two years' standing. They will be tenable for one year in the first instance, but may be renewed for a second year at the discretion of the Institute of Historical Research Committee.

4. Applications must be made on the prescribed form, which may be obtained from the Secretary of the Institute, and must include the names of two persons to whom reference may be made. Candidates placed on the short list will be required to attend at the Institute for interview.

5. Successful candidates will be required to pursue an approved course of study leading either to a higher degree or to the completion of a research project under supervision. The holder of a fellowship will be required to keep terms at the Institute and to devote his full time to the subject of his research. Leave of absence from London for a limited period for the purpose of research may be given at the discretion of the Committee.

6. The awards will be made by the Institute of Historical Research Committee, acting on behalf of the University Scholarships Committee, subject to confirmation by the Senate.

7. The amounts of the fellowships will be paid in instalments at such times as may be decided in each case, each instalment (with the exception of the first, which will be paid in advance) being payable only on receipt by the University of satisfactory reports on the holder's progress and conduct.

8. The awards will be made in May and applications must reach the Director, Institute of Historical Research, Senate House, W.C.1, not later than 1 April.

MADGE WALEY JOSEPH SCHOLARSHIP

1. The Madge Waley Joseph Memorial Postgraduate Scholarship for Women, founded by the friends of the late Mrs. Madge Waley Joseph, of the value of approximately £40 for one year, will be offered annually to a woman student at either Bedford College or the London School of Economics and Political Science, taking a one-year postgraduate course in the Department of Sociology, Social Studies and Economics at Bedford College, or in the Department of Social Science and Administration at the London School of Economics, in preparation for subsequent work in social service.

2. The scholarship will be offered alternately in Bedford College and the London School of Economics, and candidates must be nominated by the Head of the relevant School. Nominations must reach the Secretary to the Scholarships Committee not later than 30 November in the year of award.

Scholarships, Studentships, Exhibitions etc.

CENTRAL RESEARCH FUND

The Senate of the University has at its disposal a Research Fund from which grants may be made to students of the University. Such grants will be made for specific projects of research, being intended to cover approved expenses and for the provision of materials and apparatus not otherwise available to the applicant. Applications must be received not later than 31 March, 15 September or 15 December.

Further information may be obtained from the Deputy Academic Registrar, University of London, W.C.1.

ASSOCIATION OF CERTIFIED AND CORPORATE ACCOUNTANTS

(See page 144.)

AWARDS FOR STUDY IN THE U.K. AND ABROAD

Many scholarships, studentships and fellowships, for which students of the School are eligible, are offered by or are tenable at universities both at home and overseas. Several awards are also available for vacation courses abroad. Particulars of these are posted on the scholarships notice-board in the main entrance hall of the School.

Medals and Prizes

Offered by the School and open only to students of the School.

Allyn Young Prize

In memory of the late Professor Allyn Young, a prize in books will be awarded annually for the best performance in the papers in Economics and Elementary Statistical Theory by a student at Part I of the B.Sc. (Econ.) final examination. The value of the prize will be the income of the fund for the year preceding the award and will normally be about £7 7s. 0d. It will be awarded only if there is a suitable candidate.

School Prizes

Provided that candidates of sufficient merit present themselves, the School will award annually eleven prizes of books to the value of £10 each to students who are reading for first degrees and whose work in their first year shows particular merit.

The prizes will be offered as follows:

B.Sc. (Econ.): three prizes will be awarded: one for the best performance in Part I of the B.Sc. (Econ.) examination as a whole; one for the best performance in Economic History or Political History; one for the best performance in British Government: An Introduction to Politics.

LL.B.: a prize will be awarded for the best performance in the College Intermediate Examination in Laws.

(i) *B.A. or B.Sc. with Honours in Sociology;* (ii) *B.Sc. in Geography;* (iii) *B.A. with Honours in History;* (iv) *B.A. with Honours in Philosophy and Economics and B.Sc. in Social Anthropology;* (v) *B.Sc. in Mathematics;* (vi) *a first degree in the department of Language Studies;* (vii) *B.Sc. in Social Psychology;* A prize will be awarded to the student who is adjudged to have done the best first year's work in a degree course in each of these groups.

Hughes Parry Prize

The Hughes Parry Prize, of books to the value of about £17, may be awarded annually to a regular student of the School achieving an outstanding performance in the subject of Law of Contract in the College Intermediate examination in Laws. This prize commemorates the work of Sir David Hughes Parry, Professor of English Law from 1930 to 1959 and first Director of the Institute of Advanced Legal Studies.

Raynes Undergraduate Prize

A prize in books, provided through the generosity of the late Mr. Herbert Ernest Raynes, will be awarded annually in July to the student of the School who obtains the best marks in Part II of the B.Sc. (Econ.) final examination. The value of the prize will be the income of the fund for the year preceding the award, and will normally be about £20.

William Farr Prize

Through the generosity of the late Mr. W. J. H. Whittall, a prize consisting of a medal and books is offered annually in memory of Dr. William Farr, C.B., F.R.S.

Medals and Prizes

The value of the books will be the remainder of the preceding year's income of the fund after provision of the medal and will not normally be less than £10. It will be awarded for proficiency and merit in the special subjects of Statistics or Computing¹ at Part II of the final B.Sc. (Econ.) examination, the award to be restricted to regular students of the School, who have pursued a course of study at the School as internal students of the University of London.

The Gonner Prize

A prize is offered annually in memory of the late Professor Sir Edward Gonner, Professor of Economic Science in the University of London from 1891 to 1922, and Director of Intelligence in the Ministry of Food from 1917 to 1921. The value of the prize will be the income of the fund for the year preceding the award and will normally be about £6 6s. 0d. It will be awarded to the student who shows conspicuous merit in the special subjects of Economics (Analytical and Descriptive), or Economics and Econometrics, or Monetary Economics or Industry and Trade in Part II of the B.Sc. (Econ.) degree final examination. The prize will be given in books, and is restricted to registered students of the School who have pursued a course of study at the School as internal students of the University. It will be awarded only if there is a suitable candidate.

The George and Hilda Ormsby Prizes

Through the generosity of Dr. Hilda Ormsby the School offers annually two prizes open to students reading for first degrees in the department of Geography as internal students of the University of London.

One prize, to the value of £20, will be awarded to the candidate whose performance is judged the best either in the B.Sc. (Econ.) Part II examination with Geography as the special subject or in the examination for the B.Sc. degree in Geography or in the final examination for the B.A. degree with Honours in Geography.

Another prize, to the value of £30, will be awarded for the best piece of original work submitted by a student in the department of Geography during his undergraduate course. Students will be allowed to submit, for example, work completed for the independent geographical study offered as part of the honours course, original field work, work published in *Horizon* or elsewhere, or other original geographical work completed during the undergraduate course.

S. W. Wooldridge Memorial Awards

Awards may be made annually from the S. W. Wooldridge Memorial Fund, established by contributions from present and past students and friends of the Joint School of Geography of King's College and the London School of Economics and Political Science. The awards are made to assist independent projects of field study by students registered in the Joint School and are not available to students with prescribed field work or dissertation topics.

A brief summary of up to 500 words of a proposed project must be submitted to the convener of the department of Geography before 10 June.

¹ Students who are offering the special subject Computing will be eligible for the award if they offer the paper 'Probability, Distribution and Sampling Theory'.

Medals and Prizes

Geoids Book Prize in Memory of S. W. Wooldridge

Members of the Geoids Amateur Operatic Society, founded in 1930 by Professor S. W. Wooldridge, have subscribed to a fund in his memory, from which it is hoped to award an annual book prize. Further information may be obtained from the convener of the department of Geography at the School.

Premchand Prize

A prize of about £24, awarded through the generosity of Sir Kikabhai Premchand of Bombay, is offered annually to a student who shows conspicuous merit in the special subject of Monetary Economics at Part II of the final B.Sc. (Econ.) examination. The prize is restricted to registered students of the School whose course of study has been pursued as internal students of the University. It will be awarded only if there is a suitable candidate.

The Arthur Andersen Prize in Accounting

A prize of the value of about £15 in books is offered annually to the regular student of the School who, as a candidate for the B.Sc. (Econ.) degree in the special subject of Accounting and Finance, is judged by the staff of the School who are examiners in that special subject to be the best of his year in the papers in Accounting. This prize will be awarded only if a candidate of sufficient merit presents himself.

The Bassett Memorial Prizes

Two prizes will be offered annually in memory of Professor R. Bassett, Professor of Political Science: (i) a prize of books to the value of £15 to the regular student of the School who, as a candidate for the B.Sc. (Econ.) degree, with Government as his special subject, is judged to be the best of his year; special consideration will be given to conspicuous merit in the paper 'The Politics and Government of the United Kingdom'; (ii) a prize of books to the value of £3 to the Trade Union student who is judged to have achieved the best performance of his year in Trade Union Studies.

Hobhouse Memorial Prize

A prize of about £10 in books is offered annually in memory of the late Professor L. T. Hobhouse, Martin White Professor of Sociology at the School from 1907-1929. The prize will be awarded to a student who shows conspicuous merit in the final examination for the B.A. degree with Honours in Sociology, B.Sc. (Sociology) degree, Branches I and II, or the B.Sc. (Econ.) with Sociology in Part II of the final examination. Candidates must be regular students of the School who are also internal students of the University. The award will be made only if there is a suitable candidate.

The Free Press Prize

Through the generosity of the Free Press of Glencoe, a prize of about £25 in books is offered annually to a student who shows conspicuous merit in the subject of Sociology. The prize will be awarded on the basis of performance in the final examination for the B.A. degree with Honours in Sociology, the B.Sc. (Sociology) degree, Branches I and II, or the B.Sc. (Econ.) degree with Sociology in Part II of the final examination. Candidates must be regular students of the School who

Medals and Prizes

are also internal students of the University. The award will be made only if there is a suitable candidate.

Mostyn Lloyd Memorial Prize

The Committee of the Mostyn Lloyd Memorial Fund offers annually a prize of about £17 in memory of the late Mr. Mostyn Lloyd, who was head of the department of Social Science from 1922 until 1944. Through the generosity of Mrs. Lloyd the prize in the first years of award amounted to £20. It is awarded by the Director, on the recommendation of the convener of the department of Social Science and Administration, to the best all-round student or students obtaining the Diploma in Social Administration in each year. Both academic achievement and practical work are taken into consideration. The prize will be awarded only if there is a suitable candidate.

The Janet Beveridge Award

A prize of about £30 in books is offered annually by the Trustees of the Janet Beveridge Memorial Fund. The prize will be awarded to a regular student of the School who, being an internal student of the University, achieves conspicuous merit in the final examination for the B.Sc. (Sociology) degree, Branch III. The award will be made only if there is a suitable candidate.

The Harriet Bartlett Prize

Through the generosity of Miss Harriet Bartlett, an American social worker, formerly a student of this School, a book prize of the value of five guineas will be offered for award annually provided that there is a candidate of sufficient merit. The award will be made by the Director on the recommendation of the Scholarships and Prizes Committee.

Students who have obtained the Diploma in Applied Social Studies or the Diploma for Social Workers in Mental Health are eligible to compete and the prize will be awarded to the student who submits the best report on a case from his field work.

Candidates should prepare these reports so that they can be used for teaching purposes and should submit them to the Senior Assistant Registrar by 1 February.

Gladstone Memorial Prize

The Trustees of the Gladstone Memorial Trust offer an annual prize of £30, one half of which will be awarded in books, for an essay set within the terms of the Trustees' essay formula. This demands that 'the subject of the Essay shall be connected with either History or Political Science or Economics, and with some aspect of British policy, domestic, international or foreign, in relation to finance or other matters, from the beginning of the nineteenth century to the present time'. The prize is open to all regular students registered at the School for the session preceding the date of entry, which will be 30 November in each year. The subjects of the essay are announced annually in the Lent term. In considering the essays submitted, the committee of award will take into account the age and standing of the candidates.

Essays, which should not exceed 8,000–10,000 words in length, should reach the Director not later than 30 November in each year.

Medals and Prizes

Rosebery Prizes

The School offers for award annually two prizes, one of the value of £20 and one of the value of £10, for an essay on an approved subject in the Social Sciences including Transport.

All students of the School reading for a first degree may compete. The subjects are announced in the Michaelmas term of each session and essays, of not more than 3,000 words in length, should be sent to the Senior Assistant Registrar by 31 May. An award will normally be made in June of each year.

The Director's Essay Prize

A prize in books of the value of £10 is offered for award annually by the Director for the best essay written during the first session by an undergraduate student, reading for a first degree or diploma, who has not previously studied at a university. The essay should not exceed 3,000 words. Subjects approved by the Director will be announced each year.

Bowley Prize

The School offers a prize to commemorate the distinguished services to economic and statistical sciences of the late Professor Sir Arthur L. Bowley, Professor of Statistics in the University of London from 1915 to 1936.

The value of the prize will be the income of the fund for the three years preceding the award and will normally be about £25.

It will be open to present or past regular students of the School who have registered for a period of at least two years and are within ten years of their first graduation at any university. The prize will be offered for written work in the field of economic or social statistics, completed within four years prior to 1 January 1972. It will be awarded only if an adequate standard of excellence is attained.

The Committee of Award will consist of one representative of the School, one of the Royal Statistical Society and one of the Royal Economic Society.

Candidates wishing to submit work for consideration by the Committee should send it to the Senior Assistant Registrar by 1 January 1972.

The Firth Award

A prize to the value of about £10 will be offered annually to graduate students in the department of Anthropology for the best paper of the year contributed to any seminar in the department. The award will be made by the Director on the recommendation of the convener and senior members of the department.

An award will be made only if a paper of suitable merit is contributed.

Ely Devons Prizes

Two prizes, each of the value of about £15, will be offered annually in memory of the late Professor Ely Devons. One prize will be awarded to the regular student of the School who, as a candidate for the M.Sc. degree in Economics, is judged to be the best of his year; the other to the best candidate for the M.Sc. degree in Econometrics. The awards will be made only if there are suitable candidates.

Medals and Prizes

The Gourgey Essay Prize

Through the generosity of Mr. P. S. Gourgey, a former student of this School, a book prize of the value of about £1 13s. 0d. will be offered for award annually to students attending the course in Trade Union Studies. It will be awarded to the student who, in the opinion of his teachers, submits the best project report during the Lent term of each academic year. An award will be made only if there is a candidate of sufficient merit.

First Degree Courses

General Information

The School registers students for the following honours degrees of the University of London:

Bachelor of Science in Economics

Bachelor of Laws

Bachelor of Arts with Honours in the following subjects

History, Language Studies, Philosophy and Economics¹, Sociology

Bachelor of Science in Geography, Mathematics, Social Anthropology, Social Psychology, and Sociology

The degree regulations as printed in this Calendar are correct at the time of going to press, but may possibly have been modified in minor respects by the beginning of the academic year.

All students should read the **University Regulations for Internal Students in the relevant faculty**. They may be obtained from the University or the Registry at the School.

The approved course of study for a first degree extends over not less than three years.²

Except by special permission of the Director, students of the School who fail at any degree examination, or whose progress has been unsatisfactory, or who have completed the normal course for an examination but, without adequate reason, have failed to enter, will not be eligible for re-registration. Students who are given this special permission will not be allowed in the year of re-registration to do any work at the School other than work for that examination in which they failed. Departures from this rule will be made only in exceptional cases and subject to such conditions as the Director may require in any particular case.

Degree of Bachelor of Science in Economics

Complete courses of study are provided by the School for the degree of B.Sc. (Econ.). The entrance requirements for this degree are set out in the table on page 125.

Course of Study

A student shall be eligible to present himself for Part I of the examination after having satisfactorily attended approved courses extending over one academic year, and for Part II after having satisfactorily attended approved courses extending over a further two academic years.

¹ There will be no new registrations for this degree after October 1969.

² Graduates and persons who have obtained a Teacher's Certificate awarded after a course of study extending over not less than three years may in certain circumstances be permitted to complete the course for a first degree in not less than two years. Details may be found in the pamphlet 'General Regulations for Internal Students' obtainable from the University of London, Senate House, London, W.C.1.

First Degree Courses

The examiners shall be at liberty to test any candidate by means of oral questions. There will be no reference in either Part of the Examination.

A candidate who has satisfied the examiners at Part I of the Examination and who desires to proceed to Part II of the Examination with a special subject for which his Part I alternative subjects do not qualify him, may apply for permission to proceed to Part II of the Examination without being required to satisfy the examiners in one or more additional Part I alternative subjects. Each application will be considered on its merits. If the application is refused and such a candidate is required to take one or more additional Part I alternative subjects, he must do so before entering for Part II.

A candidate who has passed Part I of the B.Sc. (Econ.) degree may with the approval of the School be permitted to transfer to the B.Sc. degree in Mathematics in the Faculty of Economics with direct entry to the course of study and examination for Part II of the B.Sc. degree in Mathematics.

A candidate who has passed Part I of the B.Sc. degree in Mathematics in the Faculty of Economics may with the approval of the School be permitted to transfer to the B.Sc. (Econ.) degree with direct entry to the course of study and examination for Part II of the B.Sc. (Econ.) degree.

The classification for Honours will be based primarily on the candidate's performance in Part II of the examination, but the marks obtained in Part I may be taken into account.

Degree of Bachelor of Laws

The School provides a three-year course leading to the LL.B. degree of the University of London. The University regulations are not, however, the same for all the London colleges, and the pattern of the course is unique to students of the School. Subjects which are not exclusively legal have been introduced into the new syllabus, and an attempt has been made to break down the arbitrary boundaries between legal subjects. In addition, instruction in each subject is not always limited in length to one academic year, thus making it possible to emphasise the inter-relationship between different branches of the law.

The subjects which most L.S.E. students take are taught, both in lectures and classes, at this School, but, exceptionally, arrangements will be made for students to attend other colleges of the University for instruction in subjects not taught here.

The attention of students taking the LL.B. degree is drawn to the advantages and concessions granted in professional training (see page 211).

INTERMEDIATE EXAMINATION

The subjects for this examination are:

	<i>Reference Nos. of Courses</i>
a) Public Law I	417, 417a
b) Law of Contract I	418, 418a
c) Law of Tort I	419, 419a
d) Law of Property I	420, 420a

First Degree Courses

	<i>Reference Nos. of Courses</i>
e) English Legal System	416, 416a
f) English Economic Institutions	24

A student is eligible to sit for the Intermediate examination after satisfactory attendance at courses for one year. The examination comprises five papers, in a), b), c), d) and e). Questions within the scope of course f) may be set in any of these papers.

PART I EXAMINATION

The subjects for this examination are:

	<i>Reference Nos. of Courses</i>
a) Criminal Law	421, 421a, 422
b) Law of Contract II	423, 423a
c) Law of Tort II	423, 423a
d) Law of Property II	424, 424a
e) Public Law II	425, 425a
f) Law and Social Policy	426

A student is eligible to sit for the Part I examination after satisfactory attendance at courses for two years, and after passing the Intermediate examination (including any referred paper).

The examination comprises four papers: one in a); one in b) and c) combined; one in d); and one in e), within the scope of f) may be set in any of these papers. Furthermore, the examiners may set an essay paper.

PART II EXAMINATION

The subjects for this examination are:

	<i>Reference Nos. of Courses</i>
a) Jurisprudence and Legal Theory	427, 427a
b) Law of Evidence	428, 428a
c) History of English Law	430, 430a
d) Public International Law	431, 431a
e) Conflict of Laws	432, 432a
f) Mercantile Law	434, 434a
g) Labour Law	435, 435a
n) Law of Domestic Relations	436, 436a, 474
i) Law of Administration of Estates and Trusts	433, 433a
j) Law of Business Associations	437, 437a
k) Administrative Law with special reference to Local Government	429, 429a
l) Hindu Law	—
m) Muhammadan Law	—
n) African Law	452
o) The Law Relating to Sentencing in England and Wales	439
p) The Law Relating to the International Protection of Human Rights	441

First Degree Courses

	<i>Reference Nos. of Courses</i>
q) The Law Relating to Housing in England and Wales	440
r) The Law Relating to Civil Liberties in England and Wales	438

A student will be required to take Jurisprudence and Legal Theory, and other subjects to the value of three units. For this purpose each subject from *b*) to *n*) has the value of one unit; subjects *o*) to *r*) have each the value of a half unit. A student may choose two half-unit courses, but not more. The subjects for half-unit courses may be changed from year to year.

Courses in certain subjects (such as *l*) and *m*)) will not necessarily be available every year.

A student is eligible to sit for Part II after passing Part I (including, under the new regulations, any referred subject) and after satisfactory attendance at relevant courses over at least one academic year.

Degrees of Bachelor of Arts and Bachelor of Science

The School registers students for the B.A. degree with honours in History, Language Studies, Philosophy and Economics, and Sociology, and for the B.Sc. degree with honours in Geography, Mathematics, Social Anthropology, Social Psychology, and Sociology. In Sociology the courses and examinations for Branches I and III of the B.Sc. degree are identical with those for the B.A. degree. In the case of Geography the School co-operates with King's College in a joint school in which a full course is provided. In the case of the other subjects arrangements are made for students to attend such intercollegiate courses as may be necessary.

Applicants for admission to all these degree courses must satisfy the entrance requirements of the University of London, which are determined by the Faculty in which a degree is awarded. In addition, candidates must satisfy the appropriate 'course requirements'. Details of these requirements may be found on pages 122-3 and 125-7. Applications for admission from graduates will be considered on their merits.

The approved course of study for these degrees extends over three academic years except for the B.A. degree in Language Studies, which extends over four years, one of which is spent abroad.

B.Sc. in Social Anthropology

This degree is offered only at the London School of Economics.

Under new regulations introduced by the University for college-based degrees, the School devises its own courses and assigns to each of them a value expressed as a number of course units, a course unit being one-third of the amount of study which any adequately prepared student can reasonably be expected to complete in a year; that is to say, one-third of the total work load which every student who is capable of obtaining a degree at all should be able to manage.

First Degree Courses

To obtain the B.Sc. degree a student must complete to the satisfaction of the School courses valued at a minimum of nine course units. In addition he must take at the end of the third year an examination consisting of a general paper in Social Anthropology.

Teaching is arranged in courses of study each of which lasts a year. Students take three courses in each year. In the second and third years a number of alternatives may be chosen. Each course will usually be examined at the end of the year in which it is taken. The class of degree awarded will depend on the level of performance attained over the three years, and will not rest, as in the past, almost entirely on a Final examination.

The courses are as follows:

	<i>Course Units</i>	<i>Reference Nos. of Courses</i>
Part I		
1. Social Anthropology:		
A general introduction to the whole field of social anthropology, along the lines of the B.Sc. (Econ.) Part I course in Social Anthropology, but with greater attention paid to theory and methods	1	640, 649
2. Race and Culture:		
Outlines of human evolution and culture history as they bear on the study of society	1	641, 641a
3. Elementary Ethnography:		
Study of ethnographic texts on selected primitive and peasant societies	1	642, 642a
Part II		
1. Studies of Kinship:		
Family, kinship and marriage in primitive and other non-industrial societies, with some attention to industrial societies	1	643, 643a
2. Political and Economic Institutions:		
The political, economic and legal organisation of primitive and other non-industrial societies; problems and analysis	1	644, 644(i)a, (ii)a
3. <i>One</i> of the following alternatives:	1	
(a) Statistical and Survey Methods of Social Investigation		916, 916a, 935, 935a
(b) Elements of Economics: an elementary course in economic analysis		21, 21a, 22(i), (ii)
(c) Theories and Methods of Sociology: a course in the sociological approach to society		830, 831b, 832
(d) Psychological Approaches to the Study of Society: Psychological Anthropology. Psychological approaches to the study of culture, personality and language		703, 708

First Degree Courses

	<i>Course Units</i>	<i>Reference Nos. of Courses</i>
Part III		
1. Magic and Religion:		
The study of religious beliefs and ritual systems of primitive and other non-industrial societies	1	645, 645a
2. One of the following alternatives:		
(a) Advanced Ethnography: the advanced study of selected primitive and other non-industrial societies <i>or</i>	1	646, 646a
(b) Anthropological Linguistics:		
(i) Elementary Linguistics		360, 360b
(ii) Application of Linguistic Theory to Anthropological problems		647, 647a
3. Advanced Theory of Social Anthropology:		
The advanced study of social anthropological theory and method; the development of social anthropology	1	648, 648(i)a, (ii)a

In addition there will be a general paper in Social Anthropology that will test the candidate's knowledge of the whole field of social anthropology covered by the degree course.

Students will not be allowed to proceed to Part II or Part III without having taken Part I.

B.Sc. Geography

All registrations for the B.Sc. degree in Geography at the London School of Economics are made in the Faculty of Science and comply with the regulations of the University of London. The B.Sc. degree is college-based; syllabuses vary from one college to another and the curriculum summarised below applies only to students registered at the London School of Economics. Courses are given in the Joint School of Geography at King's College and L.S.E. and students are taught in common by teachers from both colleges. However, separate teaching arrangements for part of the B.Sc. degree reflect differences in syllabus between the colleges and all students must take care to identify the courses needed to complete their specific degree requirements.

The syllabus is arranged on a basis of course units. One course unit is defined as a third of the amount of work which a student may reasonably be expected to complete in a year. It normally involves 50-70 hours of formal instruction and private study under guidance from course teachers. Students taking the B.Sc. in Geography at the London School of Economics are advised to take a total of ten course units over three years. Not more than four course units may be taken in the

First Degree Courses

first year. A course is usually examined at the end of the year in which it is taken, though some second-year courses may not be examined until the end of the third year of study. The class of degree awarded depends on the level of performance attained in each of the three years and the assessment of candidates does not rest entirely on formal examinations.

The B.Sc. degree allows much freedom of choice in the selection and combination of courses. The optional subjects available allow for considerable specialisation in either the systematic or regional branches of Geography. Outside Geography, up to three course units may be chosen from other subjects, drawing from a wide range that includes Anthropology, British History, Demography, Economics, Economic History, International History, Geology, Mathematics, Modern Languages, Sociology and Statistics. Students will select courses for individual programmes of study after consultation with members of staff.

Field work is required of all students. The compulsory field courses normally last for a week and are taken annually in each of the Easter vacations. Certain course units in Geography involve additional field work.

The pattern of courses is as follows:

	<i>Course Units</i>	<i>Course Unit Numbers</i>	<i>Reference Nos. of Courses</i>
First Year			
Physical Geography	1	111	183
Human Geography	1	113	185-6
Spatial Analysis—I	1	191	187

Candidates must choose additional courses to bring their total number of course units up to 10 though, exceptionally, this total may be exceeded.

The additional options may include:

- (i) Any other courses from Lists A or B
- (ii) Not more than 2 course units from List C (courses outside Geography)
- (iii) An independent Geographical Essay on an approved topic of not more than 5,000 words

B.A. Honours in History (Mediaeval and Modern)

The examination will consist of ten papers:

	Reference Nos. of Courses
1. English History down to the end of the 14th century	325-6
2. English History from the beginning of the 15th century to the middle of the 18th century	327-8
3. British History from the middle of the 18th century	329-30
4 and 5. Two of the following papers:	
(a) European History from 400 to 1200	332
(b) European History from 1200 to 1500	331-2
(c) European History from 1500 to 1800	291, 334
(d) European History from 1800 (This paper will include questions on the relations of Europe with the rest of the world)	292-3, 333
6. History of Political Ideas—European	
(i) Ancient and Mediaeval	335-6
and (ii) Modern	
7. An Optional Subject	263-4, 294-5, 297, 299, 337-9
8 and 9. A Special Subject	340-2
10. One paper containing passages for translation into English from the following languages: Greek, Latin, French, German, Italian, Spanish. Candidates will be expected to translate three passages from at least two languages. They will be permitted to bring dictionaries for use in the examination. Passages will also be set in Dutch, Portuguese, Russian, Sanscrit, Pali, Persian, Arabic, Hindi, Urdu, Bengali, Marathi, Tamil and Sinhalese if candidates when submitting their entry forms notify the University of their intention to offer any of these languages. Candidates may not, however, offer both Hindi and Urdu. Permission may be granted to offer another language in place of one of the foregoing, provided that candidates apply for such permission not less than six months before the examination.	

First Degree Courses

Note: The optional and special subjects are set out in the University of London Regulations for First Degrees in the Faculty of Arts for Internal Students. The School normally provides lectures and classes for the optional subjects of English Economic History; Modern English Constitutional History from c. 1530–1914; and Diplomatic History, 1814–1945, and seminars or classes for the special subjects of Florence during the Renaissance, 1464–1512; The Economy of England, 1350–1500; and The Eastern Question, 1875–1881.

Language Studies

The School offers teaching for a number of two-subject combinations in the field of language studies within the framework of the combined studies degrees in the Faculty of Arts of London University.

The total number of places at the School for degrees in Language Studies is small, and all other things being equal preference is given to applicants for entry to combined courses in linguistics and one modern language. Entry to any particular two-language combination amongst those mentioned may not be possible in any given year.

Emphasis in the department is on the linguistic and social rather than on the aesthetic and literary aspects of languages, and where the University syllabus permits a choice, students of the School will be expected to select accordingly. Students taking two languages will be required to attend courses in General Linguistics and Phonetics.

The normal duration of all B.A. degrees in Language Studies at the School is four years, the third year being spent abroad. Candidates for degrees in certain subject combinations may be permitted to take a limited number of examination papers at the end of their penultimate year.

Supervisors will advise students on the choice of options and will recommend appropriate courses from the Language Studies section in Part III of this Calendar (Courses Nos. 360–404).

B.A. (Combined Subjects) in Linguistics and one Modern Language

The subjects for examination shown in the following tables are numbered differently in this calendar from the list of subjects given in the University regulations.

French and Linguistics

	<i>Reference Nos. of Courses</i>
1. Principles of Linguistics, descriptive, comparative and historical	360, 360a
2. General Linguistic Theory I: grammar, semantics	360, 360a, 362
3. General Linguistic Theory II: phonetics, phonology	361, 361a, b

12. Essay in German	386
13. The Middle High German Classical Period	—
14. German Literature, 1830 to the present day	388
15. The Age of Goethe	—

There is also a practical test in Phonetics and a German oral examination.

First Degree Courses

B.A. Honours (Combined Subjects) in two Modern Languages

The School provides teaching at present in French/Spanish, French/Russian, German/French, German/Russian and German/Spanish. Syllabuses for these courses, where already approved, are given in the University of London *Regulations for First Degrees in the Faculty of Arts for Internal Students*.

B.Sc. Mathematics

The course of study is designed to give students a sound education in Pure Mathematics and also to give an opportunity for developing an interest in and knowledge of some branch of the social sciences or of a field of study with an important bearing on the social sciences. It is already possible to combine mathematics with statistics, computing or econometrics and there may be opportunities to combine mathematics with other fields of study depending on the students' interest and initiative.

Course of Study

A student shall be eligible to present himself for Part I of the examination after having satisfactorily attended approved courses extending over one academic year, and for Part II after having satisfactorily attended approved courses extending over a further two academic years.

The examination is divided into two parts, and a candidate is required to pass Part I before he enters for Part II.

Part I

The examination consists of five papers, as follows:

	<i>Reference Nos. of Courses</i>
1. Introduction to Mathematical Economics	23, 23a
2. Introduction to Analysis and Set Theory	903, 903a
3. Algebra and Methods of Analysis	902, 902a
4. Further Algebra and Theory of Probability	904, 904a
5. <i>Either</i> (a) Elementary Statistical Theory	918, 918a, 920
or (b) Introduction to Logic	488, 488a

Transfer between B.Sc. in Mathematics and B.Sc. (Econ.)

A candidate who has passed Part I of the B.Sc. degree in Mathematics in the Faculty of Economics may with the approval of the School be permitted to transfer to the B.Sc. (Econ.) degree with direct entry to the course of study and examination for Part II of the B.Sc. (Econ.) degree.

A candidate who has passed Part I of the B.Sc. (Econ.) degree may with the approval of the School be permitted to transfer to the B.Sc. degree in Mathematics in the Faculty of Economics with direct entry to the course of study and examination for Part II of the B.Sc. degree in Mathematics.

First Degree Courses

Part II

The examination consists of eight papers, as follows:

	<i>Reference Nos. of Courses</i>
1 and 2. Real Variable, Analysis and Mathematical Methods	905, 906, 906a, b, 910, 910a
3. Algebra and Complex Analysis	907, 907a, b, 908, 908a, b, 911, 911a
4. Theory of Probability	909a, b
5, 6, 7 and 8. Any <i>four</i> of the following:	
(a) Probability, Distribution and Sampling Theory	921-2, 927-8
(b) Theory of Statistical Methods	923, 923a, 924, 924a, 926
(c) Numerical Methods and Programming	942, 942a, 945, 945a, 946, 946a, 985
(d) Elements of Computer Science	940, 940a, 941, 942, 942a, 976, 985
(e) Demography II	680, 680a, 681, 684, 684a, 685-6
(f) Econometrics	33, 33a
(g) Management Data Processing	133, 133a, 947(i)a, (ii)a, 986-9
(h) Management Mathematics	921, 949-951a
(i) Mathematical Economics I	34, 34a
(j) Mathematical Economics II (<i>This paper may be taken only by candidates taking Mathematical Economics I</i>)	35

For examination in and after 1971, Econometric Theory and Applied Econometrics will be added to papers 5, 6, 7 and 8.

Subject to the approval of the School students may choose options not included in the above list when they are available.

Students will be required to submit their choice for approval at the end of the session in which they complete Part I.

The examiners shall be at liberty to test any candidate by means of oral questions.

There will be no reference in either part of the examination.

The classification for Honours will be based primarily on the candidate's performance in Part II of the examination, but the marks obtained in Part I may be taken into account.

B.A. Honours in Philosophy and Economics¹

The examination will consist of eight papers. Candidates must take papers 1, 3, 4, 5, 6, 9 and any two of the papers 2, 7 and 8.

	<i>Reference Nos. of Courses</i>
*1. Modern Philosophy from Bacon and Descartes to Kant	489, 504
*2. Epistemology and Metaphysics	490, 494, 499, 503
*3. Logic and Methodology	485-8

¹There will be no new registrations for this degree after October 1969.

<i>or</i> *(b) Philosophy of the Social Sciences	487, 500
<i>or</i> *(c) The Philosophy and History of Science	486, 492, 495, 507
(d) Dissertation on a subject selected by the candidate in his final year, with the approval of the School. It should normally be of 5,000 words, with a maximum of 7,500, and must be submitted through the School by 1 May preceding the Final examination	

* For students at the School the syllabus of this paper is identical with that of the corresponding paper in Part II of the B.Sc. (Econ.) special subject XVI Philosophy. The examiners shall be at liberty to test any candidate by means of oral questions.

B.Sc. Social Psychology

The B.Sc. in Social Psychology is especially concerned with the study of individual and social behaviour and differs in its emphasis from many other degrees in psychology. While teaching general psychology in depth, the course for the degree gives more prominence than is customary to the study of social psychology and personality and seeks to integrate these fields with general psychology as well as with an understanding of society derived from sociology and anthropology.

The degree covers the study of learning, perception, thinking, emotion and language, personality and child development, the social psychology of attitudes, and groups and organisations.

To allow candidates for the degree maximum flexibility in their choice of subject it is organised on the basis of course units and candidates are normally required to complete eleven of these during the three years. There is considerable variation in the amount and form of teaching which makes up a course but as a general rule one which has a value of one course unit will take up fifty to seventy hours of formal teaching and private study under the guidance of a teacher.

First Degree Courses

Most courses in psychology include work in the laboratory or the field. Candidates will be required to undertake field work in two vacations; it might take the form of working with a member of staff on his research or gaining experience in a relevant institution. In the final year each candidate is required to carry out a research project under the supervision of a member of staff.

About a quarter of a candidate's time will be spent on subjects outside psychology. Since the study of society and its institutions is an essential part of the training of a social psychologist, all students are required to take courses in sociology and/or anthropology. In the second year the candidate can take, after consultation with his tutor, either further courses in sociology or anthropology or study in other fields e.g. philosophy, economics, mathematics, or urban geography.

In addition to the courses set out below a candidate for the degree is required to attend a small number of courses on specific topics such as statistics, the history of psychology and the methodology of the social sciences; these courses are designed to enable a candidate to see social psychology in proper perspective. They will not be separately examined.

The normal structure of the course for the degree will be as follows: in the first year a candidate will take courses valued at four course units, one-and-a-half of these being in subjects outside psychology. In his second year a candidate will again take courses valued at four course units, one of these, valued at half a unit, will be from outside psychology. In the third year the candidate takes a course in which an area of study is examined on an interdisciplinary basis. The candidate is also able to select within psychology from a variety of options offered. Some of these options may be taught at other colleges of the University of London and will be open to candidates for the B.Sc. in Social Psychology at the discretion of the teachers concerned with the courses.

The level of Honours awarded to a candidate will be determined largely by the assessments and examinations of courses taken in the second and final years. Less weight will be given to the assessment of performance in the first year.

The courses are as follows:

	<i>Course Units</i>	<i>Reference Nos. of Courses</i>
First Year		
1. Biological Foundations of Psychology	$\frac{1}{2}$	702
2. Introduction to General and Social Psychology	1	700, 700(i)-(iv)a, 743

Some of these options will be taught on an intercollegiate basis and not every option will be offered each year.

Degree of Bachelor of Science (Sociology)

Students who have obtained the B.A. Honours degree in Sociology or the B.Sc. (Econ.) degree with special subject IX Sociology or special subject XIII Social Anthropology at Part II of the examination will not be permitted to proceed to the B.Sc. (Soc.) degree.

Two Branches of the degree are taught at the School, Branch I and Branch III. There will be no new registrations for Branch II; each Branch constitutes a distinct course.

First Degree Courses

Branch I

The examination will consist of ten written papers as follows:

	<i>Reference Nos. of Courses</i>
1. Theories and Methods of Sociology	830, 830a, 832, 836, 839-41
2. Statistical Methods in Social Investigation	855-6, 917, 917a, b, 935
3. Comparative Social Institutions	640, 842, 842a
4. Ethics and Social Philosophy	834-5, 837a, b

9. Development of Social Anthropology (with special reference to selected texts)	648

¹There is no teaching for this subject at the School.
²Only for students registered before October 1969.

First Degree Courses

10. One of the following:

	<i>Reference Nos. of Courses</i>
(a) Social Psychology	703, 707b, 743
(b) Demography	682-3, 684, 684a
(c) Statistical Methods in Social Investigation	855-6, 917, 917a, b, 935
(d) Social Structure and Social Change	846, 846a

Note: In addition students are advised to attend Course No. 642.

For Branches I and II the examination will be divided into Part I and Part II. A candidate will be required to sit Part I at the end of the second year and Part II at the end of the third year, and to satisfy the examiners in both Parts. A candidate must satisfy the examiners in Part I before proceeding to Part II. A minimum period of one session must elapse before a candidate, successful in Part I, may present himself for Part II.

Branch I. The Part I examination will consist of 2. Statistical Methods in Social Investigation, 4. Ethics and Social Philosophy, and 6. Economics.

Branch II. The Part I examination will consist of 3. Ethics and Social Philosophy, 4. Economics, and 8. Ethnography of a Special Area.

The examiners shall be at liberty to test any candidate by means of oral questions.

Branch III The examinations will be as follows:

A. Preliminary examination

Before proceeding to the final examination candidates will be required to satisfy the examiners in the preliminary examination held at the end of the first year of study.

The examination will consist of two written papers:

- (a) British Social History in the 19th and 20th Centuries
and
- (b) British Political, Administrative and Legal Institutions

In drawing up the Pass List, examiners will consider reports on candidates' work in all subjects during the session. The preliminary examination will not count for Honours. No candidate may present himself for the final examination until two sessions have elapsed since successful completion of the preliminary examination.

B. Final examination

The final examination will consist of seven written papers and a dissertation:

	<i>Reference Nos. of Courses</i>
1. British Social History in the 19th and 20th Centuries	733, 733a, 734
2. British Political, Administrative and Legal Institutions	417, 735-6, 736a
3. Economics	20, 42, 739-40, 741b
4. British Social Policy and Administration	426, 720-5, 747

First Degree Courses

5. Social Investigation¹

6. Social Theory¹

7. One of the following:

(a) Central and Local Government Administration	527, 531, 546, 726
(b) Social Structure and Social Policy in Societies undergoing Industrialisation	7, 8, 651, 729b, 730, 846
(c) The Structure of Social Security	—
(d) The Family in Law and in Society	738, 738a
(e) Industrial Sociology	348, 849, 849a, 850
(f) Criminology	851-4

8. A dissertation, normally limited to 5,000-7,000 words, to be presented not later than 1 February in the year in which the final examination will be taken. The subject of the dissertation must be approved by the University. The dissertation will be classed as one paper in the final examination. Candidates offering optional subject 7 (a) Central and Local Government Administration, will not be permitted to choose a dissertation subject which falls within the field of the selected development for special study prescribed by the regulations for the year in which they will present themselves for the final examination.

The examiners shall be at liberty to test any candidate by means of oral questions.

B.A. Honours Degree in Sociology

For Branches I and III this degree is identical, except in title, with the B.Sc. (Soc.) degree described on pages 206-209.

¹ These papers will include questions on Psychology. Students should refer to Courses Nos. 700(i), (ii), 703, 744, 745a.

Advantages and Concessions in Professional Training Granted to Holders of First Degrees

ACCOUNTING

Institute of Chartered Accountants

In order to qualify as a chartered accountant, a period in articles with a firm of chartered accountants is necessary. Holders of a first degree normally have this period reduced to three years. Full particulars may be obtained from the Secretary, Institute of Chartered Accountants in England and Wales, City House, 56-66 Goswell Road, London, E.C.1.

Graduates who have taken an 'approved degree' are entitled also to exemption from the Institute's intermediate examination provided that they pass the final degree examination at the first attempt. At the University of London, the course leading to the 'approved degree' is the course for the B.Sc. (Econ.) with the special subject Accounting and Finance. Further information is given in the pamphlet *The Universities and the Accountancy Profession* (obtainable from the Institute and also from the Registry of the School).

Experience has shown that students from overseas often have difficulty after graduation in getting articles with a firm of professional accountants in Britain. Such students would therefore be greatly helped if they could obtain an offer of articles from a suitable firm before beginning their studies.

Association of Certified and Corporate Accountants

Students of the Association are not compelled to serve under articles of clerkship, but may as an alternative obtain experience of an approved accounting nature in the finance or accounting departments of a commercial or industrial company, one of the nationalised industries, in national or local government or in the office of a practising accountant (not under articles).

The period of articles or approved training for graduates is three years. Those who have taken the 'approved degree' (B.Sc. (Econ.) with the special subject Accounting and Finance) are entitled to complete exemption from Sections I and II of the Professional Examination and to certain additional exemptions from papers in Sections III and IV provided that they have taken the appropriate option in their second and third years.

Further information may be obtained from the Secretary of the Association, 22 Bedford Square, London, W.C.1.

Institute of Cost and Works Accountants

B.Sc. (Econ.) graduates with the special subject of Accounting and Finance are entitled to exemption from the whole of the Part I and Part II examinations of the Institute of Cost and Works Accountants.

B.Sc. (Econ.) graduates, irrespective of their special subject, are entitled to exemption from the following three subjects of the Institute's Part I examination:

- Industrial Administration
- Economics
- Book-keeping

B.Sc. (Econ.) graduates who have offered Labour, including Elements of Labour Law, and Commercial Law in Part II of the final examination are entitled to exemption from Industrial and Commercial Law in Part III of the Institute's examination.

Institute of Municipal Treasurers and Accountants

The Institute's professional examinations fall into three parts: Intermediate, Final Part A and Final Part B. Holders of a first degree in commerce, economics or administration may obtain exemption from the Intermediate.

Further information may be obtained from the Secretary, Institute of Municipal Treasurers and Accountants, 1 Buckingham Place, London, S.W.1.

LAW

The Bar

The following exemptions from subjects in the first part of the Bar examination may be granted to persons who have passed the Intermediate and Part I examinations for the LL.B.:

- (a) from Constitutional Law on passing in Public Law I and English Legal System;
- (b) from Law of Contract and Tort on passing in the two papers in Contract and Tort at Intermediate and in the combined paper at Part I;
- (c) from Legal History on passing English Legal System;
- (d) from Land Law on passing Law of Property I and II.

The Profession of Solicitor

Candidates seeking to qualify as solicitors must serve under articles of clerkship to a practising solicitor and pass the Law Society's examinations. The normal period of articles is five years, but for candidates who have taken a degree at an approved university the period is reduced to two-and-a-half years. Any first degree of the University of London entitles the holder to this reduction.

In most cases law graduates are wholly exempt from Part I of the Law Society's qualifying examination and may sit for Part II of the qualifying examination before entering into articles; dependent upon the result, the period of articles may be reduced to two years. Further details may be obtained from The Law Society, 113 Chancery Lane, London, W.C.2.

The Actuarial Profession

Students who have obtained the B.Sc. Mathematics degree, or the B.Sc. (Econ.) degree with Algebra and Methods of Analysis in Part I and Statistics in Part II with Actuarial Statistics as an optional subject *may* be granted exemption from the Joint Preliminary Examination in Mathematics and from certain papers in other parts of the examinations of the Institute of Actuaries, depending on the standards reached in the degree examination. Further particulars may be obtained from The Institute of Actuaries, Staple Inn Hall, High Holborn, London, W.C.1.

Students intending to enter the actuarial profession are advised to communicate with the Institute at an early stage in the degree course.

Regulations for Diplomas awarded by the School

The School awards the following diplomas:

- (1) Diploma in Development Administration
- (2) Diploma in Social Administration:
 - (a) One-year Course for Graduates
 - (b) Two-year Course for Non-Graduates
- (3) Diploma in Personnel Management
- (4) Diploma in Applied Social Studies
- (5) Diploma for Social Workers in Mental Health
- (6) Diploma in Statistics

Candidates for any of these diplomas may register as associate students of the University, which, in the case of non-matriculated students, necessitates the payment of a registration fee of 10s. 6d.

(1) Diploma in Development Administration

The London School of Economics and Political Science, with support from the Ministry of Overseas Development, offers a course in Development Administration which has special reference to the needs of the 'developing' countries.

It is designed for men and women who work in the civil service, public corporations or suitable types of business in relatively low-income countries. One of the purposes of the course is to assist a student to stand outside the immediate circumstances of his own country and to consider general questions about the methods and organisation of development. He will be encouraged to examine the policies and methods of Western countries, and to assess for himself their suitability for his own country's problems.

Though Western ideas, institutions and experience are drawn on extensively in the teaching, they are viewed in terms of their possible application to the problems of less developed areas. If required, opportunity will be provided during the course for students to spend short periods in central or local government departments, or some other administrative agency in which they may be interested.

Members of the course will normally be university graduates who have had several years' experience of administrative work. Admission may also be offered, in special circumstances, to candidates otherwise well qualified who do not hold degrees, or to graduates who have had no practical experience, but are taking up administrative appointments. A small number of students from Western countries may be admitted. The number of students to be admitted in any one year will, however, be limited.

The course covers one academic year and runs from late September until the beginning of July.

The course will cover the following subjects:

- (a) Governmental aspects of development
- (b) Social aspects of development
- (c) A third field of concentration

Regulations for School Diplomas

The alternatives offered under (c) will normally include Local Government and Community Development and Aims and Methods of Governmental Planning. The availability of each specialisation will depend upon individual qualifications.

At the end of the course, a paper will be set in each of the three branches of study. Suitably qualified persons will be allowed to substitute for one of the papers a dissertation on some specialised topic within the field of development administration.

Those who satisfy the examiners will be awarded a Diploma by the School.

The syllabus will be treated in a series of special lectures and classes accompanied by an interdisciplinary seminar, but members of the course will also be encouraged to attend a variety of other lectures and seminars, selected to meet their particular needs. Examples of lecture courses which may be of particular interest are given on pages 283-4 in Part III of the Calendar.

Applications for admission to the course should be sent by 15 April to the Assistant Registrar (Admissions), London School of Economics and Political Science, Houghton Street, Aldwych, London, W.C.2.

Regulations

1. There shall be a Diploma in Development Administration which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma.

2. No person shall be admitted to the prescribed course of study for the Diploma unless:

(a) he shall have attained the age of 21 years on or before 1 October of the calendar year in which he is admitted;

(b) either (i) he shall be a graduate of a university
or (ii) he shall, in the opinion of the Tutors to the course, have practical experience or other qualifications of special relevance to the course;

and (c) he shall have had not less than two years' experience of administrative work, unless the Tutors to the course should waive this condition.

3. The prescribed course of study shall be of one academic year's duration.

4. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates to be determined by the Tutors to the course. Candidates will normally take papers in three subjects:

(i) Governmental Aspects of Development

(ii) Social Aspects of Development

(iii) Special subject to be chosen in accordance with the candidate's qualifications and interests. Normally the subject chosen will be:

either Local Government and Community Development or Aims and Methods of Governmental Planning

The choice of special subject shall be approved by the Tutors, after consultation with the candidates.

5. Candidates who have sufficient qualifications and have shown appropriate abilities may be allowed to substitute, for one of the papers, a dissertation upon some aspect of development administration. This substitution shall depend upon the Tutors' agreement, and the form and length of the dissertation shall be settled by the Tutors.

Regulations for School Diplomas

6. In assessing a candidate's performance the examiners shall have regard to the essays or other work written by the candidate in the first two terms of the course.

7. The examiners may test any candidate by means of oral questions.

8. A mark of distinction shall be awarded to candidates who show exceptional merit.

9. The examination shall be conducted by such members of the staff of the School as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

10. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them.

11. Candidates who are unsuccessful in the examination as a whole shall receive a certificate of attendance, on which shall be recorded those parts of the examination, if any, in which they have passed.

12. A candidate who, for reasons which in the opinion of the Director are sufficient, fails to present himself for examination or who presents himself, but fails to satisfy the examiners, may be a candidate for the whole of the examination on one, but not, without the special permission of the examiners, more than one further occasion.

13. The examiners may recommend for an aegrotat any candidate who, having completed not less than half of the examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.

(2) Diplomas in Social Administration

The School offers courses of study for full-time day students leading to a Diploma in Social Administration. The courses are designed to give a broad general education in the social sciences. Students who wish to prepare themselves to work as professional social workers after this course of study normally proceed to a course of training leading to a professional qualification.

The teaching for the Diploma combines theoretical study of the social sciences and practical experience in the fields of social administration, social work and social research. The curriculum includes lectures and classes in Economic and Social History, Economics, Psychology, Sociology, Social Anthropology and Social Policy and Administration. Each student is assigned to a tutor who is responsible for the general supervision of his studies. For tutorials and classes the students are required to do regular written work. Variations are made in the course to meet the needs of students who are preparing to work in the low-income countries.

Field work in both statutory and voluntary agencies is arranged with the aim both of helping the students to gain a better appreciation of social conditions and social problems and of giving them an introduction to the practice of social work. This is undertaken during vacations. In their own interests students are advised to gain some experience outside London, and this may involve additional expense.

Regulations for School Diplomas

Diploma for Graduate Students

The full-time course for the Diploma for graduate students covers one academic year. Candidates are required to undertake a minimum of twelve weeks' full-time field work as an integral part of the course, six weeks of which must be done before the beginning of the Michaelmas term and six weeks during the Easter vacation.

Candidates are required to take one paper in each of the following subjects:

	Reference Nos. of Courses	
	U.K.	Overseas
1. Social Policy and Administration	417, 720-3, 725, 731-2	8, 720-3, 725, 727-9, 731-2
2. The Economic and Social Background to Social Policy and Administration	20, 26, 42, 739, 741a, 916, 935	20, 83, 640, 651, 741a
3. Psychology and Social Structure	700(i), (ii) 742-4, 745b, 746b, 830, 832, 843, 851, 853	700(i), (ii), 743-4, 745b, 746b, 830, 832, 851

Candidates are required to pass in all of these subjects, and, in addition, they must reach the required standard in their field work.

Applicants for admission to the course for the Diploma in Social Administration for graduate students must have attained the age of 21 by 1 October in the year for which they seek admission and they must be graduates of a university.

Admission for British graduates will be determined by interview and relevant documentary evidence. Application must be made by 1 March preceding the session for which admission is desired, but interviews will be given in the Christmas vacation for candidates who apply by the middle of November, and during the Lent term for those who apply by the middle of January.

Graduates of overseas universities must apply by 31 January if they are applying from overseas and by 1 March if they are in the United Kingdom. They should have had practical experience of at least one year's duration, preferably in their own country, in the social welfare field or in other relevant work. They are normally required to take an entrance examination, for which there is a fee of £1, and they may be called for interview; if necessary, arrangements can be made for the examination and the interview to take place overseas. Overseas graduates of a British university are not required to take the entrance examination, but they should have had the year's practical experience. The Diploma course is adapted to meet the needs of students, both from the United Kingdom and from overseas, who intend to work outside the United Kingdom, and separate papers for these students are set in the examination for the Diploma. British graduates who wish to follow this 'overseas option' should have had a year's practical experience in an overseas country.

Application forms can be obtained from the department of Social Science and Administration.

Regulations

1. There shall be a Diploma in Social Administration which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma and in the field work prescribed by these regulations.

Regulations for School Diplomas

2. No person shall be admitted to the prescribed course of study for the Diploma unless:

- (a) he shall have attained the age of 21 years on or before 1 October of the calendar year in which he is admitted;
- and (b) he shall be a graduate of a university.

3. The prescribed course of study shall be of one academic year's duration.

4. A candidate will be required to undertake twelve weeks' full-time field work during vacations as an integral part of the course. Six weeks of this shall normally be undertaken before the beginning of the course of study.

5. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates determined by the convener of the department of Social Science and Administration, hereinafter referred to as the convener of the department. The examination shall comprise the following papers:

- (1) Social Policy and Administration
- (2) The Economic and Social Background to Social Policy and Administration
- (3) Psychology and Social Structure

6. In each subject of the examination a separate paper shall be set for students from overseas.

7. The examination shall be conducted by such members of the staff of the department of Social Science and Administration as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

8. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them; provided that if a candidate reaches the prescribed standard in each of two papers and the examiners do not consider his failure in the third to be serious they may, at their discretion, declare him to be referred in that paper.

9. A candidate may offer on not more than two subsequent occasions a paper in which he has been referred, of which the first occasion shall not normally be more than two, nor the second normally more than four academic years later than the occasion of the candidate's referral. If on one of those occasions he is successful in attaining the prescribed standard in that paper he shall be treated as having then satisfied the examiners in the whole examination.

10. The examiners may test any candidate by means of oral questions.

11. A mark of distinction shall be awarded to candidates who show exceptional merit.

12. The examiners may recommend for an aegrotat any candidate who, having completed not less than half of the examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself

to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.

13. A candidate who completes the course of study for the Diploma, but for reasons which, in the opinion of the convener of the department, are sufficient, fails to present himself for examination, or who presents himself, but fails to satisfy the examiners in the examination and who is not referred in any paper, may be a candidate for the whole examination on two, but not more than two subsequent occasions, of which the first shall not normally be more than two nor the second normally more than four academic years later than the occasion of the candidate's failure. If he is on either of those occasions referred in one paper Regulation 9 shall apply to him.

14. Each candidate for the Diploma shall be required to submit to the convener of the department before the date on which he satisfies the examiners in the examination, or not later than two calendar years (or such further period as the convener of the department may in a particular case permit) after that date, evidence to the satisfaction of the convener of the department of his having completed field work of such nature and such duration as may be prescribed by the convener of the department.

Diploma for Non-Graduate Students

The full-time course for the Diploma for non-graduate students covers two academic years. Students are required to undertake a minimum of sixteen weeks' full-time field work to be done during the vacations.

Candidates are required to take one paper in each of the following subjects:

	<i>Reference Nos. of Courses</i>
1. Elements of Social Analysis	742, 746a, b, 830, 832, 843, 851, 853
2. Social Policy and Administration	262, 417, 426, 720-3, 725, 731-2
3. Psychology	700(i), (ii), 743-4, 745b
4. Social Economics	20, 26, 42, 739, 741a, 916, 935

Students are required to pass in all of these subjects, and, in addition, they must reach the required standard in their field work.

Applicants for admission to the course for the Diploma in Social Administration for non-graduate students must have attained the age of 20 by 1 October of the year for which they seek admission, and have completed a period of employment or other suitable experience of approximately one year between leaving school and the date at which they wish to begin the course. They must take an entrance examination, for which there is a fee of £1, and those who reach the required standard in the examination may be called for interview. If necessary, arrangements can be made for the examination and the interview to take place overseas. Applications must be made by 31 January preceding the session in which admission is desired. Application forms may be obtained from the department of Social Science and Administration.

Regulations

1. There shall be a Diploma in Social Administration which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma and in the field work prescribed by these regulations.
2. No person shall be admitted to the prescribed course of study for the Diploma unless:
 - (a) he shall have attained the age of 20 years on or before 1 October of the calendar year in which he is admitted;
 - and (b) he shall, since leaving school, have completed to the satisfaction of the convener of the department of Social Science and Administration (hereinafter in these regulations referred to as the convener of the department) a period of employment or other suitable experience of approximately one year's duration.
3. The prescribed course of study shall be of two academic years' duration.
4. A candidate will be required to undertake sixteen weeks' full-time field work during vacations as an integral part of the course.
5. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates determined by the convener of the department. The examination shall comprise the following papers:
 - (1) Elements of Social Analysis
 - (2) Social Policy and Administration
 - (3) Psychology
 - (4) Social Economics
6. The examination shall be conducted by such members of the staff of the department of Social Science and Administration as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.
7. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them; provided that if a candidate reaches the prescribed standard in each of three papers and the examiners do not consider his failure in the fourth to be serious they may, at their discretion, declare him to be referred in that paper.
8. A candidate may offer on not more than two subsequent occasions a paper in which he has been referred, of which the first occasion shall not normally be more than two, nor the second normally more than four academic years later than the occasion of the candidate's referral. If on one of those occasions he is successful in attaining the prescribed standard in that paper he shall be treated as having then satisfied the examiners in the whole examination.
9. The examiners may test any candidate by means of oral questions.
10. A mark of distinction shall be awarded to candidates who show exceptional merit.

11. The examiners may recommend for an aegrotat any candidate who, having completed not less than half of the examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.
12. A candidate who fails to satisfy the examiners in the examination and who is not referred in any paper may be a candidate for the whole examination on two, but not more than two subsequent occasions, of which the first shall not normally be more than two nor the second normally more than four academic years later than the occasion of the candidate's failure. If he is on either of those occasions referred in one paper Regulation 8 shall apply to him.
13. Each candidate for the Diploma shall be required to submit to the convener of the department before the date on which he satisfies the examiners in the examination, or not later than two calendar years (or such further period as the convener of the department may in a particular case permit) after that date, evidence to the satisfaction of the convener of the department of his having completed field work of such nature and such duration as may be prescribed by the convener of the department.

(3) Diploma in Personnel Management

The School offers a one-year course of full-time study for men and women intending to seek employment as Personnel Officers. The course will be for a calendar year, starting with a month's practical work in industry in September and finishing with the examination for the Diploma at the end of the following August.

Applicants resident in the United Kingdom should have either a degree or a social science diploma from a British university, or should have had considerable industrial or commercial experience. Those without a degree or diploma should be at least 24 years of age and must take the entrance examination, for which there is a fee of £1, and only those who reach the required standard will be called for interview. All applicants who are exempt from the entrance examination will be given an interview. Applicants resident overseas must be university graduates or have a social science diploma, and they must also have had at least two years' experience of industrial or related work in their own country. They are normally required to take the entrance examination and only those who reach the approved standard will be given an interview. If necessary, arrangements can be made for the examination and the interview to take place overseas.

Any person (with the exception of overseas applicants) desiring to enter the School as a regular student must apply by 1 June preceding the session for which admission is desired, but if vacancies are available, later applications from university graduates will be considered. Interviews will be given during the Easter vacation, however, for candidates who apply by 31 January, and those who are not exempt from the entrance examination will take an examination early in March. A second entrance examination will be held at the end of June, followed by interviews in July.

Candidates who are overseas—other than those resident in India—must apply by 1 January. Candidates in India must apply in the first instance by 1 January to the Secretary, Indian Institute of Personnel Management, Artistry House, 15 Park

Regulations for School Diplomas

Street, Calcutta 16, as this Institute arranges interviews in India for all Indian applicants.

The course is designed to give students knowledge and understanding of the principles and problems of personnel management, both by theoretical study and by direct experience. For this purpose the School has been fortunate in the assistance received from companies and management organisations, which makes it possible for students to obtain varied first-hand experience, including practical training in a personnel department. The first period of practical training is in September preceding the first academic term. The Easter vacation is spent in an investigation in industry. A further period of practical training takes place in July after the Summer term finishes. Students return to the School for revision classes in August. The examination is held at the end of August, and a diploma is awarded as evidence of satisfactory completion of the course.

Application forms and further particulars may be obtained from the Assistant Registrar (Admissions), London School of Economics and Political Science, Houghton Street, London, W.C.2.

Regulations

1. There shall be a Diploma in Personnel Management which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma.
2. No person shall be admitted to the prescribed course of study for the Diploma unless:
 - (a) he is a graduate of a university
 - or (b) he holds a certificate or diploma in Social Science
 - or (c) he has attained the age of 24 years, and, having had considerable industrial or commercial experience, satisfies the examiners in the entrance examination for the course
3. The prescribed course of study shall be of one calendar year's duration.
4. There shall be an examination for the Diploma, to be held at the end of August each year (on dates to be determined by the convener of the department of Social Science and Administration). The examination shall comprise the following:

Part II

An oral examination based on the report of an investigation undertaken by students during the year

Regulations for School Diplomas

5. The examination shall be conducted by such members of the staff of the School as may be designated as internal examiners in each year by the Director, together with one or more external examiners. For the oral examinations, external examiners shall be appointed who, in addition to the appropriate academic qualifications, hold or have held a responsible position in personnel management in industry or commerce. All the external examiners shall be persons who at the time of the examination are not members of the staff of the School. They shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

6. A candidate shall be required to satisfy the examiners in each paper of Part I and in Part II of the examination; provided that a candidate who has reached the prescribed standard in three papers in Part I and in Part II may, if the examiners think fit, be declared by them to be referred in the remaining paper of Part I.

7. A candidate may offer on not more than two subsequent occasions a paper in which he has been referred, of which the first occasion shall not normally be more than two, nor the second normally more than four academic years later than the occasion of the candidate's referral. If on one of those occasions he is successful in attaining the prescribed standard he shall be treated as having satisfied the examiners in the whole examination.

8. A mark of distinction shall be awarded to candidates who show exceptional merit.

9. The examiners may recommend for an aegrotat any candidate who, having completed not less than two of the written papers and the oral examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.

10. A candidate who completes the course of study for the Diploma, but for reasons which, in the opinion of the convener of the department, are sufficient, fails to present himself for examination, or who presents himself, but fails to satisfy the examiners in the examination and who is not referred in any paper may be a candidate for the whole examination on two, but not more than two subsequent occasions, of which the first shall not normally be more than two nor the second normally more than four academic years later than the occasion of the candidate's failure. If he is on either of those occasions referred in one paper Regulation 7 shall apply to him.

(4) Diploma in Applied Social Studies

The school offers a one-year course in social casework leading to a Diploma in Applied Social Studies. Candidates must already hold a degree, diploma or certificate in the social sciences.

The main subjects of study are human growth and development, social influences on behaviour, the principles and practice of social casework, law and social administration. Consideration is also given to deviations from normal patterns of living created by certain forms of ill health or defect (both physical and mental), by delinquency and by deprivation of family life.

Field work teaching undertaken in various social agencies forms an essential

Regulations for School Diplomas

part of the course and is closely integrated with the theoretical part of the studies. Individual tuition is given in both the theoretical and field work parts of the course. The students normally have two field work placements of substantial duration. The second of these is in the field in which they intend to work after qualifying. Students can specialise in general family casework, child care, medical social work or probation. On qualifying they become eligible for membership of the appropriate professional association. Applications from candidates from allied fields are also considered. Holders of the Diploma in Applied Social Studies can usually transfer from one branch of social work to another after a brief period of orientation in the new setting. In addition to working as practitioners in the different fields of social service, social workers who qualify by means of this professional course are in demand for a variety of posts carrying responsibility for teaching, supervision and administration. Students are admitted to the course only on the recommendation of a selection committee. This committee takes into account personal suitability for the practice of social work as well as educational qualifications, experience and age. Preference is given to candidates between the ages of 24 and 35.

Applications will be considered in order of receipt, and in any case not after 31 January in the year in which admission is desired. Further particulars may be obtained from the Secretary, Social Work Courses, Department of Social Science and Administration, London School of Economics and Political Science, Houghton Street, Aldwych, London, W.C.2. Letters should be clearly marked 'Applied Social Studies Course'.

Regulations

1. There shall be a Diploma in Applied Social Studies which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma and have completed field work as prescribed in these regulations.

2. No person shall be admitted to the prescribed course of study for the Diploma unless:

- (a) he shall have attained the age of 21 years on or before 1 October of the calendar year in which he is admitted,
- and (b) he holds a university degree, diploma or certificate in the social sciences, approved for this purpose by the convener of the department of Social Science and Administration.

3. The prescribed course of study shall be of one academic year's duration.

4. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates determined by the convener of the department of Social Science and Administration, hereinafter referred to as the convener of the department. The examination shall comprise the following papers:

- 1. Human Growth and Behaviour
- 2. Casework and Administration
- 3. Social Work and Social Problems

5. In order to qualify for the award of the Diploma each candidate shall be required to complete field work of such nature, duration and standard as may be prescribed by the convener of the department.

Regulations for School Diplomas

6. The examination shall be conducted by such members of the staff of the School as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

7. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them; provided that if a candidate reaches the prescribed standard in two of the three papers and the examiners do not consider his failure in the other to be serious they may, at their discretion, declare him to be referred in that paper.

8. A candidate may offer on not more than two subsequent occasions a paper in which he has been referred, of which the first occasion shall not normally be more than two, nor the second normally more than four academic years later than the occasion of the candidate's referral. If on one of those occasions he is successful in attaining the prescribed standard in that paper he shall be treated as having then satisfied the examiners in the whole examination.

9. The examiners may test any candidate by means of oral questions.

10. A mark of distinction shall be awarded to candidates who show exceptional merit.

11. The examiners may recommend for an aegrotat any candidate who, having completed not less than half of the examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.

12. A candidate whose field work has reached the required standard and who completes the course of study for the Diploma, but for reasons which, in the opinion of the convener of the department, are sufficient, fails to present himself for examination, or who presents himself, but fails to satisfy the examiners in the examination and who is not referred in any paper may be a candidate for the whole examination on two, but not more than two subsequent occasions, of which the first shall not normally be more than two nor the second normally more than four academic years later than the occasion of the candidate's failure. If he is on either of those occasions referred in one paper Regulation 8 shall apply to him.

(5) Diploma for Social Workers in Mental Health

The School offers a one-year course in social casework leading to a Diploma for Social Workers in Mental Health. The main subjects of study are the principles and practice of social casework, psychiatry and mental subnormality, social influences on behaviour, psychology, child development, law and social administration. Field work teaching undertaken at selected child guidance clinics, psychiatric and general hospitals and local authority departments forms an essential part of the course and is closely integrated with the theoretical part of the studies. Individual tuition is given in both the theoretical and field work parts of the course. The students have normally two field work placements of substantial duration designed

Regulations for School Diplomas

to give experience with both adults and children; field work includes attendance at case discussions and clinical demonstrations.

Students are admitted to the course only on the recommendation of a selection committee. This committee takes into account personal suitability for the practice of psychiatric social work as well as educational qualifications, experience and age. Preference is given to candidates between the ages of 24 and 35.

The Diploma for Social Workers in Mental Health is a recognised qualification for psychiatric social work in child guidance clinics, psychiatric and general hospitals and local authority public health departments, and there are openings in most of the other fields of social work for holders of this diploma. They become eligible for membership of the Association of Psychiatric Social Workers. In addition to working as practitioners in the different fields of social service, social workers who qualify by means of this professional course are in demand for a variety of posts carrying responsibility for teaching, supervision and administration.

Applications will be considered in order of receipt, and in any case not after 31 January in the year in which admission is desired. Further particulars may be obtained from the Secretary, Social Work Courses, Department of Social Science and Administration, London School of Economics and Political Science, Houghton Street, Aldwych, London, W.C.2. Letters should be clearly marked 'Mental Health Course'.

Regulations

1. There shall be a Diploma in Mental Health which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma and have completed field work as prescribed by these regulations.
2. No person shall be admitted to the prescribed course of study for the Diploma unless:
 - either* (a) he shall have attained the age of 22 years on or before 1 October of the calendar year in which he is admitted;
 - and (b) he holds a university degree *or* a diploma or certificate in the social sciences;
 - and (c) he has experience of social work or work of a similar nature;
 - or* (d) he has attained the age of 25 years and has satisfied the convener of the department of Social Science and Administration, hereinafter referred to as the convener of the department, that he is adequately qualified:
 - (i) by experience of social work or work of a similar nature
 - and (ii) by reason of having followed a systematic course of study in the social sciences
3. The prescribed course of study shall be of one academic year's duration.
4. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates determined by the convener of the department. The examination shall comprise the following papers:
 1. Human Growth and Behaviour
 2. Casework and Administration
 3. Mental Disorder

5. In order to qualify for the award of the Diploma each candidate shall be required to complete field work of such nature, duration and standard as may be prescribed by the convener of the department.

6. The examination shall be conducted by such members of the staff of the School as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

7. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them; provided that if a candidate reaches the prescribed standard in two of the three papers and the examiners do not consider his failure in the third to be serious they may, at their discretion, declare him to be referred in that paper.

8. A candidate may offer on not more than two subsequent occasions a paper in which he has been referred, of which the first occasion shall not normally be more than two, nor the second normally more than four academic years later than the occasion of the candidate's referral. If on one of those occasions he is successful in attaining the prescribed standard in that paper he shall be treated as having then satisfied the examiners in the whole examination.

9. The examiners may test any candidate by means of oral questions.

10. A mark of distinction shall be awarded to candidates who show exceptional merit.

11. The examiners may recommend for an aegrotat any candidate who, having completed not less than half of the examination, has made application, supported by a medical certificate, to the Academic Secretary, and who, in such part of the examination as he has taken, has, in the judgment of the examiners, shown himself to be qualified for the award of the Diploma. The recommendation of the examiners shall be considered by the Academic Board.

12. A candidate whose field work has reached the required standard and who completes the course of study for the Diploma, but for reasons which, in the opinion of the convener of the department, are sufficient, fails to present himself for examination, or who presents himself, but fails to satisfy the examiners in the examination and who is not referred in any paper may be a candidate for the whole examination on two but not more than two subsequent occasions, of which the first shall not normally be more than two nor the second normally more than four academic years later than the occasion of the candidate's failure. If he is on either of those occasions referred in one paper Regulation 8 shall apply to him.

(6) Diploma in Statistics

The School offers a full-time course for graduate students leading to a Diploma in Statistics. The course is intended for graduates with first degrees in subjects other than statistics and will furnish a basis for further graduate work in statistics as well as provide a qualification for those who wish to embark on a career as a statistician.

Regulations for School Diplomas

Members of the staff of the Statistics department will advise prospective applicants on the relative suitability of the Diploma course and the M.Sc. Statistics course for particular individuals. Generally speaking, the M.Sc. can be obtained in one year only by students who have done a substantial amount of statistics during their first degree courses. In suitable cases it will, however, be possible for a student to obtain the M.Sc. by means of a further year's study after completing the Diploma course.

Applications for admission to the course should be made on the prescribed form by 1 February to the Secretary of the Graduate School, London School of Economics and Political Science, Houghton Street, Aldwych, London, W.C.2.

Regulations

1. There shall be a Diploma in Statistics which shall be awarded to persons who, having completed the course of study prescribed by these regulations, have satisfied the examiners in the examination for the Diploma.
2. No person shall be admitted to the prescribed course of study for the Diploma unless he holds a university degree or other qualification approved for this purpose by the convener of the department of Statistics.
3. The prescribed course of study shall be of one academic year's duration.
4. There shall be an examination for the Diploma, to be held in the Summer term of each year on dates determined by the convener of the department of Statistics. (Note Candidates should collect their entry forms for the examination from the Graduate School Office and return them to the Office duly completed by 1 February.) The examination shall comprise four papers chosen, subject to the approval of the convener of the department, from the following list:

	<i>Reference Nos. of Courses</i>
1. Statistical Theory	974, 975, 975a
2. Statistical Methods and Inference	927
3. <i>Either</i> (i) Mathematics A	914
<i>or</i> (ii) Mathematics B	915-915b
4. Social Statistics and Survey Methodology	926, 935, 970
5. Demography	680, 680a, 681, 684, 684a, 685
6. Management Mathematics	921, 949a, 950, 950a, 951, 951a
7. Economic Statistics	930, 931a, b, 932-3
8. Economics treated Mathematically	32, 32a, 980
9. Any other approved paper	—

A candidate's choice of papers shall be subject to the approval of his teachers. Candidates will normally be expected to include papers 1, 2 and 3 in their choice unless they can satisfy their teachers that they have already reached the required standard in any of these papers.

5. In order to qualify for the award of the Diploma each candidate shall be required to attend a course on computer programming.
6. The examination shall be conducted by such members of the staff of the School as may be designated as internal examiners in each year by the Director, together with one external examiner. The external examiner shall be a person who, at the

Regulations for School Diplomas

time of the examination, is not a member of the staff of the School. He shall be appointed by the Academic Board and shall be eligible for reappointment for two further years, but for three calendar years thereafter shall not again be eligible for appointment.

7. In order to satisfy the examiners in the examination a candidate shall be required to reach in each paper a standard prescribed by them.
8. The examiners may test any candidate by means of oral questions.

The Graduate School and Regulations for Higher Degrees

In its inception the London School of Economics was dedicated to research and advanced studies; and throughout its existence, the Graduate School, which is one of the largest of its kind in the country, has constituted a major division of its activities.

In the session 1968-69, 1,233 students were registered in the Graduate School either for systematic work for different higher degrees, or for shorter visits and special enquiries. The greater number of registered graduates work for the higher degrees of London University, but qualified applicants are admitted to do research under supervision without working for a degree.

At the present time the work of the Graduate School falls into two parts—advanced training and research.

As regards advanced training, the School provides lectures, classes, seminars and individual supervision for students who wish to take a Master's degree by examination. Such training is specifically designed to carry further specialisations commenced during work for a first degree, and to provide professional competence in the subject in which it is given. Reference to the details of lecture courses, classes and seminars in Part III of this Calendar will show the individual courses involved, which are now provided in the different subjects on a very extensive scale.

As regards research, unique facilities are provided by the close proximity of the School to the centres of government, business and law, and by its ease of access to the British Museum and the Public Record Office which, with the School's own large library, comprise perhaps the richest depository in the world of material relating to the Social Sciences.

Graduate students wishing to undertake research will be expected as a general rule to have attained the level of competence required by the one-year Master's degree. At this stage they have the opportunity of proceeding, according to their competence, either to the M.Phil., which involves a relatively short dissertation, or to the Ph.D., which involves a dissertation of more substantial dimensions. Students who are thus registered are attached to individual supervisors, who at all stages will be responsible for advising them on the planning and execution of their research.

A separate handbook, *The Graduate School*, issued each session, is obtainable by post on request. A copy should be obtained from the Graduate School Office by students applying personally for postgraduate registration. It contains a fuller description of graduate facilities, procedure on registration, the main regulations for internal higher degrees of the University of London open to students at the School and notes on library and social facilities.

Postal enquiries about admission to the Graduate School should be addressed to the Secretary of the Graduate School. Applicants enquiring in person should call at the Graduate School Office. Applications for October entrance must reach the School on the prescribed form, completed and fully documented by 1 February. As preliminary correspondence is usually necessary, applicants are advised to make first enquiries well in advance.

N.B.: If a candidate who has been offered admission for October fails to register

The Graduate School

at the School by 30 October, without adequate reasons and without informing the School in advance of his inability to register in time, the offer of admission will be automatically cancelled.

For all further particulars on facilities and procedure, students are referred to the handbook *The Graduate School*.

Higher Degrees

Candidates for internal higher degrees of the University of London must first be accepted by one of the colleges of the University. The fact that a student has satisfied the general requirements of the University of London does not mean that he will obtain a place at the School. Since its accommodation is limited the School can accept only a small proportion of those who apply. The School may specify conditions over and above the requirements of the University regulations with which a student must comply before admission. Candidates may also be asked to take a qualifying examination either before a decision is made on their application, or after the first year of registration at the School. A copy of the full University regulations of the relevant degree is available for inspection at the Graduate School Office. The School is able to distribute copies only to students registered for research degrees. There is given below only a selection of the regulations for those higher degrees for which candidates are most commonly registered at the School, together with a note on certain others.

The Higher Doctorates

The School does not register candidates for higher doctorates. For the D.Sc. (Econ.) and D.Lit., published work alone can be considered by the examiners. Only London graduates are eligible for these doctorates, and applicants should communicate directly with the Academic or External Registrar of the University of London as to the conditions and regulations pertaining to them.

External Higher Degrees

Only graduates of London University (either internal or external) may proceed to external higher degrees of the University. It is **most unusual** for candidates for external higher degrees to be registered at the School, but the Graduate School Committee may in special cases consider such applications. Candidates so accepted must conform to the appropriate School regulations and, while registered, pay the same tuition fees as candidates for internal degrees.

Regulations for Higher Degrees of the University of London

Candidates are directly responsible for knowing and observing University regulations, but deal with the University through the Office of the Graduate School. Only the final submission of theses and detailed arrangements for all examinations are conducted directly between the candidate and the University. Instructions on these points are given at the appropriate times.

The Graduate School

Degrees Available and Other Forms of Registration at the School

The degrees for which a student may register at the London School of Economics are as follows:

(a) Doctor of Philosophy (Ph.D.)

(b) Master of Philosophy (M.Phil.)

(c) Master's Degrees:

Master of Laws (LL.M.)

Master of Science (M.Sc.)

Master of Arts (M.A.)¹

The Ph.D. may be awarded in the Faculties of Arts, Laws, Science, Engineering, and Economics.

The M.Phil. may be awarded in the Faculties of Arts, Laws, Science, Engineering, and Economics.

The M.Sc. may be awarded in the Faculties of Science, Engineering, and Economics.

As previously indicated, the School accepts under the Research Fee, students wishing to carry out research without taking a higher degree of London University. Such students may attend lectures and seminars relevant to their research work, and they are allocated to a supervisor.

Candidates may register at the School for the Academic Postgraduate Diploma in Social Anthropology, or the School Diploma in Statistics. Candidates may also register for the School Diploma in Social Administration, but applicants for this diploma should address their enquiries direct to the Department of Social Science and Administration, at the School. For details see pages 214-9.

Regulations common to the Ph.D. and Master's Degrees

1. Recommendations for registration must be submitted to the University not later than three months after the date on which the course was begun. Retrospective registration will be allowed in some circumstances and where a student has already been registered in the Graduate School. No retrospective registration towards another degree is allowed for any period spent on the M.Sc.

2. A candidate who has been accepted by the School must be registered with the University as soon as he starts his course at the School. A candidate's registration cannot be recommended to the University until the School has received *official* evidence of all his previous university qualifications. Candidates for the one-year M.Sc. must register within two months of taking up their course.

A fee of £5 is payable for each registration as an internal student of the University for a postgraduate degree except that no additional registration fee is payable by a student who is permitted to transfer his registration from one higher degree to another.

Registration fees are not normally returnable.

¹The only branches of this degree for which the School registers candidates are International History and Area Studies.

The Graduate School

3. If a student does not begin his course of study within one calendar year from the date of the approval of his registration the approval of his registration will lapse and he must apply again for registration if he still desires to proceed to a higher degree.

4. A qualifying or preliminary examination may be imposed after registration, as a condition of being allowed to enter for the degree examination. A student upon whom such a condition has been imposed will normally be required to sit the qualifying examination at least one year before he enters for his degree examination or submits his thesis. If he fails to pass this qualifying examination he will not be permitted to re-enter for it without the permission of the School and the University.

If the qualifying examination imposed consists of a paper or papers from an existing University examination, the fee payable by the candidate is prescribed by the University: £5 for a single paper, £10 for more than one paper. In this case, the candidate is required to submit an entry form to the University by the date prescribed in the regulations for the relevant examination.

5. It is essential that the student, whilst pursuing his course of study as an internal student, should be prepared to attend personally for study in a college, school or institution of the University during the ordinary terms at such time or times as his supervising teacher may require.

6. Leave of absence may, under proper conditions, be permitted if the material for the work of a student registered for the M.Phil. or Ph.D. exists elsewhere. A whole-time student granted leave of two terms or more must have been in attendance before entry to the degree examination for not less than four terms at the School and a part-time student not less than seven terms; neither the first nor the last term of the course can be counted as leave of absence.

7. The greater portion of the work submitted as a thesis for a degree must have been done since the student was registered as an internal student of the University.

8. All theses must be written in English and every candidate will be required to forward to the University the required number of copies of his thesis and of a short abstract thereof comprising not more than 300 words. The abstract should be bound with each copy of the thesis submitted to the University.

9. A candidate will not be permitted to submit as his thesis a thesis for which a degree has been conferred on him in this or any other university, but a candidate shall not be precluded from incorporating work which he has already submitted for a degree in this or any other university in a thesis covering a wider field, provided that he shall indicate on his entry form and also in his thesis any work which has been so incorporated.

10. A student submitting a thesis in typescript will be required to supply, at the time of the examination, two of the required copies of his thesis (*one* of which must be the typescript itself, *not* a carbon copy) bound in accordance with the following specification:

Size of paper: quarto (10 inches by 8 inches) or International A4 (11.69 inches by 8.27 inches), except for drawings and maps on which no restriction is placed. A margin of 1½ inches to be left on the left-hand side to allow for binding. Bound in a standardised form as follows: art vellum or cloth; overcast; edges uncut;

The Graduate School

lettered boldly up back in gold ($\frac{1}{4}$ inch to $\frac{1}{2}$ inch letters), DEGREE, DATE, NAME; short title written or printed neatly and legibly on the front cover.

(The name and address of a firm of bookbinders in London, who will bind theses to this specification, may be obtained from the Academic Registrar, University of London, Senate House, W.C.1.)

11. Except with the special permission of the Academic Council an internal student will not be permitted to register concurrently for more than one degree, diploma or certificate, nor for any combination of these awards. No student who is registered as an external student may be registered concurrently as an internal student.

The Degree of Doctor of Philosophy

(See also the section on common regulations.)

1. The following are eligible, by University regulations, to apply for registration for a Ph.D. degree:

- (i) A graduate of London University;
- (ii) A graduate of another university;
- (iii) The holder of an approved diploma in certain educational institutions of university rank.

An applicant who has not obtained at least a **Second Class (Upper Division)** in an Honours degree of this University, or its equivalent in another university, will not normally be admitted to the Graduate School as a candidate for the Ph.D. degree; and one who has not already obtained a Master's degree of this or another university will usually be required to register, in the first place, for a Master's degree.

2. A student is required to register as an internal student before proceeding to the Ph.D. degree. When applying for registration he must submit satisfactory evidence of his qualifications to proceed to this degree. The registration form, when completed, must be returned to the Graduate School Office.

3. In the Faculty of Laws, a candidate must have obtained either the LL.B. with First Class Honours or the LL.M. of London University or a degree of another university, assessed by London University as equivalent to one of these. In exceptional cases exemptions from these requirements may be granted.

4. A student registered for the Ph.D. who wishes to proceed instead to the M.Phil. must apply through the School for permission to do so. The length of further course, if any, which he will be required to pursue for the M.Phil. will be prescribed in each case by the University. On registering for the M.Phil. his Ph.D. registration will lapse.

Course of Study

5. Every candidate must pursue as an internal student:

- (a) a course of not less than two academic years (in the Faculties of Engineering and Science two calendar years) of full-time training in research and research methods, or

The Graduate School

- (b) a part-time course of training in research and research methods of not less than three academic years.

N.B.: Students registering for the Ph.D. degree at any time other than the beginning of a session will be required to pursue a full-time course of not less than two calendar years, or a part-time course of not less than three calendar years.

6. A research student engaged in teaching work in a School of the University or elsewhere may be accepted as a full-time student, provided that the total demand made on his time, including any preparation which may be required, does not exceed six hours a week.

7. The course must be pursued continuously, except by special permission of the Senate.

8. Not later than nine months before the date when he proposes to enter for the examination the student must submit the title of his thesis for approval by the University. After the title of the thesis has been approved it may not be changed except with the permission of the University.

Thesis

9. After completing his course of study every candidate must submit a thesis which must comply with the following conditions:

- (a) The greater portion of the work submitted therein must have been done after the registration of the student as a candidate for the Ph.D. degree.

- (b) It must form a distinct contribution to the knowledge of the subject and afford evidence of originality, shown either by the discovery of new facts or by the exercise of independent critical power.

- (c) It must be written in English and be satisfactory as regards literary presentation, and if not already published in an approved form, must be suitable for publication, either as submitted or in an abridged or modified form.

- (d) Theses for the Ph.D. in Anthropology, Geography and Philosophy shall not exceed 75,000 words in length unless permission to exceed this limit has been granted by the University.

- (e) For the Ph.D. in the Faculty of Economics the thesis shall not exceed 75,000 words in length, exclusive of bibliographies and technical appendices, unless permission to exceed this length has been granted by the University.

- (f) In the field of History no thesis shall exceed 100,000 words in length (inclusive of footnotes and appendices, but exclusive of bibliography). This regulation does not apply to editions of a text or texts. A candidate wishing to exceed the prescribed limit may apply for permission to the University through his supervisor and the Graduate School Office, such application being made at least six months before the presentation of the thesis.

10. The thesis must consist of the candidate's own account of his research. It may describe work done in conjunction with the teacher who has supervised the work, provided that the candidate clearly states his personal share in the investigation, and that this statement is certified by the teacher. In no case will a paper written

or published in the joint names of two or more persons be accepted as a thesis. Work done conjointly with persons other than the candidate's teacher will be accepted as a thesis in special cases only.

11. The candidate must indicate how far the thesis embodies the result of his own research or observation, and in what respects his investigations appear to him to advance the study of his subject.

Entry for Examination

12. Every candidate must apply to the Graduate School Office for a form of entry, which, when completed and countersigned by the School authorities, must be sent to the University together with the proper fee not earlier than six months and not later than two months before the submission of the thesis.

13. Every candidate must produce a certificate from the authorities of the School stating that he has studied to their satisfaction for the prescribed period. The certificate must be submitted before, or at the same time as the thesis is submitted. The thesis may be submitted on or after the first day of the month following that in which the prescribed course of study is completed. A candidate who is required to pursue a course of study extending over a specified number of academic years will be permitted to submit his thesis on or after 1 June of the relevant year.

A candidate who will not be ready to submit his thesis at the end of the prescribed course may defer submission of the form of entry up to one calendar year from the completion of his course. A candidate who does not submit his form of entry within one calendar year must apply again to the University for admission to the examination if he still desires to proceed to the degree.

If a candidate has not submitted his thesis for examination eighteen months after submission of the form of entry for the examination, his entry will be cancelled and the fee refunded less £4.

A candidate registered for the Ph.D. degree will be required to submit three copies of his thesis typewritten or published in his own name. In the Faculty of Arts or Science he is required to bring an additional copy to the oral examination adequately bound and paginated in the same way as the three copies submitted to the University.

14. The candidate is invited to submit as subsidiary matter in support of his candidature any printed contribution or contributions to the advancement of his subject which he may have published independently or conjointly. In the event of a candidate submitting such subsidiary matter he will be required to state fully his own share in any conjoint work.

Examination

15. After the examiners have read the thesis they may, if they think fit and without further test, recommend that the candidate be rejected.

16. If the thesis is adequate the examiners shall examine the candidate orally and at their discretion by written papers or practical examinations or by both methods on the subject of the thesis and, if they see fit, on subjects relevant thereto; provided that a candidate for the Ph.D. degree in the Faculty of Arts who has obtained the

degree of M.A. in the same subject in this University shall in any case be exempted from a written examination.

17. If the thesis is adequate, but the candidate fails to satisfy the examiners at the oral, practical or written examination held in connection therewith, the examiners may recommend to the Senate that the candidate be permitted to re-present the same thesis and submit to a further oral, practical or written examination within a period not exceeding eighteen months specified by them. The fee payable on re-entry to the Ph.D. examination by a candidate referred in this way is £15 (on and after 1 September 1970: £17 10s.).

18. If the thesis, though inadequate, shall seem of sufficient merit to justify such action, the examiners may recommend to the Senate that the candidate be permitted to re-present his thesis in a revised form within eighteen months from the decision of the Senate with regard thereto, and the fee on re-entry, if the Senate adopt such recommendation, shall be £20 (on and after 1 September 1970: £25). Examiners shall not, however, make such recommendation without submitting the candidate to an oral examination.

19. For the purposes of the oral, practical or written examination held in connection with his thesis the candidate will be required to present himself at such place as the University may direct and upon such day or days as shall be notified to him.

20. Work approved for the degree of Ph.D. and subsequently published must contain a reference, either on the title page or in the preface, to the fact that the work has been approved by the University for the award of the degree.

Master's Degrees

General Note on Regulations for Master's Degrees

(See also the section on common regulations.)

1. The following are eligible, by University regulations, to apply to the School for registration for a Master's degree:

- (i) A graduate of London University.
- (ii) A graduate of another university.
- (iii) The holder of an approved diploma in certain educational institutions of university rank.

2. A student is required to register as an internal student before proceeding to a Master's degree. When applying for registration he must submit evidence of his qualification to proceed to a Master's degree.

3. A student admitted to the School must be recommended to the University for registration as a candidate for a Master's degree. The prescribed form for this official recommendation must be completed and returned to the Graduate School Office immediately after registration at the School.

4. Students required to enter for a special examination or for the whole or a part of an examination for a lower degree as a qualification for admission to the examination for a Master's degree, will generally be required to pass such a qualifying examination at least one year before entry to the examination for the Master's degree. The lower degree, however, will not be granted to such persons.

5. A candidate registered for the M.Phil. who subsequently desires to proceed instead to the Ph.D. degree must apply through the authorities of his college, school or institution for permission to do so. A full-time or part-time student may be granted retrospective registration for another degree in respect of part of his previous course of study.

6. A student registered for a Master's degree is required to pursue an approved course of study. When he applies to be examined for the degree (by completing an entry form obtainable from the Graduate School Office) he must produce a certificate from the authorities of the School stating that he has studied to their satisfaction for the minimum period prescribed by the University. For course work degrees the certification will be incorporated in the entry form.

7. A student registered for the M.Phil. will not be permitted to publish his thesis as a thesis approved for the Master's degree without the special permission of the University.

8. Information about the examinations for each of the Master's degrees are to be found below.

9. Candidates who are prevented owing to the death of a near relative, or contact with an infectious illness, or by their own illness from taking all or part of a written examination under revised regulations for the degree of M.A. or M.Sc. in the Faculty of Economics at the normal time, may, with the approval of the relevant Boards of Examiners, (i) be set a special examination in the papers missed, as soon as possible after that date or (ii) if electing to re-enter the written examination at the normal time, submit their reports, essays or dissertations immediately or at the time of re-entering the written papers. Application on behalf of such candidates must be made by the School, be accompanied by a medical certificate and reach the Academic Registrar, University of London, Malet Street, London, W.C.1, within seven days from the last day of the examination.

The Degree of Master of Science (M.Sc.) in the Faculty of Economics

The degree of Master of Science in the Faculty of Economics is awarded to candidates successfully completing examinations based on courses which fall within any of the following branches:

Accounting and Finance	International History	Social Administration and
Business Studies ¹	International Law ¹	Social Work Studies
Demography	International Relations	Social Anthropology ¹
Economics	Operational Research	Social Psychology
Econometrics	Logic and Scientific	Sociology
Economic History	Method	Sociology with special
Geography	Planning Studies	reference to Education ¹
Industrial Relations	Politics	Statistics

¹The School does not register students for this branch of the M.Sc.

Qualifications for Admission

A graduate who has not obtained at least a **Second Class Honours degree** in this University, or its equivalent in another university, will not normally be admitted to the School as a candidate for the M.Sc. degree.

Registration with the University

Candidates accepted for the M.Sc. must be registered with the University (through the Graduate School Office) immediately after the beginning of their course. Candidates should complete the University registration forms and return them to the Graduate School Office. Their registration cannot be recommended to the University until official evidence of their qualifications has been received by the Graduate School Office. There is no provision for retrospective registration for the M.Sc.

Course of Study

The course of study will extend over not less than **one** academic or **one** calendar year¹, but a candidate whose initial qualification in the field of study he wishes to pursue is held by the School to be insufficient may be required to extend his course over **two** years to pass a qualifying or preliminary examination not less than one year before entry for the degree examination.

No candidate will be admitted to the School to follow the course of study for the M.Sc. degree except at the beginning of the session.

A candidate who has been admitted to the School as a part-time student will be required to extend his course of study over two academic or two calendar years.

Examination

The examination in each branch of study will take place once a year, either in the third week of June or in the third week of September.¹ It will consist of written papers, where appropriate a test of practical work or an essay written during the course of study, and, at the discretion of the examiners, an oral examination.

Each candidate must apply to the Graduate School Office for a form of entry either by 10 January or by 1 April for the June or the September examination respectively. This form must be sent, duly completed, together with the appropriate fee to the Academic Registrar **not later than 1 February or 1 May**.

A candidate who fails in his examination will not normally be readmitted to the School, but he may re-enter for the examination in a future year.

A list of candidates for the M.Sc. examination who have satisfied the examiners, will be published, arranged in alphabetical order, by the Academic Registrar. A mark of distinction will be placed against the names of those candidates who show superior merit.

A diploma for the M.Sc. degree, under the Seal of the University, will be sent to each successful candidate, after the report of the examiners shall have been approved by the Senate.

¹In the following branches of study the examination will take place in June: Accounting and Finance, Economics, Econometrics, Industrial Relations, International History, International Law, International Relations, Operational Research, Logic and Scientific Method, Regional and Urban Planning Studies, Social Administration and Social Work Studies, Social Psychology, Statistics. In the following branches of study the examination will take place in September: Demography, Economic History, Geography, Politics, Social Anthropology, Sociology.

The Graduate School

The latest date for withdrawal from the examination is 1 June for the June examination, and 15 August for the September examination.

If a candidate withdraws, for reasons other than his own illness or the death of a near relative, from a written examination for a Master's degree after the last date of entry, but not later than the above date, the entry fee less £4 will be refunded.

Subjects of Study

The following is a list, arranged under branches of study, of the subjects which may be offered. Where approval for a special subject is required it must be sought at the beginning of the course of study.

Candidates who intend to study a particular region in any of the following branches: Economics, Geography, International Relations, Politics, Sociology, may, with the consent of the teachers in the relevant branches substitute for one (or in exceptional cases for two) of the papers prescribed one (or two) papers concerned with their chosen region from one (or two) other branches.¹

In addition to taking four examination papers, candidates may be required to satisfy a language requirement in a language appropriate to their chosen region.

I. Accounting and Finance

The examination will consist of four papers on subjects selected from the list below. The selection must be approved by the candidate's teachers. At least two papers must be written on subject 1.

The Degree of M.A. in International History

The examination will consist of three papers and an essay. A knowledge of at least one European language in addition to English is essential.

1. One of the following general periods, including a knowledge of its sources and historiography:
 - (i) 1688-1740
 - (ii) 1740-1789
 - (iii) 1789-1815
 - (iv) 1815-1870
 - (v) 1870-1914
 - (vi) 1914-1946
2. Diplomatic theory and practice in one of the following periods, to be selected with the appropriate period under 1:
 - (i) 1500-1815
 - (ii) 1815-1919
 - (iii) 1919-1946
3. A special aspect, to be studied with the appropriate period under 1. Candidates will be expected to show knowledge of set printed sources and relevant monographs and articles.
4. An essay not exceeding 10,000 words on a topic within the field of the above papers.

The course will extend over one academic year, and the written examination will be held in June. The essay shall be presented not later than the end of September.

The Degree of M.A. in Area Studies

The University offers an M.A. degree in Area Studies, but candidates cannot apply direct to the School. They are advised to write for details to the Academic Registrar, University of London, Senate House, W.C.1.

¹ Only subjects organically connected with the candidate's main subject will be considered; each application requires approval by the appropriate Higher Degrees Sub-Committee.

The Degree of Master of Philosophy (M.Phil.) in the Faculty of Economics

The degree of Master of Philosophy in the Faculty of Economics is awarded by dissertation in the following fields of study:

Accounting and Finance	Geography	Politics
Business Administration	Industrial Relations	Social Administration
Demography	International History	Social Anthropology
Econometrics	International Law	Social Psychology
Economic History	International Relations	Sociology
Economics	Operational Research	Statistics
	Philosophy	

Qualifications for Admission

A graduate who has not obtained at least a **Second Class (Upper Division)** in an Honours degree of this University, or its equivalent in another university, will not normally be admitted to the School as a candidate for the M.Phil. degree.

A candidate whose initial qualification in the field of study he wishes to pursue is held by the School to be insufficient may be required to follow a course of study and to pass a preliminary examination not less than a year before he submits his dissertation.

The Course of Study and the Dissertation

The course of study will extend over not less than **two** academic years.

Students registering for the M.Phil. at any time other than the beginning of the session will be required to pursue a course of not less than two calendar years.

Each candidate will settle with his supervisor the subject and title of his dissertation and must have it approved by the University at least nine months before he submits the dissertation, which must not exceed 55,000 words. Candidates should bring the title for approval into the Graduate School Office before the end of the first session.

The thesis or dissertation must be written in English. The greater portion of the work must have been done after the registration of the student as a candidate for the M.Phil. The thesis or dissertation shall be either a record of original work or an ordered and critical exposition of existing knowledge.

The examination will consist of (a) a thesis, and (b) an oral examination which will include a test of the candidate's knowledge of the general background of his thesis.

A candidate will be permitted to enter at any time during the year provided that he has completed the prescribed course of study. A candidate will be permitted to submit his entry form and fee not less than two and not more than six months before he is eligible to submit his thesis for examination.

A candidate who is required to pursue a course of study extending over a specified number of academic years will be permitted to submit his thesis on or after 1 June in the year in which the course of study is completed.

If the thesis, though inadequate, shall seem of sufficient merit to justify such action, the examiners may, after having examined the candidate orally, recommend

The Graduate School

the University to permit the candidate to resubmit the thesis in a revised form within twelve months from the decision of the University with regard thereto. The examiners may, if they so desire, require the candidate to submit to a further oral examination when he presents the revised thesis for examination.

A list of candidates for the M.Phil. examination, who have satisfied the examiners, will be published, arranged in alphabetical order, by the Academic Registrar. A mark of distinction will be placed against the names of those candidates who show exceptional merit. No unsuccessful candidate will be permitted to re-enter within one year of the date of his first entry without the permission of the examiners, save that a candidate who has failed in respect of his dissertation alone may re-present his revised dissertation at any time.

A candidate registered for the M.Phil. degree may, with the approval of his supervisor and of the School, be transferred to registration for the Ph.D. degree. Where this is permitted he may be allowed to count part of the period during which he was registered for the M.Phil. degree towards the registration period for the Ph.D. degree.

Fees for the Examination

Every candidate for the degree of M.Phil. must at each entry to the whole examination pay a fee of £25.

The Degree of Master of Philosophy (M.Phil.) in the Faculties of Arts and Laws

The M.Phil. by thesis or dissertation is awarded in the Faculty of Arts in:

- Social Anthropology
- Geography
- History
- Philosophy
- Psychology
- Sociology

Candidates for the M.Phil. in Anthropology or Geography will be examined by means of a thesis and an oral examination. In Psychology the University may in certain cases prescribe written papers and/or practical examinations.

The M.Phil. by thesis or dissertation is awarded also in the Faculty of Laws.

After December 1969 mention of the faculty and field of study will not appear on the awards; only the thesis title will appear.

The Degree of Master of Laws (LL.M.)

Qualifications for Admission

Candidates entering for the LL.M. examination after the minimum course of one year must have obtained either First or Second Class Honours at a first degree of the University of London or an approved equivalent degree.

There will be one paper in each subject. Candidates will be required to pass at one and the same examination in any four of the subjects.

The Graduate School

Course of Study

The course will extend over not less than one academic year and the examination will take place once in each year in September.

Diploma in Statistics

The School offers a full-time course for graduate students leading to a Diploma in Statistics. For details about this diploma please see pages 225-227.

Diploma in Social Anthropology

This diploma is awarded by the University of London and a full-time course of study is arranged by the School.

All diploma students are required to register as internal students of the University.

All students should read the *Regulations for Academic Diplomas*, which may be obtained from the Academic Registrar, University of London, Senate House, W.C.1.

The diploma course is open to:

- (a) Students of postgraduate standing whose undergraduate courses have in the opinion of the University included a suitable preliminary training.
- (b) Students who, though not graduates, have satisfied the University that their previous education and experience qualify them to rank on the same level as graduates approved under (a) for this purpose.

Students are required to attend a course of study approved for this purpose by the University, extending over two sessions. The course of study must, unless special exemption is obtained, be continuously pursued.

¹These subjects will not be taught at the School in the session 1969-70, but candidates wishing to study one (or, in exceptional circumstances, two) of them may take the relevant courses at other colleges while registered at the School.

²Not available in 1969-70.

Regulations for Academic Diploma

Candidates are required to take the following papers:

- (i) History and Principles of Social Anthropology
- (ii) Social Structure; Political and Economic Organisation
- (iii) Values, Beliefs and Ritual
- (iv) and (v) *Two* of the following options:
 - (a) Ethnography of a region with special reference to selected peoples (any region indicated for the B.A. degree in Anthropology examination or Latin America, may be offered for the diploma). Consideration will be given to the major indigenous institutions and their significance in modern conditions
 - (b) Applied Social Anthropology
or Social Change in Developing Societies
 - (c) Social Anthropological Studies of Sectors of Complex Modern Societies
 - (d) General Principles of Linguistics
 - (e) Primitive Technology
 - (f) An essay consisting of a paper of three hours, relating to a subject within the fields of the first three papers
 - (g) Primitive Art

Supervisors will recommend to candidates courses appropriate for this diploma.

A dissertation of not more than 30,000 words may be offered in lieu of papers (iv) and (v). The subject of the dissertation must be submitted to the candidate's supervisor by 1 January.

The examination is held once a year beginning on the second Monday in June. Every student entering for this examination must apply to the Graduate School Office by 1 March at the latest, for an entry form which must be returned to the University, duly completed with the certificate of course of study thereon attested in accordance with General Regulations for Approved Courses of Study, together with the proper fee, not later than 15 March. Candidates submitting original work in the form of a dissertation must submit two copies of the dissertation typewritten or printed, and bound in the prescribed fashion, not later than 15 May.

The fee is £18 for each entry to the examination.

At the discretion of the examiners there may be an oral or a practical examination in any subject, in addition to the written examination in that subject.

Candidates shall not be approved by the examiners unless they have shown a competent knowledge in all the branches prescribed for the examination.

A student shall enter for the whole examination at the end of his two-year course.

Enquiries about this diploma should be addressed to the Secretary of the Graduate School.

Course in Trade Union Studies

The School offers a one-year course of study for men and women interested in the work of the trade union movement. The course, which provides a training in the social sciences with special reference to the development of trade unionism, is primarily intended for persons taking up responsible work in trade union organisations, though applications for admission from other qualified students will be considered. All applicants must show that they possess the training and experience necessary to profit from the course.

Lectures are available in the main subjects of the syllabus; classes, open only to members of the course, are provided. Opportunities for written work are given and provision is made for tutorial supervision. Subject to approval, students may be admitted to other lectures given at the School which are of interest to them, and to which entry is not limited. In addition, they are full students of the School and members of the Students' Union and as such entitled to enjoy all the facilities provided by the Union.

The course is open to full-time day students only.

The syllabus of study consists of seven subjects for which lectures and special classes are provided. The subjects are:

- (i) Economics
- (ii) Contemporary Trade Unionism and Industrial Relations
- (iii) British Economic and Social History, with special reference to the growth of Labour Movements
- (iv) Law, with special reference to Trade Unionism
- (v) Political Theory and Organisation
- (vi) Elementary Statistics and Business Finance
- (vii) Industrial Sociology and Psychology

Problems of human relations; the social organisation of industry; industrial relations in overseas territories and the work of international organisations are covered in a series of lectures and classes.

There is a regular series of talks and discussions given or opened by prominent leaders and students of Trade Unionism.

On the completion of the course the student will receive a certificate from the School describing the work done and the standard reached during his period of study.

Application forms for admission may be obtained from the Department of Industrial Relations.

Full details of the fees payable are given in the Fees section of the Calendar.

Members of affiliated trade unions may be eligible for scholarships provided by the Trades Union Congress, to whom they should apply.

Regulations as to Honorary Fellows

1. The Honorary Fellows Committee of the Court of Governors shall consist of the Chairman and Vice-Chairman of the Court of Governors, the Director, the Vice-Chairman of the Academic Board, and six members appointed by the Court, of whom four shall be appointed on the nomination of the Academic Board.

2. The Court of Governors may, on the recommendation of the Honorary Fellows Committee and with the concurrence of the Academic Board, elect as an Honorary Fellow of the London School of Economics and Political Science any former student of the School who has attained distinction in the arts, science or public life, or any person who has rendered exceptional services to the School, or to the arts, science or public life.

3. No full-time member of the staff of the School shall be elected an Honorary Fellow.

4. Not more than 30 Honorary Fellows shall be elected at the meeting of the Court of Governors to be held in the Michaelmas term 1958. Thereafter elections may be made annually in the Michaelmas term. In any year after 1958 the number of persons elected shall not, save for special reasons considered adequate by the Court, exceed seven nor shall there be included amongst them, save for the like reasons, more than three persons who are not former students of the School.

5. Suggestions for election to Honorary Fellowships shall be invited annually by the Honorary Fellows Committee in May from:

- (i) each member of the Court of Governors
- (ii) each member of the Academic Board
- (iii) each Honorary Fellow

6. Every suggestion shall be made in writing, shall be signed by the person making it and shall be received by the Academic Secretary not later than 31 May. Thereafter, unless successful or withdrawn, it shall be regarded as current for three successive years, after which it shall lapse; but a fresh suggestion of the same name can be made.

7. The file of names suggested, past and current, shall be open to inspection in confidence by those persons who are to be invited, in accordance with regulation 5, to make suggestions.

8. In each year the Honorary Fellows Committee shall not earlier than 1 June nor later than 15 October consider the current list of names suggested, and such other names as may be proposed in the course of their deliberations; and the names of persons recommended for election shall be arranged in alphabetical order in the report of the Committee.

9. The report of the Honorary Fellows Committee shall be considered by the Academic Board at their first meeting in the Michaelmas term and shall be transmitted by the Board, with such observations as they may think fit, to the Court of Governors for consideration at their meeting held in the Michaelmas term.

10. After the report of the Honorary Fellows Committee has been considered by the Academic Board, but before its transmission to the Court, the Director shall ask those who are recommended for election to Honorary Fellowships whether they would be willing to accept election. No such enquiry shall be made by those who suggest their names.

The Library

The British Library of Political and Economic Science, which is the library of the School, was founded by public subscription in 1896, a year later than the School. From the outset it was intended to serve not only as the working library of the School, but also as a national collection.

These interdependent functions have grown together; the School has given the Library wide contacts with the public and academic worlds and a standing which it could not easily have gained as an independent institution, and the Library has in its turn assisted in attracting research workers to the School.

It is freely open to members of the School and is extensively used by other scholars and researchers. Application by non-members of the School for readers' permits must be made on a special form, which may be obtained from the Librarian.

The scope of the Library is the social sciences in the widest sense of that term. It is particularly rich in economics, in commerce and business administration, in transport, in statistics, in political science and public administration, in international law and in the social, economic and international aspects of history. As well as treatises and some 11,500 non-governmental periodicals (of which 4,000 are received currently), it contains some 450,000 controversial and other pamphlets and leaflets; rich collections of government publications from nearly all the important countries of the world, including some 9,500 serials (of which 5,700 are received currently); collections which are probably unique of reports of local government authorities, of banks, and of railways; much historical material; and miscellaneous manuscript and printed collections of very varied extent and kind. The total amounts to some 530,000 bound volumes; the total number of separate items is estimated at over a million and three quarters. In some subjects within its field, the Library is surpassed only by smaller and more highly specialised libraries, and in others it is unsurpassed; as a whole it is perhaps the largest library in the world devoted exclusively to the social sciences.

There is a full author catalogue typed on cards. The subject catalogue is published as *A London Bibliography of the Social Sciences*; this is widely used not only as a key to the contents of the Library, but also as a general bibliography of the social sciences. Further particulars of this work may be obtained from the Librarian. A catalogue of a more specialised interest is the *Classified Catalogue of a Collection of Works on Publishing and Bookselling in the British Library of Political and Economic Science*, available at 25s. a copy (plus postage).

The Library occupies a connected series of rooms on the north side of the School's main buildings in Houghton Street, Clare Market and Portugal Street. They include the only remaining part of the original School building of 1902, and later additions built partly with the aid of benefactions from the Rockefeller Foundation of New York. They are entered through a hall containing the catalogues and the counter for enquiries and the issue of books. There are seats for 863 readers. Reading rooms devoted to particular subjects or classes of material contain open-shelf collections amounting to some 60,000 volumes. The Periodicals Room provides all readers with immediate access to the current numbers of over 600 periodicals. Two further

The Library

reading rooms are reserved for research workers, and one for the teaching staff of the School.

The greater part of the Library's collections is housed in the reserve stacks, which occupy nearly the whole of the basements of the main School building. Readers are not normally admitted to these, but any book is issued on request for use in the reading rooms.

The School also possesses other libraries. The Teaching Library occupies a series of connected rooms in the East Building. Its stock of 29,000 volumes contains additional lending copies of the more important books used by undergraduates and graduates taking courses, and there is also a short-loan collection of periodicals and photocopies of articles etc. In addition to lending books, this library is a place of study, and there is accommodation for 133 readers. A leaflet giving details of the Teaching Library services may be obtained at the counter.

The Shaw Library (founded by Mrs. George Bernard Shaw) is a lending collection of general literature; it is housed in the Founders' Room on the fifth floor of the Main Building.

A leaflet *Notes for Readers* may be obtained free of charge on request from any member of the Library staff.

Rules of the British Library of Political and Economic Science

1. The Library is open for the purpose of study and research to:
 - (i) Members of the London School of Economics and Political Science, as follows:
 - (a) Governors
 - (b) Honorary Fellows
 - (c) Staff
 - (d) Regular students
 - (e) Intercollegiate students
 - (f) Occasional students
 - (ii) Persons to whom permits have been issued
 - (iii) Day visitors admitted at the discretion of the Librarian
2. Permits may be issued to:
 - (a) Persons engaged in research which cannot be pursued elsewhere
 - (b) Professors and lecturers of any recognised university
 - (c) Persons engaged in any branch of public administration
 - (d) Undergraduates of other universities and colleges (in vacation only)
 - (e) Such other persons as may from time to time be admitted by the Librarian

Applications for Library permits must be made on the prescribed form; they should be addressed to the Librarian, and should be supported either by a member of

The Library

the staff of the School, or by a letter of recommendation from a person of position. Evidence of membership of the Royal Economic Society, the Royal Statistical Society or the London School of Economics Society is accepted in place of a letter of recommendation.

Library permits are not transferable. They are issued upon payment of the prescribed fees, which may, however, be remitted. The fees at present prescribed are, for persons in categories 2 (a) and (c), £5 5s. 0d. for a permit valid for six months, £2 12s. 6d. for three months or £1 1s. 0d. for one month. All fees are non-returnable.

3. Every registered student on his first visit must produce his School registration card to be endorsed by the appropriate Library officer. Every permit holder on his first visit must sign his name in a book kept for that purpose and may be required to sign on subsequent occasions.

All readers are required to show their School registration cards or Library permits to Library officials upon request. Admission may be refused to anyone not in possession of such a registration card or permit.

4. The reading rooms are open normally on all working days during hours prescribed from time to time. They are closed on Sundays and on certain other days as prescribed. (The hours of opening prescribed at present are from 10 a.m. to 5.50 p.m. on Saturdays, and from 10 a.m. to 9.20 p.m. on other days. On Mondays to Thursdays in term for most of the session, part of the Library remains open, with a limited service, to 10.30 p.m. The days of closing prescribed at present are: six days at Christmas, six days at Easter, the Spring and late Summer Bank Holidays, and all Saturdays in July and August.)

5. Readers must not bring attaché cases, overcoats, hats, umbrellas or other impedimenta into the Library. All such articles can be deposited in the cloakrooms of the School.

6. Readers may take the books they require for purposes of study from any of the open shelves, and may take them to any of the reading rooms in the main Library.

7. Readers who have finished with books taken from the open shelves in any of the rooms should return them without delay to the returned-book stack in the room from which they have been taken, or preferably to their places on the shelves.

8. Books not on the open shelves must be applied for on the prescribed vouchers. Readers must return such books to the book counter when done with and claim the corresponding vouchers; they will be held responsible for all books issued to them as long as the vouchers are in the possession of the Library uncanceled.

9. Except as provided below, no book, manuscript, or other property of the Library may be taken out of the Library. All readers as they leave the Library are required to show to the Library janitor any books, papers, folders, newspapers etc., they may be carrying.

Members of the School staff may borrow books subject to the prescribed conditions.

The Library

Students of the School may borrow books over the weekend and at other times when the Library is closed subject to the prescribed conditions.

10. Graduate students, upon completion of the prescribed vouchers, may keep books from the reserve stacks in their individual lockers in the research reading rooms. They will be responsible for books so held by them, and the books must remain accessible to the Library staff in the event of their being required by other readers.

11. Graduate students of the School may borrow books for use outside the Library, subject to the following conditions:

(i) During the months of June, July, August and September, graduate students may borrow books only by special authorisation in each case, and on such special conditions as the Librarian shall impose, including, if required, the payment of a deposit.

(ii) No book borrowed shall be taken out of Great Britain.

(iii) Graduate students may not borrow more than six books at one time.

(iv) Books in the reading rooms, unique and rare books, and other books in particular demand, will be lent only by special permission in each case.

(v) The prescribed loan voucher must be completed and handed in before any book is removed.

(vi) Books borrowed during the term are due back on the last day of term, but they will be subject to recall at any time if required for use in the Library. Books borrowed during the last week of any term will be due for return at the end of the first week of the next term, but will also be subject to recall.

12. Readers handing in vouchers are required to supply all the necessary information in the appropriate spaces. The members of the Library staff are authorised to refuse vouchers giving insufficient detail.

13. A reader vacating his place will be deemed to have left the Library, and his books may be removed and the place occupied by another reader, unless he leaves on the table a note of the time of his return. In that case the place will be reserved for him from the time stated, but this reservation will lapse after fifteen minutes. The place will be available to other readers during the interim.

14. Ink-bottles or ink-wells cannot be taken into any of the Library rooms. Fountain pens are permitted. Readers using rare or valuable works, however, may be required to work with pencil.

15. Smoking is forbidden within the Library.

16. No reader may enter the Library basement or any other part of the Library not open to general readers without special permission.

17. The tracing of maps or illustrations in books is forbidden. No book, manuscript, paper or other property of the Library may be marked by readers. Anyone who injures the property of the Library in any way will be required to pay the cost of repairing or replacing the injured property, and may be debarred from further use of the Library.

18. The Library is intended solely for study and research, and may not be used for any other purpose whatsoever.

19. Silence must be preserved in the reading rooms and on the central staircase and landings.

20. Permission to use the Library may be withdrawn by the Director or the Librarian from any reader for breach of the rules in force at the time, or for any other cause that may appear to the Director or to the Librarian to be sufficient.

University Library

Any member of the University, staff or student, may apply to use the University Library (entrance on the fourth floor of the Senate House, W.C.1). An internal student may obtain a ticket entitling him to read in the Library and borrow books, by completing an application form (obtainable at the University Library) and showing evidence of University registration, e.g. a College Card. Short instructional tours of the Library are arranged for new members, particularly during the first few weeks of the session.

The University Library is a large general library of about 900,000 volumes of books and periodicals, many of which may be borrowed for home reading. There are reading places for about 500, arranged in general reading rooms where there are collections of reference books and bibliographies, and in special rooms for Periodicals, Geography and Maps, Palaeography, United States and Latin American Studies, and Music. The Goldsmiths' Library houses the collection of early economic literature presented to the University Library by the Goldsmiths' Company in 1903. It has been added to throughout the years and now consists of about 60,000 volumes, mainly of works published before 1850.

Photocopying facilities include coin-operated machines in the Library and a photographic department in the basement, which can supply microfilms, slides, enlargements and other photographic copies.

Hours of Opening

Monday to Friday during the session: 9.30 a.m. to 9 p.m.

(book-stack service 10 a.m. to 6.30 p.m.)

Saturday and during the Summer vacation: 9.30 a.m. to 5.30 p.m.

(book-stack service 10 a.m. to 5 p.m.)

The Economists' Bookshop

The Economists' Bookshop, owned jointly by the School and The Economist Newspaper, was established in 1947 to provide a service to the staff, students and Library of the School and, through its mail order trade, to the world community of social scientists. The Bookshop's Board of Directors is composed equally of representatives of the School and of The Economist Newspaper. From small beginnings it has grown in recent years into a considerable bookselling enterprise, which numbers among its customers nearly all the universities in Great Britain as well as many private individuals and institutional bodies overseas. In addition to the main premises in Clare Market, the Bookshop has a Mail Order Department in Hampstead Road, and a separate shop selling secondhand books, new paperback fiction and stationery in Portugal Street. Over 6,000 titles are regularly held in stock, including a wide range of paperbacks and pamphlets, and since its establishment three years ago the Secondhand Department has considerably increased and facilitated the flow of secondhand textbooks among the students and staff of the School. Many former students of the School in all parts of the world continue to use the Bookshop's unique mail order service.

Publications of the School

From the School's foundation in October 1895, one of its objects has been to assist in the publication of research undertaken at or in connection with the School. Over the years there has been a steady and distinguished flow of papers, books and journals, some issued directly from the School and some issued for the School by one or other of the well-known British and American publishers.

Journals

Four journals are edited and published from the School: *Economica* (founded in 1921), *Population Studies* (1947), the *British Journal of Industrial Relations* (1963), and the *Journal of Transport Economics and Policy* (1967). *The British Journal of Sociology* (1956) is edited in the School and is published by Routledge and Kegan Paul.

The L.S.E.-Weidenfeld and Nicolson Imprint

The School has recently appointed Weidenfeld and Nicolson as its publisher, and books sponsored or initiated by the Publications Committee of the School are now produced under a joint imprint of the School and Weidenfeld and Nicolson. Any present or former member of the School's staff, or any present or former student, may submit either finished manuscripts or ideas for books to the Publications Committee; the Committee itself, together with the publisher, initiates schemes for books and series of books.

With certain exceptions, authors will sign a separate contract with the publisher in the normal way, and can expect a scale of remuneration that should compare favourably with what they might get elsewhere. The exceptions will be books that are judged commercially 'difficult'—the specialised monograph, the occasional paper, and so on; these may be published on a commission basis, and it may not always be possible to give authors full commercial rates of royalty.

The object of these arrangements is to provide a first-class and ready-made vehicle for the publishing of such works of scholarship as staff and students may wish to offer. It will perhaps be of most value to those whose existing publishing arrangements may be proving unsatisfactory, or to those who are looking for a publisher for the first time.

Anyone interested should get in touch with any member of the Publications Committee (see page 43), or with the Publications Officer.

Books and Pamphlets

In addition to the Weidenfeld and Nicolson scheme outlined above, the following series of books and pamphlets are issued for or by the School and its departments:

The New Series of Learned Works (G. Bell and Sons Ltd.)

Monographs on Social Anthropology (Athlone Press)

Reprints of Scarce Works on Political Economy (*Economica* Office, L.S.E.)

Papers in Soviet and East European Law, Economics and Politics (Athlone Press)

Greater London Papers (Greater London Group, L.S.E.)

Publications of the School

Occasional Papers on Social Administration (G. Bell and Sons Ltd.)
Geographical Papers (Weidenfeld and Nicolson)
L.S.E. Research Monograph Series (Weidenfeld and Nicolson)
A London Bibliography of the Social Sciences (British Library of Political and Economic Science, L.S.E.)
Auguste Comte Memorial Lectures (Athlone Press)
Hobhouse Memorial Trust Lectures (Athlone Press)
Inaugural Lectures (G. Bell and Sons Ltd. and Weidenfeld and Nicolson)
The Report Series of the Higher Education Research Unit (Oliver and Boyd)
L.S.E. Studies in Education (Penguin Books)
Reprint Series of the Statistics Research Division, L.S.E.
Reprint Series of the Survey Research Centre, L.S.E.
Reprint Series of the Transport Network Theory Unit, L.S.E.

A catalogue of most of these publications, with full details of individual titles and how to obtain them, may be had on application to the Publications Officer at the School.

The facilities of the Health Service are available free of charge to all students of the School. Dr. Levitt holds a surgery at the School every day during term time. Students are advised to register with a general practitioner in the area in which they are living in term time so as to receive the full benefits of the National Health Service; but they may, in special circumstances and at his discretion, register under the National Health Service with Dr. Levitt. Sister Alexander attends at the School daily during term time and part of the vacation for first-aid and the treatment of minor complaints. During vacation Dr. Levitt is available by appointment at his own practice.

Dr. Read is available both in term time and in vacation to give psychiatric advice to regular students of the School. He is assisted by Dr. Agnes Wilkinson and Dr. Camilla Bosanquet, who work part time at the School. Appointments may be made through the Secretary of the Health Service or directly by letter to the doctor concerned.

Dr. Little is in attendance once a week in term time. Appointments may be made through the Secretary of the Health Service.

The ophthalmic surgeon attends at the School once a week during term time for eye tests, and appointments may be made through the Secretary of the Health Service.

The dental surgeons are in daily attendance. Their services are available under the National Health Service and according to its rates. Appointments may be made with the dental surgeons or through the Secretary of the Health Service.

Careers

Many careers are now open to university graduates in the Social Sciences and in Arts. They can offer work of great interest and responsibility and the degrees offered by the School are of value in any occupation that calls for a trained intelligence and an understanding of the contemporary world. Our graduates have been able to seek employment from a wide range of occupations requiring people who are well educated, broadly informed and mature in outlook. Employers need and seek graduates who are well qualified academically; they also look for men and women with the ability to exercise judgment, to make decisions and to exhibit powers of leadership and control. These qualities cannot all be assessed merely from the type or class of degree obtained. Thus the possession of a degree, irrespective of subject, is only the first criterion that interests the majority of employers, though expert or specialist posts clearly demand an appropriate training. Even then, specialist graduates may find that they have to compete eventually with non-graduates who have moved into specialist jobs by chance or, more likely, because of some natural aptitude for a particular type of work. Many graduates today assume that they are superior to the non-graduate. This is an understandable attitude of mind and graduates are entitled to this self-confidence—provided they accept the need to prove it by subsequent performance.

The choice of career, then, is wide. Experience suggests that of those who take the B.Sc.(Econ.) degree a considerable number finds employment in industrial and commercial management, enters the teaching profession or goes on to undertake academic research. The remainder are widely spread in finance; in expert posts as economists, lawyers or statisticians in industry and commerce; in government service; in journalism and librarianship; and in advertising and market research. Some have made a notable contribution in television. Broadly speaking, our graduates can realistically consider the following areas of employment: education, the civil service, local government, the social and health services, private and nationalised industries, banking and commerce, H.M. services. In addition there are many opportunities overseas and in various cultural organisations.

Many graduates enter the educational field, either as school teachers or as lecturers in further educational establishments. For school teaching a teacher-training qualification is desirable and may soon be essential. A further degree is usually necessary for the graduate who seeks a university post.

The civil service offers an immense variety of career opportunities for graduates, including specialist posts in economics, law and statistics. There are opportunities for research and investigation, primarily for economists, geographers, psychologists and social scientists. In addition, graduates are needed for the tax inspectorate and factory inspectorate. Candidates for the open competition held annually for entry to the administrative class of the home civil service and the diplomatic service must have, or obtain in the same year, at least a second-class honours degree. Alternatively, they must pass a written examination of degree standard. A number of graduates also enters the executive class of the civil service and may hope for later promotion within the service.

Local government employs an increasing number of graduates. Normally they join a local authority as specialist administrators or become specialist practitioners in law, finance, librarianship, town planning or housing management and welfare.

Careers

An appropriate professional qualification is needed for these expert categories of employment.

The B.Sc. (Sociology) degree, the B.A. degree in Sociology, and the diploma in Social Administration awarded by the School, are recognised initial qualifications for employment in some areas of social administration. They also provide the necessary basic qualification for *training* in social work for such fields as those of medical and psychiatric social work, child care, probation and family casework. Since maturity is an asset in all branches of social work, a degree course is recommended for those starting under the age of twenty-one. In most cases further specialised or professional training, lasting at least one year, is necessary for these careers and students should, therefore, be prepared to undertake this. Details of diplomas offered by the School are given on pages 212–27.

Many firms in private industry, together with the nationalised industries, offer graduate traineeships and direct appointments for a wide range of jobs in production, marketing, finance, personnel and management services. Banks, insurance companies and retailing organisations all need graduates, as do the professions of accountancy and law. Economists may make use of their specialised knowledge in economic forecasting and intelligence, while there is a growing demand among stockbrokers for investment analysts. Limited openings for graduates in any subject may be found in advertising agencies, journalism and market research.

It is worthy of note that the increased use made of statistics and, in particular, the development of mathematical and computational techniques offer great scope to the man or woman of mathematical ability. Equally, for many of our best graduates a fourth year of study may well prove fruitful as a career preparation; the rapid progress made in the social sciences means that it can take more than three years of study and a Bachelor's degree to make an expert economist, sociologist or statistician.

Possession of a university degree may result in a considerable shortening of the period of professional training. Thus, possession of the LL.B. degree leads to important exemptions from the Bar and Law Society examinations. All graduates may qualify as solicitors after three years. Again, those who wish to become chartered accountants and who have taken Accounting and Finance as their special subject in Part II of the B.Sc.(Econ.) degree have their period of articles reduced from five to three years. They are also given exemption from the professional Intermediate examination, provided that the final degree examination is passed at the first attempt.

Finally, with regard to the choice of specialist or optional subjects, there is one golden rule to be followed: the subjects that a student should choose for his degree are those that he likes and is good at. The syllabuses provided at the School are generally wide and comparatively flexible and, for this reason, students who are not firmly committed to a specific course for professional reasons ought not to allow their choice of courses to be dominated by thoughts of future careers. But it is never too early to start thinking about a career and those who are in doubt should consult their tutors and the officers of the Careers Advisory Service. The University of London Appointments Board maintains a permanent careers advisory unit in the School. Students may consult the officers of the unit at any time during their courses, preferably not later than the second year of study, but it is open to all students to seek advice before entry and after graduation if they so desire.

Students' and Athletic Unions

Students' Union

The objects of the Students' Union are to promote the welfare and corporate life of the students, and, through the Union Council, to represent the students in all matters relevant thereto except those relating to Athletics.

The Union's main functions are to administer, supervise and improve Union premises, which include offices, a bar and a shop; to represent student interests and co-operate with the School authorities in securing necessary improvements in student welfare (it also co-operates with the National Union of Students and international student organisations); to provide a forum for the discussion of student affairs and interests and to approve and regulate the numerous student societies in the School.

Every regular and occasional student becomes a full member of the Students' Union on the payment of School fees, while students of other colleges attending the School for a course of lectures become associate members and are allowed to use the Union premises. Full members are also members of the Three Tuns Club and are entitled to use the Club's bar and other amenities.

The Union offices are situated in St. Clements building. Information concerning the Union, its services and activities, may be obtained from the Union offices, and from *Information for Undergraduate Students* issued to first-year students.

Union meetings are held in the Old Theatre on Friday evenings during term. All students are urged to attend Union meetings, where they can help decide Union policy as well as take part in debates and discussions. Full details of meetings are published on the Union noticeboards.

The Union provides many useful services in the fields of social activities, student welfare and relations with outside student bodies. Among these services are: debates, socials, dances; advice and information on housing, grants and fees; a number of common rooms and other amenities; and cheap travel and vacation work obtained in co-operation with the National Union of Students.

Members of the Union who are regular students of the School are also members of the University of London Union and are entitled to use all its premises and its services, and to participate in its activities. Full-time students are also entitled to receive all the services of the National Union of Students, to which the Students' Union is affiliated.

The local branch of A.I.E.S.E.C. (Association Internationale des Etudiants en Sciences Economiques et Commerciales) is under the auspices of the external department of the Union and receives a grant from the department. A.I.E.S.E.C. organises vacation traineeships for students in many countries and seminars on topics of current economic interest.

The Union magazine *Clare* was founded over fifty years ago, and is published twice a year. This is a magazine of special interest to students of the social sciences, with articles from staff, students and outside contributors. The Students' Union also publishes a fortnightly newspaper, *Beaver*.

Graduate Students' Association

All students registered for a higher degree or paying a research fee, automatically become members of the Graduate Students' Association.

The Association is the social centre of the Graduate School, helping the graduate students to meet one another and take part together in various social activities, for most of them have spent their undergraduate days elsewhere, and might otherwise, by the nature of their work, find difficulty in making contacts. It is also active in representing the interests of graduate students in discussions with School authorities on such matters as research facilities and graduate requirements in the Library. There are graduate students' common rooms on the second floor of the Main Building (Rooms 221 and 222), which are open during regular School hours. There are sometimes guest speakers in Room 221 in term time at 4 p.m. on Wednesdays.

An Executive Committee is elected each November and is responsible for administering the common rooms, arranging dances, the annual dinner, and other such events (details of which are posted on the notice board in the common room) and otherwise assisting the members. The Committee will be glad to welcome new members at tea on the first Wednesday in the Michaelmas term, to introduce them to other students and to help them find their way about the School.

All enquiries about the Association's activities should be sent to the Committee, in Room 236.

Residential Accommodation

The School does not keep an index of lodgings suitable for students, but those who require help in finding accommodation may consult the University of London Lodgings Bureau, University of London Union, Malet Street, W.C.1.

The Bureau maintains a register of addresses of various types in most districts of London, and each student's requirements are carefully considered. During term time a personal interview, for which an appointment must be made, is desirable; but from the end of the Summer term to October students should apply by post.

In choosing lodgings students should bear in mind that it is possible to take lodgings which provide either bed and breakfast or bed and breakfast with a regular evening meal in addition. Anyone whose tastes are likely to lead him to enter very fully into the life of the Union and its societies, or to spend his evenings in the Library, will be well advised to seek lodgings of the former type; those who prefer to study in their own rooms may be better suited by the latter type.

The fees for halls of residence, stated on the following pages, are those which are in force at present, but they are liable to amendment.

Hall of Residence for Men and Women

Passfield Hall

Endsleigh Place, W.C.1.

(Warden: J. A. W. Forge, M.A.)

This hall of residence is provided by the School for men and women students of the School. It is in Bloomsbury, situated in the north-west corner of Tavistock Square, and is twenty minutes' walk from the School.

There is accommodation for about 158 students in single, double, and treble study-bedrooms. The fees, including Common Room subscription, are at present £207, £195 15s. 0d. and £184 5s. 0d. per session respectively, payable by terminal instalments in advance.

Fees cover breakfast and dinner, and all meals on Saturdays and Sundays. Washbasins and fires with slot meters are provided in all rooms.

Application should be made to the Assistant Registrar (Admissions) at the School, if possible by 15 May. Applicants are selected for places towards the end of May each year, for the following October.

Halls of Residence for Men

Carr-Saunders Hall

Fitzroy Street, W.1.

(Warden: M. Bromwich, B.Sc. Econ.)

Carr-Saunders Hall, a new hall of residence for men students of the School, built with funds provided by an anonymous benefactor, is a few minutes' walk from the junction of Tottenham Court Road and Euston Road and twenty-five minutes' walk from the School.

Residential Accommodation

There is accommodation for about 146 students in single and double study-bedrooms. The fees are at present £219 and £204 per session respectively, payable by terminal instalments in advance and in addition there is a Common Room subscription (at present £1 per term).

Fees cover breakfast and dinner and all meals on Saturdays and Sundays. Washbasins are provided in all study-bedrooms, which are centrally heated.

Application should be made to the Assistant Registrar (Admissions) at the School by 15 May, for admission in the following October.

Commonwealth Hall

Cartwright Gardens, W.C.1.

An intercollegiate hall of residence for 400 men from the United Kingdom and overseas. Accommodation almost entirely in single study-bedrooms. Squash courts, table-tennis room, billiards room, library, common rooms, television rooms, drip-dry laundry rooms. Central heating. Selection is made after consideration of the individual student's needs and his ability to benefit from and contribute to life in a residential community.

Fees (£210 per session of about 30 weeks) include breakfast and dinner during the week, and full board at weekends.

Application forms may be obtained from the Secretary of the Hall and must be returned by 31 May.

Connaught Hall of Residence

36-45 Tavistock Square, W.C.1.

An intercollegiate hall of residence for men; 194 places, mainly in single rooms. The rent of the study-bedrooms, including breakfast and dinner, and also lunch at weekends, is £210 per session of 30 weeks. Application forms may be obtained from the Warden, Professor D. M. Lang, and should be returned to him before 31 May.

International Hall

Brunswick Square, W.C.1.

International Hall accommodates 426 men students. Half the rooms are reserved for British students and half for students from overseas. There are 10 double rooms and 406 single rooms.

Fees: £7 0s. 0d. (single room) and £6 10s. 0d. (for share of double room) per week. This includes breakfast and dinner from Mondays to Fridays inclusive, and breakfast, lunch and supper on Saturdays and Sundays.

Application forms may be obtained from the Hall Secretary and should be returned by 31 May.

Residential Accommodation

International Students House

1-6 Park Crescent, W.1. (immediately opposite Gt. Portland St. Tube Station)

International Students House, on the edge of Regent's Park, offers study-bedroom accommodation to men students and club facilities to men and women students from the United Kingdom and overseas. A very full programme is organised and the student adviser helps with problems on welfare, accommodation and personal matters. Visitors are most welcome.

Fees (for long-term residents): £5 6s. 9d. (single room), £4 19s. 9d. (double room) and £4 12s. 9d. (treble room) per week. This includes bed and breakfast only. In addition, a membership fee of 2 guineas a year and a returnable key deposit of £1 are payable.

Early application is advised. Forms may be obtained from the Controller.

Intercollegiate Halls of Residence for Women

These three halls of residence for women students are under the authority of the Halls of Residence Committee of the University of London. Only full-time students of the University are eligible for admission. An application form and information may be obtained from any one of the halls (a stamped addressed envelope must be sent with the enquiry), and the completed form should be sent to the hall of first choice by the end of March for admission the following October. There are occasional vacancies in the course of the academic year.

Canterbury Hall

Cartwright Gardens, W.C.1.

(Warden: Miss V. McCririck, M.A., L.R.A.M.)

Opened in November 1946, for 218 women students; accommodation is in 212 single and three double study-bedrooms, all with central heating; there are common rooms, a concert hall, chapel, library, games room and squash court. Fees for the thirty-week session: £201-£211 10s. 0d. (for breakfast and dinner, Monday to Friday and full board at weekends).

College Hall

Malet Street, W.C.1.

(Warden: Mrs. J. M. Witt, B.Sc.)

Opened in 1882 and transferred in 1932 to a new building in the University precinct; 220 residents are accommodated in 108 single and 56 double study-bedrooms, all with central heating and handbasins; there are common rooms, libraries, games room, studio and laundries. Fees for the thirty-week session: £196-£206 10s. 0d. Fees cover full board (except lunch from Monday to Friday).

Residential Accommodation

Nutford House

Brown Street, off George Street, W.1.

(Warden: Mrs. E. Osman, B.A.)

Opened in 1949 for 124 women students and since extended to take 190; accommodation is in 148 single rooms and 21 double rooms, most of them with some central heating; there are common rooms and laundries, a library and game room. Fees for the thirty-week session: £201 (single) and £192 (for share of double) Fees cover breakfast and dinner, Monday to Friday, and full board at weekends.

Residential Accommodation for Graduates

London House

Mecklenburgh Square, W.C.1.

London House has accommodation for 350 postgraduate men students from the overseas countries of the Commonwealth, the United Kingdom, former member countries of the British Commonwealth and the United States of America. It was established by the Dominion Students' Hall Trust.

Fees for residence (excluding meals) vary between £5 1s. 6d. and £5 5s. 0d. per week but there are a few shared rooms at cheaper rates. All meals are available in the Dining Hall (cafeteria system).

The House is close to three London Transport stations: King's Cross (Metropolitan and District Lines), Russell Square (Piccadilly Line), Chancery Lane (Central Line). It is within easy walking distance of the London School of Economics.

Application should be made direct to the Controller, London House, giving as much notice as possible.

William Goodenough House

(The Dominion Students' Hall Trust),

Mecklenburgh Square, W.C.1.

William Goodenough House accommodates 113 postgraduate women students from the British Commonwealth and the United States of America. In addition there are more than 59 self-contained flats for married students.

Fees, including breakfast, are from £4 7s. 9d. to £6 2s. 9d. per week. All other meals are available on a cafeteria system. The rooms are single study-bedrooms with central heating and with electric fires on a meter system. There are ample common rooms.

Application should be made, well in advance, to the Controller, William Goodenough House, Mecklenburgh Square, London, W.C.1.

Residential Accommodation

Lillian Penson Hall

Talbot Square, W.2.

(Warden: P. F. Vowles, M.A. Telephone: 01-262 2081)

Lillian Penson Hall, formerly a large hotel, is a hall of residence for postgraduate men and women students. It includes single and double study-bedrooms, each with private bathroom, telephone extension and central heating; there are also a few flats available for married couples without children. Meals may be bought in the dining room.

Fees cover the rent of rooms only and vary according to the accommodation provided. The rent for a single room is £25 0s. 0d. per month and for a double room £30 5s. 0d. There are some rooms with kitchens or cooking facilities at £35 10s. 0d. or £50 0s. 0d. and a few flats with double bedrooms, sitting room and kitchen at £60 0s. 0d.

Flats for Married Graduate Students

The School has 18 flatlets at 83 and 83a Anson Road and 73 Carleton Road, Tufnell Park, N.7, which are available for letting to married students of graduate status. The flats are self-contained and consist of either one room or two rooms, plus a kitchen and a bathroom. Rents at present vary between approximately £5 0s. 0d. and £8 0s. 0d. per week, including a hire charge for furniture. Applications for flatlets, for which there is generally a waiting list, should be made to the Assistant Bursar of the School.

Afsil House

Afsil Limited, a Housing Association formed by a number of London colleges including the School, provides a number of furnished flats for married graduate students at Afsil House, Saffron Hill, Holborn Viaduct, E.C.2, about ten minutes' walk from the School. Eight of these are reserved for students of the School. In allocating the flats preference is given to students from the British Commonwealth. Most of the flats are suitable for childless married couples only, but there are a few which could accommodate a couple with a small child. Most of the flats, which are self-contained, consist of a living room, bedroom, kitchen and bathroom. Rents, which include central heating and the hire of furniture, are about £7 10s. 0d. a week. Application for the flats should be made to the Assistant Bursar of the School.

Sir Sydney Caine, Eve V. Evans, L. Farrer-Brown, the Director, the Chairman of the Senior Common Room

Secretary, W. S. Collings

In July 1957 an Association of Friends of the London School of Economics was formed. Membership is open to all former students of the School, present and past members of the staff, present and past Governors and any other persons or organisations interested in the welfare of the School. The principal object of the Association is to raise funds to provide for the School amenities which are important to its daily life, but which it cannot afford, either because of shortage of money or because it would not be appropriate to expend public funds on their acquisition. Since its foundation the Association has made many gifts to the School, some valuable in themselves, such as the three Persian carpets provided for the Founders' Room and furniture for the common rooms at Carr-Saunders Hall and Passfield Hall, and others whose usefulness is far in excess of their cost, such as the furniture for the roof gardens. Donations and gifts in kind of such items as pictures, plate, glass and silver are welcomed.

The Deputy Secretary and Bursar of the School will gladly send particulars of the Association on application. The annual subscription is two guineas or one guinea if paid under a seven-year deed of covenant. New members are urgently needed.

Part III : Lecture Courses, Classes and Seminars

Part III of the Calendar groups courses according to subject, but regular students should understand that, beyond those which are restricted to certain students, they are at liberty to attend any course of lectures.

In this list of courses the following notation has been used:

1 B.Sc. (Econ.) degree. The title of the examination paper to which each course relates is given in *italics*, the number of a special subject in roman numerals, and the number of the paper in arabic numerals and letters of the alphabet; the relevant regulations are set out on pages 172-89 of the Calendar.

2 B.A./B.Sc. Sociology degree. The branch is indicated by I, II or III and the examination paper by arabic numerals and letters of the alphabet. The relevant regulations are set out on pages 207-9 of the Calendar.

3 M.Sc. The branch is indicated by roman numerals and the subject by arabic or small roman numerals. The title of each subject is also given in *italics* and the relevant regulations are set out on pages 238-48 of the Calendar.

General Introductory Courses

1 The Social Sciences: an Historical Introduction

Professor MacRae. Fifteen lectures, Michaelmas and Lent Terms.

Recommended for all first-year students.

2 Introduction to Quantitative Methods in the Social Sciences

Mr Steuer. Five lectures, Michaelmas Term.

Optional for B.Sc. (Econ.) Part I.

Development Administration

Development Administration

5 Introduction to Economic Analysis and Policy

Miss Nevitt. Michaelmas and Lent Terms.

For Dip. Development Admin.

Syllabus The national income: its measurement and composition. Structural changes in the course of growth. The organization of the use of resources. The operation of markets. Employment. The price level. Foreign trade. Government policies.

I Undergraduate Courses

INTRODUCTORY ECONOMICS

20 Introduction to Economics

Professor Wiles. Twenty lectures, Michaelmas and Lent Terms. For B.Sc. (Soc.) Branch III, 3 (first year); Dip. Soc. Admin. (first year and one-year); Overseas Option (one-year); Dip. Personnel Management; Special Course for Overseas Administrators; Dip. Development Admin.

Syllabus An introduction to economic analysis, with some illustrations of its application to various topics.

Recommended reading will be given as the lectures proceed.

20(a) Classes

Twelve fortnightly classes, Sessional.

21 Analysis of Contemporary Economics

Mr Steuer. Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part I, compulsory subject 1 a *Economics*; B.A. (Phil. and Econ.); B.A./B.Sc. (Soc.), Branch I, 6 (first year); B.Sc. (Geog.), C 51; B.Sc. (Soc. Anth.) Part II, 3 b.

Syllabus An introduction to the study of how economies work and how to appraise them. Emphasis will be placed on why the subject is set out the way it is. The lectures will provide enough coverage of traditional material to give students adequate preparation for more advanced courses.

Recommended reading will be given during the course. Standard introductory texts are:

R. G. Lipsey, *An Introduction to Positive Economics*; P. A. Samuelson, *Economics: An Introductory Analysis*; J. R. Hicks, *The Social Framework*.

21(a) Classes

Thirteen fortnightly classes, Sessional.

22 (i) Economic Facts in Search of Theories

Mr Townsend. Five lectures, Michaelmas Term.

For B.Sc. (Soc. Anth.) Part II, 3b; B.Sc. (Geog.) C 51. Optional for B.Sc. (Econ.) Part I; B.A. (Phil. and Econ.); B.A./B.Sc. (Soc.), Branch I, 6 (first year).

Description of course An introduction to economic institutions, structure and resources.

22 (ii) Some Applications of Elementary Economic Analysis

Mr Townsend. Ten lectures, Lent Term.

For B.Sc. (Soc. Anth.) Part II, 3b; B.Sc. (Geog.) C 51. Optional for B.Sc. (Econ.) Part I; B.A. (Phil. and Econ.); B.A./B.Sc. (Soc.), Branch I, 6 (first year).

22 (iii) Economics of Socialism

Professor Wiles and Mr Markowski. Six lectures, Lent and Summer Terms.

Optional for B.Sc. (Econ.) Part I; B.A./B.Sc. (Soc.), Branch I; B.A. (Phil. and Econ.) (first year).

23 Introduction to Mathematical Economics

Professor Hahn. Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part I, compulsory subject 1(b) *Introduction to Mathematical Economics*; B.Sc. (Maths.) Part I.

Syllabus An elementary treatment of basic principles of economics: the theory of markets and the actions of agents in these; simple monetary theory and macro-economic models. All formal propositions will be treated mathematically. This course covers roughly the material of Lipsey: positive economics using elementary mathematical tools.

Economics

Recommended reading R. G. Lipsey, *Introduction to Positive Economics*; R. G. D. Allen, *Mathematics for Economists* (selected chaps.).

23(a) Classes

Classes will be arranged.

24 Topics in Applied Economics

Professor Yamey. Eight lectures, Lent Term.

Restricted to Intermediate LL.B. students.

Syllabus The lectures will cover a selection of topics, including the following: 1 the joint stock company; 2 the labour market; 3 monopoly and restrictive business agreements; 4 the banking system.

25 The Structure of Industry

Mr Richardson. Ten lectures, Michaelmas Term.

For Dip. Personnel Management.

Syllabus A survey of the main characteristics of industrial structure and of the influences bearing on them.

Recommended reading D. Needham, *Economic Analysis and Industrial Structure*.

26 The Economics of the Labour Market

Mr Metcalf. Ten lectures, Lent Term.

For Dip. Personnel Management; optional for Dip. Soc. Admin. (second year and one-year).

Syllabus The forces that bear upon the fixing of rates of pay for particular jobs: custom, status, job evaluation, supply and demand, bargaining power. The movement of the general level of rates of pay in money; effects of full employment. National incomes policy. The economics of some institutional labour problems.

Recommended reading P. Ford, *The Economics of Collective Bargaining*; E. H. Phelps Brown, *The Economics of Labor*. Detailed reading will be given at the beginning of the course.

27 Economics

Mr Griffiths and Mrs Sharp. Twenty-eight lectures, Sessional.

For B.Sc. (Econ.) Part II: *Economics*, VI 1; VII 1; VIII 1; IX 1; XII 1; XIII 1; XIV 1; XV 1; XVI 1 (second year); B.A./B.Sc. (Soc.), Branch I, 6 and Branch II, 4 (section (i), second year; section (ii) first year); B.Sc. (Geog.) C 52.

Syllabus The workings of contemporary economies (with special reference to the United Kingdom): their institutions, processes and problems, and the application of elementary economic analysis to the study of these.

(i) Mr Griffiths. Twelve lectures, Michaelmas and Lent Terms.

National income; stabilization and its problems; the balance of payments. Economic growth.

(ii) Mrs Sharp. Sixteen lectures, Lent and Summer Terms.

Resource allocation: industrial structure. The price mechanism, planning, public and social policy.

27(a) Classes

Fifteen fortnightly classes for day students.

Evening classes will also be arranged.

An outline of the lecture course, class topics and a reading list will be distributed at the beginning of the course.

ECONOMICS FOR SPECIALISTS

28 Economic Principles and Problems of Applied Economics

Mr L. Harris will be in charge of arrangements for these courses.

(i) Micro-Economic Theory

Mr Gould. Twelve lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Economic Principles*, I 4; II 1a; III 4; IV 1; V 3;

Economics

X 1 and 2a; XI 1a; B.A. (Phil. and Econ.) (second year); M.Sc.: *The Economics of Regional and Urban Planning*, XIV 1; M.Sc.: *Accounting and Finance* (preliminary year).

Recommended reading Main texts: C. E. Ferguson, *Microeconomic Theory* or J. Hadar, *The Elementary Theory of Economic Behaviour* or K. J. Cohen and R. M. Cyert, *The Theory of the Firm*. Detailed reading will be given at the beginning of the course.

(i) (a) Classes

Ten classes, Michaelmas and Lent Terms.

(ii) Macro-Economic Theory

Mr L. Harris. Twelve lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Economic Principles*, I 4; II 1a; III 4; IV 1; V 3; X 1 and 2a; XI 1a; B.A. (Phil. and Econ.) (second year); M.Sc.: *The Economics of Regional and Urban Planning*, XIV 1; M.Sc.: *Accounting and Finance* (preliminary year).

Recommended reading D. C. Rowan, *Output, Inflation and Growth*; T. F. Dernburg and D. M. McDougall, *Macroeconomics*; M. G. Mueller (Ed.), *Readings in Macroeconomics*.

(ii) (a) Classes

Ten classes, Michaelmas and Lent Terms.

(iii) Quantitative Methods in Economics

Mr Miller. Five lectures, Lent Term.

For B.Sc. (Econ.) Part II: *Problems of Applied Economics*, I 5; II 6, III 5; IV 6, 7 and 8 b; V 4a; XI 5, 6 and 7 h (i); B.A. (Phil. and Econ.) (second year).

Recommended reading W. J. Baumol, *Economic Theory and Operations Analysis* (2nd edn.); W. T. Dowsett, *Elementary Mathematics in Economics* or G. Tintner, *Mathematics and Statistics for Economists*.

(iv) Problems in the Application of Micro-Economics

Mr L. Harris and Mr Richardson. Twelve lectures, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Problems of Applied Economics*, I 5; II 6; III 5; IV 6, 7 and 8b; V 4a; XI 5, 6 and 7h(i); B.A. (Phil. and Econ.) (second year).

Recommended reading will be given at the beginning of the course.

(v) Applied Macro-Economics

Mr Miller and Mr Jackman. Thirteen lectures, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Problems of Applied Economics*, I 5; II 6; III 5; IV 6, 7 and 8b; V 4a; XI 5, 6 and 7h(i); B.A. (Phil. and Econ.) (second year).

Recommended reading J. C. R. Dow, *The Management of the British Economy, 1945-60*.

(iv) (a) and (v) (a) Classes

Twenty-five classes, beginning in the sixth week of the Lent Term for second-year students and continuing in the Michaelmas Term for third-year students.

(vi) International Economics

Dr Hindley. Five lectures, Summer Term.

For B.Sc. (Econ.) Part II: *Economic Principles*, I 4; II 1a; III 4; IV 1; V 3; X 1 and 2a; XI 1a; B.A. (Phil. and Econ.) (second year).

29 Introduction to a Mathematical Treatment of Economics

Mr Henry. Ten lectures, Michaelmas Term.

Optional for B.Sc. (Econ.) Part II: *Economic Principles*, I 4; III 4; IV 1; V 3 (second year); B.A. (Phil. and Econ.) (second year).

Economics

Syllabus The course, which assumes no more than "O level" mathematics, is intended to help the general student of economics to understand the mathematical formulations used in economic theory. Functions and curves; demand, supply and elasticity; introduction to calculus; applications to the theory of the firm, the consumer and the market; simple difference equations.

Recommended reading G. J. Stigler, *The Theory of Price*; R. G. D. Allen, *Mathematical Analysis for Economists*; J. Parry Lewis, *An Introduction to Mathematics for Students of Economics*; R. G. Lipsey, *An Introduction to Positive Economics*; S. G. B. Henry, *Elementary Mathematical Economics*.

HISTORY OF ECONOMIC THOUGHT AND DEVELOPMENT OF ECONOMIC ANALYSIS

30 The History of Economic Thought

Lord Robbins. Twenty lectures, Michaelmas Term.

For B.Sc. (Econ.) Part II: *History of Economic Thought*, I 8c; III 8a; IV 6, 7 and 8c; VIII 3d (third year). Optional for B.A. (Phil. and Econ.) (third year). Useful for M.Sc.: *History of Economic Thought*, IV 4iii (preliminary year).

Syllabus The history of economic thought from Aristotle to the present day. Special attention will be paid to the period since 1776, including the monetary controversies of this period.

Robbins, *The Theory of Economic Policy in English Classical Political Economy*; Robert Torrens and the Evolution of Classical Economics; *The Theory of Economic Development in the History of Economic Thought*; T. W. Hutchison, *A Review of Economic Doctrines, 1870-1929*; Erich Schneider, *Einführung in die Wirtschaftstheorie*, Vol. IV, *Geschichte der Wirtschaftstheorie*, 1. Band.

A full guide to reading will be distributed at the beginning of the course.

30(a) Classes

Twenty classes, Michaelmas and Lent Terms.

31 The Development of Economic Analysis

For B.Sc. (Econ.) Part II: *Development of Economic Analysis*, I 7; II 3e (third year) and 5e (second year); IV 6, 7 and 8a. Useful for M.Sc.: *History of Economic Thought*, IV 4iii (preliminary year).

(i) Introduction to the Development of Economic Analysis
Dr Perlman. Six lectures, Summer Term (second year).

(ii) Micro-Economics
Professor Myint. Ten lectures, Michaelmas Term (third year).

(iii) Macro-Economics
Mr Henry. Ten lectures, Lent Term (third year).

Economics

(iv) Seminar

Professor Myint. Five meetings, Lent Term (third year).

Syllabus The course is designed to provide a survey of modern economic analysis from an historical and comparative point of view.

Recommended reading G. Ackley, *Macro-Economic Theory*; W. J. Baumol, *Economic Theory and Operations Analysis* (2nd edn.); M. Blaug, *Economic Theory in Retrospect*; K. J. Cohen and R. M. Cyert, *Theory of the Firm: Resource Allocation in a Market Economy*; J. R. Hicks, *Value and Capital* (2nd edn.); J. M. Keynes, *General Theory of Employment, Interest and Money*; A. Marshall, *Principles of Economics*; F. H. Hahn and R. C. O. Matthews, "The Theory of Economic Growth—A Survey" (*Surveys of Economic Theory*, Vol. 2, A.E.A.); M. G. Mueller (Ed.), *Readings in Macroeconomics*; D. Patinkin, *Money, Interest and Prices*.

31(a) Classes

Twenty classes, Michaelmas and Lent Terms (third year).

MATHEMATICAL ECONOMICS AND ECONOMETRICS

32 Economics Treated Mathematically

(i) Principles of Economics Treated Mathematically

Mr Kuska. Fifteen lectures, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Economics treated Mathematically*, I 8d; II 2a, IV 6, 7 and 8d; V 2f (second year); Dip. Stats.

Syllabus Consumer and producer theory, general equilibrium analysis, and some problems in comparative statics, efficiency and decentralization. Mainly calculus methods will be used.

Recommended reading J. M. Henderson and R. E. Quandt, *Microeconomic Theory*; J. Quirk and R. Saposnik, *Introduction to General Equilibrium Theory and Welfare Economics*; J. de V. Graaf,

Theoretical Welfare Economics; O. Lange, 'The Foundations of Welfare Economics' (*Econometrica*, July-October, 1942).

(ii) Topics in Mathematical Economics

Mr Kuska and Mr Glaister. Fifteen lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Economics treated Mathematically*, I 8d; II 7; IV 6, 7 and 8d; V 2f; X 1 and 2b; XI 2a (third year); Dip. Stats.

Syllabus Theory of income determination, simple growth and trade cycle models. A more advanced treatment of the theory of maximizing behaviour of economic agents primarily using point-set methods.

Recommended reading R. G. D. Allen, *Mathematical Economics*; R. G. D. Allen, *Macro-Economic Theory*; J. Quirk and R. Saposnik, *Introduction to General Equilibrium Theory and Welfare Economics*; K. J. Lancaster, *Mathematical Economics*; T. Koopmans, *Three Essays on the State of Economic Science*, Essay I; G. Debreu, *The Theory of Value, an Axiomatic Approach*; P. Newman, *The Theory of Exchange*.

(iii) Mathematical Programming

See Course No. 951.

32(a) Classes

Classes will be arranged.

33 Econometrics

For B.Sc. (Econ.) Part II: *Econometrics*, II 8; X 6 and 7e; B.Sc. (Maths.) 5-8f (third year).

(Note: It will be assumed that students attending this course either have taken Elementary Statistical Theory at Part I or are taking Elements of Statistical Theory and Methods at Part II.)

(i) Econometric Methods

Mr Tymes. Fifteen lectures, Michaelmas and Lent Terms.

Syllabus Statistical estimation and testing of economic theories. Special problems of

Economics

statistical inference arising from simultaneous relations, distributed time lags and autocorrelated disturbances.

Recommended reading J. Johnston, *Econometric Methods*; A. S. Goldberger, *Econometric Theory*.

(i) (a) Classes

Fifteen classes, Michaelmas and Lent Terms.

(ii) Applied Econometrics

Dr Desai. Ten lectures, Lent Term.

Syllabus A study of representative books and articles in which statistical methods have been used for investigating economic relations.

Recommended reading R. Stone, "Linear Expenditure Systems and Demand Analysis" (*The Economic Journal*, September, 1954); E. Malinvaud, "The Consumption Function—An Econometric Problem" (*Statistical Methods in Econometrics*, chap. IV, pp. 102–138); R. Solow, "Investment and Technical Progress" in K. J. Arrow, S. Karlin and P. Suppes (Eds.), *Mathematical Methods in the Social Sciences* (1959); G. Chow, "Multiplier, Accelerator and Liquidity Preference in the Determination of National Income in the U.S." (*Review of Economics and Statistics*, Feb. 1967); G. Fromm and L. R. Klein, "The New National Econometric Model" (*The American Economic Review*, May 1965, pp. 348–361); D. W. Jorgenson, "Capital Theory and Investment Behaviour" (*A.E.R.*, 1963); K. J. Arrow *et al.*, "Capital Labour Substitution and Economic Efficiency" (*R.E. Stat.*, 1961); R. Solow, "Technical Change and the Aggregate Production Function" (*R.E. Stat.*, 1957).

(ii) (a) Classes

Ten classes, Lent Term.

34 Mathematical Economics I:

Professor Gorman and Professor Hahn. (i) Thirty lectures, Sessional, for second-year students. (ii) Ten

lectures in 1970–71, for third-year students.

For B.Sc. (Econ.) Part II: *Mathematical Economics I*, II 1b; X 1 and 2a (ii); XI 1b; B.Sc. (Maths.) Part II: 5, 6, 7 and 8i.

Syllabus Maximizing behaviour (the Kuhn-Tucker theorem). Production sets, cost functions, profit functions, the substitution theorem, pareto-efficiency, consumer theory including intertemporal choice and uncertainty, and portfolio selection. Application of all these topics to various problems including pure theory of international trade and welfare economics. Keynesian general equilibrium and simple growth theory.

Recommended reading J. P. Quirk and R. Saposnik, *Introduction to General Equilibrium Analysis*; K. J. Lancaster, *Mathematical Economics*; D. Gale, *Linear Economic Models*.

34(a) Classes

Classes will be arranged.

35 Mathematical Economics II: Special Topics

For B.Sc. (Econ.) Part II: *Mathematical Economics II*, II 2b; X 1 and 2b; XI 2a; B.Sc. (Maths.) Part II: 5, 6, 7 and 8j.

Syllabus Duality aggregation and related topics: cost and related functions. Aggregation theory including separable utility. Economic application. Optimal growth and control: Pontryagin's maximum principle. Economic applications. Decision theory: objective and subjective probability. Utility Bayesian and minimax principles. Economic applications.

INDUSTRY AND TRADE

36 Economics of Industry and Trade

Professor Yamey and Mr Townsend. Thirty lectures, beginning in the Lent Term for second-year students and extending over four terms.

For B.Sc. (Econ.) Part II: *Industry and Trade*, IV 5; V 4b; XI 5, 6 and 7h(ii) (second and third years).

Economics

Part I The Structure of Industry

Eighteen lectures.

Syllabus 1 Vertical integration: economic implications in various market situations. 2 Size of firms: economies and diseconomies of scale; empirical investigation of optimal scale. 3 Conditions of entry: "barriers" to entry; implications of barriers. 4 Concentration: the concentration ratio; concentration and market power; concentration, size of market, and growth of market. 5 Specialization and diversification. 6 Industrial structure and economic performance: price and non-price competition; prices; profits; innovation. 7 Economics of mergers. A detailed outline and reading list will be given at the beginning of this part of the course.

Part II A Selection of Topics relating to Particular Industries, Markets and Public Policy Measures

Twelve lectures.

A list of topics will be given at the beginning of this part of the course.

36(a) Classes

Twenty classes, beginning in the Summer Term of the second year and continuing in the Michaelmas Term of the third year.

37 Economics of Public Enterprise

Mr Foldes and Mrs Sharp. Ten lectures, Lent Term.

For B.Sc. (Econ.) Part II: *Business Administration*, IV 4; V 2b; *Industry and Trade*, IV 5; V 4b; XI 5, 6 and 7h(ii) (third year).

Syllabus The special problems of Government-owned and Government-controlled enterprises, including control by Parliament and Government, methods of organization, control of competition and the determination of investment, output and prices.

Recommended reading On Pricing and Investment: G. Dessus, "The General Principles of Rate-fixing in Public

II Graduate Courses

(A) M.Sc. in Economics

ECONOMIC THEORY I AND II AND METHODS OF ECONOMIC INVESTIGATION

55 Preliminary-Year Mathematics for Economists

Mr Wymer. Sessional.

For M.Sc.: *Economic Theory I and II*, IV 1 and 2; *Methods of Economic Investigation*, IV 3 (preliminary year).

Description of course The course will cover elements of differential calculus, determinants, the mathematical methods of comparative statics, and an introduction to matrix algebra.

Recommended reading G. Hadley, *Linear Algebra*; R. G. D. Allen, *Mathematical Analysis for Economists*; A. Kooros, *Elements of Mathematical Economics*.

55(a) Classes

Sessional.

56 Preliminary-Year Statistics for Economists

Mr J. J. Thomas. Sessional.

For M.Sc.: *Economic Theory I and II*, IV 1 and 2; *Methods of Economic Investigation*, IV 3 (preliminary year).

Description of course Section I: Introduction, probability theory, frequency distributions. The binomial and normal distributions. Sampling theory. Estimation and hypothesis testing. Section II: Correlation analysis. Simple linear regression. Multiple regression analysis. Time-series problems.

Economics

Recommended reading P. G. Hoel, *Elementary Statistics*; J. Johnstone, *Econometric Methods*, chaps. 1-4.
FURTHER READING: A. M. Mood and F. A. Graybill, *Introduction to the Theory of Statistics*.

56(a) Classes
Sessional.

57 Preliminary-Year Micro-Economics

Dr Perlman. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economic Theory II*, IV 2 (preliminary year).

Reading Those students who have not studied economics before should ensure before taking this course that they are thoroughly acquainted with R. G. Lipsey, *An Introduction to Positive Economics*, (2nd edn., parts 1-5). G. J. Stigler, *Theory of Price* (3rd edn.) and W. J. Baumol, *Economic Theory and Operations Analysis*, (2nd edn.), are good general texts.

57(a) Classes
Eighteen classes, Sessional.

58 Preliminary-Year Macro-Economics

Mr Griffiths. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economic Theory I*, IV 1 (preliminary year).

Reading Those students who have not studied economics before should ensure before taking this course that they are thoroughly acquainted with R. G. Lipsey, *An Introduction to Positive Economics*, (2nd edn., part 1 and parts 6-10). The main content of the course is to be found in T. F. Dernburg and D. M. McDougall, *Macro-Economics*, and G. Ackley, *Macro-Economic Theory*.

58(a) Classes
Eighteen classes, Sessional.

59 Final-Year Mathematics for Economists.

Mr Kuska. Twenty lectures, September, 1969.

For M.Sc.: *Economic Theory I and II*, IV 1 and 2; *Methods of Economic Investigation*, IV 3 (final year).

Description of course The course will cover the following topics: an introduction to matrix algebra, partial differentiation, differentials, determinants, maximization and minimization, and the mathematical methods of comparative statics.

Reading Essential preliminary reading: a treatment of the differential calculus of one variable. Suitable expositions may be found in one of the following: T. Yamane, *Mathematics for Economists*, chaps. 1, 2 and 3 or A. Kooros, *Elements of Mathematical Economics*, chaps. 1-5 or R. G. D. Allen, *Mathematical Analysis for Economists*, chaps. 1-10. Course reading: T. Yamane, *op. cit.*, chaps. 4, 5, 10, 11 and section 12.4 of chap. 12 or A. Kooros, *op. cit.*, chaps. 6, 7, 11 and 12 or R. G. D. Allen, *op. cit.*, chaps. 11-14 and 17-19; and C. F. Christ, *Econometric Models and Methods*, chap. 3.

59(a) Classes
Ten classes, September, 1969.

60 Statistical Theory for Economists

Mr J. J. Thomas. Twenty lectures, September, 1969.

For M.Sc.: *Economic Theory I and II*, IV 1 and 2; *Methods of Economic Investigation*, IV 3 (final year).

Description of course Section I: Introduction, probability theory, frequency distributions. The binomial and normal distributions. Sampling theory. Estimation and hypothesis testing. Section II: Correlation analysis. Simple linear regression. Multiple regression analysis. Time-series problems.

Reading For Section I: J. E. Freund and F. J. Williams, *Modern Business Statistics* or P. G. Hoel, *Elementary Statistics*.

Economics

60(a) Classes
Ten classes, September, 1969.

61 Final-Year Micro-Economics
Professor Walters. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economic Theory II*, IV 2 (final year).

Description of course 1 Demand and supply curves - derivation, use and interpretation, and empirical evidence. Derived demands and elasticity laws, measurements of the value of exchange. 2 Utility and household behaviour - properties of utility functions and inter-temporal problems. Risk and utility. The permanent income hypothesis. 3 Production, technology and costs - feasible sets, the efficient frontier and the production function. Technical progress. Monopoly, oligopoly and imperfect competition. 4 Distribution and allocation - marginal productivity and the theory of wages. Monopsony.

Selected reading M. Friedman, *Price Theory - A Provisional Text*; J. R. Hicks, *Value and Capital*; G. J. Stigler, *The Theory of Price* (3rd edn.).

62 Final-Year Macro-Economics
Professor H. G. Johnson. Forty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economic Theory I*, IV 1 (final year).

Description of course A. Macro-economics. The simple Keynesian model of income-determination. The theory of economic policy. The consumption function. The theory of investment. Business cycles. Problems of stabilization policy. Models of economic growth. Keynesian theory *versus* quantity theory. B. Monetary Theory. The classical quantity theory. The Keynesian theory of money. The demand for money and liquidity. Quantity theory, portfolio balance, and inventory-theoretic approaches. The supply of money and monetary policy. Financial intermediation. Money

and general equilibrium theory. Inflation theory. Money in growth models. The monetary standard and international monetary arrangements.

Selected reading J. M. Keynes, *The General Theory of Employment, Interest and Money*; D. Patinkin, *Money, Interest and Prices* (2nd edn.); J. G. Gurley and E. S. Shaw, *Money in a Theory of Finance*; M. J. Bailey, *National Income and the Price Level*; W. T. Newlyn, *Theory of Money*; H. G. Johnson, *Essays in Monetary Economics*; R. S. Thorn (Ed.), *Monetary Theory and Policy*.

62(a) Classes
Five classes will be arranged.

63 Methods of Economic Investigation

Forty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Methods of Economic Investigation*, IV 3 (final year).

Description of course The purpose of this course is to present the more frequently used techniques of empirical investigation in economics. In addition to the methods employed, it illustrates the advantages and difficulties involved in their application.

(i) Introduction to Econometrics
Dr Wallis.

Recommended reading C. F. Christ, *Econometric Models and Methods*.

(ii) Case Studies
Mr Steuer and Dr Desai.

Recommended reading A detailed list of empirical articles will be given at the beginning of the course.

63(a) Classes
Weekly classes will be arranged.

ADVANCED ECONOMIC THEORY I: Theory of Economic Growth

ADVANCED ECONOMIC THEORY II: Linear Economic Models

64 Theory of Economic Growth

Dr Ozga. Thirty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Advanced Economic Theory I*, IV 4 (i) (final year).

Description of course General properties of one-sector and two-sector models of economic growth. The characteristics of their paths of steady growth and the conditions of their convergence onto those paths. The concepts and the analysis of embodied and disembodied technical progress. Dynamic Leontief models and Von Neumann model.

65 Linear Economic Models

Dr Ozga. Thirty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Advanced Economic Theory II*, IV 4 (ii) (final year).

Description of course An introduction to linear programming, input-output and games theory. Dynamic production models and the Von Neumann model. Application of activity analysis to economic theory.

66 Turnpike Theorem and Related Topics

Mr Kuska. Six lectures, Summer Term.

For M.Sc.: *Advanced Economic Theory I and II*, IV 4 (i) and (ii) (final year).

Description of course The concepts and the analysis of efficient and optimal programmes of capital accumulation. Formulation and proof of the Turnpike Theorem.

66(a) Classes

Ten classes will be arranged in conjunction with the above courses.

HISTORY OF ECONOMIC THOUGHT

67 History of Economic Thought

Dr Devletoglou. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *History of Economic Thought*, IV 4(iii); VI 4(v) (final year).

Description of course The emphasis of this course is on the Development of Economic Analysis: its relation to policy issues and its methodological and philosophical underpinnings. Particular consideration is given to classical and post-classical development.

Selected reading O. H. Taylor, *A History of Economic Thought*; J. A. Schumpeter, *The History of Economic Analysis*.

67(a) Classes

Classes will be arranged.

THEORY OF COMPARATIVE COST AND COMMERCIAL POLICY INTERNATIONAL MONETARY ECONOMICS

68 The Theory of Commercial Policy

Professor H. G. Johnson. Ten lectures, Lent Term.

For M.Sc.: *Theory of Comparative Cost and Commercial Policy*, IV 4(iv) (final year).

Description of course The theory of the optimum tariff and tariff retaliation. Tariffs, the terms of trade and the distribution of income. The cost of protection. Distortions of competition and the case for protection; the infant industry argument for protection. The theory of tariff structure and effective protection. The theory of tariff bargaining. The theory of customs unions and preferential trading arrangements.

THEORY OF OPTIMAL DECISIONS

72 Theory of Optimal Decisions

Mr Foldes. Thirty lectures, Sessional.

For M.Sc.: *Theory of Optimal Decisions*, IV 4(v) (final year).

Description of course Decision models for individuals and governments, emphasising conceptual problems rather than mathematical or computational methods. Some of the following topics will be selected for detailed discussion (taking into account the special interests of participants): Programming, duality and shadow prices, decentralization. Dynamic models. Uncertainty, subjective and objective probability, inverse probability, cardinal utility, Bayes and minimax decision functions. Optimality and equilibrium in games. Team decision problems, information structure, and decentralization under uncertainty. Various applications to problems of business and public policy.

Recommended reading Selected parts of the following: W. Baumol, *Economic Analysis and Operations Research*; P. Massé, *Optimal Investment Decisions*; T. C. Koopmans, *Three Essays on the State of Economic Science* (first essay); J. Tinbergen, *Economic Policy: Principles and Design*; R. D. Luce and H. Raiffa,

Games and Decisions; H. Chernoff and L. E. Moses, *Elementary Decision Theory*; T. C. Schelling, *The Strategy of Conflict*.

72(a) Classes

Ten classes, Michaelmas and Lent Terms.

LABOUR ECONOMICS

73 Labour Economics

Dr Primorac. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Labour Economics*, IV 4(vi); VIII 2(i) (final year) and other graduate students.

Description of course The analysis of the demand for and supply of labour in particular employments. The analysis of collective bargaining: monopoly power and bargaining power of combinations of employers and of employees; theory of bargaining. The pay structure. The allocative function of differentials and of changes in differentials between industries and between occupations. Minimum wage legislation. The size and composition of the labour force. Hours of work. Labour mobility. Unemployment. Some problems of wage policy and labour market policy under full employment. Types of theory of the share of labour in the national product. The distribution of the national product in the course of economic growth; effects of technical innovation and of the accumulation of capital on the share of labour.

Professor Walters and Mr. Miller. Ten meetings of one-and-a-half hours, Michaelmas and Lent Terms.

For M.Sc.: *Analysis of Monetary Institutions and Monetary Theory*, IV 4(viii) (final year).

ECONOMICS OF PUBLIC ENTERPRISE

In the session 1969–70 no graduate courses will be provided for M.Sc.: *Economics of Public Enterprise*, IV 4(ix).

ECONOMICS OF TRANSPORT

78 Seminar in Transport Economics

Mr Thomson. Fortnightly, Sessional. For M.Sc.: *Economics of Transport*, IV 4(x).

PUBLIC FINANCE

In the session 1969–70 no graduate courses will be provided for M.Sc.: *Public Finance*, IV 4(xi).

ECONOMICS OF INDUSTRY

81 Economics of Industry

Professor Yamey. Thirty lectures, Sessional.

For M.Sc.: *Economics of Industry*, I 2; IV 4 (xii) (final year).

Description of course 1 Analysis of the structure of industries: size-distribution of plants and firms; concentration; vertical integration; specialization and diversification; conditions of new entry. 2 Expansion and contraction of industries and changes in their structure; changes in concentration, market shares and ranks, vertical integration, and specialization and diversification. The process of structural

Economics

change: entry, exit and mergers. 3 The economics of innovation in industry. 4 The relation between industrial structure, forms of competitive behaviour, and economic performance. 5 Public policy in relation to the structure and performance of industries (selection of topics).

Selected reading R. E. Caves (Ed.), *Britain's Economic Prospects*, chap. 7; J. S. Bain, *Barriers to New Competition*; R. Evely and I. M. D. Little, *Concentration in British Industry*; P. W. MacAvoy, *Price Formation in Natural Gas Fields*; G. Maxcy and Z. A. Silberston, *The Motor Industry* (esp. chap. 6); National Bureau of Economic Research (Universities—National Bureau Committee), *Business Concentration and Price Policy* (papers by Smith, Friedman, Rosenbluth and Adelman); G. J. Stigler, *Capital and Rates of Return in Manufacturing Industries*, chap. 3.

81(a) Classes

Ten classes, Lent and Summer Terms.

82 Economic Aspects of the Joint Stock Company

Dr Hindley. Ten lectures, Lent Term.

For M.Sc.: *Economics of Industry*, IV 4(xii) (final year).

Description of course 1 Theories of corporate behaviour designed primarily to illuminate the relations between companies and their economic environment. 2 Theories relating to the internal organisation and operation of companies.

ECONOMICS OF POOR COUNTRIES AND THEIR DEVELOPMENT

83 The Economics of Poor Countries and their Development

Professor Bauer and Professor Myint. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economics of Poor Countries and their Development*, III 3(iii); IV 4(xiii) (final year); Dip. Development Admin.;

Dip. Soc. Admin. overseas option (one-year).

Description of course The relevance and limitations of economics. Characteristics of poor economies. Issues of concept and measurement. The vicious circle of poverty. Aspects of change. Varying degrees of integration between different markets and between different sectors of the economy. Balanced and unbalanced growth. International trade and development. Fiscal and monetary problems of development. Some specific issues of policy.

Recommended reading A. N. Agarwala and S. P. Singh, *The Economics of Underdevelopment*; *P. T. Bauer and B. S. Yamey, *The Economics of Underdeveloped Countries*; *H. G. Johnson, *Economic Policies Toward Less Developed Countries*; *S. Kuznets, *Modern Economic Growth: Rate, Structure and Spread*; *W. A. Lewis, *Development Planning*; A. I. MacBean, *Export Instability and Economic Development*; G. M. Meier, *Leading Issues in Development Economics*; *H. Myint, *The Economics of the Developing Countries*; A. R. Prest, *Public Finance in Underdeveloped Countries*; T. W. Schultz, *Transforming Traditional Agriculture*.

Starred items are basic reading. Further references will be given during the course.

83(a) Classes

Ten classes, Michaelmas and Lent Terms.

For M.Sc. students only.

84 Seminar on the Economics of Poor Countries

Professor Bauer and Professor Myint. Michaelmas and Lent Terms, in conjunction with Course No. 83. Admission will normally be restricted to graduate students working in this field and will be by permission of Professor Bauer or Professor Myint, to whom application should be made in writing.

Economics

85 Surplus Labour in Poor Countries

Dr Mazumdar. Five lectures, Michaelmas Term.

For M.Sc.: *Economics of Poor Countries and their Development*, III 3(iii); IV 4(xiii) (final year); Dip. Development Admin.; Special Course for Overseas Administrators. Optional for M.Sc.: *Economic Problems of the Communist World I and II*, IV 4(xvi) and (xvii) (final year).

Description of course The course will examine the theory of disguised unemployment and the empirical evidence bearing on it. The problem of evaluating the "shadow wage" will be discussed.

85(a) Classes

Five classes, Michaelmas Term.

86 Economic Problems of Public Investment and Planning in Underdeveloped Countries

Dr Mazumdar. Ten lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economics of Poor Countries and their Development*, III 3(iii); IV 4(xiii) (final year); Dip. Development Admin.; Special Course for Overseas Administrators. Optional for M.Sc.: *Economic Problems of the Communist World I and II*, IV 4(xvi) and (xvii) (final year).

Description of course The course will examine theoretical problems relating to the formulation of investment programmes in underdeveloped countries. It will outline a method of project appraisal relevant to the economic conditions of these countries and relate it to the problems of macro-economic planning. Aspects of planning strategy will be covered: e.g. the theory of the choice of techniques; principles of allocation of investment between producer goods and consumer goods industries, and the problem of import substitution.

86(a) Classes

Ten classes, Michaelmas and Lent Terms.

AGRICULTURAL ECONOMICS

87 Economics of Agricultural Production

Dr Josling. Five lectures, Michaelmas Term.

For M.Sc.: *Agricultural Economics*, IV 4(xiv) (final year).

Description of course The course will include a survey of resource allocation concepts as employed in the literature, and an evaluation of functional and normative analysis of agricultural production.

Selected reading E. O. Heady, *The Economics of Agricultural Production and Resource Use*; E. O. Heady and J. Dillon, *Agricultural Production Functions*; Z. Griliches, "Research Expenditures, Education and the Aggregate Agricultural Production Function" (*The American Economic Review*, December, 1964). Further references will be given at the beginning of the course.

87(a) Classes

Three classes, Michaelmas Term.

88 Agricultural Marketing

Mr Metcalf. Ten lectures and ten classes, Lent Term.

For M.Sc.: *Agricultural Economics*, IV 4(xiv) (final year).

Description of course The course will be divided into two parts:

(a) Factor Markets. The markets for fertilizers, agricultural machinery and labour will be analysed, including econometric analyses of the demand for these inputs.

(b) Product Markets. The following concepts will be studied: workable competition; the relationship between industry structure, firm conduct and market performance; vertical integration; co-operatives; marketing boards; bargaining power; transportation.

Selected reading (a) E. O. Heady and L. Tweeten, *Resource Structure and the Demand for Inputs*; (b) P. L. Farris (Ed.), *Market Structure Research*.

Economics

88(a) Classes

Ten classes, Lent Term.

89 Agricultural Policy in an Industrial Setting

Dr Josling. Ten lectures, Lent Term.

For M.Sc.: *Agricultural Economics*, IV 4(xiv) (final year).

Description of course The course will consider the place of agriculture in industrial economies, the formation and objectives of agricultural policy, the effects of agricultural policy on income distribution and asset creation, and the sources of conflict between trade and domestic policy objectives. Attention will also be given to the effect on agriculture of general economic policy measures.

Selected reading D. E. Hathaway, *Government and Agriculture*; G. McCrone, *The Economics of Subsidising Agriculture*; D. G. Johnson, "Agriculture and Foreign Economic Policy" (*Journal of Farm Economics*, 1964). Further references will be given at the beginning of the course.

89(a) Classes

Five classes, Lent Term.

90 Seminar in Agricultural Economics

Mr Metcalf and Dr Josling. Sessional.

For M.Sc.: *Agricultural Economics*, IV 4(xiv) (final year).

ECONOMIC ASPECTS OF ACCOUNTING

The courses for M.Sc.: *Economic Aspects of Accounting*, IV 4(xv) are listed in the section on Accounting and Finance.

ECONOMIC PROBLEMS OF THE COMMUNIST WORLD I: Soviet Economic Structure

ECONOMIC PROBLEMS OF THE COMMUNIST WORLD II: Techniques in Normative and Indicative Planning

91 Soviet Economic Structure

Professor Wiles. Thirty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economic Problems of the Communist World I: Soviet Economic Structure*, IV 4(xvi) (final year). Also suitable for undergraduates.

Description of course The changing institutional framework and mechanisms of the economy, 1917-64: their intellectual origins; the actual performance of the economy.

Recommended reading A. Nove, *The Soviet Economy*, 2nd edn.; K. Marx, *Value* (sometimes written "Wages"), *Price and Profit*; P. J. D. Wiles, *The Political Economy of Communism*; H. Schwartz, *Russia's Soviet Economy*, 2nd edn.; *Political Economy* (the official Soviet textbook); for other references see the bibliography in Nove, *op. cit.*

92 Introduction to National Planning

Mr. Markowski and Professor Wiles. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *The Economics of Poor Countries and their Development*, IV 4(xiii); *Economic Problems of the Communist World I and II*, IV 4(xvi) and (xvii). Also suitable for undergraduates.

Description of course The general theory of planning: in France, in the U.K. war economy; in U.S.S.R.; in India.

Recommended reading B. Gross (Ed.), *Action Under Planning*; J. Tinbergen, *Central Planning*; P. J. D. Wiles, *The Political Economy of Communism*; P. Bauchet, *Economic Planning, The French Experience*; J. E. Meade, *Planning and the Price Mechanism*.

Economics

Further reading will be given during the course.

93 Techniques in Normative and Indicative Planning

Dr Zauberman. Thirty lectures, Lent and Summer Terms.

For M.Sc.: *Economic Problems of the Communist World II*, IV 4(xvii) (final year); optional for M.Sc.: *Economics of Poor Countries and their Development*, IV 4(xiii) (final year).

Description of course This course will deal with techniques and tools in both normative and indicative planning.

I *Consistency checking techniques*

1 Material balances. 2 Formalized intersectoral consistency instruments. (a) Static Leontief-type system as a planning tool. (b) Dynamic Leontief-type system as a planning instrument; some simplified and quasi-dynamic instruments.

II *Optimization techniques*

1 Traditional techniques. 2 Formalized techniques. (a) Macro-production function in planning. Linear programming. Experiments with simpler models of nonlinear programming. (b) Some models of dynamic planning. Bellman (optimal principle) type of models. "Dynamic planning" models of the Kantorovich school. Plan models based on the Pontryagin (maximum principle) construct.

III *Problems of dimensions (other than time)*

1 Methods of aggregation in traditional planning. Formalized aggregation. Leontief (1967) model of "reduction".

2 Methods of decomposition employed in planning. The Dantzig-Wolfe construct; experiments with game-theoretic Brown-Robinson and "naive" methods.

IV *Objective function in formalized planning*
Time horizon reconsidered in the context.

V *Value parameters in planning*

1 Price parameter under centralized and decentralized regimes. 2 Time-discount and investment-efficiency norm in planning (West and East).

VI *Planning under uncertainty*

1 Stochastic versus deterministic approach in planning. The Tintner-Sengupta "active" and "passive" and the chance-

constrained Charnes-type approaches. 2 Some simple probabilistic techniques adopted in plan-programming.

VII Outline and interpretation of some formalized plan models designed and employed or experimented with in West and East, in particular models:

(a) Norwegian; (b) French; (c) Hungarian; (d) Soviet; (e) British; (f) Indian, 1967.

Recommended reading A. Zauberman, *Aspects of Planometrics* (1967) and literature referred to there—as introduction.

94 Problems of Planning Techniques (Seminar)

Dr Mazumdar, Professor Wiles and Dr Zauberman. Sessional, beginning in the sixth week of the Michaelmas Term. Attendance is by permission of Dr Mazumdar.

For M.Sc.: *Economic Problems of the Communist World I and II*, IV 4 (xvi) and (xvii) (final year). Optional for M.Sc.: *Economics of Poor Countries and their Development*, IV 4(xiii) (final year).

95 Economic Problems of the Communist World (Seminar)

Professor Wiles and Dr Zauberman. Sessional.

For M.Sc.: *Economic Problems of the Communist World I and II*, IV 4(xvi) and (xvii). Admission by permission of Professor Wiles or Dr Zauberman.

ECONOMICS OF EDUCATION AND HUMAN CAPITAL

96 Economics of Education

Mr Layard. Ten lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economics of Education and Human Capital*, IV 4(xix); *Educational Statistics*, XXI 8. Optional for M.Sc.: *Labour Economics*, IV 4(vi); VIII 2(i); *Public Finance*, IV 4(xi); *Economics of Poor Countries and their Development*, IV 4(xiii); B.Sc. (Econ.) Part II, *Public*

Economics

Finance, I 3d and 8e; III 3j and 8d; *Labour, including Elements of Labour Law*, IV 6, 7 and 8e (third year).

Syllabus Education as a social and private investment: the rate-of-return approach, using salary differentials, the production function approach, using time series or international comparisons of input and output. Educational planning: the manpower approach (using rate-of-return analysis and/or manpower forecasting) *versus* the approach based on forecasting the private demand for education. The relationship between these methods. The financing of education: public *versus* private finance (e.g. with loans), public *versus* private provision (e.g. with vouchers). The productivity of educational institutions. The economics of brain drain.

Recommended reading M. Blaug (Ed.), *Penguin Modern Economics Readings, Economics of Education 1 and 2*; G. S. Becker, *Human Capital*; O.E.C.D., *The Residual Factor and Economic Growth*; R. G. Hollister, "The Economics of Manpower Forecasting" (*International Labour Review*, 1964); P. R. G. Layard and J. C. Saigal, "Educational and Occupational Characteristics of Manpower: An International Comparison" (*British Journal of Industrial Relations*, July 1966); M. Johnson, "Some Economic Aspects of Brain Drain" (*Pakistan Development Review*, Autumn 1967).

97 Workshop in the Economics of Education

Mr Layard. Fortnightly, Sessional. For M.Sc.: *Economics of Education and Human Capital*, IV 4(xix); *Manpower Planning*, VIII 2(vi). This workshop will proceed systematically through the advanced literature in the subject. Admission by permission of Mr Layard.

98 The Economics of Human Capital

Mr Richardson. Ten lectures, Michaelmas and Lent Terms.

For M.Sc.: *Economics of Education and Human Capital*, IV 4(xix). Optional for M.Sc.: *Labour Economics*, IV 4(vi); VIII 2(i).

Description of course The usage of the concept of human capital in the history of economics. Some aspects of the general theory of investment, in particular, the problems of assessing the profitability of alternative investments. The modification of this general theory to suit the immediate needs of human capital problems (e.g. education and training, human capital and the income distribution, labour mobility, the economics of information and the economics of certain health problems).

Recommended reading will be given at the beginning of the course.

99 Economics of Research and Development

Professor H. G. Johnson. Four lectures, Lent Term.

For M.Sc.: *Economics of Education and Human Capital*, IV 4(xix). Optional for M.Sc.: *Labour Economics*, IV 4(vi); VIII 2(i).

Description of course Knowledge as a factor of production in a generalized capital-theoretic approach. Welfare problems in the provision of productive knowledge in a competitive system. The problem of basic as distinguished from applied research. Problems of university research and of government science policy. Optimality rules for investment in the production of knowledge. Knowledge as a consumption good.

Recommended reading will be available at the beginning of the session.

Economics

(B) M.Sc. in Econometrics

100 Seminar in Quantitative Economics

Professor Gorman, Professor Sargan and others. Sessional.

For M.Sc.: *Quantitative Economics, I and II*, V 1 and 2(i) and (ii).

Description of course Papers will cover recent work in quantitative economics, the econometric models and methodology used, and an economic interpretation of the results.

Recommended reading S. J. Prais and E. S. Houthakker, *Analysis of Family Budgets*; M. Friedman, *The Consumption Function*; C. Christ, *Measurement in Economics*; R. Stone, *A Programme for Growth*, Vols. 1-5; N.B.E.R., *Models of Income Determination*; J. S. Duesenberry, G. Fromm, L. R. Klein, E. Kuh, *The Brookings-S.S.R.C. Quarterly Econometric Model of the U.S. Economy*.

101 Econometric Methodology for Quantitative Economics

Professor Sargan. Ten lectures, Michaelmas Term.

For M.Sc.: *Quantitative Economics I*, V 1 and 2(i).

Description of course More applied aspects of econometric methods. Dummy variables. Demographic variables. Instrumental variables with applications to permanent income hypothesis. Simultaneous equations systems with applications to production functions. Extraneous estimators and the combination of several samples. Covariance analysis.

Recommended reading as for Course No. 100.

102 Aggregation in Economics and Econometric Models

Professor Gorman. Five lectures, Lent Term.

For M.Sc.: *Quantitative Economics II*, V 1 and 2(ii).

103 Advanced Mathematical Economics

Professor Gorman and Professor Hahn. Fifty lectures, Sessional.

For M.Sc.: *Advanced Mathematical Economics I and II*, V 2(v) and (vi).

Syllabus 1 Theory of growth and optimal growth. 2 Some problems of general equilibrium analysis. 3 Duality and its application.

Students will be expected to be familiar with the work for the undergraduate paper Mathematical Economics I.

104 Seminar in Mathematical Economics

Professor Hahn and Professor Gorman. Fortnightly, Sessional.

For M.Sc.: *Advanced Mathematical Economics I and II*, V 2(v) and (vi).

105 Econometric Theory

Professor Sargan. Twenty-five lectures, Sessional.

For M.Sc.: *Econometric Theory I and II*, V 2(iii) and (iv); XII 4(iv); XXI 5.

Description of course Least squares, Aitken generalized, with lagged endogenous variables, heteroskedastic and autoregressive errors. Two-stage and three-stage least squares. Limited and full information maximum likelihood estimates.

Recommended reading J. Johnston, *Econometric Methods*; A. S. Goldberger, *Econometric Theory*; E. Malinvaud, *Statistical Methods of Econometrics*.

105(a) Classes

Twenty classes, Michaelmas and Lent Terms.

106 Seminar in Econometrics

Professor Sargan and Professor Gorman. Fortnightly, Sessional.

For M.Sc.: *Econometric Theory I and II*, V 2(iii) and (iv). Others will be admitted only by permission of Professor Gorman or Professor Sargan.

(C) M.Sc. in Regional and Urban Planning Studies

107 Seminar in Regional and Urban Economics

Professor Day. Fifteen meetings, Lent and Summer Terms.

For M.Sc.: *The Economics of Regional and Urban Planning*, XIV 1.

III Graduate Seminars

For seminars intended primarily for M.Sc. students, see under the appropriate M.Sc. heading.

108 Problems in Industrial Administration

Professor Sir Ronald Edwards. Sessional (evening). Admission strictly by permission of Professor Sir Ronald Edwards.

The seminar, which is organized jointly with the London Graduate School of Business Studies, will be attended by industrialists, professional businessmen and civil servants as guests, and each discussion will be based on a paper prepared and circulated in advance. The papers will be concerned with such matters as the following: distinctive features of cost, demand, organization and management in different firms and industries; marketing, including export business; economic and other considerations affecting industrial design; organization and economics of research; the development of new enterprises; industrial location in the light of present government policy; labour relations and the human factor; relations with trade associations and government departments.

109 Monetary Economics: Theory and Testing

Professor H. G. Johnson and Mr Alford. Michaelmas and Lent Terms.

This seminar is for staff and graduate students working for the M.Phil and Ph.D. degrees. It will cover general monetary theory, and theory and testing in relation to: (a) the U.K. monetary system, (b) the U.S. monetary system, and (c) the international monetary system. Application for admission should be made in writing to Mr Alford in the first week of the Michaelmas Term.

IV Additional Courses for Undergraduates and Graduates

110 Behaviouralism and Economic Analysis

Dr Devletoglu. Five lectures, Michaelmas Term.

Suitable for all graduate students.

Description of course A survey of the major recent attempts to emphasize human behaviour in economic analysis in a manner compatible with current developments in the behavioural disciplines. The lectures will concentrate on the theory of consumer and firm behaviour, but will also consider problems in macro-behaviour.

Recommended reading N. Georgescu-Roegen, *Analytical Economics*, 1966, Parts I and II; F. M. Nicosia, *Consumer Decision Processes*, 1966; A. G. Papandreou, "Some Basic Problems in the Theory of the Firm" (*A Survey of Contemporary Economics*, Vol. II, A.E.A., 1952); J. A. Howard, *Buyer and Executive Behavior*, 1963; R. M. Cyert and J. G. March, *A Behavioral Theory of the Firm*, 1963; N. E. Devletoglu, "A Dissenting View of Duopoly and Spatial Competition" (*Economica*, May, 1965); H. A. Simon, "Theories of

Decision-Making in Economics and Behavioural Science" (*Surveys of Economic Theory*, A.E.A.-R.E.S., 1966); N. E. Devletoglu and P. A. Demetriou, "Choice and Threshold" (*Economica*, November, 1967).

111 Economic Institutions Compared

Professor Wiles. Ten lectures, Lent Term.

Primarily for undergraduates.

Description of course Capitalism, classical Communism, Titoism, French planning.

112 Introduction to Linear Programming

Dr Makower. Five lectures, Lent Term.

Suitable for undergraduates.

113 Recent Theories of Business Behaviour

Mr Townsend. Five lectures, Summer Term.

114 The British Economy since 1945

Professor Day. Ten lectures.

Description of course An introduction to post-war British economic problems and policies.

Recommended reading J. C. R. Dow, *The Management of the British Economy*; G. D. N. Worswick and P. Ady, *The British Economy, 1945-50*; G. D. N. Worswick and P. Ady, *The British Economy in the 1950s*; S. Brittain, *The Treasury under the Tories*; P. D. Henderson, *Economic Growth in Britain*.

115 The Political Economy of Opulence

Professor H. G. Johnson. Five lectures, Michaelmas Term.

Description of course The course will attempt to present an integrated approach

to the study of modern economic problems in terms of applications of capital theory. It will deal with such problems as advertising, distribution theory and the economics of education.

116 Economic Planning in India

Dr Mazumdar. Five lectures, Lent Term.

Description of course The course will consider the theoretical models influencing allocation of investment between different sectors in the Five-Year Plans and the impact of the plans on the development of the economy.

117 Marxian Economics

Dr Desai. Five lectures, Lent Term.

Recommended reading will be given at the beginning of the course.

118 The Economics of Futures Trading

Professor Yamey. Five lectures, Lent Term.

Description of course Special features of futures contracts and their markets. Intertemporal price relationships and hedging. Speculation, hedging and price movements.

Recommended reading will be given at the beginning of the course.

119 Monetary Problems of the Underdeveloped Countries

Mr Griffiths. Five lectures, Lent Term.

Suitable for graduate students.

120 Control-Theoretic Approach to Planning

Dr Zauberman. Six lectures, Lent Term.

Suitable for graduate students.

Recommended reading will be given at the beginning of the course.

Accounting and Finance

Accounting and Finance

132 Preliminary Accounting

Professor Baxter and others.
Fifteen lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part I.
This is an optional introduction to accounting for students who may take the subject at Part II. The aim is to explain the subject's scope, the organization of the accounting profession, and the kind of careers that it offers.

133 Accounting I: Introduction

Professor Edey. Ten lectures and eight classes, Michaelmas Term.

For B.Sc. (Econ.) Part II (second year): *Accounting and Finance*, V 6, 7 and 8; *Accounting—Management and Economic Aspects*, I 3b; II 5d; III 3b; IV 6, 7 and 8h; *Management Data Processing*, XI 5, 6 and 7a; *Business Finance*, IV 6, 7 and 8g; B.Sc. (Maths.) 5-8g (second year); M.Sc.: *Economic Aspects of Accounting* IV 4(xv); *Management Accounting*, XII 4(ii).

Syllabus: The balance sheet and the income account. Assets and finance. Flow of funds statements. Interpretation.

Recommended reading H. C. Edey, *Business Budgets and Accounts*, chaps. 1-3; *Introduction to Accounting*; A. A. Robichek and S. C. Myers, *Optimal Financing Decisions*, chap. 2. Reference may also be made to W. T. Baxter and S. Davidson (Eds.), *Studies in Accounting Theory*.

134 Accounting IIa: Financial Accounting

Mr French. Twelve lectures and twenty classes, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Accounting and Finance*, V 6, 7 and 8 (second year).

Note Accounting I (Course No. 133) is a prerequisite for Accounting IIa.

Syllabus Company reports and finance: valuation concepts in accounts prepared for legal purposes and their economic

significance; capital structure and changes therein; elements of consolidated accounts; problems of changing price levels; the treatment of tax in company accounts; the company audit. The course will include work in the use of compound interest and annuity tables.

Recommended reading The works mentioned under Accounting I, Course No. 133; F. W. Paish, *Business Finance*; H. C. Edey, "Accounting Principles and Business Reality" (*The Accountant*, August 24 and 31, 1963). For an American approach see M. J. Gordon and G. Shillinglaw, *Accounting: a Management Approach*.

135 Accounting IIb: Management Information Systems

Professor Flower. Ten meetings, Lent Term.

For B.Sc. (Econ.) Part II (second year): *Accounting and Finance*, V 6, 7 and 8; M.Sc.: *Accounting and Finance* (preliminary year).

Note Accounting I (Course No. 133) is a prerequisite for Accounting IIb.

Syllabus The information requirements of the firm. The value of perfect and imperfect information. Design of manual and mechanised accounting systems. Internal control, with special emphasis on control accounts. Basic features of electronic data processing systems. Elementary computer programming using the Fortran language. Further aspects of electronic data processing including its economic justification, design and implementation of systems, audit and control, and time-sharing.

Recommended reading H. N. Laden and T. R. Gildersleeve, *System Design for*

Accounting and Finance

Computer Applications; R. H. Gregory and R. L. Van Horn, *Automatic Data-Processing Systems*.

136 Accounting IIc: The Plan of the Firm

Mr Bromwich. Twelve lectures and classes, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Accounting and Finance*, V 6, 7 and 8; *Accounting—Management and Economic Aspects*, I 3b; II 5d; III 3b; IV 6, 7 and 8h (second year).

Syllabus An examination of models of the integrated process of planning and control, with special reference to those of the accountant. Corporate strategy; pricing; budgetary models and simulation; planning and control by feedback; rate of return on investment and transfer prices as methods of control.

Recommended reading H. C. Edey, *Business Budgets and Accounts*, chaps. 1, 2, 5, 6, 7; M. Spencer, *Managerial Economics*, chaps. 3, 10; C. T. Horngren, *Accounting for Management Control*, chaps. 6, 11; H. I. Ansoff, *Corporate Strategy*; D. Solomons (Ed.), *Studies in Cost Analysis* (2nd edn.). Reference may also be made to H. A. 137 Accounting IIIa: Decisions in the Firm

Mr Bromwich. Fifteen lectures and twelve classes, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II (third year): *Accounting and Finance*, V 6, 7 and 8; *Accounting—Management and Economic Aspects*, I 3b; II 3d; III 3b; IV 6, 7 and 8h; M.Sc.: *Economic Aspects of Accounting I and II*, I 1; IV 4 (xv); *Management*

Accounting, XII 4 (ii); M.Sc.: *Accounting and Finance* (preliminary year).

Syllabus Cost analysis for decision making. Capital budgeting, including the cost of capital concept and risk and uncertainty in project appraisal; optimal financial structure. Linear programming and business decision budgets.

Recommended reading Relevant parts of: W. J. Baumol, *Economic Theory and Operations Analysis* (2nd edn.); W. T. Baxter and S. Davidson, *Studies in Accounting Theory* (2nd edn.); H. Bierman and S. Smidt, *The Capital Budgeting Decision* (2nd edn.); J. T. S. Porterfield, *Investment Decisions and Capital Costs*; E. Solomon, *The Management of Corporate Capital*; E. Solomon, *The Theory of Financial Management*.

138 Accounting IIIb

Professor Baxter. Eighteen meetings, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II (third year): *Accounting and Finance*, V 6, 7 and 8; M.Sc.: *Economic Aspects of Accounting I and II*, I 1; M.Sc.: *Accounting and Finance* (preliminary year).

Syllabus (1) Accounting. Company accounts; reconstructions; finance. Report writing on illustrative cases. Management accounting (including relevant aspects of compound interest). (2) Valuation theory. Valuation of a business, shares, partnership rights, individual assets etc.; measurement of income; depreciation; changing price levels. Values for management decisions.

Recommended reading Relevant parts of W. T. Baxter and S. Davidson (Eds.), *Studies in Accounting Theory*; J. C. Bonbright, *The Valuation of Property*, chaps. I to XII, and XXVI. Reference may be made to such standard textbooks as E. E. Spicer and E. C. Pegler, *Book-keeping and Accounts* (16th edn.); R. N. Anthony, *Management Accounting*; M. J. Gordon and G. Shillinglaw, *Accounting: a Management Approach*. Other works will be recommended during the course.

Accounting and Finance

139 History of Accounting
Professor Yamey and Mr de Ste. Croix. Three lectures, at times to be arranged.

For B.Sc. (Econ.) Part II (third year): *Accounting and Finance*, V 6, 7 and 8; M.Sc.: *Economic Aspects of Accounting I and II*, I 1 and others interested.

140 Accounting and Economic Theory (Seminar)

Mr Gould and Mr French. Twelve weekly meetings and a week-end discussion course, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Accounting and Finance*, V 6, 7 and 8.

Syllabus Business valuation, cost analysis and other types of economic analysis and accounting will be discussed.

141 Accounting for Non-Specialists

Mrs Dev. Seven meetings, Lent Term.

For B.Sc. (Econ.) Part II (third year): *Accounting—Management and Economic Aspects*, I 3b; II 3d; III 3b; IV 6, 7 and 8h; *Management Data Processing*, XI 5, 6 and 7a.

Syllabus Revision of Courses Nos. 133 and 136.

Recommended reading As for Courses Nos. 133 and 136.

142 Financing Problems of the Firm

Mr French. Fifteen meetings, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II (second year): *Business Finance*, IV 6, 7 and 8g.

Syllabus A selection of topics relating to such matters as: business forms; taxation as it affects business, investment grants; capital sources; capital structure; problems of growth of the firm.

Recommended reading F. W. Paish, *Business Finance*; J. Bates, *The Financing of Small Business*; Association of Certified

and Corporate Accountants, *Sources of Capital*; J. T. S. Porterfield, *Investment Decisions and Capital Costs*; P. A. Bird, "The Provision of Corporate Finance" (*Accountancy*, Nov. 1965–March 1966); I.C.F.C. Booklet, *Capital for Business*; Board of Trade, *Investment Grants; Investment Incentives* (Cmnd. 2874); C. N. Beattie, *Corporation Tax* (preface and chap. 1); B. Tew, "I.C.F.C. Revisited" (*Economica*, August 1955); "Edith" (*Three Banks Review*, June 1955); R. Frost, "The MacMillan Gap" (*Oxford Economic Papers*, 1954); relevant sections of the *Report of the U.K. Committee on the Working of the Monetary System* (Radcliffe Report) (Cmnd. 827, 1959). A. Vice, *Balance Sheet for Takeovers* (*Hobart Paper* 3).

143 Business Finance for Trade Union Studies Course

Mr J. W. Smith. Ten meetings, Lent Term.

FOR GRADUATE STUDENTS

148 Business Finance for Diploma in Personnel Management

Mr J. W. Smith. Ten meetings, Lent Term.

149 Valuation and Accounting Theory

Professor Baxter. Michaelmas Term.

For M.Sc.: *Economic Aspects of Accounting I and II*, I 1.

150 Simulation Models

Professor Flower. Lent Term.

For M.Sc.: *Economic Aspects of Accounting III*, I 1.

151 Long-Term Planning and Control

Mr Bromwich. Michaelmas and Lent Terms.

For M.Sc.: *Economic Aspects of Accounting I and II*, I 1; IV 4 (xv).

Accounting and Finance

152 Topics in Cost-Benefit Analysis

Mr French. Ten lectures, Michaelmas Term.

For M.Sc.: *Economic Aspects of Accounting, I and II*; I 1.

153 Budgetary and Cost Control for Non-Specialists

Mr Bromwich. Five lectures and three classes, Lent Term.

For M.Sc.: *Economic Aspects of Accounting, IV 4(xv)*; *Management Accounting, XII 4(ii)*.

154 Problems in Accounting and Finance

Professor Edey

For M.Sc.: *Economic Aspects of Accounting I and II, I 1*; IV 4(xv).

155 Capital Budgeting

Professor Carsberg. Lent Term.

For M.Sc.: *Economic Aspects of Accounting I and II, I 1*; IV 4(xv).

Note: For M.Sc. (preliminary year) courses in micro-economics and macro-economics see Courses Nos. 28(i) and 28(ii). For introduction to accounting for non-specialists see Course No. 133. For M.Sc. (final year) course in economics of industry see Course No. 81.

Geography

Geography

Courses are given in the Joint School of Geography at the London School of Economics and at King's College, London. Academic arrangements are integrated and, in most courses, students are taught in common by teachers of both colleges. However, the introduction of college syllabuses for the B.Sc. has meant the introduction of separate teaching provision for part of this degree and has involved some re-arrangement of courses for other degrees. All students should take care to identify the courses needed to complete their specific degree requirements. Systematic and regional course units in Geography are given in lists A and B on pages 196-7. Reference to these lists is made in the rubrics of the courses concerned.

COURSES FOR B.Sc. (ECON.) PART I

182 Introduction to Human Geography

Professor Jones. Thirty-five lectures, Sessional.

For B.Sc. (Econ.) Part I: alternative subject 12, *Human Geography*.

Syllabus The scope of modern geography. An introductory survey of the progressive extensions of the known world, of the evolution of geographical thought, and current ideas on the development of the subject. The approach is that of selecting topics to introduce students to more specific examples of thought and method, and to an evolution of modern work in the fields of economic and social geography. Some of the themes which are dealt with in greater detail include: the concepts of "environment" in geography; changing theoretic concepts; man's modification of the environment; the regional concept, including economic and urban regions; location of settlement; the locational approach in geography; population analysis and immigration; economic activity; applied

geography; urban settlements. In each theme considerable emphasis will be given to spatial and locational values, with special reference to new theories and techniques.

Recommended reading M. Chisholm, *Geography and Economics*; R. J. Chorley and P. Haggett, *Factors in Geographical Teaching*; J. I. Clarke, *Population Geography*; G. R. Crone, *The Background to Geography*; R. E. Dickinson, *City and Region*; R. C. Estall and R. O. Buchanan, *Industrial Activity and Economic Geography*; P. Haggett, *Locational Analysis in Human Geography*; R. Minshull, *Regional Geography*; L. D. Stamp, *Applied Geography*; P. L. Wagner, *The Human Use of the World*; S. W. Wooldridge and W. G. East, *The Spirit and Purpose of Geography*.

182(a) Geography Class

Dr Board, Dr J. E. Martin,
Dr Thornes and others.

COURSES FOR B.Sc. AND B.Sc. (ECON.) PART II

Note: Students reading for B.Sc. are required to attend three field classes, one in each year of their course. Students reading Geography as a special subject in Part II of the B.Sc. (Econ.) are required to attend two field classes, one in the second and one in the third year of their course. The field classes are normally of one week's duration and are customarily arranged during the Easter vacation.

183 Physical Geography

Compulsory for B.Sc. (first year): 1 course unit.

I Landforms

Dr Embleton, Dr Brunsden and Mr D. K. C. Jones. Twenty-five lectures, Sessional.

Syllabus The nature and effects of tectonic and erosional processes in the evolution of landscape.

Geography

Recommended reading M. Morrisawa, *Streams*; C. A. M. King and C. E. Embleton, *Glacial and Periglacial Geomorphology*; C. A. M. King, *Beaches and Coasts*; A. Holmes, *Principles of Physical Geology*; P. Birot, *Cycle of Erosion Under Different Climates*.

II Meteorology and Climatology

Dr M. Jones and Mr Drewett. Twenty-five lectures, Sessional.

Syllabus Elementary and descriptive meteorology. An introduction to the principles of physical and dynamic climatology. The elements of micro-climatology.

Recommended reading G. T. Trewartha, *An Introduction to Climate*; H. Riehl, *Introduction to the Atmosphere*; G. T. Trewartha, *The Earth's Problem Climates*; R. G. Barry and R. J. Chorley, *Atmosphere, Weather and Climate*; H.M.S.O., *A Course in Elementary Meteorology*.

III Biogeography

Mrs Whatley. Twenty-five lectures, Sessional.

Syllabus A survey of the soil forming processes and their results. The world soil and vegetation groups. The principles of ecology as applied to some major ecological systems of the world.

Recommended reading R. L. Donahue, *Soils*; C. S. Elton, *Animal Ecology* (1966 reprint); S. R. Eyre, *Vegetation and Soils*; J. R. Matthews, *Origin and Distribution of the British Flora*; E. P. Odum, *Ecology* (Modern Biology Series); *Fundamentals of Ecology* (1968); A. G. Tansley, *Britain's Green Mantle* (1968).

184 Man and his Physical Environment

Dr Thornes, Mr D. K. C. Jones and Mrs Rees. Forty-five lectures, Sessional.

For B.Sc. (Econ.) Part II: *Man and his Physical Environment*, XV 7 and 8f (normally taken in second year); B.Sc.:

A 24: $\frac{1}{2}$ course unit (selected lectures) (second or third year).

Syllabus Concepts of systems, resources, conservation and management. The physical environment as the stage of man's activities. Aspects of the atmosphere, lithosphere, hydrosphere and biosphere subsystems and the ways in which they affect and are affected by man. Case studies of system interactions and implications for planning. Economic criteria in man's development of the landscape.

Recommended reading R. Arvill, *Man and Environment*; I. Burton and R. W. Kates, *Readings in Resource Management and Conservation*; W. L. Thomas Jr., *Man's Role in Changing the Face of the Earth*; R. J. Chorley (Ed.), *Water, Earth and Man*.

185 Human Geography: I

Dr W. B. Morgan. Twenty-five lectures, Sessional.

Compulsory for B.Sc. (first year); with 186: 1 course unit.

Syllabus An introduction to the field of human geography, more especially to the geography of population and to the geography of society. The course will provide a basis for subsequent work in such optional subjects as social, economic and political geography.

Recommended reading R. Arvill, *Man and Environment*; A. Barnett, *The Human Species*; A. M. Bates, *Man in Nature*; Vidal de la Blache, *Principles of Human Geography*; E. Boserup, *The Conditions of Agricultural Growth*; A. M. Carr-Saunders, *World Population*; M. Chisholm, *Rural Settlement and Land Use*; J. I. Clarke, *Population Geography*; C. D. Forde, *Habitat, Economy and Society*; P. Haggett, *Locational Analysis in Human Geography*; J. M. Houston, *A Social Geography of Europe*; E. Jones, *Human Geography*; W. L. Thomas Jr., *Man's Role in Changing the Face of the Earth*; P. L. Wagner, *The Human Use of the Earth*; P. L. Wagner and M. W. Mikesell, *Readings in Cultural Geography*; W. Zelinsky, *A Prologue to Population Geography*.

Geography

186 Human Geography: II

Dr Lambert and Dr Yates. Twenty-five lectures, Sessional.

Compulsory for B.Sc. (first year). To be taken in conjunction with Course No. 185: 1 course unit.

Syllabus A general study of the inter-relation between man and his physical environment from earliest times.

Recommended reading G. Clarke, *World Prehistory: An Outline*; V. G. Childe, *What Happened in History*; W. G. East, *The Geography Behind History*; An *Historical Geography of Europe*; H. Heaton, *Economic History of Europe*; J. L. Myres, *The Dawn of History*; *Geographical History in Greek Lands*; K. P. Oakley, *Man the Toolmaker*; F. W. Walbank, *The Decline of the Roman Empire in the West*; M. Postan and E. Rich (Eds.), *Cambridge Economic History*, Parts I and II, *The Middle Ages*; H. Pirenne, *Mohammed and Charlemagne*; *Economic and Social History of Mediaeval Europe*; P. Boissonnade, *Life and Work in Mediaeval Europe*; S. Cole, *The Neolithic Revolution*; W. E. Le Gros Clark, *History of the Primates*.

187 Spatial Analysis I

Compulsory for B.Sc. (first year): 1 course unit. B.Sc. (Econ.) Part II: special subject Geography (second year) students may attend by permission.

(i) Spatial Analysis

Dr Board, Mr Goddard, Mr Spence and Dr Thornes. Twenty-five classes, Sessional.

Syllabus An introduction to theoretical and quantitative geography; maps and other graphic means of information storage and communication; the analysis of the regional system: movement, networks, nodes, hierarchies and surfaces.

Recommended reading P. Haggett, *Locational Analysis in Human Geography*; B. J. L. Berry and D. F. Marble, *Spatial Analysis*; R. J. Chorley and P. Haggett (Eds.), *Models in Geography*; M. H. Yeates, *An Introduction to Quantitative Analysis in Economic Geography*.

(ii) Statistical Techniques in Geographical Analysis

Dr Thornes. Fifteen classes, Michaelmas and Lent Terms.

Syllabus An introduction to the use of statistical techniques in geographical analysis, with special reference to computational methods and interpretation.

Recommended reading F. E. Croxton and D. J. Cowden, *Applied General Statistics*; W. C. Krumbein and F. A. Graybill, *Statistical Models in Geology*, chaps. I-VII; H. M. Blalock, *Social Statistics*.

188 Spatial Analysis II

Mr Goddard. Twenty-five classes, Sessional.

Normally compulsory for B.Sc. A 25 (second year): $\frac{1}{2}$ course unit.

Syllabus A continuation of Spatial Analysis I, emphasizing the practical application of quantitative methods of analysis to geographical problems. The course provides an essential grounding in methods employed in modern geographical literature, especially that referred to in second and third year options in Regional Analysis, Urban Geography, Geography and Planning, Economic Geography and Advanced Geomorphology, as well as certain regional options. The course also provides a technical base for students planning to undertake a dissertation during their third year. The syllabus covers elementary Fortran IV programming, methods of describing and analysing point, line and area patterns, measures of spatial association, the analysis of flow data and methods of classification and regionalisation. Students undertake individual projects in the third term.

Recommended reading B. J. L. Berry and D. F. Marble, *Spatial Analysis, A Reader in Statistical Geography* (1968); L. J. King, *Statistical Analysis in Geography*.

189 Cartography and Surveying

Professor Pugh and Mr Lawrence. Twenty-five lectures, Sessional, with field work in the third term.

Compulsory for first-year B.Sc. students registered at King's College.

Geography

Syllabus The principles and methods of construction of map projections. General principles of topographic survey, with practical field work using survey instruments.

Recommended reading A. H. Jameson and M. T. M. Ormsby, *Elementary Surveying and Map Projection*; J. A. Steers, *An Introduction to the Study of Map Projections*; F. Debenham, *Map Making*; A. R. Hinks, *Maps and Survey*; W. Norman Thomas, *Surveying; The Admiralty Manual of Hydrographic Surveying*; J. Mainwaring, *An Introduction to the Study of Map Projections*; D. Clark, *Plane and Geodetic Surveying*, Vol. I.

189(a) Cartography and Surveying (Practical)

Mr Lawrence. Twenty-five classes, Sessional.

Compulsory for first-year B.Sc. students registered at King's College. In connection with Course No. 189.

190 Economic and Regional Geography of the British Isles

Professor Wise, Mr. D. K. C. Jones and Mrs. Rees. Forty lectures, Michaelmas and Lent Terms.

Compulsory for B.Sc. (second year). Appropriate sections for B.Sc. (Econ.) Part II: *Economic and Regional Geography of the British Isles*, XV 3 (second year).

Syllabus A detailed treatment of the major regions of the British Isles. Appreciation of the conditions, physical, social and economic, that have influenced the modern pattern of settlement and land use. Special studies of selected industrial and agricultural areas. The modern economic geography of Britain, including distribution of population, location pattern of selected industries, evolution of the present pattern of land use.

Recommended reading L. D. Stamp and S. H. Beaver, *The British Isles*; J. B. Mitchell (Ed.), *Great Britain: Geographical Essays*; A. E. Trueman, *The Scenery of England and Wales*; U.K. Geological Survey and Museum, *British Regional Geology*; L. D. Stamp, *The Land of*

Britain: Its Use and Misuse; Land Utilisation Survey of Britain, *The Land of Britain*; Wilfred Smith, *An Economic Geography of Great Britain*; T. W. Freeman, *Ireland*; A. E. Trueman, *The Coalfields of Great Britain*; E. G. Bowen (Ed.), *Wales*; A. E. Smailes, *North England*; J. A. Steers (Ed.), *Field Studies in the British Isles*; J. W. Watson and J. B. Sissons (Eds.), *The British Isles*; E. S. Simpson, *Coal and the Power Industries in Postwar Britain*; J. T. Coppock and H. Prince (Eds.), *Greater London*; K. M. Clayton (Ed.), *Guide to London Excursions*; J. T. Coppock, *An Agricultural Atlas of England and Wales*; Clarendon Press, *Atlas of Britain*; E. Jones and D. J. Sinclair, *The Atlas of London* (1968).

190(a) Economic and Regional Geography of the British Isles (Practical) Class

Study of systematic and regional problems based on cartographic and statistical evidence.

191 Africa I (General)

Professor Harrison Church, Professor Pugh, Dr Board and Dr W. B. Morgan. Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part II: *Africa*, XV 4a (to be taken in conjunction with either Course No. 192 or Course No. 193); B.Sc.: B 1 (second year): $\frac{1}{2}$ course unit.

Syllabus A study of the physical environment and of the distribution of man and his economic activities, especially south of the Sahara. Treatment will be by topics and by countries.

Recommended reading W. A. Hance, *The Geography of Modern Africa*; R. J. Harrison Church and others, *Africa and the Islands*; H. de Blij, *A Geography of Subsaharan Africa*; J. M. Houston, *Western Mediterranean World*; J. Despois, *L'Afrique du Nord*; R. J. Harrison Church, *West Africa*; J. C. Pugh and W. B. Morgan, *West Africa*; K. M. Buchanan and J. C. Pugh, *Land and People in Nigeria*; L. C. King, *South African Scenery* (2nd edn.); L. P. Green and T. J. D. Fair, *Development in Africa*.

Geography

192 Africa II (West)

Professor Harrison Church and Dr W. B. Morgan. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc.: B 2 (third year): $\frac{1}{2}$ course unit; B.Sc. (Econ.) Part II: XV 4a (third year) (students take this course or Course No. 193); M.A. (Area Studies); M.Sc.: *Geography of a particular Region*, VII 2(vi).

Syllabus A detailed study of West Africa, with emphasis on the parts played by the physical and cultural environments in economic development.

Recommended reading R. J. Harrison Church, *West Africa*; J. C. Pugh and W. B. Morgan, *West Africa*; K. M. Buchanan and J. C. Pugh, *Land and People in Nigeria*.

193 Africa III (Southern)

Dr Board. Fifteen lectures with practical work, Michaelmas and Lent Terms.

For B.Sc.: B 3 (third year): $\frac{1}{2}$ course unit; B.Sc. (Econ.) Part II: XV 4a (third year) (students take this course or Course No. 192).

Syllabus An examination of locational concepts in the regional framework of Southern Africa.

Recommended reading L. P. Green and T. J. D. Fair, *Development in Africa: A Study in Regional Analysis with Special Reference to Southern Africa*; South Africa, Department of Planning, *Development Atlas*; M. H. Yeates, *An Introduction to Quantitative Analysis in Human Geography*; J. Friedman, *Regional Developments Policy*.

194 Europe (excluding the U.S.S.R.)

For B.Sc. (second or third year). The maximum number of course units on Europe is $1\frac{1}{2}$. For B.Sc. (Econ.) Part II: *Europe*, XV 4c: (i) second year and one other section third year.

(i) Europe: General Regional Geography

Dr Yates, Mr Sinclair, Professor Harrison Church, Dr J. E. Martin and Mr Lawrence. Twenty-five lectures, Sessional.

For B.Sc., B 4: $\frac{1}{2}$ course unit.

Recommended reading G. W. Hoffman (Ed.), *A Geography of Europe*; M. R. Shackleton, *Europe*.

(ii) Western Europe (France, Belgium, Netherlands, Luxembourg)

Professor Harrison Church, Dr J. E. Martin and Mr Lawrence. Twenty-five lectures, Sessional.

For B.Sc., B 5: $\frac{1}{2}$ course unit.

Recommended reading R. J. Harrison Church and others, *An Advanced Geography of Northern and Western Europe*; P. Pinchemel, *Géographie de la France*, 2 vols; G. Chabot, *Géographie Régionale de la France*; M. Le Lannou, *Les Régions Géographiques de la France*; D. I. Scargill, *Economic Geography of France*.

(iii) West Central Europe (Germany, Austria, Switzerland, Netherlands)

Dr Yates. Sessional.

For B.Sc., B 6: $\frac{1}{2}$ course unit.

(iv) West Mediterranean Europe (Spain, Portugal, Italy, Mediterranean France)

Mr Sinclair. This course will not be given in the session 1969-70.

For B.Sc., B 7: $\frac{1}{2}$ course unit.

Recommended reading J. M. Houston, *The Western Mediterranean World*; D. S. Walker, *Italy*; J. P. Cole, *Italy*; W. B. Fisher and H. Bowen-Jones, *Spain: a Geographical Background*.

(v) Northern Europe (Denmark, Norway, Sweden, Finland)

Mr Sinclair. Twenty-five lectures, Sessional.

For B.Sc., B 8: $\frac{1}{2}$ course unit.

Geography

Recommended reading A. Sømme (Ed.), *A Geography of Norden*; W. R. Mead, *An Economic Geography of the Scandinavian States and Finland*; R. Millward, *Scandinavian Lands*.

(vi) East Central Europe (East Germany, Poland, Czechoslovakia, Hungary, Rumania, Yugoslavia)

Mr Carter. Twenty-five lectures, Sessional.

For B.Sc., B 9: $\frac{1}{2}$ course unit.

Recommended reading R. H. Osborne, *East-Central Europe: A Geographical Introduction to Seven Socialist States*; H. G. Wanklyn, *The Eastern Marchlands of Europe*; M. I. Newbiggin, *Geographical Aspects of Balkan Problems*; M. R. Shackleton, *Europe: A Regional Geography* (7th edn.); N. J. G. Pounds, *The Upper Silesian Industrial Region*; G. W. Hoffman, *The Balkans in Transition*; M. Pécsi and B. Sárfalvi, *The Geography of Hungary*; F. E. I. Hamilton, *Yugoslavia: Patterns of Economic Activity*.

195 The U.S.S.R.

Sessional. An intercollegiate course. At University College.

For B.Sc. (Econ.) Part II: *U.S.S.R.*, XV 4h; B.Sc.: B 10 (second or third year): $\frac{1}{2}$ course unit.

Recommended reading J. P. Cole and F. C. German, *A Geography of the U.S.S.R.*; R. H. Mellor, *The Geography of the U.S.S.R.*; Yu. G. Saushkin, *An Economic Geography of the Soviet Union*; S. Balzak, F. Vasyutin and Ya. Feigin, *Economic Geography of the U.S.S.R.*; W. G. East, *The Soviet Union*; M. R. Shackleton, *Europe: A Regional Geography* (7th edn., Ed. W. G. East); D. J. M. Hooson, *The Soviet Union: A Regional Geography*; J. P. Cole, *The Geography of the U.S.S.R.* (Pelican Books); Violet Connelly, *Beyond the Urals*; A. Nove and J. Newth, *Soviet Central Asia*.

196 Monsoon Asia

Mr Rawson. Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part II: *Monsoon Asia*, XV 4f; B.Sc., B 11 (second or third year): $\frac{1}{2}$ course unit.

Syllabus Studies of environment and society in the countries from West Pakistan to Manchuria, inclusive. Treatment will be on a country and topic basis, with more detailed study of selected regions; some work on large-scale maps will be included.

Recommended reading W. G. East and O. H. K. Spate (Eds.), *The Changing Map of Asia*; A. D. C. Peterson, *The Far East*; J. Sion, *Asie des Moussons (Géographie Universelle, Tome IX, Pts. 1 and 2)*; L. D. Stamp, *Asia*; O. H. K. Spate, *India and Pakistan*; E. H. G. Dobby, *South East Asia*; J. E. Spencer, *Asia East by South*; G. B. Cressey, *Land of the 500 Million, A Geography of China*; O. Lattimore, *Inner Asian Frontiers of China*; G. T. Trewartha, *Japan*; E. A. Ackerman, *Japan's Natural Resources*; A. Pim, *Colonial Agricultural Production*; B. H. Farmer, *Pioneer Peasant Colonization in Ceylon*; R. R. Rawson, *The Monsoon Lands of Asia*; B. W. Hodder, *Man in Malaya*; C. A. Fisher, *South-east Asia*; H. C. Hart, *New India's Rivers*; N. Ahmad, *The Economic Geography of East Pakistan*. Other literature will be suggested during the course.

197 North America I: Geographical Patterns of Resources and Economic Development

Dr Estall. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc., B 13 (second and third years); B.Sc. (Econ.) Part II: *North America*, XV 4g (second year).

Syllabus A systematic review of the changing physical and human resources of the continent; an analysis of developments in leading sectors of the economy.

Recommended reading General texts: J. Wreford Watson, *North America: Its Countries and Regions*; W. R. Mead and E. H. Brown, *The United States and Canada*; J. H. Paterson, *North America*; C. L. White and E. J. Foscue, *Regional Geography of Anglo-America*; Oxford Regional Economic Atlas, *The United States and Canada*; Special topics: C. Taeuber and I. Taeuber, *The Changing Population of the U.S.A.*; M. Clawson, R. B. Held and C. H. Stoddard, *Land for*

Geography

the Future; H. H. Landsberg, *Natural Resources for U.S. Growth*; E. Higbee, *American Agriculture*; L. Haystead and G. C. Fite, *Agricultural Regions of the United States*; C. M. Green, *The Rise of Urban America*; S. B. Cohen (Ed.), *Problems and Trends in American Geography*.

197(a) North America I (Classes)

For B.Sc., B 13 (second and third years).

198 North America II: Regional Studies of Economic Growth and Change

Dr Estall and Dr K. R. Sealy. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc., B 14; B.Sc. (Econ.) Part II: *North America*, XV 4g (third year).

Syllabus A detailed analysis of the economic and social geography of selected regions and contrasting regional problems.

Recommended reading General texts: as for Course 197. Special studies: H. S. Perloff, E. S. Dunn, E. E. Lampard and R. F. Muth, *Regions, Resources and Economic Growth*; R. C. Estall, *New England, A Study in Industrial Adjustment*; J. R. Ford (Ed.), *The Southern Appalachian Region: A Survey*; J. F. Hart, *The Southern United States*; L. M. Alexander, *The North Eastern United States*; J. Gottman, *Megalopolis*; J. H. Garland (Ed.), *The North American Midwest*; D. W. Lantis, R. Steiner and A. E. Karinen, *California: Land of Contrast*.

198(a) North America II (Classes)

For B.Sc. (third year).

199 Advanced Geomorphology I

Dr Embleton, Dr Brunsten, Dr Thornes and Mr D. K. C. Jones. Twenty-five lectures, Sessional.

For B.Sc., A 1 (second or third year): $\frac{1}{2}$ course unit; B.Sc. (Econ.) Part II (second year), XV 7 and 8(g).

Syllabus A study of the processes of landform sculpture under differing climatic and structural environments. This course will involve some field work.

200 Advanced Geomorphology II

Dr Embleton and Mr D. K. C. Jones. Twenty-five lectures, Sessional.

For B.Sc., A 2 (second or third year): $\frac{1}{2}$ course unit.

Syllabus Chronological studies in geomorphology. Methods of dating and their limitations. Problems of landscape evolution illustrated by selected regional examples, with special reference to areas of the British Isles.

201 Advanced Geomorphology III

Dr Brunsten and Dr Thornes. Twenty-five lectures, Sessional.

This course may be taken only in conjunction with Advanced Geomorphology I and/or II. For B.Sc., A 2a (second or third year): $\frac{1}{2}$ course unit.

Syllabus The concepts and methods of geomorphology and the history of geomorphological thought. The problems of design and analysis of geomorphic experiments. The nature and utilisation of field and laboratory techniques.

202 Geomorphology

Twenty lectures, Michaelmas and Lent Terms. An intercollegiate course. At Birkbeck College.

For B.Sc., A 1 and 2 (second or third year).

203 Meteorology and Climatology

Twenty-five lectures, Sessional. An intercollegiate course. At University College.

For B.Sc., A 3, with 203(a): 1 course unit (second year).

Recommended reading H. C. Willett and F. Sanders, *Descriptive Meteorology*; G. T. Trewartha, *The Earth's Problem Climates*; S. L. Hess, *Introduction to Theoretical Meteorology*; W. D. Sellers, *Physical Climatology*.

Geography

203(a) Meteorology and Climatology (Classes)

In conjunction with Course No. 203.

204 Climatic Change

Dr M. Jones. Fifteen lectures, Michaelmas and Lent Terms. An intercollegiate course.

For B.Sc., A 4, with 204(a): $\frac{1}{2}$ course unit (third year).

Recommended reading H. H. Lamb, *The Changing Climate; Proceedings of the UNESCO-WMO Symposium on Climatic Change in the Arid Zones* (UNESCO, 1962); R. Fairbridge (Ed.), *Solar Variations, Climatic Change and Related Geophysical Phenomena* (New York Academy of Sciences, 1961); A. E. M. Nairn (Ed.), *Problems in Paleoclimatology*.

204(a) Climatic Change (Classes)

In conjunction with Course No. 204.

Note Teaching for other branches of Meteorology and Climatology will be provided at other colleges of the University and is open to all students. Not all courses will be available in any one session.

205 Economic Geography: I

Dr J. E. Martin and Mrs Rees. Twelve lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Economic Geography*, I 3g; III 3c; XIV 3f (students should take two out of the three courses in Economic Geography); XV 2 (second year), B.Sc.: A 6 with 205(a): $\frac{1}{2}$ course unit (second or third year).

Syllabus The nature of resources. Economic and actual methods of allocating and exploiting scarce resources. Allocation of land, land-use. The geography and economics of water resources. The geography of energy and of mineral production. Allocation or conservation?

Recommended reading M. Chisholm, *Geography and Economics*; H. Boesch, *A Geography of World Economy*; P. R. Odell, *An Economic Geography of Oil*; E. S. Simpson, *Coal and the Power Industries in Postwar Britain*; G. Manners, *The Geography of Energy*; H. H. McCarthy and J. B. Lindberg, *A Preface to Economic Geography*; J. Hirshleifer *et al.*, *Water Supply: Economics, Technology and Policy*; Institution of Civil Engineers, *Conservation of Water Resources in the United Kingdom*; A. V. Kneese and S. C. Smith, *Water Research: Western Resources Conference 1965*; H. L. Amoss and R. K. McNickle (Eds.), *Land and Water*.

205(a) Economic Geography: I (Class)

Dr J. E. Martin and Mrs Rees. Twelve classes, Michaelmas and Lent Terms.

For B.Sc.: A 6 (second or third year).

205(b) Economic Geography (Class)

Dr J. E. Martin.

For B.Sc. (Econ.) Part II: *Economic Geography*, I 3g; III 3c; XIV 3f (second year).

206 Economic Geography: II

Frontiers and Boundaries and the
Political Geography of a Selected
Area**

Professor Harrison Church.
Sessional. This course will not be
given in the session 1969–70.
For B.Sc., A 21 (third year): $\frac{1}{2}$ course
unit.

**221 Mathematical Geography and
Surveying: II**

Fifty lectures. An intercollegiate
course.
For students registered at King's
College.

222 Mapwork

Mr D. K. C. Jones and others.
Twenty classes, Michaelmas and
Lent Terms.

For B.Sc. (Econ.) Part II: special subject
Geography (second year).

Syllabus Cartographic methods of
representing geographical data. The
interpretation of thematic maps. The
construction and interpretation of maps
of various types are essential requirements
and will be related to other aspects of
the course work for Part II.

Recommended reading F. J. Monkhouse
and H. R. Wilkinson, *Maps and Diagrams*;
G. C. Dickinson, *Statistical Mapping
and the Presentation of Statistics*.

223 Transport Geography (Class)

Dr K. R. Sealy.
Michaelmas and Lent Terms.
For B.Sc. (Econ.) Part II: *Economics and
Geography of Transport*, XV 7 and 8h
(third year).

224 Geography Seminar

Dr Estall and Mr Diamond.
Fortnightly, Sessional.
For B.Sc. (Econ.) Part II: special subject
Geography (second year).

225 Geography Seminar

Professor Wise, Mr Rawson and
Mr Sinclair. Michaelmas and Lent
Terms.

For B.Sc. (Econ.) Part II: special subject
Geography (third year).

Discussion on special areas and topics.

226(i) Geography Seminar

Dr W. B. Morgan and Mrs Rees.
Sessional.

For B.Sc. (second year).

Professor Harrison Church and
Miss A. M. Coleman, Sessional.

For B.Sc. (third year).

FOR GRADUATE STUDENTS

Note Courses 227–238 and 240 are
intended primarily for students
reading Geography for M.Sc. All
M.Sc. students should consult their
advisers in selecting courses which
meet the specific requirements of
their degree syllabus.

**227 Modern Geographical Thought
and Practice**

Dr Board. Michaelmas and Lent
Terms.

Also for M.Sc.: *Geographical Aspects
of Regional and Urban Planning*, XIV 3.
A course of lectures and discussions in
methodology.

**227(a) Modern Geographical
Thought and Practice (Classes)**

Michaelmas and Lent Terms.

**228 Quantitative Methods in
Geography**

Mr Goddard and Mr Spence.
Sessional.

Also optional for M.Sc.: Regional and
Urban Planning Studies and for M.Phil.
and Ph.D. students by permission.

Geography

Syllabus The use of computers in
handling spatial data; areal sampling and
experimental design; spatial descriptive
statistics; analysis of point patterns
and probability theory; network analysis
and graph theory; measures of spatial
association and the problems of spatial
autocorrelations—trend surface, fourier
series and spectral analysis; methods
of regionalization; urban model building
and methods of model calibration.
Participants will be expected to have a
basic knowledge of elementary statistical
methods and also to acquire a grasp
of elementary Fortran IV programming
at the beginning of the session as a
basis for project work.

Recommended reading B. J. L. Berry
and D. F. Marble, *Spatial Analysis*;
L. J. King, *Statistical Analysis in
Geography*; D. McCracken, *A Guide for
Fortran Programming*.

229 Geography of Industry

Dr J. E. Martin.

Syllabus Location theory, transportation
in the geography of industry, methods
of research, measurement of localization
and association. Industrial cities and
regions.

230 Transport Studies

Dr K. R. Sealy.

Syllabus Characteristics and analysis of
transport networks, aspects of market
research, transport planning with
particular reference to road and air
transport.

**231 Resource Management and
Utilization**

Mrs Rees. Sessional.

Syllabus Economic methods of resource
allocation, pricing systems, investment
appraisal, cost-benefit analysis. Real
world methods used to allocate land,
water, fuels and minerals between com-
peting uses. The distribution of resources
that results. Conservation *versus*
management.

232 Urban Geography

288 Political History, 1763–1939

Dr Anderson, Dr Nish and Mr Dilks. Twenty-five lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part I.

Syllabus The course will provide a general survey of European history in the period, special attention being given to the growth of the modern nation states and their impact on the non-European world.

Recommended reading A basic textbook can be chosen from one of the following: E. Barker (Ed.), *The European Inheritance*, Vols. II and III (part of Vol. III, by G. Bruun, is available in the Home University Library series); G. Bruun and W. K. Ferguson, *A Survey of European Civilisation*; C. J. H. Hayes and C. W. Cole, *History of Europe*; T. W. Riker, *A Short History of Modern Europe*.

More detailed books on specific periods are: G. Rudé, *Revolutionary Europe, 1783–1815*; D. Thomson, *Europe Since Napoleon*; G. A. Craig, *Europe since 1815*; J. McManners, *Lectures on European History, 1789–1914*; M. Bruce, *The Shaping of the Modern World, 1870–1939*, Vol. I, 1870–1914; C. E. Black and E. C. Helmreich, *Twentieth-Century Europe*; R. F. Leslie, *The Age of Transformation, 1789–1871*; H. Hearder, *Europe in the Nineteenth Century, 1830–1880*; J. R. Western, *The End of European Primacy, 1871–1945*; *New Cambridge Modern History*, Vols. VIII–XII. Guidance on further reading can best be obtained from W. N. Medlicott, *Modern European History, 1789–1945, A Select Bibliography* (published by the Historical Association, *Helps for Students of History*, No. 60). The following volumes in the series *The Rise of Modern Europe*, edited by W. L. Langer, are recommended for more advanced reading: L. Gershoy, *From Despotism to Revolution, 1763–1789*; C. Brinton, *A Decade of Revolution, 1789–1799*; G. Bruun, *Europe and the French Imperium, 1799–1814*; F. B. Artz, *Reaction and Revolution, 1814–1832*; R. C. Binkley, *Realism and Nationalism, 1852–1871*; C. J. H. Hayes, *A Generation of Materialism, 1871–1900*. Of the

numerous national and regional histories, the best guides are: A. Cobban, *A History of Modern France*, 2 vols. (Pelican series); E. J. Passant and others, *A Short History of Germany, 1815–1945*; A. Vernadsky, *A History of Russia*; D. Mack Smith, *Italy: a Modern History*; H. M. Vinacke, *A History of the Far East in Modern Times*.

A Historical Atlas, such as Robertson's, Muir's or Seligman's, is useful.

Recommended reading Among a large number of alternatives C. J. H. Hayes,

International History

A Political and Cultural History of Europe (2 vols.), is probably the most satisfactory general survey.

Recommended for advanced reading on particular periods is *A General History of Europe*, edited by Denys Hay and published by Longmans. So far the following volumes have appeared: Denys Hay, *Europe in the Fourteenth and Fifteenth Centuries*; H. G. Koenigsberger and G. L. Mosse, *Europe in the Sixteenth Century*; M. S. Anderson, *Europe in the Eighteenth Century, 1713–1783*; H. Hearder, *Europe in the Nineteenth Century, 1830–1880*; J. M. Roberts, *Europe, 1880–1945*. While this series remains incomplete the gaps may be filled by: F. H. H. Green, *Renaissance and Reformation*; David Ogg, *Europe in the Seventeenth Century*; and G. A. Craig, *Europe since 1815*. For the twentieth century D. C. Watt, Frank Spencer and Neville Brown, *A History of the World in the Twentieth Century*, and H. Stuart Hughes, *Contemporary Europe: a History*, are also recommended.

Further reading will be given at the beginning of the lecture course and class teachers will advise on specialization.

(Class)**

Mr Donelan, Dr Bell and Mr G. H.
Stern. Lent and Summer Terms,
beginning in the sixth week of the
Lent Term.

584 New States in World Politics

Dr Lyon. Ten lectures, Lent Term.

For B.Sc. (Econ.) Part II: *International
Politics*, XII 5; XIV 3b (second year);
M.Sc.: *International Politics*, XI 1; *The
Foreign Policies of the Powers*, XI 2;
*International Politics of an Approved
Region*, XI 7 and other graduate students.

Syllabus The central theme of the course
will be the part played by new states in
international order. Modern international
history presents three main waves of new
state making and these have each been
consequent upon the collapse of imperial
orders: (1) in Latin America in the early
nineteenth century; (2) in Eastern Europe
at the end of the First World War and in
its aftermath; (3) in Asia and Africa, and
elsewhere, since 1945. This course will
mostly be concerned with the third of
these phases, but it will begin by looking
briefly at the two earlier phases to provide
a historical perspective and some bases
for comparison.

Note on Social Philosophy Courses Courses Nos. 834–837 are intended principally for students reading sociology, and the main criterion governing content is relevance to sociology. The aim is to give students a general idea of the conceptual and ethical problems which arise in the study of society, so that they will be able to

recognize these problems and to relate them both to major philosophies and to their own more concrete work in sociology.

Recommended reading This reading list is not definitive. No student would be expected to read *all* these books. Every student would be likely to consult a number of sources not listed here. The aim has been to list most of the main *books* which students may be recommended to read or refer to, with the exception of some obviously relevant works on the Theories and Methods of Sociology which it would be tedious to list here as well as under the course of that name. Articles in journals are not listed: references will be given during the courses. Some main journals in which relevant articles are likely to be found (apart from the standard sociological journals) are: *British Journal for the Philosophy of Science; Ethics; History and Theory; Inquiry; Mind; Philosophical Review; Philosophy; Philosophy of Science; Philosophy and Phenomenological Research; Proceedings of the Aristotelian Society and Ratio*.

Professor McKenzie. Lent and Summer Terms.

For M.Sc.: *The Study of Political Behaviour*, XV 4; XIX 3(xiii).

Note For Theories and Concepts of Political Sociology (M.Sc.: XV 4; XIX 3(xi)) see Course No. 543.

For Political Stability and Change (M.Sc.: XV 4; XIX 3(xii)) see Course No. 544.

Students should also see Course No. 542.

870 The Social Structure of France

Dr Clifford-Vaughan. Ten fortnightly seminars, Lent and Summer Terms.

For graduate students in Sociology and Government.

Syllabus The milieu: natural and political. Population and class structure. The educational system. Rural France. Urban France. Workers and trade unions. The administrative and political personnel. The traditional forces: the Army and the Church.

Recommended reading will be given during the course.

871 Social and Demographic Problems in Medicine

Dr Douglas and Mr Wadsworth.

Five lectures, Michaelmas Term. Seven lectures, Lent Term.

For M.Sc.: *Problems of Public Health and Sociomedical Research*, III 3(v) and other graduate students and optional for B.A./B.Sc. (Soc.) Branch I, 9 and 10e (third year).

Syllabus Early studies of environment and health. The pattern of illness and growth related to demographic and social changes. High-risk groups in the population, problems of identification. Comparisons of the health of populations. Use of sociological methods in the study of disease. Introduction to sociological studies in medicine.

Recommended reading A. Bradford Hill, *Statistical Methods in Clinical and Preventive Medicine*; G. W. Brown and J. Wing, *Comparative Clinical and Social*

Survey of a Mental Hospital (Soc. Rev. Monog. No. 5, Keele); F. M. Burnet, *Natural History of Infectious Disease*; N. R. Butler and D. G. Bonham, *Perinatal Mortality*; J. W. B. Douglas and J. M. 872(i) Social Structure and Social Change in Latin America

Fifteen lectures, Michaelmas and Lent Terms. This course may not be given in the session 1969-70.

For M.Sc.: *Sociology of Development*, XIX 3 (viii); Dip. Development Admin. and others interested.

Syllabus Historical aspects of relevance to present-day social structure. Colonial economic relations and their transformation: export agriculture and "neo-colonialism". The agrarian structure; problems of agrarian reform. Social relations in rural areas and the patron-dependant pattern. Patrimonial relations in the "modern" sector: the question of the dual society. Industrialization and urbanization: attitudes and behaviour of the urban working class and of the middle class. Race and the class structure. Education. The role of important power centres: the military and the church. Religion.

Throughout, special attention will be paid to Brazil.

Recommended reading A. Gunder Frank, *Capitalism and Development in Latin America*; C. Furtado, *Development and Underdevelopment*; Marvin Harris, *Patterns of Race in the Americas*; P. M. Hauser (Ed.), *Urbanisation in Latin America* (UNESCO, 1961); H. A. Herring, *History of Latin America* (2nd edn.); A. O. Hirschmann, *Journeys towards Progress*;

872(ii) Social Structure and Social Change in Latin America (Seminar)

Sessional. This course may not be given in the session 1969-70.

For M.Sc.: *Sociology of Development*, XIX 3(viii).

873 Sociology of Religion (Seminar)

Dr D. A. Martin and Mrs Scharf. Fortnightly, Sessional.

For M.Sc.: *Sociology of Religion*, XIX 3(iv).

874 Sociology of Islam (Seminar)

Professor Gellner, Dr Cohen and Dr Lewis (S.O.A.S.). Fortnightly, Sessional. Intercollegiate course.

For M.Sc.: *Sociology of Development*, XIX 3(viii).

875 Sociology of Literature (Seminar)

Dr Swingewood. Fortnightly, Sessional.

For interested students.

Syllabus This seminar will explore the theoretical problems of the sociology of literature and then discuss some empirical work.

876 Sociology of Revolution

Six lectures, Michaelmas Term. For interested students.

Syllabus An introduction to the study of revolutions, revolutionary movements and theories of revolution.

Recommended reading K. Marx and F. Engels, *The Communist Manifesto* (Ed. Riazanov); F. Engels, *Revolution and Counter-Revolution in Germany* (Ed. Kriegel); K. Marx, *French Writings*; V. I. Statistics, Mathematics, Computing and Operational Research

(a) MATHEMATICS

900 Basic Mathematics

Professor Sir Roy Allen. Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part I: alternative subject 1 (a) *Basic Mathematics*; B.Sc. (Econ.) Part II: *Introduction to Modern Mathematics*, I 2b; III 3i; V 2g; XVI 2b (second year); B.Sc. (Geog.) C 151. Open to others needing an introduction to modern algebra and the calculus; no specific knowledge of elementary mathematics is assumed.

Syllabus Concepts of sets, groups and fields. The idea of a function. Mappings and transformations with simple examples. The elementary functions (including the exponential function, the logarithmic function and the circular functions), their expansions, derivatives and integrals. Introduction to complex numbers, to vectors and matrices.

Recommended reading I. Adler, *The New Mathematics*; R. G. D. Allen, *Basic Mathematics*; G. H. Hardy, *Pure Mathematics*; W. W. Sawyer, *Mathematician's Delight*; *Prelude to Mathematics* (Pelican Books); C. J. Tranter, *Advanced Level Pure Mathematics*.

FURTHER READING: G. Birkhoff and S. MacLane, *A Survey of Modern Algebra*; R. Courant and H. Robbins, *What is Mathematics?*; G. Hadley, *Linear Algebra*; J. G. Kemeny, J. L. Snell and G. L. Thompson, *Introduction to Finite Mathematics*; E. A. Maxwell, *An Analytical Calculus*.

900(a) Basic Mathematics First-Year Class

Dr Knott, Dr Heathcote, Mr P. M. Robinson and others. Twenty-five classes, Sessional.

For B.Sc. (Econ.) Part I: alternative subject 1 (a) *Basic Mathematics*; B.Sc. (Geog.) C 151.

900(b) Basic Mathematics Second-Year Class

Dr Knott. Twenty-five classes, Sessional.

For B.Sc. (Econ.) Part II: *Introduction to Modern Mathematics*, I 2b; III 3i; V 2g; XI 3a; XVI 2b (second year).

901 Introduction to Modern Mathematics

Mr Tymes. Two hours per week, Lent Term.

For B.Sc. (Econ.) Part II: *Introduction to Modern Mathematics*, I 2b; III 3i; V 2g; XI 3a; XVI 2b (third year).

902 Linear Algebra and Methods of Analysis

Dr Binmore and Mr R. A. Holmes.

(i) Twenty-five lectures, Sessional.

For B.Sc. (Econ.) Part I: alternative subject 1 (b) *Algebra and Methods of Analysis*; B.Sc. (Maths.) Part I, paper 3; B.Sc. (Geog.) C 152.

(ii) Ten lectures, Michaelmas Term.

For B.Sc. (Econ.) Part I: alternative subject 1 (b) *Algebra and Methods of Analysis*; B.Sc. (Geog.) C 152.

Syllabus Finite dimensional vector spaces. Linear dependence. Isomorphisms, linear mappings. Matrices. Limits and series. Derivatives and integrals of functions of one variable.

Recommended reading G. Hadley, *Linear Algebra*; P. R. Halmos, *Finite Dimensional Vector Spaces*; C. W. Curtis, *Linear Algebra*.

902(a) Linear Algebra and Methods of Analysis Class

Dr Binmore. Twenty classes, Sessional, beginning in the third week of the Michaelmas Term.

For B.Sc. (Econ.) Part I: alternative subject 1 (b) *Algebra and Methods of Analysis*; B.Sc. (Geog.) C 152.

903 Introduction to Analysis and Set Theory

Professor Offord. Fifty lectures, Sessional.

For B.Sc. (Maths.) Part I, paper 2; B.Sc. (Econ.) Part I: alternative subject 15, *Introduction to Analysis and Set Theory*; B.Sc. (Geog.) C 153. B.Sc. (Econ.) Part II: *Analysis and Set Theory*, II 3a (iii); 3b (ii); V 2i; X 3b; XI 3c; XV 5 and 6f; XVI 2c (second year).

Syllabus Sets of points in one and several dimensions. Structure of sets, open sets, closed sets, countable sets. The notion of measure of a set. The notion of limit for sequences and functions of a continuous variable.

Recommended reading J. C. Burkill, *An Introduction to Mathematical Analysis*.

903(a) Introduction to Analysis and Set Theory Class

Professor Offord and Mr. R. A. Holmes. Twenty-five classes, Sessional, beginning in the second week of the Michaelmas Term, in connection with Course No. 903.

904 Algebra and Theory of Probability I

Professor Offord and Dr H. Freedman. Forty lectures, Sessional.

For B.Sc. (Maths.) Part I, paper 4.

Syllabus The numbers system and the rules of algebra. Fields. Integers and polynomials over a field. Fundamental theorem of algebra. Polynomials in several indeterminants, symmetric polynomials determinants. The theory for discrete sample spaces. Independence. The main distributions. Sums of independent random variables.

904(a) Algebra and Theory of Probability I Class

Dr H. Freedman. Twenty classes, Sessional, beginning in the third week of the Michaelmas Term.

For B.Sc. (Maths.) Part I, paper 4.

905 Real Variable I

Professor Offord. Thirty lectures, Sessional.

For B.Sc. (Maths.) Part II, papers 1 and 2 (second year).

Syllabus Measure theory and integration. The fundamental theorem of the differential and integral calculus. Mean convergence with applications.

906 Introduction to Topology and Axiomatic Set Theory

Mr Bell. Thirty lectures, Sessional.

For B.Sc. (Maths.) Part II, papers 1 and 2 (second year); M.Sc.: Logic and Scientific Method.

Syllabus Continuous functions. Uniform convergence. Topological spaces and function spaces.

906(a) Real Variable and Topology Second-Year Class

Mr Bell and Professor Offord. Sixty classes, Sessional.

For B.Sc. (Maths.) Part II, papers 1 and 2 (second year).

906(b) Real Variable and Topology Third-Year Class

For B.Sc. (Maths.) Part II, papers 1 and 2 (third year).

907 Algebra II

Dr H. Freedman. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc. (Maths.) Part II, paper 3 (second year).

Syllabus Continuation of Course No. 904. Fields and groups. Linear spaces, composition of mappings, automorphisms, quadratic forms.

907(a) Algebra II Second-Year Class

Dr H. Freedman. Twenty classes, Sessional, beginning in the third week of the Michaelmas Term.

For B.Sc. (Maths.) Part II, paper 3 (second year).

907(b) Algebra II Third-Year Class

For B.Sc. (Maths.) Part II, paper 3 (third year).

908 Complex Variable

Mr Hornblower. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc. (Maths.) Part II, paper 3 (second year).

Syllabus Functions of a complex variable. Integration along piece-wise smooth curves. Cauchy's theorem for a triangle. Bilinear and other elementary transformations. Cauchy's formula for a piece-wise smooth curve in a star domain. Regularity of sum of a uniformly convergent series. Calculus of residues.

908(a) Complex Variable Second-Year Class

Mr Hornblower. Twenty classes, Sessional, beginning in the third week of the Michaelmas Term.

For B.Sc. (Maths.) Part II, paper 3 (second year).

908(b) Complex Variable Third-Year Class

For B.Sc. (Maths.) Part II, paper 3 (third year).

909 Theory of Probability Third-Year Class

Professor Offord.

For B.Sc. (Maths.) Part II, paper 4 (third year).

910 Real Variable II

Mr Hornblower. Twenty-five lectures, Sessional.

For B.Sc. (Maths.) Part II, papers 1 and 2 (third year).

910(a) Real Variable II Class

For B.Sc. (Maths.) Part II, papers 1 and 2 (third year).

911 Algebra III

Dr H. Freedman. Twenty-five lectures, Sessional.

For B.Sc. (Maths.) Part II, paper 3 (third year).

911(a) Algebra III Class

For B.Sc. (Maths.) Part II, paper 3 (third year).

Courses Nos. 912-913(a) will not be given in the session 1969-70.

914 Mathematics A

Professor Sargan and others.

(i) Second Year: three hours per week, Sessional.

(ii) Third Year: one hour per week, Lent Term.

For B.Sc. (Econ.) Part II: *Mathematics A*, (i) I 2c; II 3a (i); III 3h; IV 6, 7 and 8i; V 2c; XI 3a; Dip. Stats.

(ii) I 2c; II 2a; III 3h; IV 6, 7 and 8i; V 2c; XI 3b; Dip. Stats.

Syllabus Vectors, matrices and quadratic forms. Differential calculus of one and several variables. Stationary values. Lagrange multiplier. Complex numbers. Integral calculus. Series, expansions. Difference and differential equations.

Recommended reading G. Hadley, *Linear Algebra*; R. G. D. Allen, *Mathematical Analysis for Economists*; R. P. Gillespie, *Partial Derivatives*; W. Maak, *Introduction to Modern Calculus*.

915 Mathematics B

Dr Binmore, Mr Hajnal, Mr R. A. Holmes and Dr Knott.

Two hours a week, Sessional.

915(a) Mathematics B Second-Year Class

Dr Knott, Mr Hajnal, Mr P. M. Robinson and others. Thirty hours, Sessional.

915(b) Mathematics B Third-Year Revision Class

Dr Knott, Mr Hajnal and others. Ten hours, Lent Term.

For B.Sc. (Econ.) Part II: *Mathematics B*, I 2d; II 2b; IV 6, 7 and 8i; V 2d; X 3; XI 3c (third year); I 2d; II 3a(ii) or 3b(i); IV 6, 7 and 8i; V 2d; X 3a; XI 3b (second year); Dip. Stats.

(b) STATISTICAL THEORY AND METHOD

916 Elementary Statistical Methods

Miss Gales and Dr Maunder. Sixteen lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part I: alternative subject 8 *Methods of Social Investigation*; B.Sc. (Econ.) Part II: *Elements of Management Mathematics*, IV 3c; V 2a (second and third years); B.Sc. (Soc. Anth.) 3a (Part II); B.Sc. (Geog.) C 202; M.Sc.: Accounting and Finance (preliminary year); *Mathematical Programming*, I 4; Dip. Personnel Management; Dip. Soc. Admin. (first year and one-year). Optional for Dip. Soc. Admin. (second year).

Syllabus The analysis and presentation of statistical data. Tables, graphs, and diagrams. Measures of average and dispersion. Calculation of various kinds of index numbers. Time-series and cross-section data. Elements of association and correlation. Basic ideas of statistical inference.

Recommended reading R. G. D. Allen, *Statistics for Economists*; A. R. Hiersic, *Statistics*; A. Bradford Hill, *Principles of Medical Statistics*; J. E. Freund and F. J. Williams, *Modern Business Statistics*; W. A. Wallis and H. V. Roberts, *Statistics, A New Approach*; B. C. Brookes and W. F. L. Dick, *Introduction to Statistical Method*.

916(a) Elementary Statistical Methods Class

Dr Maunder, Mr Gattoni and others. Fifteen classes, Michaelmas and Lent Terms.

917 Statistical Methods (Sociology)

Mr R. W. Lewis. Twenty lectures, Michaelmas and Lent Terms.

For B.A./B.Sc. (Soc.) Branch I, 2; Branch III, 5 (first year); Branch II, 10c (second year); B.Sc. Soc. Psych. (first year); M.Sc.: Sociology (preliminary year).

Syllabus Collection, definition and tabulation of data. Diagrammatic representation. Analysis of frequency distributions. Averages and measures of dispersion. Index numbers. The elementary theory of regression and correlation. Background of sampling theory. Calculation of sampling errors. The design of samples. The application of statistical methods to sociological problems.

Recommended reading R. G. D. Allen, *Statistics for Economists*; L. H. C. Tippett, *Statistics*; A. R. Hiersic, *Statistics*; A. Bradford Hill, *Principles of Medical Statistics*; W. A. Wallis and H. V. Roberts, *Statistics, A New Approach*; J. E. Freund and F. J. Williams, *Modern Business Statistics*; H. Zeisel, *Say it with Figures*; L. G. Gotkin and L. S. Goldstein, *Descriptive Statistics*; S. M. Dornbusch and C. F. Schmid, *A Primer in Social Statistics*; M. W. Tate, *Statistics in Education and Psychology*; G. Kalton, *Introduction to Statistical Ideas*; H. M. Blalock, *Social Statistics*.

917(a) Statistical Methods (Sociology) Class

Mr R. W. Lewis and others. Twenty classes, Michaelmas and Lent Terms.

For B.A./B.Sc. (Soc.) Branch I, 2; Branch III, 5 (first year); Branch II, 10c (second year); M.Sc.: Sociology (preliminary year).

917(b) Statistical Methods (Sociology) Class

(i) Mr R. W. Lewis. Ten hours, Lent Term.

For B.A./B.Sc. (Soc.) Branch III, 5 (third year).

(ii) Miss Gales and others. Ten hours, Michaelmas Term.

For B.A./B.Sc. (Soc.) Branch I, 2 (second year); Branch II, 10c (third year).

918 Elementary Statistical Theory I

Dr Wallis. Twenty-three lectures, Sessional.

For B.Sc. (Econ.) Part I: alternative subject 2 *Elementary Statistical Theory*; B.Sc. (Econ.) Part II: *Elements of Statistical Theory and Methods*, I 3e; II 5a; IV 3a; V 2e; XI 5, 6 and 7f; XVI 3c (second year); B.Sc. (Maths.) Part I, 5a; B.Sc. (Geog.) C 201.

Syllabus Descriptive statistics. Probability and distribution theory. Sampling. Estimation and tests of hypotheses. Statistical relationship.

Recommended reading INTRODUCTORY:

P. G. Hoel, *Elementary Statistics*.

GENERAL: J. E. Freund, *Modern Elementary Statistics*; T. Yamane, *Statistics: An Introductory Analysis*. Further references will be given during the course.

918(a) Elementary Statistical Theory I Class

Dr Wallis, Mr P. M. Robinson and others. Twenty-three classes, Sessional, beginning in the third week of the Michaelmas Term.

919 Elementary Statistical Theory II

Dr Wallis. Ten lectures, Summer Term.

For B.Sc. (Econ.) Part II: *Elements of Statistical Theory and Methods*, I 3e; II 5a; IV 3a; V 2e; XI 5, 6 and 7f; XVI 3c; *Econometrics*, II 8a; *Econometric Theory*, II 8b; X 6 and 7d (second year).

Syllabus Theory of the general linear regression model. Partial and multiple correlations. A familiarity with matrix algebra will be assumed.

Recommended reading J. Johnston, *Econometric Methods*, chaps. 1-4.

920 Elements of Statistical Theory and Methods Revision Class

Dr Wallis. Eight classes, Lent Term, beginning in the third week.

For B.Sc. (Econ.) Part II: *Elements of Statistical Theory and Methods*, I 3e; II 3a; IV 3a; V 2e; XI 5, 6 and 7f; XVI 3c (third year).

921 Introduction to Probability

Professor Durbin and Mr P. M. Robinson.

Fifteen lectures and five classes, Michaelmas Term.

For Dip. Stats.; B.Sc. (Econ.) Part II (second year): *Statistical Theory*, II 5b; *Probability, Distribution and Sampling Theory*, X 4; XI 5, 6 and 7d; *Management Mathematics*, II 5c; V 2h; X 6 and 7g; XI 5, 6 and 7b; B.Sc. (Maths.) Part II, 5, 6, 7 and 8a and h (second year); M.Sc.: *Foundations of Probability and Statistics*, XIII 5.

Syllabus Discrete sample spaces. Definitions and rules of probability. Conditional probability. Bayes' theorem. Independence. Random variables and calculus of expectations. Frequency—generating functions. Bernoulli trials. Binomial, Negative Binomial, Poisson, Hypergeometric, Multinomial distributions. Poisson process. Mixtures and compounds of distributions. Random walks. Markov chains.

Recommended reading W. Feller, *An Introduction to Probability Theory and its Applications* (Vol. I).

922 Theory of Statistical Distributions

Professor Durbin, Mr P. M. Robinson and others. Fifteen lectures and five classes. Lent Term.

For B.Sc. (Econ.) Part II: *Statistical Theory*, II 5b; *Probability Distribution and Sampling Theory*, X 4, XI 5, 6 and 7d (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8a (second year).

Syllabus Distribution and frequency functions. Moments, cumulants, and their generating functions. Characteristic functions. Distribution of sums. Weak

law of large numbers and Central Limit theorem. Change of variables technique. Linear (including orthogonal) transformations. Ratios of random variables. Bivariate and multivariate generalizations. Independence. Order-statistics and functions of them. Distributions associated with the normal, including F, χ^2 , t and the bivariate normal. Standard errors.

Recommended reading A. M. Mood and F. A. Graybill, *Introduction to the Theory of Statistics*; M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. I.

923 Statistical Methods and Theory (Second Year)

Dr Knott. Twenty lectures, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Theory of Statistical Methods*, X 5 (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8b (second year).

Syllabus Applications and theory of the normal distribution, statistical tests and procedures, least squares, analysis of variance and covariance, regression and correlation analysis.

Recommended reading N. R. Draper and H. Smith, *Applied Regression Analysis*; M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. II; D. A. S. Fraser, *Statistics: An Introduction*.

923(a) Statistical Methods and Theory Practical Class (Second Year)

Dr Knott. Twenty classes of one-and-a-half hours, Lent and Summer Terms.

924 Statistical Methods and Theory (Third Year)

Dr Brillinger and Professor Stuart. Fifteen lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Theory of Statistical Methods*, X 5 (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8b (third year).

Syllabus Further analysis of variance and

experimental design. Non-parametric methods.

Recommended reading D. A. S. Fraser, *Statistics: An Introduction*; M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vols. II and III; O. Kempthorne, *The Design and Analysis of Experiments*; K. A. Brownlee, *Statistical Theory and Methodology in Science and Engineering*.

924(a) Statistical Methods and Theory (Third Year) Class

Professor Stuart. Five classes, Lent Term.

925 Statistics Practical Class

Mr P. M. Robinson. Fifteen classes of one-and-a-half hours, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: special subject Statistics.

926 Sample Survey Theory

Mr R. W. Lewis. Ten lectures, Michaelmas Term.

For Dip. Stats.; B.Sc. (Econ.) Part II: *Social Statistics and Survey Methodology*, X 6 and 7c; XI 5, 6 and 7e; *Theory of Statistical Methods*, X 5 (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8b (third year). Optional for M.Sc.: *Survey Theory and Methods*, XXI 7.

Further treatment of sample survey theory is provided in Course No. 964.

Syllabus Simple random sampling; stratification; multi-stage sampling. Optimum allocation for given cost function. Selection with unequal probabilities.

Recommended reading F. Yates, *Sampling Methods for Censuses and Surveys*; W. G. Cochran, *Sampling Techniques*; W. E. Deming, *Sample Design in Business Research*; M. H. Hansen, W. N. Hurwitz and W. G. Madow, *Sample Survey Methods and Theory*; A. Stuart, *Basic Ideas of Scientific Sampling*; M. R. Sampford, *An Introduction to Sampling Theory*; L. Kish, *Survey Sampling*; P. V. Sukhatme, *Sampling Theory of Surveys with Applications*.

927 Estimation and Tests

Professor Stuart and Mr P. M. Robinson.

Fifteen lectures and five classes, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Probability, Distribution and Sampling Theory*, X 4; XI 5, 6 and 7d; *Statistical Theory*, II 3b (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8a (third year); Dip. Stats.

Syllabus Criteria of estimation: consistency, unbiasedness, efficiency, sufficiency, minimum variance. Least squares. Maximum likelihood. Classical and Bayesian methods. Elementary notion of the theory of tests.

Recommended reading A. M. Mood and F. A. Graybill, *Introduction to the Theory of Statistics*; D. V. Lindley, *Introduction to Probability and Statistics from a Bayesian Viewpoint*, Vols. I and II.

928 Statistical Theory Problems Class

Professor Stuart. Thirteen classes, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Probability, Distribution and Sampling Theory*, X 4; XI 5, 6 and 7d; *Theory of Statistical Methods*, X 5 (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8a (third year).

929 Statistical Theory Class

Mr P. M. Robinson. Eight classes, beginning in the third week of the Lent Term.

For B.Sc. (Econ.) Part II: *Statistical Theory*, II 3b (third year).

(c) APPLIED STATISTICS

930 Introduction to Statistical Sources

Professor Sir Roy Allen. Ten lectures, Michaelmas and Lent Terms, beginning in the sixth week of the Michaelmas Term.

Note Further treatment of statistical sources and applications is provided in Course No. 933.

For B.Sc. (Econ.) Part II (second year): *Economic Statistics*, I 6; II 7a; III 8c; IV 3b; VI 8h; XV 5 and 6b; Dip. Stats. Recommended for M.Sc.: Economic History; B.Sc. (Econ.) Part II: special subject Accounting and Finance (second year).

Syllabus The main sources of statistics of population, manpower, production, consumption, prices, trade, national income. The nature and limitations of these statistics: their use in illustrating recent economic movements. Index numbers in practice. The elements of the technique of social surveys.

Recommended reading E. Devons, *An Introduction to British Economic Statistics*; M. G. Kendall (Ed.), *The Sources and Nature of the Statistics of the United Kingdom*; C. A. Moser, *Survey Methods in Social Investigation*; U.K. Central Statistical Office, *New Contributions to Economic Statistics*; *Monthly Digest of Statistics*; and other official publications; U.K. Interdepartmental Committee on Social and Economic Research, *Guides to Official Sources*, No. 1, *Labour Statistics*; No. 2, *Census Reports of Great Britain, 1801-1931*; No. 4, *Agricultural and Food Statistics*; No. 6, *Census of Production Reports*; *London and Cambridge Economic Bulletin*; *National Institute Economic Review*.

931(a) Economic Statistics

Professor Sir Roy Allen and Dr Maunder.

Fifteen classes, Lent and Summer Terms, beginning in the sixth week of the Lent Term.

For B.Sc. (Econ.) Part II: *Economic Statistics*, I 6; II 7a; III 8c; IV 3b; VI 8h; XV 5 and 6b (second year); Dip. Stats. The classes will be divided into several groups, some mainly non-mathematical, others more mathematical.

Syllabus Simple methods of handling economic data; applications of measures of average, dispersion and association and of time series and index numbers. The topics will include manpower and employment, earnings and the cost of living, production and sales, domestic and inter-

national trade, national income and the balance of payments. All students are expected to have attended Course No. 930.

Recommended reading R. G. D. Allen, *Statistics for Economists*; C. A. Blyth, *The Use of Economic Statistics*; E. Devons, *An Introduction to British Economic Statistics*; A. R. Hiersic, *Statistics*; R. J. Nicholson, *Economic Statistics and Economic Problems*; and the main U.K. official statistical publications.

931(b) Economic Statistics Revision Class

Dr Maunder and others. Six classes, Lent Term, beginning in the fifth week.

For B.Sc. (Econ.) Part II: *Economic Statistics*, I 6; II 6; III 8c; IV 3b; VI 8h; X 6 and 7d; XV 5 and 6b (third year). These classes supplement Course No. 931a.

932 National Income I

Dr Maunder and others. Ten lectures, Michaelmas Term. National Income II will be given in the session 1970-71.

For B.Sc. (Econ.) Part II: *Economic Statistics*, I 6; II 7a; III 8c; IV 3b; VI 8h; XV 5 and 6b (second year); Dip. Stats.

Syllabus The conceptual framework of national accounting. The definition and measurement of the national income and product. A general review of methods of estimation and the reliability of national accounting aggregates.

Recommended reading W. Beckerman, *An Introduction to National Income Analysis*; J. R. N. Stone and G. Stone, *National Income and Expenditure*; J. R. N. Stone and G. Croft-Murray, *Social Accounting and Economic Models*; G. Stuvell, *Systems of Social Accounts*; H. C. Edey and A. T. Peacock, *National Income and Social Accounting*; R. Marris, *Economic Arithmetic*; U.K. Central Statistical Office, *National Income and Expenditure* (H.M.S.O., annual); U.K.

Central Statistical Office, *National Accounts Statistics: Sources and Methods* (H.M.S.O., 1968); United Nations, *A System of National Accounts and Supporting Tables* (revised 1968). Further reading will be recommended during the course.

933 International Trade and the Balance of Payments

Professor Sir Roy Allen. Six lectures, Summer Term.

For B.Sc. (Econ.) Part II: *Economic Statistics*, I 6; II 7a; III 8c; IV 3b; VI 8h; XV 5 and 6b (second year); Dip. Stats.

Syllabus International trade in goods and services, international lending and international transfers. The importance of international trade to the United Kingdom and the relation of the balance of payments to the national income accounts. Terms of trade, indices of prices and volume of trade.

Recommended reading will be given during the course.

934(i) General Statistics (Second Year)

Mr Kalton. Twenty classes of one-and-a-half hours each, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *General Statistics*, X 8.

934(ii) General Statistics (Third Year)

Professor Sir Roy Allen. Twenty meetings of one-and-a-half hours each, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *General Statistics*, X 8 (third year).

935 Survey Methods in Social Investigation

Miss Gales. Ten lectures, Lent Term.

For B.A./B.Sc. (Soc.) Branch I, 2 (second year); Branch II, 10c (third year); B.Sc. (Econ.) Part I: alternative subject 8 *Methods of Social Investigation*; Dip. Soc. Admin. (second and one-year); B.Sc.

(Soc.) Branch III, 5 (first year); B.Sc. (Soc. Anth.) Part II, 3a; B.Sc. (Geog.) C 202; M.Sc.: *Methods of Sociological Study*, XIX 2 (preliminary year); Dip. Stats.; Dip. Development Admin. Recommended for graduate students.

Syllabus The nature and evolution of social investigations. Contemporary survey work. Surveys of environment, behaviour and opinions. The planning of surveys. Background of sampling theory. Sample design and sampling techniques. Non-sampling errors and bias. Methods of collecting the data: documents, observation, mail questionnaires, interviewing. Questionnaire design. The processing, analysis and interpretation of data.

Recommended reading F. Yates, *Sampling Methods for Censuses and Surveys*; B. S. Rowntree, *Poverty and Progress*; *New Survey of London Life and Labour*; F. Mosteller (Ed.), *The Pre-Election Polls of 1948*; M. A. Abrams, *Social Surveys and Social Action*; P. Gray and T. Corlett, "Sampling for the Social Survey" (*Journal of the Royal Statistical Society*, 1950); C. Selltitz and others, *Research Methods in Social Relations*; L. Festinger and D. Katz (Eds.), *Research Methods in the Behavioural Sciences*; H. H. Hyman and others, *Interviewing in Social Research*; H. H. Hyman, *Survey Design and Analysis*; C. A. Moser, *Survey Methods in Social Investigation*; F. Edwards (Ed.), *Readings in Market Research*; A. Bradford Hill, *Statistical Methods in Clinical and Preventive Medicine*.

935(a) Survey Methods in Social Investigation Class

Miss Gales and others. Five classes, Lent Term, beginning in the sixth week.

For B.Sc. (Econ.) Part I: alternative subject 8 *Methods of Social Investigation*; B.Sc. (Geog.) C 202; B.Sc. (Soc. Anth.) Part II, 3a.

935(b) Survey Methods Class

Mr R. W. Lewis. Fifteen hours, Lent and Summer Terms.

For B.Sc. (Soc.) Branch III (second year).

936 Social Statistics and Survey Methodology (Second Year)

Mr R. W. Lewis and others. Five lectures, Summer Term.

For B.Sc. (Econ.) Part II: *Social Statistics and Survey Methodology*, X 6 and 7c; XI 5, 6 and 7e (second year).

937 Social Statistics and Survey Methodology (Third Year)

Mr R. W. Lewis and others. Twenty-five hours, Sessional.

For B.Sc. (Econ.) Part II: *Social Statistics and Survey Methodology*, X 6 and 7c; XI 5, 6 and 7e (third year).

938 Compound Interest

Mr Carrier. Five lectures, Michaelmas Term.

For B.Sc. (Econ.) Part II: *Actuarial Statistics*, X 6 and 7a; *Accounting: Management and Economic Aspects*, I 3b; II 5d; III 3b; IV 6, 7 and 8h; *Accounting and Finance*, V 6, 7 and 8 (second year); M.Sc.: *Economic Aspects of Accounting*, I 1 and 2; IV 4(xv); *Management Accounting*, XII 4(ii).

Syllabus An introduction to the annuity certain, valuation of redeemable securities, sinking funds; the determination of interest rates in given transactions and continuous growth.

Recommended reading D. W. A. Donald, *Compound Interest and Annuities Certain*; W. L. Hart, *Mathematics of Investment*.

939(i) Actuarial Statistics I

Mr Dyson. Twenty hours, Sessional.

For B.Sc. (Econ.) Part II: *Actuarial Statistics*, X 6 and 7a (second year).

Syllabus Elementary life contingencies. Exposed to risk formulae and the construction of life tables. Theory of multiple decrements. Construction of select mortality and multiple decrement tables.

Recommended reading R. E. Larson and E. A. Gaumnitz, *Life Insurance Mathematics*; P. F. Hooker and L. H. Longley-Cook, *Life and Other Contingencies*,

Statistics, Mathematics, Computing and Operational Research

Vol. I; J. L. Anderson and J. B. Dow, *Actuarial Statistics*, Vol. II; W. G. Bailey and H. W. Haycocks, *Some Theoretical Aspects of Multiple Decrement Tables*.

939(ii) Actuarial Statistics II

Mr Dyson. Ten hours, Lent Term.

For B.Sc. (Econ.) Part II: *Actuarial Statistics*, X 6 and 7a (third year).

Syllabus Comparison of mortality and other experiences; graduation; English life and other standard mortality tables. Students will be expected to have attended Course No. 939(i).

Recommended reading P. F. Hooker and L. H. Longley-Cook, *Life and Other Contingencies*, Vol. II; H. Tetley, *Actuarial Statistics*, Vol. I; J. L. Anderson and J. B. Dow, *Construction of Mortality and Other Tables (Actuarial Statistics, Vol. II)*; N. L. Johnson and H. Tetley, *Statistics*, Vol. II, chap. 17; Registrar-General's Decennial Supplement (Life Tables), 1951 and 1961.

939(ii)(a) Actuarial Statistics II, Classes

Five hours, Summer Term.

Optional for B.Sc. (Econ.) Part II: *Actuarial Statistics*, X 6 and 7a (third year).

(d) COMPUTING

940 Introduction to Computing (Second Year)

Lecturer to be announced.

Twenty-five lectures, Sessional, beginning in the sixth week of the Michaelmas Term.

Whole course: for B.Sc. (Econ.) Part II: *Elements of Computer Science*, XI 4 (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8d (second year). **Michaelmas Term only:** for M.Sc.: *Automatic Data Processing*, XII 4(iii); M.Sc.: Accounting and Finance. Optional for B.Sc. (Econ.) Part II: *Accounting and Finance*, V 6, 7 and 8 (second year).

This course is a continuation of Course No. 985.

Syllabus Functional description of a computer; computer configurations; representation of data. Principles of programming; instructions; decisions; loops, instruction modification. Basic machine coding applied to simple logical and numerical examples, including use of fixed and floating point number representation. Flow charts; program organization; subroutines. Instruction formats; fixed and variable word length. Serial and random access files. Methods for file processing: searching and sorting. Symbolic programming. Automatic programming; assemblers; compilers; interpretative routines. Operating systems. Problem formulation for computer solution; the intuitive concept of an algorithm and its representations.

Recommended reading T. E. Hull, *Introduction to Computing*; R. S. Ledley, *Programming and Utilizing Digital Computers*; F. J. Gruenberger and G. Jaffray, *Problems for Computer Solution*.

940(a) Introduction to Computing, Second-Year Class

Lecturer to be announced. Twenty classes, Lent and Summer Terms.

941 Introduction to Computing (Third Year)

Mr Garside. Five lectures of two hours, Lent Term.

For B.Sc. (Econ.) Part II: *Elements of Computer Science*, XI 4 (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8d (third year).

942 Fortran IV

Lecturer to be announced. Ten lectures, Michaelmas Term.

For B.Sc. (Econ.) Part II: *Elements of Computer Science*, XI 4; *Numerical Methods and Programming*, X 6 and 7f; XI 5, 6 and 7c; *General Statistics*, X 8 (second year); B.Sc. (Maths.) Part II: 5, 6, 7 and 8c and d (second year).

Syllabus The syntax of the Fortran IV programming language.

Statistics, Mathematics, Computing and Operational Research

Recommended reading R. S. Ledley, *Fortran IV Programming*; D. D. McCracken, *A Guide to Fortran IV Programming*.

942(a) Fortran IV Class

Lecturer to be announced. Ten classes, Michaelmas Term.

943 Computing Practical Class

Lecturer to be announced. Thirty classes, Sessional.

For B.Sc. (Econ.) Part II: special subject Computing (second and third years).

944(i) General Computing, Second Year

Lecturer to be announced. Ten classes, Summer Term.

For B.Sc. (Econ.) Part II: *General Computing*, XI 8.

944(ii) General Computing, Third Year

Lecturer to be announced. Twenty classes, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *General Computing*, XI 8.

945 Numerical Methods, Second Year

Lecturer to be announced. Twenty lectures, Lent and Summer Terms.

For B.Sc. (Econ.) Part II: *Numerical Methods and Programming*, X 6 and 7f; XI 5, 6 and 7c (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8c (second year).

Syllabus An introduction to the use of digital computers in the solution of numerical problems. Fixed and floating point storage and arithmetic. Error analysis.

Algorithms for approximation, interpolation, numerical differentiation and integration, solution of differential equations.

Evaluations of functions. Solution of non-linear equations. Numerical methods in linear algebra. Random number generation and Monte Carlo methods.

Note It will be assumed that students have attended Course No. 942.

Recommended reading S. D. Conte, *Elementary Numerical Analysis*; J. M. Hammersley and D. C. Handscomb, *Monte Carlo Methods*; T. H. Naylor *et al.*, *Computer Simulation Techniques*.

945(a) Numerical Methods Second-Year Class

Lecturer to be announced. Ten classes, Summer Term.

946 Numerical Methods, Third Year

Lecturer to be announced. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Numerical Methods and Programming*, X 6 and 7f; XI 5, 6 and 7c (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8c (third year).

Syllabus See Course No. 945.

946(a) Numerical Methods Third-Year Class

Lecturer to be announced. Twenty classes, Michaelmas and Lent Terms.

947 Management Data Processing Class

Mr Waters and others.

(i) Second Year. Ten hours, Summer Term.

(ii) Third Year. Ten hours, Lent Term.

For B.Sc. (Econ.) Part II: *Management Data Processing*, XI 5, 6 and 7a; B.Sc. (Maths.) Part II: 5, 6, 7 and 8g.

These classes are held in conjunction with Courses Nos. 986-9.

(e) OPERATIONAL RESEARCH

948 Elements of Management Mathematics

Mr Rosenhead. Twenty lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Elements of Management Mathematics*, IV 3c; V 2a (second and third years); M.Sc.: *Management Mathematics*, I 3; Dip. Personnel Management.

Syllabus An introduction to mathematical techniques applied to problems of decision-making in business and industry. Topics treated will include: vectors and matrices, linear programming, game theory, critical path analysis, set theory, probability, decision trees, dynamic programming, stochastic processes, Markov chains, replacement theory.

Recommended reading J. G. Kemeny, A. Schleifer, J. L. Snell and G. L. Thompson, *Finite Mathematics with Business Applications*.

948(a) Elements of Management Mathematics Class

Lecturers to be announced. Twenty classes, Michaelmas and Lent Terms.

949 Introduction to Operational Research Techniques

Mr Rosenhead. Nine lectures, Summer Term.

For B.Sc. (Econ.) Part II: *General Computing*, XI 8; *Management Mathematics*, II 5c; V 2h; X 6 and 7g; XI 5, 6 and 7b (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8h; Dip. Stats.

Syllabus An introduction to mathematical techniques applied to problems of decision-making in business and industry. Topics treated will include: critical path analysis, decision theory, queues, stock control, games theory, computer simulation of complex organizations and forecasting.

Recommended reading J. G. Kemeny, A. Schleifer, J. L. Snell and G. L. Thompson, *Finite Mathematics with Business Applications*; M. Sasieni, A. Yaspan and L. Friedman, *Operations Research*; A. S. Manne, *Economic Analysis for Business Decisions*.

949(a) Introduction to Operational Research Techniques

Lecturers to be announced. Eight classes, Summer Term.

950 Operational Research Techniques

Mr Rosenhead. Fifteen lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Management Mathematics*, II 3c; X 6 and 7g; XI 5, 6 and 7b (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8h (third year); Dip. Stats.

Syllabus Replacement theory. Inventory control. Queueing theory. Dynamic programming.

Recommended reading M. Sasieni, A. Yaspan and L. Friedman, *Operations Research*; R. L. Ackoff and M. Sasieni, *Fundamentals of Operations Research*; D. R. Cox, *Renewal Theory*; D. R. Cox and W. L. Smith, *Queues*; R. E. Bellman and S. E. Dreyfus, *Applied Dynamic Programming*.

950(a) Operational Research Techniques Third-Year Class

Lecturer to be announced. Fifteen classes, Michaelmas and Lent Terms.

951 Mathematical Programming

Dr Land and Dr Morton. Fifteen lectures, Michaelmas and Lent Terms.

Whole course for B.Sc. (Econ.) Part II: *Management Mathematics*, II 3c; X 6 and 7g; XI 5, 6, and 7b (third year); B.Sc. (Maths.) Part II: 5, 6, 7 and 8h (third year); Dip. Stats. **First ten lectures** optional

for B.Sc. (Econ.) Part II: *Economics treated Mathematically*, I 8d; II 7; IV 6, 7 and 8d; V 2f; X 1 and 2b; XI 2a (third year).

Syllabus The first ten lectures of this course are intended to acquaint students with the formulation of linear programming problems and the properties of their solutions, and to draw attention to their relationship to economic theory. The remaining five lectures (for Management Mathematics students) will be concerned with techniques of solution and formulation of special problems. A familiarity with simple matrix algebra will be assumed.

Recommended reading G. Hadley, *Linear Programming*; S. Vajda, *Readings in Linear Programming; An Introduction to Linear Programming and the Theory of Games*; R. Dorfman, P. A. Samuelson and R. M. Solow, *Linear Programming Economic Analysis*; K. E. Boulding and W. A. Spivey, *Linear Programming and the Theory of the Firm*.

951(a) Mathematical Programming Class

Dr Land, Dr Morton and others. Fifteen classes, Michaelmas and Lent Terms.

(f) GRADUATE COURSES (STATISTICS)

952 Advanced Probability

Dr Heathcote. Twenty lectures, Michaelmas Term.

For M.Sc.: *Probability, Stochastic Processes and Distribution Theory*, XII 2b; XXI 1.

953 Stochastic Processes I

Mr Hajnal. Ten lectures, Lent Term.

For M.Sc.: *Probability, Stochastic Processes and Distribution Theory*, XII 2b; XXI 1; *Stochastic Processes and Applications*, XII 2a; *Selected Techniques and Model Building*, XXI 4.

Syllabus Markov chains with finite number of states in discrete and continuous time. Renewal theory. Queues.

953(a) Stochastic Processes I Class

Mr. Hajnal and Dr Heathcote. Ten classes, Lent Term.

954 Stochastic Processes II

Mr Hajnal. Ten lectures, Summer Term (two hours a week for the first five weeks of term).

For M.Sc.: *Probability, Stochastic Processes and Distribution Theory*, XII 2b; XXI 1.

954(a) Stochastic Processes II Class

Mr Hajnal. Five classes, Summer Term.

955 Introduction to Sets and Metric Spaces

(i) Theory

Mr Foldes. Twenty lectures of one-and-a-half hours, Michaelmas Term.

For M.Sc.: *Advanced Mathematical Economics I and II*, V 2(v) and (vi).

(ii) Applications

Professor Sargan. Ten lectures, Lent Term.

For M.Sc.: *Advanced Mathematical Economics I and II*, V 2(v) and (vi).

Syllabus (a) Theory: elementary properties of sets, relations and functions. Equivalence and ordering relations. Cardinal numbers. Metrics, open and closed sets, limits, continuity. Compact and connected sets in metric spaces. Linear and affine spaces, subspaces and functions. Inner products and norms. Convex sets. Separating hyperplanes. Simplexes. Fixed points.

(b) Applications: existence of competitive equilibrium. Existence of dual prices in non-linear programming.

Recommended reading Basic reading: On sets and relations: R. R. Stoll, *Sets, Logic and Axiomatic Theories*, chap. 1, or

P. R. Halmos, *Naive Set Theory*. On metric spaces: the relevant sections of A. N. Kolmogorov and S. V. Fomin, *Elements of the Theory of Functions and Functional Analysis*, Vol. I, or K. Kuratowski, *Introduction to Set Theory and Topology*, or S. T. Hu, *Introduction to General Topology*. On vector spaces: D. Gale, *The Theory of Linear Economic Models*, chap. 2, or relevant sections of P. R. Halmos, *Finite-Dimensional Vector Spaces*.

FURTHER REFERENCES: W. Fenchel, *Convex Cones, Sets and Functions*, esp. chap. 2, S. 6; L. S. Pontryagin, *Outlines of Combinatorial Topology*, S. 1-10; J. Dieudonné, *Foundations of Modern Analysis*. On applications: G. Debreu, *Theory of Value*; H. W. Kuhn and A. W. Tucker, "Nonlinear Programming" (*Second Berkeley Symposium on Mathematical Statistics and Probability*).

956 Further Distribution Theory

Professor Stuart. Ten lectures, Lent Term.

For M.Sc.: *Probability, Stochastic Processes and Distribution Theory*, XII 2b; XXI 1.

Syllabus Selected topics in the theory of order statistics. Properties of the sample distribution function. Distribution theory of quadratic forms of normally distributed random variables. Approximations to statistical distributions.

Recommended reading M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. I; H. Cramér, *Mathematical Methods of Statistics*; M. Fisz, *Probability Theory and Mathematical Statistics*.

957 Statistical Inference

Dr Heathcote. Twenty-five lectures, Sessional.

For M.Sc.: *Statistical Methodology and Inference*, XXI 2.

Syllabus Estimation theory. Unbiasedness, minimum variance, sufficiency, completeness, maximum likelihood. The theory of testing hypotheses. Confidence intervals. Inference for linear models. Decision theory. Bayesian methods. Likelihood.

Tests of fit. Distribution-free methods. Sequential methods.

Recommended reading M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vols. II and III; H. Cramér, *Mathematical Methods of Statistics*; S. S. Wilks, *Mathematical Statistics*; E. L. Lehmann, *Testing Statistical Hypotheses*.

957(a) Statistical Inference Class

Dr Heathcote. Ten classes, Sessional.

958 Multivariate Analysis

Dr Brillinger. Ten lectures of two hours, Michaelmas Term.

For M.Sc.: *Statistical Methodology and Inference*, XXI 2; *Design and Analysis of Statistical Investigation*, XII 1b; XXI 3.

Syllabus Multiple regression analysis. Component analysis. Discriminant analysis. Canonical analysis. Multivariate analysis of variance. Factor analysis. Applications of these techniques.

Recommended reading T. W. Anderson, *Introduction to Multivariate Statistical Analysis*; C. R. Rao, *Linear Statistical Inference and Its Applications*; D. F. Morrison, *Multivariate Statistical Methods*; W. W. Cooley and P. R. Lohnes, *Multivariate Procedures for the Behavioural Sciences*.

958(a) Multivariate Analysis Class

Dr Brillinger. Five classes, Michaelmas Term.

959 Ranking and Other Distribution-Free Methods

Professor Stuart. Fifteen lectures, Michaelmas and Lent Terms.

For M.Sc.: *Design and Analysis of Statistical Investigation*, XII 1b; XXI 3.

Syllabus The rationale and efficiency of ranking and other distribution-free methods. Tests of independence, tests of randomness and rank correlation coefficients. Normal scores tests. Two-sample and k -sample tests. Sign tests. Intervals for population percentiles.

Tolerance intervals for a distribution. Tests of fit. Confidence intervals for an unknown distribution function.

Recommended reading M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. II (chaps. 30, 31 and 32); M. G. Kendall, *Rank Correlation Methods*; S. Siegel, *Non-parametric Statistics for the Behavioural Sciences*.

960 Selected Techniques of Quantitative Analysis

Mr Gattoni, Professor Durbin and Dr Maunder. Twelve lectures and six classes, Michaelmas and Lent Terms.

For M.Sc.: *Selected Techniques and Model Building*, XXI 4.

Syllabus Analytic techniques, e.g. single and double decrement tables and their applications; standardization and index numbers; relative risks. Seasonal adjustments.

961 Model Building

Dr Phillips. Twelve lectures and six classes, Lent and Summer Terms.

For M.Sc.: *Selected Techniques and Model Building*, XXI 4.

Syllabus Model building, theory, applications and evaluation of policy implications, decision-making. Input-output and flow models; simulation techniques. Data storage and retrieval; record linkage.

962 Causal Analysis

Mr Kalton. Eight lectures and four classes, Lent Term.

For M.Sc.: *Selected Techniques and Model Building*, XXI 4.

Syllabus Causal analysis, including recursive systems, path coefficients, cross-lagged correlations. Effects of measurement error.

963 Applied Problems in Statistics (Seminar)

Dr Phillips, Mr Gattoni, Mr Kalton and others. Ten meetings of one-

and-a-half hours, fortnightly, Michaelmas and Lent Terms.

For M.Sc.: *Selected Techniques and Model Building*, XXI 4.

964 Further Sample Survey Theory and Methods

Mr Kalton. Twenty lectures, Lent Term.

Note This course presupposes attendance at Course No. 926.

For M.Sc.: *Survey Theory and Methods*, XXI 7.

Syllabus Stratification, controlled selection. Multistage sampling. Area sampling. Multiphase sampling. Selection with unequal probabilities. Ratio and regression estimates. Domains of study. Panel studies. Nonsampling errors.

Recommended reading L. Kish, *Survey Sampling*; W. G. Cochran, *Sampling Techniques* (2nd edn.); M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. 3 (chaps. 39 and 40); W. E. Deming, *Sample Design in Business Research*; F. Yates, *Sampling Methods for Censuses and Surveys*; M. H. Hansen, W. N. Hurwitz and W. G. Madow, *Sample Survey Methods and Theory*.

964(a) Further Sample Survey Theory and Methods Class

Mr Kalton. Eight classes, Lent and Summer Terms.

965 Survey Design, Execution and Analysis

Miss Gales and Mr Kalton. Twenty classes of two hours each, Michaelmas and Lent Terms.

For M.Sc.: *Survey Theory and Methods*, XXI 7.

966 Design and Analysis of Experiments

Dr Knott. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Design and Analysis of Statistical Investigation*, XII 1b; XXI 3.

Syllabus Principles of experimental design. Randomized blocks. Latin squares. Incomplete blocks. Paired comparisons. Factorial designs. Confounding. Fractional replication. Analysis and interpretation of experimental results. Experimental complications and special analyses.

Recommended reading R. A. Fisher, *The Design of Experiments*; W. G. Cochran and G. M. Cox, *Experimental Designs*; O. L. Davies and others, *The Design and Analysis of Industrial Experiments*; H. Scheffé, *The Analysis of Variance*; D. R. Cox, *The Planning of Experiments*.

966(a) Design and Analysis of Experiments Class

Dr Knott. Five classes, Summer Term.

967 Basic Time-Series Analysis

Professor Durbin and Dr Wallis. Two hours per week, Michaelmas Term.

For M.Sc.: *Statistical Methodology and Inference*, XXI 2; *Econometric Theory I*, V 2(iii); XII 4(iv); XXI 5.

Syllabus Basic structure of time series. Stationarity. Autocorrelation. Periodogram and spectrum. Linear models. Elementary treatment of model-fitting in time-series analysis. Effects of autocorrelation on regression analysis. Tests of serial independence.

Recommended reading M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. III; E. J. Hannan, *Time Series Analysis*; C. W. J. Granger, *Spectral Analysis of Economic Time Series*; E. Malinvaud, *Statistical Methods of Econometrics*; A. M. Yaglom, *An Introduction to the Theory of Stationary Random Functions*.

968 Further Time-Series Analysis

Professor Durbin and Dr Wallis. Two hours per week, Lent Term.

Optional for M.Sc.: *Econometric Theory I*, V 2(iii); XII 4(iv); XXI 5; *Statistical Methodology and Inference*, XXI 2.

Syllabus Properties of Fourier transforms. Estimation of spectrum. Cross-spectral methods. Linear time invariant relations between series.

Recommended reading C. W. J. Granger, *Spectral Analysis of Economic Time Series*; E. J. Hannan, *Time Series Analysis*.

969 Prediction and Control by Least Squares Methods

Mr Hendry and Mr Tymes. Ten lectures, Lent Term.

For M.Sc.: *Econometric Theory II*, V 2(iv). Optional for M.Sc.: *Econometric Theory I*, XII 4(iv); XXI 5; *Statistical Methodology and Inference*, XXI 2.

Recommended reading P. Whittle, *Prediction and Regulation by Linear Least-Square Methods*; H. Theil, *Optimal Decision Rules for Government and Industry*; C. C. Holt, F. Modigliani, J. F. Muth and A. A. Simon, *Planning Production, Inventory and Work Force*.

970 Statistical Aspects of Educational Planning

Mr Layard, Dr Phillips, Mr Williams and others. Ten lectures, Lent Term.

For M.Sc.: *Economics of Education and Human Capital*, IV 4(xix); *Educational Statistics*, XXI 8; Dip. Stats. Recommended for M.Sc.: *Educational Administration*, XVI 2(vii); B.Sc. (Econ.) Part II: *Social Statistics and Survey Methodology*, X 6 and 7c; XI 5, 6 and 7e (third year).

Syllabus Criteria for establishing priorities in planning in advanced and developing countries. Methods of forecasting the demand for education, and the demand and supply of teachers. Methods of forecasting manpower requirements. The analysis of educational expenditures. Computable models of the educational system.

Recommended reading M. Blaug, "Approaches to Educational Planning" (*The Economic Journal*, June 1967); C. A. Moser, P. R. G. Layard, "Planning the Scale of Higher Education in Britain:

Some Statistical Problems" (*Journal of the Royal Statistical Society*, Series A, 4, 1964); O.E.C.D., *Mathematical Models in Educational Planning*; G. Orcutt and others, *Microanalysis of Socioeconomic Systems—A Simulation Study*, especially chaps. 1, 2, 3, 8, 9, 10, 13; H. S. Parnes, *Forecasting Educational Needs for Economic and Social Development*, chaps. 1-5; A. Peacock, J. Wiseman, S. Harris, *Financing of Education for Economic Growth*, chaps. 6 and 7; *The Robbins Report*, Appendix One, Part IV; R. Stone, "Input-Output and Demographic Accounting: A Tool for Educational Planning" (*Minerva*, Spring 1966); J. Tinbergen and others, *Econometric Models of Education: Some Applications*; U.S. Department of Health, Education and Welfare, *Equality of Educational Opportunity; Ninth Report of the National Advisory Council for the Training and Supply of Teachers*, especially Part I.

971 Educational Statistics

Dr Phillips. Twenty lectures and classes, Sessional.

For M.Sc.: *Educational Statistics*, XXI 8.

972 Fortran Programming

Miss Brown, Mr F. F. Land, Miss Powell, Mr Wakeford and others. A basic course will be given three times during the session.

(a) First week, Michaelmas Term.

For M.Sc.: Accounting and Finance; Operational Research; Statistics; Dip. Stats.

(b) Course lasting five days. Christmas vacation.

(c) Course lasting five days. Easter vacation.

973 Statistical Analysis Practical Class

Miss Brown. Twenty classes, Michaelmas and Lent Terms.

For M.Sc.: Statistics, *Practical Work*. Fortran computer language will be used.

974 Data Analysis

Dr Brillinger. Five lectures, Summer Term. This course will not be given in the session 1969-70.

Optional for M.Sc.: *Statistical Methodology and Inference*, XXI 2; *Design and Analysis of Statistical Investigation*, XII 1b; XXI 3; *Statistical Theory*, III 3 (vi); Dip. Stats.

(g) GRADUATE COURSES (OPERATIONAL RESEARCH)

975 Statistical Theory I

Dr Knott. Forty lectures and twenty classes, Michaelmas and Lent Terms.

For M.Sc.: *Statistical Theory*, III 3(vi); XII 1a; Dip. Stats.

Syllabus Probability and distribution theory, estimation theory, regression, analysis of variance and general linear models.

Recommended reading M. G. Kendall and A. Stuart, *The Advanced Theory of Statistics*, Vol. I; A. M. Mood and F. A. Graybill, *Introduction to the Theory of Statistics*; O. L. Davies, *Statistical Methods in Research and Production*; N. R. Draper and H. Smith, *Applied Regression Analysis*.

976 Simulation Methods

Mr M. H. J. Webb. Ten lectures, Lent Term.

For M.Sc.: *Automatic Data Processing*, XII 4(iii); B.Sc. (Econ.) Part II: *Elements of Computer Science*, XI 4; B.Sc. (Maths.) Part II, 5, 6, 7 and 8d (third year).

Syllabus Rigorous models: conditions and limitations of rigorous application. Higher order and combinatorial cost functions of simple variables. Characteristics of combinatorial problems and of rigorous and approximate "optimal" solutions. More complex cost functions. Simulation: the different forms and objectives. Difficulties and limitations. Realism and its associated ethical and judgment problems.

977 Optimization Techniques

Mr Wolfenden. Ten lectures, Lent Term.

For M.Sc.: Operational Research.

978 Operational Research Techniques, Graduate Course

Mr Rosenhead. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Stochastic Processes and Applications*, XII 2a.

Syllabus Replacement theory. Inventory control. Queueing theory. Critical path analysis. Dynamic programming. Forecasting.

Recommended reading M. Sasieni, A. Yasan and L. Friedman, *Operations Research*; R. L. Ackoff and M. Sasieni, *Fundamentals of Operations Research*; D. R. Cox, *Renewal Theory*, D. R. Cox and W. L. Smith, *Queues*, D. W. Jorgenson, J. J. McCall and R. Radner, *Optimal Replacement Policy*; F. S. Hillier and G. J. Lieberman, *Introduction to Operations Research*; A. Battersby, *Network Analysis*; R. E. Bellman and S. E. Dreyfus, *Applied Dynamic Programming*; R. A. Howard, *Dynamic Programming and Markov Processes*.

978(a) Operational Research Techniques, Graduate Class

Mr Rosenhead. Twenty classes, Michaelmas and Lent Terms.

979 Mathematical Programming, Graduate Course

Dr A. H. Land and Dr Morton. Forty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Mathematical Programming*, I 4; V 2(vi); XII 3; XXI 6.

Syllabus Basic formulations and theorems of mathematical programming: convex point sets, linear and non-linear objective functions. Basic methods of solution. Existence theorems. Special problems. Applications in operational research and economics.

Recommended reading G. Hadley, *Linear Programming*; S. Vajda, *Readings in Linear Programming*; *Mathematical Programming*; D. Gale, *The Theory of Linear Economic Models*; G. B. Dantzig, *Linear Programming and Extensions*; R. L. Graves and P. Wolfe (Eds.), *Recent Advances in Mathematical Programming*.

979(a) Mathematical Programming, Graduate Class

Dr A. H. Land, Dr Morton and others. Twenty classes, Michaelmas and Lent Terms.

980 Theory of Games

Dr Morton. Five lectures, Lent Term, beginning in the sixth week.

For M.Sc.: *Mathematical Programming*, I 4; V 2(vii); XII 3; XXI 6; Dip. Stats. Optional for B.Sc. (Econ.) Part II: *Economics Treated Mathematically*, I 8d; II 7; IV 6, 7 and 8d; V 2f; X 1 and 2b; XI 2a (third year). Recommended for graduate students.

Syllabus The principles of games theory. Zero-sum two-person games in extended and normal form. The minimax principle and its application. Variable sum games and imperfect competition.

Recommended reading R. D. Luce and H. Raiffa, *Games and Decisions*; J. C. C. McKinsey, *Introduction to the Theory of Games*; M. Shubik, *Strategy and Market Structure*; T. C. Schelling, *The Strategy of Conflict*; A. Rappoport, *Fights, Games and Debates*.

981 Economics for Operational Research

Mr Perlman. Ten lectures, Summer Term.

Optional for M.Sc.: Operational Research.

Syllabus An introduction to the principles of macro-economics: the analysis of national income; the price level; employment; the balance of payments—and their application to economic policy.

Recommended reading will be given at the beginning of the course.

982 Forecasting and Exponential Smoothing

Mr J. J. Thomas. Three lectures, Summer Term.

For M.Sc.: Operational Research.

983 Selected Topics in Operational Research

Mr Rosenhead and others. Fifteen meetings, Lent and Summer Terms.

For M.Sc.: Operational Research.

Syllabus In this course a number of theoretical problems arising in operational research will be discussed and several case histories will be presented. It is intended for students having a preliminary acquaintance with the subject.

Recommended reading References to current literature will be provided during the course.

984 Tutorial Class in Operational Research

Dr A. H. Land, Dr Morton and Mr Rosenhead. Sessional.

For M.Sc.: Operational Research.

985 Introduction to Computers: Basic Concepts

Mr F. F. Land. Five lectures, Michaelmas Term.

For B.Sc. (Econ.) Part II: *Elements of Computer Science*, XI 4; *Numerical Methods and Programming*, X 6 and 7f; XI 5, 6 and 7c; *General Statistics*, X 8; B.Sc. (Maths.) Part II: 5, 6, 7 and 8c and d (second year); M.Sc.: *Systems Analysis I*, I 5; XII 4(v); *Automatic Data Processing*, XII 4(iii). Optional for B.Sc. (Econ.) Part II: special subject Accounting and Finance (second year).

Syllabus Input and output devices, central processing unit, backing store, software, survey of applications.

Recommended reading C. O. Elliot and R. S. Wasley, *Business Information Processing Systems*.

986 Business Information Systems

Dr Losty. Ten lectures, Michaelmas Term.

For B.Sc. (Econ.) Part II: *Management Data Processing*, XI 5, 6 and 7a (second year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8g (second year); M.Sc.: *Systems Analysis I*, I 5; XII 4(v).

Syllabus The nature of business information. Information related to the functions of management; planning, control, organizing, communication and decision-making. Total and integrated systems.

Recommended reading J. Dearden and F. W. McFarlan, *Management Information Systems*; D. H. Li, *Accounting, Computers, Management Information Systems*; the following journals: *Data Systems*; *Data Processing*.

987 Data Processing Methods

Mr F. F. Land. Ten lectures, Michaelmas and Lent Terms.

For B.Sc. (Econ.) Part II: *Management Data Processing*, XI 5, 6 and 7a (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8g (third year); M.Sc.: *Systems Analysis I*, I 5; XII 4(v); *Automatic Data Processing*, XII 4(iii).

Syllabus Data capture and data transmission. System protection and error recovery. Coding systems. Organization of program suites.

Recommended reading R. H. Gregory and R. L. Van Horn, *Business Data Processing and Programming*; H. N. Laden and T. R. Gildersleeve, *Systems Design for Computer Applications*.

988 File Processing

Mr Waters. Ten lectures, Lent Term.

For B.Sc. (Econ.) Part II: *Management Data Processing*, XI 5, 6 and 7a (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8g (third year); M.Sc.: *Systems Analysis I*, I 5; XII 4(v); *Automatic Data Processing*, XII 4(iii).

Syllabus Records and files. Serial and direct access methods. Real time systems. Information retrieval. COBOL.

Recommended reading H. N. Laden and T. R. Gildersleeve, *Systems Design for Computer Applications*; R. H. Gregory and R. L. Van Horn, *Business Data Processing and Programming*; D. D. McCracken, *A Guide to COBOL Programming*.

989 Methodology of Systems Analysis

Mr Stamper. Ten lectures, Lent Term.

For B.Sc. (Econ.) Part II: *Management Data Processing*, XI 5, 6 and 7a (third year); B.Sc. (Maths.) Part II, 5, 6, 7 and 8g (third year); M.Sc.: *Systems Analysis I*, I 5; XII 4(v).

Syllabus Systems analysis and design. Analysis, synthesis, evaluation, implementation and maintenance.

Recommended reading H. N. Laden and T. R. Gildersleeve, *Systems Design for Computer Applications*; R. H. Gregory and R. L. Van Horn, *Business Data Processing and Programming*; D. H. Li, *Accounting, Computers, Management Information Systems*; P. A. Losty, *Effective Use of Computers in Business*.

990 Systems Analysis I Class

Mr Stamper, Mr F. F. Land and others. Twenty classes, Sessional.

For M.Sc.: *Systems Analysis I*, I 5; XII 4(v).

991 Advanced Systems Analysis Methodology

Mr F. F. Land and others. Fifteen lectures, Michaelmas and Lent Terms.

For M.Sc.: *Systems Analysis II*, I 5; XII 4(vi).

Syllabus Feasibility and evaluation of systems. Project management, standards in data processing. Application packages and computer languages. Information retrieval. The computer utility.

Recommended reading D. H. Brandon, *Management Standards for Data Processing*; J. Dearden and F. W.

McFarlan, *Management Information Systems*; D. H. Li, *Accounting, Computers, Management Information Systems*.

992 Information and Business Functions

(i) Real Time Systems

Dr Losty. Five lectures, Michaelmas Term.

(ii) Systems Concepts

Dr Losty. Five lectures, Michaelmas Term.

(iii) Languages for Management Information Systems

Mr Stamper. Five lectures, Lent Term.

For M.Sc.: *Systems Analysis II*, I 5; XII 4(vi).

Syllabus Information related to the functions of business; marketing, production control, manpower planning and administrative systems. Examination of some operating computer-based systems. Integration of business functions. Real time and on-line systems. Some general properties of systems.

Recommended reading J. Dearden and F. W. McFarlan, *Management Information Systems*; J. O. Shaughnessey, *Business Organisation*; Van Court Hare, *Systems Analysis: A Diagnostic Approach*; J. Martin, *Designing a Real-Time Computer System*.

993 Organization and Computers

Mr M. H. J. Webb. Five lectures, Lent Term.

For M.Sc.: *Systems Analysis II*, I 5; XII 4(vi).

Syllabus Management and computers, organization of industry. Case studies.

Recommended reading The following journals: *Data Systems*; *Data Processing*; *Business Management*.

994 Systems Analysis II Class

Mr Stamper, Mr F. F. Land and others. Twenty-five classes, Sessional.

For M.Sc.: *Systems Analysis II*, I 5; XI 4(vi).

Note Students are also referred to Courses Nos. 762, 763.

995 Further Statistical Methods

Mr Gattoni. Twenty lectures, Michaelmas and Lent Terms.

For M.Sc.: *Methods of Sociological Study*, III 3(i); XIX 2. (Students should attend this course or Course No. 861 or 996.)

Also for graduate students in Psychology. It will be assumed that students have a knowledge of statistics to the standard of Course No. 916.

Syllabus Elements of matrix algebra. Analysis of variance and covariance. Multiple regression. Factor analysis.

Recommended reading H. M. Blalock, *Social Statistics*; N. Draper and H. Smith, *Applied Regression Analysis*; T. Yamane, *Statistics, an Introductory Analysis*; W. L. Hays, *Statistics for Psychologists*; M. H. Quenouille, *Associated Measurements*; D. R. Cox, *Planning of Experiments*; M. J. Moroney, *Facts from Figures*.

996 Mathematical Methods in Sociology

Dr Morton. Five lectures and five classes, Summer Term.

For M.Sc.: *Methods of Sociological Study*, III 3(i); XIX 2. (Students should attend this course or Course No. 861 or 995.)

Recommended reading J. O. Bartos, *Mathematical Models of Group Behaviour*.

997 Statistics Seminar

Professor Sir Roy Allen, Professor Durbin and Professor Stuart will hold a series of seminars throughout the session.

For graduate students. Others may attend by permission of the professors concerned.

998 Joint Statistics Seminar

Seminars on statistical theory and its applications will be held in conjunction with Birkbeck College, Imperial College and University College throughout the session. Further information about the seminar may be obtained from Professor Durbin or Professor Stuart.

Lawyers and the Public Interest **A study in restrictive practices**

MICHAEL ZANDER

Lecturer in Law at the London School of Economics and Political Science

A detailed critique of the legal profession's claim that certain restrictive rules established by barristers and solicitors are in the public interest even though they may limit competition and increase the cost of legal services. It is the author's belief that if the proposals for reform made in this book were implemented, the legal profession would be better organised to serve the public whilst retaining its chief virtues
