Local Housing Statistics

England and Wales

BRITISH LIBRARY
10 JAN1975
POLITICAL AND ECONOMIC SCIENCE

No. 31
August 1974
HMSO 84p net

A publication of the Government Statistical Service

The Government Statistical Service

A service of statistical information and advice is provided to the Government by specialist staffs employed in the statistics divisions of individual Departments. Statistics are made generally available through their publications and further information and advice on them can be obtained from the Departments concerned.

BRITISH LIBRARY

ECONOMIC SCIENCE

Local Housing Statistics

England and Wales

1. **Local Housing Statistics** is prepared by the Department of the Environment and the Welsh Office to provide figures for individual local authority areas in a quarterly publication.

Figures were not available for areas outside Greater London, of new permanent housing (except for new towns) and slum clearance in the first half of 1974, when this issue was being prepared for publication. This was a result of delays to statistical returns following local government reorganisation which took effect on 1 April 1974. The regular tables of improvement grant approvals are for the first quarter of the year and are complete. Regular tables in the next issue will show figures for all the new authorities for the first nine months of 1974.

Supplementary tables on various other housing matters are included as data becomes available. The tables in this issue show industrialised dwellings started and completed in 1972 and 1973. Town Development Act schemes, progress at 31 December 1973.

Supplementary tables so far published are listed on Page iv.

2. **Definitions.** Detailed definitions of the terms used are to be found in the Notes and Definitions Supplement to "Housing and Construction Statistics". It may be noted that:

" Dwellings " include all permanent houses and flats.

" Houses " in relation to slum clearance action has the meaning attributed to it for the purposes of Part II and Part III of the Housing Act 1957 (see para. 6).

" Local authorities" include local housing authorities and new town authorities.

" Other public authorities" include Government departments and housing associations.

" Regions" are the economic planning regions adopted in 1965. These only differ from the Standard Statistical Regions by including Poole Borough in the South West rather than the South East.

" Counties" are primarily the areas for which Lieutenants are appointed. Greater London as a whole is dealt with as a county. Stockport is dealt with as wholly in Chester. The part of Derbyshire in the North West region is shown as " Derbyshire (High Peak District)". The county borough of York is included with Yorkshire, West Riding (until the end of 1968 it was included with Yorkshire, East Riding).

3. **Local authority areas.** Local housing authorities may provide housing either within or outside their own areas. The figures shown in Table 5 against the name of the Greater London Council include dwellings situated outside its area; Table 7 shows the distribution within and outside Greater London of dwellings completed by the Greater London Council or by housing associations assisted by the Greater London Council. London authorities shown in Table 7 are indicated in Table 5 by the following symbols:

§An authority which completed dwellings in the area of another authority during the period.

‖An authority in whose area another authority completed dwellings during the period.

Other public sector and private sector dwellings are shown against the name of the authority in whose area they are situated.

4. **New Towns.** Against the name of each new town in Table 6 are shown the dwellings built for the development corporation or for the Commission for the New Towns. These are all situated within the new town area. Private sector building on land made available by the new town is shown in italics against the name of the new town and included in the new town total.

5. **Adjustments to earlier returns** may occasionally result in a negative figure for an individual authority, when, for example, dwellings reported as started are subsequently withdrawn or there is a transfer from one sector to another.

6. **Unfit houses.** The figures in Table 5 show the number of houses (whether or not unfit) demolished in or adjoining clearance areas under Part III of the Housing Act 1957, and the number of unfit houses demolished or closed elsewhere under Part II of the Act or certain other powers. When houses previously reported closed are demolished under Part III of the Act, the addition to demolitions in or adjoining clearance areas is balanced by a deduction from the numbers demolished or closed elsewhere. This may result in a negative figure in the final column for an individual authority. Demolitions under Part II of houses previously reported closed are balanced by a similar deduction, the effect of which is to exclude them from Table 5. In Table 3, all demolitions of houses previously reported closed are balanced by a deduction from the numbers "closed". The London Borough distribution of houses demolished by the Greater London Council is shown in Table 8.

7. **Population.** The figures are the latest available estimates of the home population prepared by the Registrar General.

8. **Improvement grants.** Table 9 shows the number of local authority, county council and new town dwellings for which Exchequer assistance was approved by the Secretary of State for the Environment or the Secretary of State for Wales, and the number of other dwellings for which grants were approved by local authorities during the period. The figures do not include special grants. Most housing associations receive assistance from local authorities on the same terms as private owners and their figures have therefore been merged. A few housing associations choose to receive assistance from the Exchequer similar to that given to local authorities. These discretionary grants, approved under the Housing Act 1969 (Section 21) are included with the figures for local authorities. Distribution of these grants is shown in Table 10 (page 34).

9. **Development and intermediate areas.** By the end of the period shown the following local authorities were included in development and intermediate areas, where the higher rate of assistance for improvements was available:—

Northern region: all.

Yorkshire and Humberside: all except Market Rasen U.D. and Welton R.D.

North West: all except Alsager U.D.

East Midlands: Derbyshire—Alfreton, Heanor, Ripley U.D.s; Bakewell, Belper, Blackwell, Chesterfield, Clowne R.D.s; Nottinghamshire—Worksop B.; Eastwood, Kirkby in Ashfield, Sutton in Ashfield U.D.s; Basford, East Retford, Worksop R.D.s.

West Midlands: Salop—Atcham, North Shropshire, Oswestry R.D.s.

South West: Cornwall—all: Devon—Plymouth C.B.; Barnstaple, Bideford, Great Torrington, Okehampton B.s; Ilfracombe, Lynton, Northam U.D.s; Barnstaple, Bideford, Crediton, Holsworthy, Okehampton, Plympton St. Mary, South Molton, Tavistock, Tiverton, Torrington, Totnes R.D.s; Somerset—Dulverton R.D.

Wales: all.

Local authorities where the higher rate of assistance has only been available since 22 March 1972 are indicated by ‡ in Tables 9 and 10. Counties where all authorities not so indicated were included in development and intermediate areas throughout the period shown are indicated † in Table 9. Elsewhere † is shown for individual local authorities included in development and intermediate areas throughout the period.

County councils qualified for the higher rate of assistance if the dwellings concerned were located within an area which was a development or intermediate area at the time of the approval of the grant.

10. **Index.** An alphabetical list of all local authorities, as constituted before 1 April 1974, and new towns in England and Wales has been published separately. In addition to page references this shows the type of each authority and the region and regional sub-division in which it is situated. A map of the regional sub-divisions is included.

In Local Housing Statistics and in the Index certain boroughs are listed for convenience by a name in common use which differs from their correct title. They are:

Dartmouth . .	properly Clifton Dartmouth Hardness
Durham . .	properly Durham and Framwelgate
Launceston . .	properly Dunheved, otherwise Launceston
Salisbury (New Sarum) .	properly New Sarum

An index of the new local authorities is to be published.

Supplementary tables

Industrialised dwellings started and completed by local authorities: 1972 and 1973

1. The figures in Table 11 relate to dwellings reported as started and completed by methods deemed by the Department of the Environment to be industrialised, in accordance with the description of industrialised building given in paragraph 3 of Ministry of Housing and Local Government Circular 76/65. They include dwellings built by rationalised traditional methods. Figures for 1972 published in issue No. 27 have been superseded as further information has become available.

Town Development Act schemes: progress of development at 31 December 1973: England

2. In Table 12 the figures relate to town development schemes under the Town Development Act 1952 for the purpose of providing accommodation for families from congested cities. Dwellings are provided by the receiving authority, though they are in some cases built by another authority on an agency basis.

All schemes other than for Greater London Council				70,446	32,041

[1] Burnley C.B. has a town development scheme for 5,600 dwellings of which approximately 700 will be for London, 2,200 for Liverpool and 2,700 for Manchester. Dwellings allocated to families from the exporting areas become identifiable only when lettings are arranged.
[2] Figures for first six months only.
[3] The agreement with Manchester is no longer operative.
[4] Completed schemes.
[5] See also schemes for Walsall.
[6] See also schemes for Greater London Council.
[7] There will also be 4,000 private enterprise dwellings (2,000 for Birmingham and 2,000 for others).
[8] Scheme terminated before building commenced.
[9] Scheme terminated before building was completed.
[10] These local authority areas were amalgamated in 1966. See also schemes for Birmingham.
[11] The major parts of these local authority areas were amalgamated with Wolverhampton on 1 April 1966.
