* The Registration Counties consist of groups of Registration Districts, which are generally co-extensive with the Poor Law Unions. A District which extends into two or more Geographical Counties is included entirely in that Registration County in which the principal town of the District, or the greater part of the population, is located. The boundaries of the Registration Counties differ therefore more or less from the boundaries of the Geographical Counties. For areas and populations of the Registration Divisions and Counties, see pages 64-67.

* The 633 Registration Districts (Paddington 1a, North Bierley 497b, and Holyhead 631 having been constituted Registration Districts since the numerical arrangement 1 to 630 was adopted on 1st January 1881) are collections of contiguous Parishes or Places combined for purposes connected with the Registration of Births, Deaths, and Marriages, and are nearly always identical with the Poor Law Unions of the same names; they are arranged, according to the local position, under the Registration Counties. The Registration Sub-districts (2099 in number at the end of the year 1894) are sub-divisions of Registration Districts, within which the Births and Deaths are registered by Registrars severally appointed for that purpose. The letter *W* denotes that the Sub-district contains within its limits a Workhouse Establishment belonging to the District or Union; *w* indicates a Workhouse Establishment receiving inmates from other Districts than the one in which it stands; *H* indicates a Hospital or Infirmary; *L* a Lunatic Asylum; and repetitions of these letters show the number of such Institutions in each Registration sub-district.

† The Deaths in the principal Institutions in England in 1894 are given on pages 71-94.]

DEATHS IN WORKHOUSES, HOSPITALS, AND PUBLIC LUNATIC ASYLUMS. 1894.

The following Table shows the numbers of deaths (Persons, Males, and Females) registered during 1894 in Workhouses, Hospitals, and Public Lunatic Asylums of England. These figures afford the means of correcting the mortality of districts and sub-districts in which these Institutions are situated. The Table includes 1984 Institutions; of which 759 are Workhouses, Workhouse Infirmaries, or Workhouse Schools; 1131 Hospitals or Infirmaries; and 94 Lunatic Asylums. The Lunatic Asylums are mostly County and Borough Asylums, but a few private Asylums which receive pauper patients (held on that account to be public for the purposes of this Table) are also included. In these 1984 Institutions 65,496 deaths were registered during the year, or 13.1 per cent. of the total deaths in England and Wales, against 11.9 and 12.4 per cent. in the preceding two years; 37,322 occurred in Workhouses, 21,842 in Hospitals, and 6332 in Lunatic Asylums. The proportion to total deaths was 7.48 per cent. in Workhouses, 4.38 in Hospitals, and 1.27 in Lunatic Asylums. The proportion of deaths recorded in Workhouses, which had been 7.10 and 7.12 per cent. in 1892 and 1893, was 7.48 per cent. in 1894.

Information relating to the deaths recorded in many Private Lunatic Asylums, Private Asylums for Idiots and Imbeciles, and in a few other institutions, will be found in the notes to the following pages.

INDEX OF REGISTRATION DISTRICTS.

The following Index furnishes a reference to the *Number* of each REGISTRATION DISTRICT in the topographical arrangement adopted in the Tables of Abstracts contained in the Report.* The alphabetical arrangement places compound names in the order in which they are pronounced: thus, East Ashford will be found under the letter E, and not under A.

In consequence of numerous alterations (amalgamations of districts and formations of new districts) since the numerical arrangement, 1 to 623, was adopted in the Abstracts for the year 1847, the districts were re-numbered consecutively from 1 to 630 in the Abstracts for the year 1881. Since that date three new Registration Districts have been formed, the District of Kensington (1) having been divided into Paddington (1a) and Kensington (1b), the District of Bradford (497) into Bradford (497a) and North Bierley (497b), and the District of Anglesey (630) into Anglesey (630) and Holyhead (631).

For names of Towns, such as Bournemouth, Maidenhead, &c., which are not found in this "Index of Registration Districts," see the "Index of Registration Sub-districts" (pp. 208-217) and "Index of certain Towns" (pp. 220, 221).

INDEX OF REGISTRATION SUB-DISTRICTS.

[In this alphabetical arrangement the principle is adopted of placing the Sub-Districts (or Registrars' Districts) having compound names in the order indicated by the usual pronunciation of those names; thus, East Grinstead will be found under the letter E, and not under G; St. James under the letter S, and not as "James, St." The number against each Sub-District, in the third column, refers to its numerical place in the Tables of Abstracts; thus, Abbey Holme (573; 2) is the 2d Sub-District of the Wigton District, No. 573.]
