Interview with Rev. W. Smale, St. Philip's, Park's Court-Road, Kensington.

While I was in Ireland Mr Smale wrote offering to see us and saying that he had been 24 years in the neighbourhood and could see us some trouble and give us much valuable information. J. H. D. went to see him but Mr. S. did not turn up. When I eventually saw him he proved to be a petty, self-satisfied little man of absolutely no impatience and with little real knowledge of the neighbourhood.

There is very little to add to what is contained in the full parish Report.

The neighbourhood is on the whole going up socially that taking the place of streets which were formerly poor. Out of a population of about 7000 Mr S. reckons that about 1500 are of working class, but of actual poverty there is little or none.

The church is always full in the morning but not more than half full at night. With the exception of the Unitarian churches, none in the neighbourhood get a good evening congregation. Every effort is made to keep our parochial services but about $\frac{1}{3}$ of those who attend are from outside. The poorer members of the parish practically never attend the church, but a few come to Mission services. The number of communicants on last Sunday is about 500 and the total number of communions in the year about 12000.

The Report seems to show that the parish is actually worked and well organized, but apart from some business capacity the work is a very poor one and that his church should be a numerically successful company. One's impression that in such a district as this an outward success for the Church of England can be secured by almost any man.

Kindly forward this to the Vicar, or to the General Hon. Treasurer, W. T. KEY, Esq., 15, West Cromwell Road, as early in the year as possible.

Parish of S. Philip's, Kensington.

FIFTEENTH ANNUAL REPORT,

JANUARY, 1899.

VICAR'S LETTER.

MY DEAR FRIENDS AND PARISHIONERS,

This Annual Report contains a list of the subscribers to our Parochial Funds, and I am very grateful for the generous support you have all given me for the past fifteen years. The Parish contains over 7,000 people, and the streets you will find indicated on another page of the Report. It is a great pleasure to find that we are in touch with most of the Churchmen and Churchwomen living in S. Philip's, but I earnestly appeal to those who have not received a call from one of the clergy to be so kind as to inform me.

Short explanations will be found at the heads of all the different objects, and I must refer you to those headings for the special information you may wish to obtain.

To turn to a few points where remarks may be of use.

THE CHURCH AND ITS SERVICES.

X There has been an advance again in the number of communicants, which is a matter for thankfulness; about 500 more acts of Communion in 1898 than in 1897. Changes occurred in the staff of the Clergy during last year; by the much-lamented death of my dear friend, the Rev. W. E. Youngman, whose brief stay amongst us was of the greatest benefit; and also by the appointment of my other colleague, the Rev. D. Akrill-Jones, to the Rectory of Haverfordwest. Their places are filled by the Rev. H. P. Pope and the Rev. I. Roberts, who have been most assiduous in their labours amongst the people. The Rev. G. C. Reynell has kindly continued to give his voluntary assistance at the morning services on Sunday and at other times.

The two Churchwardens, Col. Blunt and Mr. W. T. Key, deserve very sincere thanks for all the trouble they have taken for so many years. The Church accounts of the Parish have been very carefully kept by Col. Blunt, and Mr. Key has kindly helped me with the subscriptions sent for various parochial objects.

The Church accounts necessarily involve carefulness and a certain amount of time. What are not strictly Church accounts—the funds sent in for parochial objects—are in a satisfactory state. It is a great help to me when friends allow me to divide the amounts sent. Mr. W. T. Key deserves my thanks for his work in distributing the amounts sent to him.

X A word as to the Offertories of last year. I notice that the total amount received is less than in 1897. This is due to the fact that we had an exceptional number of wet Sundays in the earlier part of last year. It appears there were no less than thirteen wet Sunday mornings since the first half of 1898, and on an average a wet Sunday means the loss of nearly £5, especially when the offertory is for a special purpose. Church Expenses, the Assistant Clergy, and the

Choir must come before us as the first call upon our offerings. Unfortunately Church Expenses are looked upon as of little importance, especially by strangers, who are ignorant of the fact that the average expenses necessary for the heating, lighting, and cleaning of the Church are about £5 a week, and before we can give to outside objects it has to be considered how this sum is to be met. I am very anxious to put before you, to whom this letter is addressed, the necessity of *each worshipper* at S. Philip's contributing a little, as it is the privilege as well as the duty of all to support the services of the Church to which they belong.

PARISH MAGAZINE.

Our Parochial Magazine has not received the support that is necessary for the payment of expenses. The debt is slowly being paid off. By the end of the year I trust we shall be out of debt. Mr. Turner, the editor, has taken great trouble with the accounts and in correcting the proofs. Subscriptions will be thankfully received by the Rev. H. Pope, who has given much time to the Magazine.

CHOIR.

To the gentlemen and boys of the Choir a word of thanks is due. Thanks to the energy of Mr. W. H. Hickox, F.R.C.O., Organist and Director of the Choir, the services have been well rendered, and the singing has distinctly improved. A Ladies' Choir, under Mr. Hickox's direction, has brightened many of the Wednesday morning and Saints' Day services.

DAY SCHOOLS.

These Schools, under Mr. Denne, Mrs. Crewe, and Miss Hartley, have obtained good reports as far as the secular education is concerned, and the religious teaching has been good. Mrs.

Crewe has consistently satisfied those who have any knowledge of the Schools by her excellent work, which would have been more difficult in other hands after Miss Winter left us.

The Boys' School has decidedly improved, the discipline being superior to what it was, and the appearance of the boys has shown marks of the care on the part of Mr. Dennie and the masters during the past year. Miss Hartley has continued her work as zealously as in past years, in spite of repeated illness and long suffering. Our Schools will always do well when there is complete harmony among the teachers. The scripture teaching has been carefully carried. My colleagues in the past six months have been in the habit of taking a class in the School in the hour allotted to Scripture in the morning.

A visit to the Day Schools would well repay you. The teachers are very glad to be encouraged in their arduous tasks. Any morning between 10 and 12, any afternoon between 2.30 and 4, a visit can be made. Our lady friends would like to see the cooking classes on Fridays at the same hours. They have proved most useful, not only for what has been so well taught, but also in producing neatness in the appearance of the girls.

SUNDAY SCHOOLS.

There are five divisions of these Schools—Boys, Girls, Infants, Babies, and a Class in Church for members of the congregation—these give us much anxiety at times. Lately we have been fairly supplied with teachers, and the attendance at the Teachers' Meetings has improved during the past year. There is a serious difficulty sometimes in filling up vacancies caused by teachers leaving the neighbourhood, and by other reasons. Mr. Turner has materially helped the Rev. H. P. Pope in the Boys' School. The Girls' School has been under the direction of the Rev. I. Roberts

and Miss Davison. Miss Hallward has managed the Infants with great care, and Miss M. Dwyer has superintended the Babies. Miss Buckton's Class in Church has been of much use to children of Members of the Congregation, and I hope we shall hear of more parents sending their children. My best thanks are due to the Superintendents of the Schools, and to all the teachers. Many of the parents have expressed themselves grateful for the visits paid them by the Teachers of their children.

I much regret that Miss Fuller, owing to illness, has been compelled to give up her work as Treasurer of the Provident Fund. She has been most regular in this work for the past seventeen years, and has often attended to it when I think many of us would have succumbed. Very cordial thanks are due to her for her unselfishness. I am glad to say that she will continue to carry on the "Maternity Society" and the Blanket Charity, so we shall not altogether lose her valuable assistance.

Visiting among the poor has been regularly kept up, thanks to the energy of the Lady Visitors. Mothers' Meetings, of which there are three held every week by Mrs. Smale, Miss Duckworth, and Miss Harper, and Mrs. Saunders, have been well attended. I ought to mention that a Bible Class for women in the Parish Room, after Mrs. Smale's Mothers' Meeting on Thursday, has been conducted with marked success by the Rev. I. Roberts. Miss Johnson has kindly continued to manage the Soup Kitchen for the poor.

In conclusion, I must express my deep sense of gratitude to all whose names I have mentioned, and to all who have given encouragement to me in my work. I am very glad to receive suggestions where experience has taught others what can be of benefit to the Parish. I see so many of you, and have so many opportunities of talking matters over that I am able, as a rule, to

know what is desired. We must strive to work together in the work of the Church, for the sake of Him who is our Head. Let us go on pursuing with this one end in view. "I can do all things through Christ Who strengtheneth me," is the motto for each and all. Wherever there is the absence of goodwill to men there must be failure. Let us go on as those who remember that they have at the last to give an account of all their work before the Judgment Seat of Christ. "Ye are the Body of Christ and members in particular."

Praying that God will give you every blessing this New Year,

I am,

Your affectionate Friend and Pastor,

WILLIAM SMALE.

HISTORY OF S. PHILIP'S CHURCH.

The following facts may be interesting to many past and present members of S. Philip's. I am indebted for some of the details to "The Church Index," by the Rev. W. Pepperell.

"The church is a brick structure," we find in the work to which reference has been made, "in the perpendicular style prevailing during the fifteenth century." The architect was Mr. Thomas Johnson, of Lichfield. It was erected in 1858; from a district principally taken out of S. Barnabas with the consent of the Rev. Dr. F. Hessey, who took great interest in the work, with a small portion from the old Kensington Parish with the consent of the Venerable Archdeacon Sinclair, so well known to the older inhabitants of Kensington. It may be of interest to the younger members of the Church to know that S. Barnabas and S. Philip's Schools were built by Dr. Francis Hessey, Vicar of S. Barnabas, partly by his own generosity and partly by public contribution.

S. Philip's accommodated 1,000 worshippers in 1858; but it was enlarged in 1862 to 1,400 sittings at a time before Kensington Parish Church was re-built, and when other Churches in the neighbourhood were not necessary, as market-gardens existed to a large extent south of Cromwell Road.

The first Vicar of S. Philip's was the Rev. I. Dickson Claxton, M.A., Trinity College, Cambridge, who contributed largely to the expenses of the Church. He died in 1877, after which date the Rev. W. Pennington became Vicar till his death in 1884, when the present Vicar was appointed.

It should be mentioned that the reredos is of Caen stone and alabaster. There is a very handsome altar-rail of very antique and alabaster (the gift of Lord Holland). The east window filled in with stained glass, by Heaton and Butler, was the gift of a number of friends and members of the congregation. The west window, also by Heaton and Butler, is a memorial of the late Lord Holland, presented by his steward. Two small windows by the same firm are in the south transept (donors unknown), and the large window in the south aisle was the gift of Miss Oxenham, in memory of her father. The organ was constructed by Messrs. Walker, of Tottenham Court Road.

The additions to the Church since 1884 have been numerous. In 1884 it was found necessary to cleanse and renovate the Church, which was done at a cost of £700. In 1887 the erection of the

Parish Room and Soup Kitchen was of great benefit to all. Great was the difficulty as to classes being held before the Parish Room was built, but now it is most useful, and the Kitchen is not only used for soup given out to the poor, and also dinners, but for teas on frequent occasions. The cost of the two—the Parish Room and the Soup Kitchen—reached £1,500; and lately, as will be seen further on in this Report, the former has been repainted and decorated.

The Sanctuary has been enlarged and beautified within the past five years, and we have also to allude to the pulpit designed by the late Mr. W. Baker, F.R.I.B.A., which was erected in 1890. The window in the east end of the south aisle, depicting the "Resurrection of Our Lord," is by Mr. Frampton, of London, with the inscription, "IN PIAM MEMORIAN PATRIS," who also designed the window in the north aisle, the figures representing S. Paul and Faith.

The inscriptions under the two windows in the south transept are:—

"In Memory of Robert Hare, obit. Novr. 3rd, 1864, in his 90th year, and of Mary, his Sister, obit. Sepr. 1st, 1851, aged 80."

"In Memory of Natham Lewis Young, M.D., who died at St. Leonard's-on-Sea, 10th July, 1866, aged 75."

The inscription under the window in the north aisle is:—

"To the Glory of God in Loving Memory of Charles Mosse, Major Royal Artillery, died Feb. 9th, 1831. Sarah Anne Mosse, his wife, died 6th June, 1864. Harriet, wife of J. R. Mosse, died 18th Feb. 1857. Blessed are the pure in heart, for they shall see God."

The rose window over the gallery in the south transept and all the windows in the clerestory in the nave were the gift of a generous friend and member of the congregation.

As far as the Church is concerned the work of erection of new choir and clergy stalls will soon be completed.

There are some who say that nothing more is required; but surely it is not too much to hope that we may see the new seating of the Church and that a tower and spire may adorn the outside. The former of these we must first bear in mind if we can only obtain the help of some generous donor. The Church has been handed down to us for the use of our service to God; let us hand it down to future generations as best we can to show that we have appreciated what the last generation has done.

W. S

Thanks to the kindness of Colonel Blunt, the following list of Churchwardens since 1858 has been obtained. S. Philip's was consecrated on S. Philip and S. James' Day in that year, and hence there is no mention of those who only came into office till Easter, 1859:—

ASSISTANT CURATES' FUND.

This Fund assists the Vicar in the payment of the stipends to the two Assistant Curates of the Church. The Vicar has in past years paid large deficits to make up the necessary amounts. Many people have said that they think the whole amount paid should be borne by the members of the congregation. The Vicar begs to thank all those who have assisted him in the past, and feels sure that he may rely on generous support in the present year.

BOOT CLUB.

The Hon. Treasurer takes this opportunity of thanking all those who have subscribed in the past to this most useful fund in providing the children with boots. The parents of the children have continued to value the help given to augment the payments they have themselves made. The deposits received have been less than usual, owing to the dry weather of the last year.

CHILDREN'S COUNTRY HOLIDAY FUND.

This Fund is open to children who attend either the Day or Sunday Schools, and during the past summer through its means about 40 of our children were able to get to the seaside Homes for a fortnight during the month of August. They all returned with excellent characters as to their behaviour and cleanliness. The parents of the children contribute proportionately to their means towards the children's expenses, the balance being made up by the generosity of the subscribers.

CHOIR AND ORGAN FUND.

This Fund remains in a condition which is still unsatisfactory; although the sums collected at the offertories and from the subscribers have amounted to about £10 more than last year, we regret to say that the considerable deficit due to the Hon. Treasurer is over £31.

We offer our best thanks to all those who have contributed to the offertories and those whose names are included in the list of subscribers, and beg to note that the Choir Fund for the past year has depended solely on offertories and subscriptions, and has not been helped in any way by auxiliary funds from entertainments or otherwise as in some former years.

We are again pleased to testify to the care and energy of our excellent organist and choirmaster, Mr. W. H. Hickox, and to all the members of the Choir, and beg to record our hearty thanks to them for their services.

It ought to be mentioned that for some years the deficit in the Choir Account has been the same, and so we can see that we can pay our expenses, but the deficit might be cleared as soon as possible, and to enable the Hon. Treasurer to do this contributions will thankfully be received, and may be sent to 6, Cornwall Mansions, Cornwall Gardens, S.W.

ORGAN FUND.

We are pleased to state that the amount collected in consequence of special appeals has considerably reduced the debt due for repairs, cleaning, and tuning the Organ, works which were absolutely necessary, and which are beyond the charges reasonably required from the Choir Fund proper.

Our grateful thanks are offered to those whose names are included in the following list, and we trust in the present year to be able entirely to pay off the small amount still due out of the ordinary Choir Fund.

Mr. M. J. ROE, 80, Lexham Gardens, W.

The balance in hand will be devoted, as occasion may occur, to improvements in the Church, which are not suitably allotted to the ordinary Church expenses as set forth in the Churchwardens' account.

Donations, which have been promised for the erection of the Choir Stalls, will be kept distinct from this Fund.

The expenses during the past year for ordinary repairs to the fabric of the Church have been small, and hence no claim has been justifiable on this Fund, which is being kept for any special needs of the Church as occasion may require. This year there will be several items which will more properly belong to this Fund than to the ordinary Church expenses.

LONDON DIOCESAN CHURCH LADS' BRIGADE.
(S. PHILIPS' COMPANY).

It is to be regretted that this Company has dwindled down in numbers and that there has been little interest shown in the past eighteen months. Mr. E. Warden Denniss took great trouble with the Company when the Brigade was first started. Mr. C. A. E. Smallbone has been appointed Captain and Mr. E. H. Wyand as Lieutenant. The Chaplain is the Rev. I. Roberts.

Contribution to the Funds—Mrs. Fox £1.

CHURCHWARDENS' ACCOUNTS.

The Vicar and Churchwardens are glad to be able to state that these accounts are satisfactory, and they wish to thank all who have continued to give their help for the maintenance of Church Expenses, and also all who have contributed to outside offertories.

In the Vicar's letter special reference will be found to these accounts, which it is needless to repeat here.

CHURCH WOMEN'S SCHOOL ASSOCIATION.

(LADY MARY GLYN'S FUND.)

Thanks to the energy of Lady Mary Glyn, a large sum has been in past years distributed among the Voluntary Schools in the Rural Deanery of Kensington through this Association. One half of the amount collected in each Parish has been given to the Parochial Schools of that Parish, and the other half is sent to the General Fund for distribution by the Kensington Church Education Board among the schools most requiring assistance.

Mrs. Smale will be very glad to receive any sums sent to her as Hon. Treasurer for S. Philip's, and she wishes to thank all those who have kindly forwarded their contributions in 1897.

Mrs. Smale desires to thank all those who have contributed in the past year. It will be seen by the accounts below that she was able to send in £20 to the General Fund and £20 to our Parochial Schools, a result that is most satisfactory. Mrs. Smale will be glad to receive any sums that may be sent to her as Hon. Treasurer for S. Philip's.

S. PHILIP'S COFFEE HOUSE.

Under the management of Mr. Clarke the Coffee House has proved of much benefit to the working men and others in the Parish. It has been also useful in being a suitable place where we can send persons in distress for a cup of coffee. The Slate Club continues to meet there on Monday evenings, and during the early part of last year a Bible Class was held there on Sunday afternoons.

COMMUNICANTS' GUILD.

1. GENERAL SECTION.—There is an increase to be reported. The special meetings of the year have been taken good advantage of. The object is to encourage more frequent attendance at the celebrations, and to assist members in keeping their resolutions. The first Sunday in each month is specially recommended, and the greater festivals. The Guild also aims at developing among its members greater sympathy with the poor and infirm, and inducing them to do some definite work for Christ and His Church.

2. MEN'S GUILD.—This Guild aims at uniting together the different Bible Classes for men and lads, and inspiring them with a feeling of closer fellowship with one another, and with the Church as a common centre. The second Sunday in each month is specially recommended to members of this section.

The service held in the Church have been fairly well attended, especially on Thursday evenings. We venture to hope that during 1899 there will be an improved congregation on Saturdays at 5.30 p.m. Those who wish to join are requested to send their names to the Vicar.

The cards for members will be forwarded on application to

CHURCH DECORATIONS AND FLOWER ACCOUNT.

We have again to thank all those friends who liberally responded to our appeals during the past year by sending donations of money for altar flowers every Sunday, and also by offerings of flowers, fruit, corn, evergreens, &c., for the decoration of the Church at the various Festivals.

Miss Rawson has again kindly superintended the arranging of the Altar flowers, and also very many details in connection with the decorations at Festivals. Our best thanks are due to her and to all who have so skilfully worked under her direction. We should mention that it is not only at the Festivals of the Church when the decorations are more conspicuous, but that on all the Sundays of the year the Altar flowers have been a special object of attention. There are a number of little incidental expenses that have been met by the amounts sent for this Fund.

The Offerings in the Box at the West Door of the Church amounted to £3 14s. 8d.

Contributions will be thankfully received by Mrs. Smale, the Hon. Treasurer.

GENERAL PURPOSES FUND.

It having been found that there are many expenses incidental to the working of a parish, and which cannot always be suitably paid out of the ordinary special accounts, this fund was originated. Various expenses for printing have to be met as well as other details. Any balance over the Vicar will distribute at his discretion.

GIRLS' FRIENDLY SOCIETY.

REPORT, 1898.

The year just brought to a close has seen many changes in connection with our Branch. Mrs. Gaisford, our Secretary, has unfortunately been absent abroad for several months, which interrupted the usual quarterly meetings for members, but we hope to resume them early in the present year.

The Annual Festival was held on November 14th, at which two members took prizes for faithful service. Mrs. Smale very kindly gave the prizes away, at the same time saying a few very appropriate words to each girl.

A very welcome addition to the entertainment was the Magic Lantern of Dissolving Views, which was so thoughtfully supplied by Mrs. Gaisford, and most thoroughly appreciated by all the girls who spent a most enjoyable evening.

At the conclusion the Vicar addressed the girls with a few kind and encouraging words, which brought a very happy and enjoyable evening's entertainment to a close.

MAGAZINE ACCOUNT.

We are glad to record an improvement in the state of the accounts owing to the amounts received towards the close of last year. The deficit is small compared to what we expected, but thanks to the energy of Mr. Pope the balance due in 1897 has been materially decreased. There is no reason why the Magazine should not be self-supporting. It is the principal means by which we are

able to let our Parochial work be known among the people of the parish, and we earnestly hope that more will come forward to help us by subscribing. Those who wish to have copies of the Magazine sent to them are requested to write to Rev. H. P. Pope, 6, Pembroke Square, W.

THE MEDICAL AND MATERNAL CHARITIES.

The value of these Charities are increasingly felt by our poorer neighbours, who prize the kind and very skilful attendance of our excellent midwife, Miss Perkins, more and more, but they do require liberal support. Miss Fuller, the hon. treasurer, will thankfully receive any contributions.

The Band is still in a flourishing condition. Since its institution in 1887 2,600 members have been enrolled, and the total number of members at present is 1,038.

There were two Tea Meetings held during 1898. One on Feb. 18th (the tea for 1897), which was unavoidably postponed. The other was held on November 4th. At both teas very good entertainments were given, the first by Mr. Tattersall, and the other by the Misses Key. On March 21st Mr. Rendell, from the Royal Society, addressed the meeting, and a splendid concert was given by Mr. Hickox. The Vicar preached a sermon in aid of the Band on June 26th, and during the year meetings have been held in the schools, and literature distributed. On December 9th an excellent musical and dramatic entertainment was very kindly given by Mr. and Mrs. Erskine and friends.

The Vicar wishes to express his most sincere thanks to Mr. C. J. Staples for all the trouble he has taken during the past eleven years, and warmly to congratulate him on the Band of Mercy

now having over ONE THOUSAND members. Mr. Denne also deserves our thanks for the help he has given in preparing the children's songs and interesting the children in the Band.

CHURCH MISSIONARY SOCIETY.

S. PHILIP'S, KENSINGTON, ASSOCIATION.

This Society was founded in 1797 for the Evangelization of Africa and the East, and it has grown from very small beginnings to be the largest Missionary Society in the Anglican Communion.

It is hoped that the celebration this year of the Society's centenary will give a powerful influx to its operations; and that men and means will be provided for strengthening existing missions, and for taking advantage of the openings for new work, which are being constantly afforded.

Subscriptions and donations will be received by W. T. Key, Esq., 15, West Cromwell Road; or by Rev. G. C. Reynell, 60, West Cromwell Road.

Missionary boxes will be issued by

SOCIETY FOR THE PROPAGATION OF THE GOSPEL IN FOREIGN PARTS.

S. PHILIP'S, KENSINGTON, ASSOCIATION, 1898.

This Society was established in 1701 by the Church, with the sanction of the Crown, as the Church's own instrument of effecting her extension in foreign lands, and the position thus given to it the Society has been careful to maintain. The whole episcopate is *ex officio* at the head of its administration, and every incorporated member is, by his own freely elected diocesan representative, present at its Councils.

The Society maintains 744 ordained missionaries (including 12 Bishops), who are teaching the One Faith in 54 languages or dialects in 55 dioceses.

For pressing needs about 100 *additional missionaries* are required. To send these would cost at least £20,000 a year.

Subscriptions and donations will be received by W. T. Key, Esq., 15, West Cromwell Road, or by the Rev. G. C. Reynell, 60, West Cromwell Road.

Missionary boxes will be supplied, on application, by Mr. Reynell.

WOMEN'S MISSION ASSOCIATION (S.P.G.)

This Association was established for promoting the evangelization of women.

This it seeks to do by Zenana visiting, and by maintaining schools and hospitals.

It was expected that the contributions of the children in the S. Philip's Sunday Schools would be sufficient to support two children in one of the orphanages connected with this Association.

These contributions were not large enough, last year, for the purpose, and it is hoped that friends of Missions will kindly give their help in this direction in the present year.

Subscriptions and donations will be received by Mrs. Reynell, 60, West Cromwell Road.

S. PHILIP'S NEEDLEWORK CHARITY.

This Charity enables poor women to obtain relief by their own earnings for work done. Tickets for work are distributed by the District Visitors and taken to the Parish Room, where the women receive some garment to be made, for which they are paid 1s. when it is finished. There is a Sale of Underclothing every Monday in the Parish Room, from 11.30 to 1 p.m., from November to April. The Treasurer will be very glad to receive the names of new subscribers to this Charity. It would be a great help if ladies would buy any of the under garments for the poor.

The following accounts of the receipts and expenditure which belong to the Parish Room are in a satisfactory state.

Thanks to the energy of Mr. and Miss Key, the sum of £16 was raised to meet the expenses incurred in re-painting and cleaning the Room, and this sum, with the amount of £4 7s. 6d. received from Miss M. Luke, as part proceeds of the entertainment given by her, and £4 from funds in hand, has paid the entire cost. The Vicar wishes to thank all those who have thus assisted in making the Parish Room more bright than it was before. Every visitor to the Room has been surprised at the change in its appearance.

PEMBROKE PLACE MISSION.

This Mission was one of the earliest institutions, when the Vicar came into the Parish in 1884. It had been carried on by lay help principally, and very much encouragement has been received from those who live in the poor part of the Parish. Pembroke Place is unknown to many of our Parishioners. A visit to the Mission House would enlighten our friends as to the excellent work done.

Miss E. Duckworth and Miss Harper have continued their Mothers' Meetings on Monday afternoons, and have been very successful in obtaining a regular attendance, thanks to their kind visiting of their people. These ladies deserve our best thanks.

We are indebted to Miss Saunders for taking the Mothers' Meeting on Tuesday afternoon, and to Miss Macey for the interest she has taken for so many years in her class of lads who much value her teaching.

The Vicar wishes sincerely to thank all those who have done such excellent work in looking after the Mission.

There is at present a Service on Sunday evenings at 7 p.m. at the Mission, conducted by the Rev. H. P. Pope.

GOVERNMENT REPORT.

BOYS' SCHOOL.

The boys are in good order, and a very good year's work has been done. Much of the work has been praiseworthy, and the instruction is getting on wider and more intelligent lines. Points needing attention are the handwriting of the highest class, the Time Table arrangements, and Freehand Drawing. Singing and Drill are good.

GIRLS' SCHOOL.

The order and training of the girls continue to be exceedingly good, and the instruction is given most systematically and industriously. A great deal of the work is very good, but the teaching of Arithmetic in the lower classes is not on good lines, and insufficient time and attention are given to Mental Arithmetic. The teaching of English in the 5th, 6th, and 7th standards is only fair. I shall look for improvement in this. At my first visit the rooms were cold, there was but one fire and no thermometer.

INFANTS' SCHOOL.

Considering that the School has suffered from irregularity of attendance caused by illness amongst the children, and that notwithstanding this there is marked improvement, I think I am justified in recommending the highest grant this year. The Drill is still very poor, and Recitation may improve.

DIOCESAN REPORT.

BOYS' SCHOOL.

The School again passed an excellent examination. Division I. is earnestly and correctly taught, and there is a good tone in the work, the knowledge too is general; useful lessons have been given in Church History. Division II. has been very correctly taught; there is much interesting and ingenuous answering of a bright and quick character. The new teacher has begun very well in Division III., all work is of a very praiseworthy character, and industrious and careful teaching has been given. The knowledge of the New Testament might have been more general. Each division as a whole, E., E., V.G.

GIRLS' SCHOOL.

The results of the examinations are again on the whole "excellent," and the special difficulties of the year have been ably met. Division III. has been skilfully taught. A practical aim is shown in the work, and the answering is bright and intelligent. Pains have been taken in Division II. to interest the girls in their subjects. Their knowledge of the Old Testament is especially full and accurate. The written work of these two Divisions is exceptionally good. In Division I. the teaching has been careful, and the answers are correct, but only a portion of the class is responsive. The lessons on the Prayer Book might, with advantage, be made more historical. Each Division as a whole, V.G., E., E.

INFANTS' SCHOOL.

The School is again excellent. In Division I. much earnest and telling work has been done, and the answering is bright, ready and correct. Division II. is carefully taught, and the answering is bright though not quite enough under control. Each Division as a whole, E., G.

S. PHILIP'S SUNDAY SCHOOLS.

There are many reasons for being encouraged by the reports to be given of our Sunday Schools. The attendances of the children have improved, and the children have shown a greater readiness in answering questions in Church during the past year than before. We had our usual treats in the summer. The elder children were taken into the country and spent a very enjoyable day. The infants were again liberally entertained by Mrs. Sharpe, of Pembroke Lodge, while the babies were again very kindly remembered by Col. and Mrs. Marsh. The winter treats were held in January, 1898, and owing to the trouble taken by Miss Rawson, Miss Wheeler, and others, a very pretty entertainment, "Cinderella," was performed, after a substantial tea given to the boys, girls, and infants. The babies also had their tea, under Miss Dwyer and her assistant teachers' care, and the irresistible "Christmas tree" gave as much delight to the babies as it used to do in days gone by to those who well remember the unexpected tree in their own homes. All the teachers put their whole heart into the treats, but we must especially thank Miss Rawson for the active part she took in all the entertainments.

MISSION TO SEAMEN.

The object of the Mission to Seamen is not so well known as it ought to be among those who are interested in our sailors. This Mission provides religious services in numberless ports, and on board ship. The agents of the Mission have achieved a grand work in preventing many a sailor from becoming the prey of designing persons known as "crimps," and in affording in a very large number of places at home and abroad centres where seafaring men can rally.

Masses of literature are distributed in the course of the year among out-going ships. Newspapers, games, pictures, old books, periodicals, &c., will be received by the Rev. W. Bryant Salmon, Seamen's Institute, East India Dock, Poplar, E.

Thanks to the kind permission of Lady Denison, a drawing-room meeting was held at 196, Cromwell Road, when Sir John Hay and others described the work of the Society; £3 19s. 6d. was collected at the meeting. It was not found possible to have an offertory last year for the Mission, but it is hoped that we shall be able to do so this year.

The Vicar is very glad to state that Admiral Woolcombe, 20, Longridge Road, has consented to be Treasurer for the Society in connection with S. Philip's, and will be pleased to receive subscriptions or parcels of books.

TEMPERANCE SOCIETY.

President—THE VICAR.

Vice-President—H. L. WILDE, ESQ.

Hon. Sec. and Treasurer—REV. H. P. POPE.

During the past year we have had some large and enthusiastic meetings. Amongst those who have addressed the meetings are:—The Rev. H. S. Woolcombe from Stepney; the Rev. H. G. Hodges, Vicar of Holy Trinity, Marylebone; Mr. Sawyer, and Mr. Wilde. We have started a Temperance Choir, which has proved very useful and a great attraction, as when men saw what pleasant and rational evenings we could spend together they were won over to join us.

BAND OF HOPE.

The Band of Hope, which consists of the Juvenile Section of the Temperance Society, comprise about 130 members. The children meet every alternate Tuesday at the Parish Room, where they are addressed upon the advisability and need of Temperance, and entertained to musical evenings through the kindness of members and friends of the congregation. We are glad to say that the Band of Hope, thanks to the efforts of those faithful lady workers who assist, still continues to make progress, and parents would do well to send their children on these Tuesday evenings to these useful and instructive meetings.

INDUSTRIAL CLASSES.

President—THE VICAR.

Vice-President—THE REV. I. ROBERTS.

In connection with the Band of Hope Industrial Classes are held for boys and girls every Wednesday evening supervised as follows:—

Knitting	Miss HOWE.
Chair Caning	Miss ARNOULD.
		Miss TYRRELL.
Sewing	Miss G. EUAN SMITH.
		Miss RAWSON.
		Miss CROSSKEY.
Carpentry and Metal Work	Rev. I. ROBERTS.
		Mr. ELLIS.
Basket Work	Miss CAMPBELL.

The work of the members will be exhibited this year at the Ruri-Decanal Adult and Juvenile Competition Unions for the various prizes awarded. These classes are worthy of the support of the congregation.

VICAR'S SICK AND NEEDY FUND.

This Fund has proved to be most useful, and the Vicar's best thanks are due to those who have so readily given during the past year. The "District Visitors' Fund" supplies the money to be given by the Lady Visitors to the poor of their Districts. This Fund enables the Clergy to help serious cases of distress which naturally come very frequently under their notice.

It ought to be remembered that persons are frequently sent by members of the congregation to the Vicar, and hence the value of this Fund is very considerable. The cases of those who have seen "better days" are very distressing, and subscribers to this Fund will be glad to know that very useful help has been often given.

Interview with Mr. C. S. T. Roberts, Sr.
Account - nothing till.

Mr Roberts is a man apparently between
50 and 60, but I fancy younger, as he said that
he had grown bald and gray in the service of this
young parish. However though he looks old he is
still young and vigorous in spirit and in manner.
In appearance he is very like Chandler of Poplar
from gray with some addition of greenish in
fact kindness, sympathy and geniality are the first
traits which strike one in his face, and are I
think his most salient characteristics.

Mr R. has been in the parish for 13
years.

Mr R. had got ready for me a great
amount of literature mainly police and health statistics.
This he wanted back and I have had the most
important parts copied and placed ~~with~~ at the
end of this interview. These extracts give a sufficient
glimpse of the character of the local structure of

(Numbering according to Mr R. about 5000 but according to the Census 3700) of the inhabitants of the parish. Now this population of criminals, loafers, beggars and prostitutes there are two streets, one of loafers the other of a genuine industrial population mainly connected with laundries, but including a good many laborers and some police.

Mr R. thinks that since he came there may perhaps have been a slight improvement in the moral condition of the people but ~~the~~ the conditions as to drink and sanitation are as bad as ever, and the overcrowding is always increasing.

With the exception of the sideman choir etc all the church workers come from outside the parish. There are four curates, historians and about 10 District Visitors with a few Laymen helping in clubs etc. In spite of the character of the parish it is very difficult to get good workers; even ministers - Wilmington prefer to go to the last end and even of them who prefer to take an initial.

in social questions many have never heard of
this district or do not know where it is.

Besides the church the buildings include school,
a Mission Chapel, a Mission Hall, the Magdalen,
a Public House turned into a coffee shop and bar,
and St. Agnes Mission, chiefly a center of female
work.

In terms of the Magdalen.

The account as to attendance is unusually
good for so poor a parish, which makes no
attempt to draw from outside. Both morning and
evening the church is well filled if not full (it
holds about 500) and with the exception of a few
of the workers, entirely with parishioners, not
except in rare cases from the ~~lower~~ ^{lower} strata lower
strata and mainly women. Spiritually the men
and the two lower strata are practically untouched,
but Mission services are held at the Mission Hall
(well attended) and in the Common Lodging House. In
the summer there are open air services, which have

R. values as giving a vent for the enthusiasm of his people, and for as drawing some of the members from the public houses, but they lead to nothing further, and do not bring any to church.

The services of the church are ritualistic but not excessive so. Mr R. affirms vigorously that these people like ritual, especially banners, processions and so on. As to liturgy he says they much prefer the church service when once accustomed to it, to all extempore or other services.

The Social work is large and unusually vigorous: 2 large men's clubs, two large boys' clubs, a girls' club, and a large S. F. S. Lodge, Mothers' meeting, Prayer. Clubs etc. Mr R. took me into all the buildings: for the men and boys, the great attraction as usual is Billiards, in the some of tables.

The Day Schools have about 750 children, none of the poorest class, all of whom go to the

Board School. The respectable parents of the neighborhood know of value having an alternative to sending their children to mix with Dango & Co. At the Sunday School there are about 700 children.

The visitation is thorough and systematic from room to room. The visitors are more than welcome; they all recognize that the Church is their great friend, and apply to the Church and its officers in all troubles and emergencies.

There used to be a Parish Nurse but it has been found better to apply to the Kensington District Nursing Assocⁿ.

The amount spent in Relief is large though Mr R. could not give figures. It is however practically confined to sickness so much so that the Committee is called the "St. Clement's Church Sick Committee," but in cases of sickness character is little considered. There is no cooperation with the C.O.S. Mr R.

Roberts - S. Clements

finding that C.O.S. methods are impossible in
so poor a parish: few applicants would come up
to the C.O.S. standard.

Of other agencies at work the chief is
The Rugby Club in Welton Road: this is the
Rugby School London Mission: though there is no
parish attached there is a person at the head.
He and his predecessors have always been Broad
churchmen and have considered Mr R. too 'churchy'
to work with: and as usual when there is no
cooperation there is I think something approaching
antagonism. He I (with Arthur Walsford) was
the founder of the Club and worked in it for
about four years before it was taken over by
Rugby. I know that there has always been a strong
feeling against allowing the Club to become an
appendage of the Church, and in the early days
there was a strong difference of opinion with
Hockley, the then vicar (later of Stepney) who
wished to be allowed to come and open such
meetings with prayer.

There are no less than ten City Missionaries at work in the parish and they are distinctly against the church: "they are always treading on our heels" said Mr R. thinking rather of overlapping in a way; but he said too that they circulated a free magazine which was apt to give at the church and also unwarlike

Of the Vestry authorities Mr R. has a high opinion and especially of the Medical Officer of Health, with whom he has been in constant cooperation since he came. The failure to get a Housing Scheme applied to the special area seems to be due to a dispute between the Vestry and the L.C.C. as to which is the proper body to deal with it.

As far as the work of the church is concerned Mr R. has always found the police most willing and helpful and they show no lack of vigilance in dealing with the crime and vandalism which prevails: but their attitude to the public, who

is a prime cause of the crime is unsatisfactory: for this Mr R. blames the Union Officers rather than the constables, whom he does not think are bribed in any way: but of the system of testimonials to Inspectors when they leave, promoted and supported almost entirely by Publicans, the good will of these officers is secured, and the police will therefore not take action against a publican in the present cases.

As to the drink it could not be worse: there is no improvement: and owing to the purchase of cheaply made it is almost as prevalent among the industrial portion of the population as among the Rangoon lot. There has however been some slight improvement in this respect among landowners of late years.

Of Prostitution a large number live in the parish, all of the lowest class: Mr R. thinks that they seldom if ever bring a man home, and is at a loss to know when they ply their trade.

Apart from actual prostitution there is an enormous amount of loose living. "Furnished Rooms"

abound and are used exclusively by unskilled
couple: often laborers or menials who are
temporarily in the neighborhood will pick up with
a woman and live with her in these rooms as
long as their work lasts: while often the rooms
are used by the 'loaf and jibe' of the district who
live together for a week or two.

Prigg is almost non-existent: even the
respectable men of the parish seldom belong to a
club.

Mr Roberts is a most excellent fellow:
kind, sympathetic, hard working: his fault is
probably an excess of sympathy: he has learned
much since he came here, but even now his
methods of dealing with Dangers would probably
be more effective if stern. He is a strong Radical
with socialist leaning, and takes the line "Poor
conditions, it is our fault - that is, we should try
our best." Through a High Churchman Mr R. has
nothing of the Priest in appearance or manner. He is

of the Donaldson, Dalton, Napier type.

Copy of Petition to the L. C. C.

To the Chairman, Aldermen and Councillors
of the Council of the Administrative County
of London:

The Petition of the undersigned inhabitants
of the Parish of St^e Mary Abbott's Kensington
and others, sheweth:-

1. That there is in the North Western
portion of the said Parish a district locally
known as the "Notting Dale Special Area",
comprising Bangor St^e, Crescent St^e, part of
St. Clement's Road, St. Katherine's Road, and
Kenley Street, (until lately known as William St.)

2. That the houses in the several streets,
about 275 in number, contain a population
variously estimated at from 3,700 to 3,800.

That 20 of the said houses are common Lodging Houses under the control of your Council: containing accomodation for 703 persons, and that the average number of nightly lodgers is about 650.

That the remaining houses, 252 in number, are for the most part let out in single-roomed tenements, unfurnished rooms, by the week, and furnished rooms, which abound, usually by the night.

That most of these houses are registered as tenement houses under s. 94 of the Public Health (London) Act, 1891, and are subject to bye-laws framed by the Vestry of Kensington, and approved by the Local Government Board: but that these bye-laws are not effective for dealing with houses

consisting of furnished rooms let by the night: which also do not fall within the definition of Common Lodging House.

That the houses in this district are not structurally or otherwise in such a condition that the area could be dealt with under Part II of the Housing of the Working Classes Act, 1890, but that many, if not most of these are overcrowded, and that from this and other causes, sickness is very prevalent and the death rate during 1896 in the district was 50 per 1000 as compared with 16.7 for the whole parish of Kensington.

That many of the lodgers in this area are prostitutes, professional beggars, and members of the criminal classes, and that their presence in a district eminently suited for the occupation of respectable working people, and adjacent to the abodes of many such people is, at present, a great cause of

corruption and contamination among the resident children of both sexes.

That the lodgings in these houses are very costly, the charge for a single room being usually five shillings per week, or ninepence per night, and the accomodation given for the sum very inadequate for the decent lodging of the people.

That the Vestry of Kensington has given much consideration to the condition of the district, and appointed a special committee to investigate and report, and that the Medical Officer of Health in his monthly reports has dealt very fully with the sanitary condition, of the district and the heavy death rate and that copies of the said special report and health report are herewith submitted for the further information of the bouncil.

That much has been done by the

Vestry of Kensington to improve the locality, a public recreation-ground, public baths and wash-houses and a public library having been provided in the vicinity and certain of the streets have been paved with asphalt, the street gullies trapped, the surface sewer ventilators abolished, provision for the ventilation of the sewers having been made by shafts carried up above the tops of the houses, and that much work of a sanitary character for the improvement of the houses has been effected by the sanitary authority.

That in commemoration of the Diamond Jubilee of Her Most Majesty the Queen, it is proposed by the parishioners of Kensington to make further efforts to ameliorate the condition of the inhabitants of the district, viz. by the provision of a crèche for Infants, a separate recreation rooms for men and women, and a hall for entertainments, gymnastics, classes etc.

That all that has been done, or can be

done, by the Sanitary authority, and all that it is proposed to do, for the improvement of the district, in commemoration of Her Majesty's Jubilee is but too likely to fail of the desired effect so long as the lodgings are so inadequate for the decent housing of the people.

That in order to effect a real improvement in the condition of the people, it is necessary that provision should be made for housing them at a reasonable rent, and with due regard to decency, and under such regulations as will tend to the real improvement of their physical and moral conditions.

That this can be done only by the acquisition of the houses by some public body other than the Sanitary Authority, which is without power to give effect to such a scheme.

That your Council appears to possess the requisite power under Part III of the

Houses of the Working classes Act, 1890, to acquire the whole or part of the houses in the district, and of establishing lodging houses for the working classes of the district.

Your Petitioners believe that such a scheme as it contemplates would provide a remedy for a great and admitted evil, and might be carried out without much, if any, ultimate cost to the ratepayers of the Metropolis.

Your Petitioners therefore respectfully beg that your Council would direct an enquiry to be made as to the condition of the Notting Dale Special Area, with a view to determine whether it is expedient and possible to acquire the whole or part of the houses in the said Area under Part III of the Housing of the Working classes Act, 1890 for the purpose of establishing proper & adequate lodging houses for the Working classes of the District.

And Your Petitioners etc.,

Interview with Rev. D. J. Learoyd, Holy Trinity, Latimer Road (The Harrow Mission.)

Mr Learoyd is a man of about 30, who has been head of the Harrow Mission for four years.

The parish is exclusively working class, and for the most part very poor, but with a poverty due rather to improvidence and waste than to small earnings. It is the neighbourhood, perhaps, laundresses abound, with the result that number of the men are chronically out of work: to separate the cases when lack of work is due to misfortune from those in which there is no real effort to seek it is very difficult. But Mr L. has no doubt that in this parish the large supply of female labour does lead to a great deal of male loafing.

The members of the Mission are all gathered in one spot: the Church, the Hostel, the Mission Room, and the club house.

There is no lack of workers at the Mission but they appear to be without exception from outside. Even the Sunday School teachers come from the wealthy parts of Kensington. But though there is no difficulty in getting workers from Kensington I do complain of the great difficulty in getting help from Old Hanoverians: only two or three come: he thought this the Mission and the Old Mission were much injured by Oxford House, Cambridge Hall, and the various college missions in London: he proposed rather to look for the help with which their connection was most recent.

Of paid workers there are I think a Mission woman, a Nurse and a Deaconess: of unpaid about 80 Visitors and Teachers.

In terms of the Mission:
The weekly congregation is a "nice handful": in the evening there are about 300, which is also the number of communicants: nearly all are women: of the ~~men~~ men the M. L. is inclined to despair: "they are very pleasant in the Church, but

as soon as you mention religion they say "good night." Mr L. spoke on how wrong the habit of the sluggish indifference and inertia of the men, extending not only to religion but to all relations of life: is nothing, with the possible exception of sports, do they seem to take the smallest interest. Among those who attend the church are a good proportion of ladies and young women.

There are no day schools, but Sunday Schools with about 800 children.

The social work centers mainly in the Pops and Mess Clubs, which are I think rather more vigorous and efficient than most church clubs, but they are not large & about 70 in each case. Mr L. did not speak very hopefully of them: and I do not think that the Mission is nearly so successful in this work as Oxford House or the Eton Mission. Mr L. complained of the necessity for the ladies being responsible for the clubs: it was here especially that the Mission looked for

Searoyd - Holy Trinity

help from Old Hawaiians, help which they get only in such measure.

The Visitation is very thorough: each home visited weekly by the District Visitors.

Details as to Relief will be found in the Report. There is a Committee working with the Guardians and the C.O.S. though on rather less strict lines than the latter. "We always ~~remember~~ "said Mr L. "that we are a religious body and temper money with justice". Mr L. showed me the Relief books extending back to the early days of the Mission: they are beautifully and carefully kept, and form a complete record of many families in the parish.

Of other agencies there is only a City Mission, described as usual as "a mission": practically working against the Church and endeavoring to attract the people to his own hall, though the church is quite free from ritualism.

The local government is efficient, though there is some inconvenience caused by the absurd boundary line between Kungsten and Hammarvika.

The Police Inspector thinks most unscrupulous; he has been told that the black sheep of the force are sent to Kottung Dale as a punishment.

Drunk is as bad as it can be; the main cause of the poverty which exists.

Prostitution there is little or none; the Vestry have closed out some houses which were used as brothels in ~~London~~ London St.

By youthful marriages are common; as also illegitimate children.

Prize is poor; the favorite form is State Lotteries. The Dr. Prindal's Collecting Bank mentioned in the Report has been given up.

Health is not so good as it ought. Be
considering the proximity of the 'Lomb' and the
open character of the parish. There is "always
something" of the ~~hypocrite~~ hypocrite character about.

Mr Searoyd is a good fellow but
not. I think a strong head for the Home
Mission which seems never to have got quite
the right man since the departure of Law,
the first head. But I fancy there is some
truth in Mr L's statement that Law rather
spoiled the people and that by so doing
created difficulties which his successors have
never quite got over. Whether the truth there
is a general impression ~~among~~ the people that
"there will never be anyone like Mr Law".

As I have Law well I am inclined to agree
with the people that he will be hard to beat.

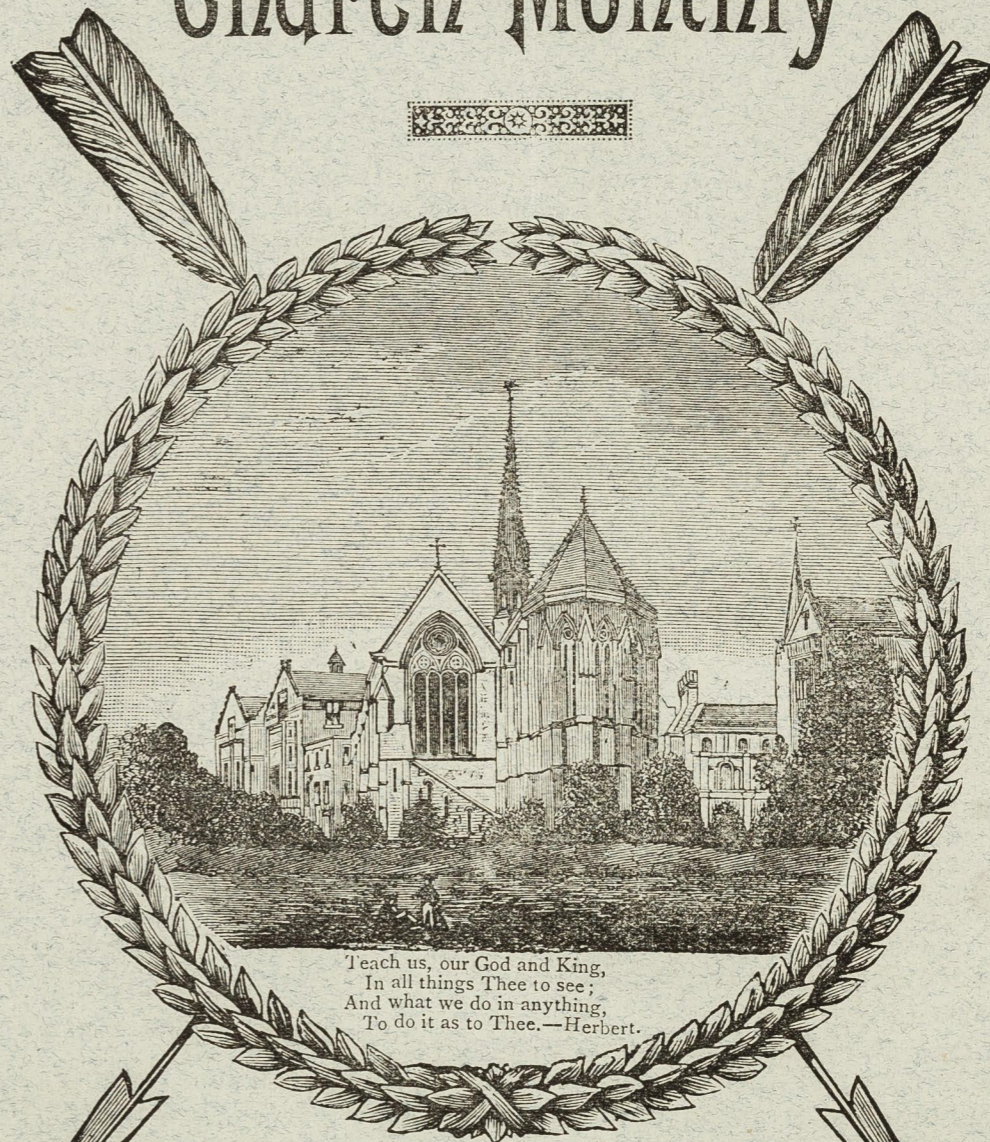

Altogether the Home Mission seems to me
much less of an success here than the
Mission at Hectors Wick.

The Confirmation. The work of preparing the numerous candidates is going on steadily, and we are thankful to say that there are a considerable number attending the Instructions with great regularity. The Confirmation is fixed for Friday, April 28th, at 8 p.m., and the Bishop of London is coming to administer it himself, this being his first visit to our Parish. Friday night is not, we fear, the best night for a very great number of our people, but we earnestly hope

that all who possibly can will be present at the Service to unite their intercessions with those of the Bishop, Clergy and candidates, for the out-pouring of The Holy Spirit of God through the Laying on of Hands. We are not without hopes that the Revs. W. W. Clarke and Walter Jenks will be present at the Service. There will be a Special Service for the Candidates on Thursday, 27th April, at 8 p.m., the evening before the Confirmation.

Mothers' Union. A Meeting has been arranged for Monday, April 10th, at 3 p.m., in the Lower Mission Room (there being no Mothers' Meeting on that day). An Address will be given by Mrs. Hope Wallace, and it is hoped that there may be a large attendance.

Mrs. Hall. We acknowledge with thanks the following additions to the sum already acknowledged in the Magazine:—The Rev. T. Greatorex, 5/-; Mrs. Bull, 5/-. Total now received, £8 2s. 2d.

N. Kensington Sunday School Teachers' Association. There was a very good attendance of Sunday School Teachers at the Service in our Church on Monday, March 20th, and they must all have felt well-repaid by the Sermon of the Dean of Peterborough. Most of them adjourned to the Upper Mission Room after the Service, where a very good loan exhibition of models illustrating the Holy Scriptures was on view, and where the Dean was good enough to supplement his Sermon by an Address even more excellent, if possible, than the Sermon.

G. F. S.

Motto: "Bear ye one another's burdens."

A Course of most interesting and useful Lectures on "Hygiene" has been held on the Monday evenings during Lent in the Lower Mission Room. We only wish that more of our members had taken advantage of this effort to help and interest them; or, that those who only came to one or two lectures, had persevered in coming regularly.

We earnestly wish that the members of the G.F.S. would realize that punctuality and regularity are essential to progress of any kind. Those (and we are glad to say there were a few) who came regularly will bear me out in saying that we spent most pleasurable and profitable evenings.

In April we hope to have a Quarterly

Gathering, with the usual Admission Service, and a Magic Lantern Entertainment. The dates will be announced later on.

The date of the Admission Service and Quarterly Social Gathering has been fixed (according to the Vicar's Engagement Book) for Monday, April 17th. Time of Service, 7 p.m. Social Gathering to follow immediately.

Harrow Mission Girls' Club.

Miss Pennefather asks us to give space to the following appeal:—

I shall be very grateful if I may bring before the Readers of the Parish Magazine a scheme which we are most anxious to try to work this summer in connection with the Harrow Mission Club for Working Girls, which now has 97 members.

Owing to the kindness of several friends last summer I was enabled to send 10 or 12 girls away into the country for a fortnight's holiday, boarding them out in various cottages, and it is in connection with these country holidays that we want to try our new scheme.

We have taken an unfurnished labourer's cottage at Aston Clinton, near Aylesbury, for some months, and this we are anxious to furnish as cheaply as possible, so that we may send the girls there three at a time, in charge of an experienced matron. It is increasingly difficult to find places to board the girls out, and it is felt this plan will in every way be more satisfactory. It will be impossible to carry out this scheme unless we can obtain the needful money. The rent of the cottage is very moderate, but the furniture will be a considerable expense; and though the girls will pay their own railway journey, they will have to be kept free of charge during their stay, as while they are not working they naturally will not have any money to spare.

Those of us who have been working in the Club during the past year are quite convinced that sending the girls away like this does more for them in every way than anything else.

I shall be most grateful for any contributions in money sent to me for this "Holiday Fund," and any clothing for girls from 15 years of age upwards will be most acceptable, and could be sent (addressed to me) direct to the Club, 76, Blechynden Street, North Kensington, W., as the girls very

often have to be given some things before they are sent away from home.

May I also plead for subscriptions or donations towards carrying on the direct work of the Club itself? Our coals, rates and taxes amount to over £25 a year, and we have also £12 ground rent, besides the caretaker's salary and various other expenses.

I should like also to say that if any one who reads this thinks they could manage to give one evening a week *regularly* to teach any subject at the Club, I should be very glad if they will communicate with me.

The Vicar most cordially endorses this appeal; a very good work is being done at the Club. He will gladly receive any contributions and transmit them to Miss Pennefather, whose work deserves every encouragement.

Boys' Club.

The indoor and outdoor winter contests with other Clubs of the Federation have now come to a close, and practice for the summer ones will soon be in full swing. The results of the later draughts and chess competitions were recorded in the February Magazine. As regards football we come out a good second—second only to Kensington in the Western Division. Next Saturday (25th March) it will be decided who are to be the holders of the Cup during another year—East or West.

After winning the Gymnastic Cup six years running we have at last to be content (for one year only let us hope!) with a less prominent position; our old opponents, Broad Street Institute, having at last proved themselves the champions. Our place was 3rd. There is considerable satisfaction and compensation, however, in the fact that we carried off the individual prize: it was P. Lott who gained the Club this distinction; second to him was another member of our Club, F. White; and next to him again came yet a third member of our Club, H. Shepherd. These three members and Mr. Dovey are to be congratulated upon their individual skill and the good done to the Club by them.

Since outside competitions have ceased for a time, the Club has been kept fully alive by competition among the members themselves at draughts, chess, dominoes, cannons, and up Jenkins. The winners will be announced and their prizes distributed to them in due course.

Intervin with Rev. W. E. Emmet, St. Paul,
Kottin Hill.

Mr Emmet is a man of 52: medium
height, thin, good complexion, black hair, blue
eyes. He has been here for 15 years.

The parish has a population of about
5000 of whom considerably more than half are of
the poorest working class living in Walker Road
Portland Road St. George's Road, and Talbot's Lane.
There is no squallor such as is found in the
neighboring parish of St. Vincent's, but a
great deal of real poverty and suffering.
In St. George's Road numbers of families live
in the cellars. The best part of the parish
is Cambridge Road, Oxford Road, and Nassau
Road to the north of the valley. but this is
mainly given over to Jews. Cornwell Road to
the south is now mostly let in tenements and
can be taken over by the houses are being
to hold more than one family. Altogether 14

Years there has been great decay in this part.

There is very little to add to Mr E's Report and Narrative. Mr E. is a pleasant, genial, conscientious, work man - probably as the C.O.S. are ~~happy~~ fond of saying "in the hands of his visitors" and to some extent of his uncle Mr Coffey, a young man who was present during our visit, and whom Mr E. honestly defended.

The church as Mr E. ^{mentions} is very badly placed in a back street and has suffered much from this. It is and always has been very fairly filled with a good middle class congregation, larger in the morning than the evening. The ~~best~~ report as usual is that the poor are practically non church goers, but that they are exceedingly friendly to the church and come to the clergy in trouble of all kinds. Communicants 400
There are Day Schools with about 400 children and Sunday Schools about 600.

The social work is on quite a small scale.

a good many things including a Men's Club, have been tried and failed. There seems to be "no demand for them" or no doubt the other main reason for failure is more covered, an inability to get the proper workers.

The visiting from the same reason is not complete: visitors are increasing more difficult to get. Mr E. threw rather a new light on those who offer as visitors: "those who were willing and eager to help he said were always falling away from illness or death while those who were strong and capable would not come forward: a case of fear of 'the Devil was ill' etc."

Relief of one sort and another including Ambros and soup kitchen amounts up to about £150 a year given in tribute through the visitors. Mr E. has often tried to get his ladies to work with the C.O.S. but "they won't hear of it."

Of other religious agencies both the Papists (Mr Fleming, Phoenix) and the Wesleyans have spoken of as vigorous and successful, however.

Large congregations.

Of this Mr. E. thought there was less.
Prostitution has greatly increased especially in
Ladgate Lane, where numbers of women patrol.
Health is good, but drinking bad in St.
George's Road and 'Tallot. Men and women.

The Monthly Meeting of the District Visitors will be held in the Vestry on Friday, March 3rd, at 12.20 p.m.

On Sunday, March 5th, a special appeal will be made for an increase in the offertories, so as to reduce the deficit in the Church Expenses Fund for the year ending March 31st. The Churchwardens also will gratefully receive any donation for this special object from any who may be prevented from contributing to the offertory. Any such contribution should reach them on or before March 31st.

The Meeting of Sunday School Teachers will be held in the Parish Room on Tuesday, March 7th, at 8.0 p.m.

The usual Lantern Service will be held in the Parish Room on Good Friday evening, when the Passion of our Lord will be illustrated. This Service will be preceded by the usual outdoor procession, starting from the Church after Evensong. It is hoped that all Members of the Guild

and others who are able, will take part in this procession.

During the month of March two interesting Historical Lectures (illustrated) will be given by the Rev. J. Roffey, that on the 9th being entitled "The Life and Times of Archbishop Laud," that on the 23rd, "The Life and Times of Bishop Ken."

A Confirmation will be held at Christ Church, North Kensington, on Sunday, April 30th., at 6.30 p.m., at which candidates from our Parish will be presented. Those wishing to be confirmed are requested to give in their names to one of the Clergy or District Visitors. The Instruction Classes will commence early in March.

The Vicar is pleased to be able to state that through the kindness of the members of the congregation the whole amount required for the support of "St. Mark's Cot," in the Mission Hospital at Karnal has been subscribed. This will be a most valuable help to Dr. Charlotte Hull in her missionary work. The list of donors will appear in the yearly statement of the Church Accounts.

We are requested to state that the Flower Show in connection with the Notting Hill Workmen's Flower Show and Home Encouragement Society will not be held this year.

It is with great regret that we record the death on February 1st. of Miss Gearing, one of the teachers at S. Mark's Boy's School. For about thirty years, with the exception of one or two short periods she has been connected with the schools, having commenced her duties in the temporary school held in the house next the Church, before the present school buildings were erected. She has worked most faithfully and successfully during the whole of this period and in the conscientious discharge of her duties has been a most valued teacher.

On Thursday, February 2nd, the marriage of Mr. William Charles Wood and Miss Edith Parkhouse, was celebrated at S. Mark's Church, the officiating clergy being the Vicar and the Rev. C. E. T. Roberts, Vicar of S. Clement's. Mr. Wood is well-known to many of our readers as a late member of the Choir and Assistant Organist, and his geniality has attached to him many friends. We wish him and his bride every happiness.

Monday evening, January 30th, was devoted to the Annual Entertainment of the members of St. Mark's Mothers' Meeting. The long tables in the

Parish Room were well furnished with guerdon, and very largely taken from, the great whilst a goodly number of visitors did their best. Liturgies of the very earliest times, then the truth make things bright and cheerful. After tea, of the Church's continuity is not only emphasized, and the Misses Weir beguiled the time, in that to every unprejudiced mind unquestionably usually happy manner, with music, and sing improved; for to quote the words of Sir R. and dramatic recitations. I.—*Origin of the Prayer Book.*

On Tuesday evening, January 31st, 160 of The Prayer Book was no new book, composed poorer children of our Parish were entertained by the leaders of the reformation. It was for the the Parish Room at a Dinner, provided bymost part a reformed edition or adaptation of the subscription annually raised by the scholars various old Latin Service Books, viz: the Westbourne Boys School, Westbourne PaBreviary, the Missal, the Manual, and the This was much appreciated, and our best thapontifical; the main principles which guided the are due to those who so kindly provided the mecompilers being evidently the simplification of the old Books, which had become long and intricate—

Jer. vi. 16.—"Thus said the Lord, stand ye Latin Books into English, and so adapting them for Common use. In no part of the Prayer Book is the thoroughly primitive character of its sources more apparent than in the Holy Communion

The Prayer Book furnishes the Church's Office. We are there taken back to the four great dentials. It is the voice of the Church, and Liturgies of the very earliest times, viz.: the attestation of her Catholicity. If the Prayer BookOriental, the Alexandrian, the Roman, and the is Catholic in origin and in doctrine, the ChuGallican. It is generally thought that Liturgies of which it is the outward expression, must were not committed to writing before the Catholic and continuously Catholic. Thatend of the 2nd, or even of the 3rd century, should be Catholic in origin is important, beca because we never read of any books of Divine if the Prayer Book were a comparatively recService being delivered up, though strict inquiry production, however Catholic its doctrines miwas made after them, in the persecutions of that be, it would not bear witness to the Continuitag. The Alexandrian Liturgy was however the Church. But if it can be shown to be probably used in the 2nd century, and from the new production—no work, however excellenuniform employment in each of the four of certain work, of men, however excellent the men, of coexpressions we cannot but conclude that all had paratively recent times, as for instance of the tia common origin, which could scarcely have been of the Reformation—but a work wholly found other than Apostolic. The salutation of Priest

and People, mutually invoking the Divine Presence,

"The Lord be with you: And with thy spirit."

are the very words with which the Alexandrian Liturgy begins, followed immediately by the *sursum corda*; an arrangement almost exactly similar being observed in the Oriental Liturgy. The ancient Gallican Liturgy, which was somewhat different in structure, was probably the original form according to which the British Church celebrated the Holy Eucharist till the end of the sixth century. This Liturgy, or at rate an office framed on the model of it, S. Augustine, on his mission to England, found with various other services already existing in the ancient British Church. Acting on the liberal-minded counsel of Pope Gregory the Great, he refrained from rigidly enforcing ritual uniformity, which is by no means necessary to ensure agreement in Catholic Truth. Although, therefore, the Gallican Liturgy differed somewhat from the Roman, its use was continued, and a variety of service sprang up in the different Dioceses, many of which had their own "use"—that of the Church of Salisbury, known as the Sarum use, being the most widely adopted, and used by the mediæval English Church until the second year of the reign of Edward VI. This famous form of the Eucharistic Office was the main basis on which our own office was framed.

II.—*Doctrine of the Prayer Book.*

There were two tests which the compilers of the Prayer Book applied to the materials on which they had to work. First, the test of Holy Scripture itself. No doctrine was to be admitted which was either not plainly contained therein, or provable thereby. Secondly, the test of Primitive Authority. Thus all additions, the result of error or of superstition, were carefully excluded; all flaws either on the side of defect or of excess were guarded against; and "the old paths," "the good way," marked out for us, wherein we might walk, and "find rest for our souls."

The more we take the trouble to study our real position, so far as the teachings of our Prayer Book is concerned, the more unassailable we shall find that position to be. Catholic as it is in origin, in doctrine, and in discipline, it proclaims with no uncertain voice the continuity of our Church, *i.e.*, "a continuous identity in orders, jurisdiction, and doctrine, with the Church that was known as *Ecclesia Anglicana* before the Reformation."

(To be continued).

BAND OF HOPE TEA AND ENTERTAINMENT.

The annual tea to the members of the Band of Hope was held in the Parish Room on Tuesday, Feb. 7th, at 6 o'clock. A most excellent repast was provided, to which, it is needless to say, ample justice was done, the children appearing thoroughly to enjoy themselves. The tea was followed by an entertainment under the management of Miss Vasey, who in spite of indisposition presided at the pianoforte with her accustomed skill and spirit, her clear crisp touch being of the utmost value in keeping her little chorus together. Miss Vasey has evidently taken great pains with her Band of Hope Choir, and although on the present occasion she had been unable through illness to give them all the practice she desired, they rendered several of the pieces in a manner that reflected the highest credit on her training. What they need is a little more precision in starting. This only arises from want of confidence, and would be remedied by appointing one of the stranger voices as choir leader.

Various recitations and dialogues were also given by members of the Band of Hope, Alfred Beasley's efforts being deservedly applauded. The programme concluded with a children's play entitled "Ethel's Reward," the characters sustained by G. and D. Mugridge, Nellie Stocker, and Alfred Beasley, the extremely venerable appearance of the last-named as "Mr. Great-heart" being a source of immense amusement to the youthful audience. The entertainment must be pronounced altogether a great success.

The prizes were then distributed by the Vicar, who was enthusiastically welcomed by the children to whom he addressed a few words of advice and encouragement in his usual winning and genial manner. The list of prize-winners is as follows:

Prizes for attendance given by the Vicar to Walter Eldridge (the second year of his gaining the first prize), Willie Stocker, Lizzie and Joey Rogers, Sarah Ambrose, and Jane Eary; by Mrs. Grinham to Charles Baxter and Maud Cull, for good conduct; by Miss Cunningham to Robert Brunney and Nellie Stocker; by Miss Creed to Dora Mugridge; and by Miss Whitmore to Gertie and Crissie Mugridge, and Leonard Cull, for recitations.

The proceedings closed with cheers for the kind friends who had provided the evening's enjoyment, and with a verse of God save the Queen which the children joined in with the utmost heartiness.

Interview with Rev. R. Towns
 St Andrew's Rural New Town, and his district,
 L.C.M., whose district includes the western half
 of the parish.

Mr Towns is a man of about 65,
 tall thin, gaunt, gray, in appearance a sort
 of cross between Samuel Booth and Mr Alfred
 of Mr Lake's Magazine. One told him at
 once as "an old-fashioned Evangelist" a
 description which in the course of our interview
 he applied to himself.

I had not been 5 minutes into Mr T. when
 the two minutes when Mr de Witt the
 L.C.M. came in to make his duty report;
 he remained for the remainder of the
 interview and evidently had an intimate knowledge
 of his district, when he has been for 7
 years. Most of the information comes from
 him, he is a fine specimen of the
 L.C.M.

Mr Towers has been here for 30 years and gave me something of the past history of Kensal New Town; the oldest part of which is to the west of his parish in St. Thomas (The Lawson); here when the S.W.R. was first made a colony was formed of the people who were evicted from Tyburnia and its farms on which Paddington and the Railway were built; these people were of the lowest and most degraded class and 30 years ago there were few places in London worse than Midway Row, South Row West Row and West Row. This district has however now been picked up to Saunders and the necessity that washing should be carried on in a neat and decent manner has led to some improvement and the old houses have been in many cases pulled down.

Mr R. Andrew's parish the eastern part of Kensal New Town was built about 30 years ago and meant for the middle class. It has however for many years been given up to the poorest working class and has of late years

steadily become poorer and more crowded and
 is still of possible tending downwards. At
 the time of the clearance a house for it
 got a large contempt from them especially of
 Irish R. C.'s. The poorest street is Southam
 St: with that exception the other streets are
 at a dead level of poverty though there is
 a tending for the parish to the better end of
 Follome Road. Dr. Potts near end L.C. R.
 agreed that there were few houses in the parish
 with less than four families: the usual thing
 is four four to five: a few have six and
 more than four with some more than seven
 the houses generally having from 8 to 10 rooms.
 The great industry of the district is
 laundry work, which is a hard trade to much
 keeping among the men

In robes, building, etc. see Report.
 The services are such as one expects in an
 evangelical church: two on Sunday, two
 twice in the week, with Communion three times

a month ~~ago~~ once at the evening service.
On Sunday morning there were about 130 in the
evening about 200, mainly from the parish though
Mr T. admitted that a few were from St. John's
Church by the parsonage at the neighbouring church
to the south of the S.W.R. A glance at
his map shows three churches to the south
St. Michael (the Division) is "a regular top topped
nothing to distinguish it from Rome". Christ
Church looks upon itself as quite moderate but
is not much better. Mr. Kubi's "is neither
high nor low, nor anything else: he would
do anyone any harm or any good" said Mr
T. To the north of the S.W.R. nearly all
are low churches but I suppose Mr T. catches
the bulk of the low churches who live in fact
over the Solborne Road bridge.

With the decay of the parish the congregations
have got steadily smaller and with the present
population the attitude is the usual one of complete
indifference. "The church is nothing to them
that's it, is it, eh?" said Mr T.

to Mr S. and Mr S. (as usual). Mr S. has his own water, on Sunday evening, and gets his room full with about 75, none of whom however are fit to go to a church: when they reach that point of respectability they leave the district.

The social work of the Church and the L.C.W. combined is quite small: the Girl's Club for Laundry Girls seems to be a success, and Mr S. I think is doing some work in the Temperance cause: last year he took 54 pledges of which 50 have so far proved faithful.

The Day Schools have about 400 children if empty, rather above the School Board type. The Sunday Schools have about 450: they have been steadily going down in numbers: the great difficulty is to get teachers: the decent respectable shop-assistant girls who used to live in the parish and the neighbourhood, and who

make the list-teachers, can now scarcely be found.

The same difficulty exists with regard to visitors: one or two ladies come fitfully from Kensington, but the work is done so far as it is done, by the Mission women who are expected as far as possible to go from house to house.

There is too a Parish Nurse, who is much overworked, but it was agreed that no ~~late~~ reported case of sickness was neglected.

Figures as to Relief will be found in the Report. There is a weekly meeting of visitors, but Mr T. frankly confessed that most of the money went in "doses" to chronic cases: some good old lady will get a shilling a week for some months: then as a protest against the idea that it is to be looked on as a pension it is dropped: then there is a sume: "why ain't I to have my shilling this week?" and after a week or two the poor old thing is put on again: you know a lot about these things.

said Mr T. "tell me what can one do?"

As to other religious agencies the P. C.'s are exceedingly active: asked whether their activity extended outside their own people Mr T. and Mr S. agreed that "they stick at nothing"

Mr Dr Clifford of course is the great local influence but at the Chapel he does not touch the poor only the middle class and the shop assistants of Westbourne from Mr. the mission in Rowant Road they are able to get a number of young people from the Chapel to help and therefore get a large Sunday School but the adults they do not touch the number who attend the Sunday evening being about 10.

There are several other bodies with Missions Halls in the parish, but the people upon them all impartially.

As to the moral condition of the parish it was agreed that it was very bad and getting

worse: Drink the chief virtue of the people
and always remaining among the women who like
nearly all be drunk to-day (Monday): Mr
J. told me of a conversation ~~she~~ he had
heard two or three days since: "a lady" in the
street was whispering against "her old man"
~~for some~~ with much serious indignation for
accusing ~~her~~ him of drinking when as a matter
of fact she had "only" had seven or two
of gin the "ole day". Drunken rows and
fights are a constant and mighty occurrence
On them as on other matters the police are
"too soft": Mr T. says they habitually look
the other way and Mr J. had no doubt as to
the cause of this leniency, which is
the publican. He mentioned one constable known
to the people as "Puggs", whom he had twice
seen drunk on duty.

Crime is very & greatly on the increase:
a number of burglaries, two here - (Foster and
Mills on the Newcastle Hill to murder, lived in
Soutman St) - and Mr J. knows a gang of

from £20 to 30 lads who live by thieving. They are usually the sons of 'loving' parents who confess to shame not that their children should steal, but that they should be caught: "if one of the boys is a hook of beard his mother looks it and asks no questions". Mr G. Davis ~~to~~ to have had some success in reclaiming the older criminals; he has men ~~in~~ in his Mile class who have done in the aggregate more than 60 years of time.

Prostitution too is growing especially among young girls. Mr J. witnessed the case of a girl who had some days since spent the night with 14 lads in a disused kitchen. This sort of promiscuous intercourse is common.

There is, too, much living together unmarried, often not disowned till the approaching birth of a child, when the woman comes into tears asking to be married for nothing, the object being to get a letter for Queen Charlotte's Hospital.

Health is not good. As to housing, there

is no fault to be found with the original
edition, which was good: but the notes are
suited for two families at the most; none have
more than two ~~small~~ clots, one or two usually
stopped up

This is not a strong parish but
Mr T. is a very general representation of his
school of thought

To the Congregation and Friends

OF

ST. ANDREW'S, NORTH KENSINGTON.

MY DEAR FRIENDS,

I have now the pleasure of handing you my Year Book for 1898, with reports and financial statements of the various parochial institutions at work for the moral and spiritual welfare of our parishioners. We are deeply grateful to all our kind friends who have stood by us and supported us with their influence and kind contributions in all we have attempted for the highest good of our people. The year's work has, I trust, been one of steady endeavour to bring the Gospel of Christ to bear upon the hearts and lives of the people and to try and encourage them to live their lives on the higher level of christian faith and godliness. It is ours to sow the good seed of the kingdom and to wait upon God for the showers of blessing and the gracious increase.

Our assistant Clergy, and Mission Workers have been unremitting in their earnest labours among the people; also the few lady Visitors who kindly come to us from a distance have

been most kind and helpful to us in the work of visitation. We should very gladly welcome a few more as the need is great. Our Medical Nurse continues her devoted and much valued services among the many sick and suffering ones in our parish. This good work owes its inception over five years ago to the kind and generous thought of the late Sir George Lawson, K.C.B. who contributed year by year more than half the Nurse's salary, and whose interest in her work, up to the time of his death in the spring of last year, was unabated. We feel sure that friends will not allow such a valuable agency to suffer for lack of support.

The Services of our Church retain their bright and evangelical character and are valued accordingly by our people. The Word is faithfully preached and the sacraments are duly administered according to Christ's ordinance. We have Holy Communion three times a month as a rule and on Great Festivals with an average attendance of 109 each month. The Church is free and open and the Weekly Offertories are for church expenses, which have, I regret to say, to be supplemented from other sources. The Special Charities have been well supported during the past year. I take this opportunity of thanking our people for their Easter Offering so kindly presented to myself again last Easter.

THE SUNDAY SCHOOLS.—Since their inauguration in 1870, the work has prospered under a succession of kind and earnest teachers, and for whose efforts for the spiritual welfare of the children we cannot be too thankful. We have experienced many ups and downs in the work, but it is wonderful how God has lovingly supplied all our needs as they arose. It is a

service of love with a divine promise attached and we know that the kind and unsparing efforts of earnest and godly teachers will never be allowed to go without a present blessing and a rich eternal reward. Come and help us any who can and we shall be deeply grateful.

THE MOTHERS' MEETING.—This long established parochial institution continues its course of christian endeavour and faithful Bible teaching on Monday afternoons. Its numbers have been well sustained through the past year and the members all feel happy in their association for the moral and spiritual advantages which it affords. The weekly attendance is generally upwards of 80 out of about 150 on the roll. The members again had their summer excursion to the seaside; also their good substantial winter tea in January, after which they were entertained with an interesting and instructive Service of Song known as "Jessica's First Prayer." Mrs. Towers takes a warm and practical interest in their best welfare and is always ready to sympathize with them in their home trials and difficulties. The several clubs connected with the society are intended as an encouragement to thrift and to show readiness to help those who try to help themselves. Gifts of cast off clothing, which can be sold to the members at a nominal price, are always welcome, and gratefully received as a help to their families and as a means of increasing the funds for the annual treat.

THE MONDAY EVENING BIBLE CLASS.—This is another very valuable parochial institution of equally long standing with the preceding one, and for which the members shew a growing appreciation. Miss Griffith has been most kind and

unremitting in her earnest endeavours to impart to the members faithful Bible teaching, and to encourage them to walk with God. The number in attendance has increased considerably of late, there being now over 100 on the roll, with a weekly average of 65. We are very thankful for the faithful christian instruction afforded to so many of our parishioners and trust it may be the means of helping them to live godly and christian lives. The members have always a summer excursion, generally to the sea-side, and a tea in the winter with a lantern lecture on some Missionary subject. The contributions of the class to their C.M.S. box show a growing interest, we hope, in the good work and a desire to do good as well as get good.

THE YOUNG WOMEN'S CLUB.—This good society has just completed its seventh year of useful work for the benefit of the young women and girls in our parish and neighbourhood. God's guiding and prospering hand has manifestly been on this work, and the kind workers have the privilege to-day of seeing that their earnest enterprise has deepened and broadened considerably. The club has been the means of sheltering many a young life from the temptations which surround them, and has enabled them to rise and take their stand on a higher moral and spiritual level. It meets twice a week, on Wednesday and Friday evenings, and the work continues very much on the same lines as last year. The musical drill class with Miss Heaney as instructress, has proved a great success. The course of singing lessons given by Miss Hulme was a source of immense pleasure and enabled the club to give a musical entertainment with good results in aid of the parish work. Miss Graydon, Miss Durham and Miss Bevan continue

their most kind and valuable assistance. The members have considerably increased in numbers, with an average attendance of about 35. The Christmas treat was a great success. Miss J. Reynolds and her sister were again able, through the generous kindness of their friends and helpers, to invite the members of the club and many of their relatives and friends, 170 in all, to an excellent dinner and entertainment, with which the guests were all greatly delighted. The Bible Class in connection with the club meets regularly at the Vicarage on Sunday afternoons, and Mrs. Towers has been much encouraged by the growing numbers and by the devout and thoughtful bearing of the girls.

THE SUNDAY AFTERNOON BIBLE CLASS.—Our friends Col. Oldham and Mrs. Chadwick have been most kind and devoted in their endeavours for the good of this class. It is the testimony of many of its members that it has been a means of real spiritual help to them, and of deepening their knowledge and experience in the truths of God's Word. It meets every Sunday afternoon at 3 o'clock, in the Church House, and the attendances during the past year have been decidedly good. The Missionary address continues to be given once a month and a collection is made at the close in aid of the funds of the C.M.S. The class is, we believe, a decided power for good in the parish and we trust that the consolations of God may abound to all, both teachers and taught.

THE TEMPERANCE SOCIETY.—The work has been steadily pursued throughout the autumn and winter months, and from time to time with tokens of encouragement. Strong drink is undoubtedly the great foe of the working man and the ever

growing attractions of the modern public house have a strong tendency to devour his earnings, his health and his home, besides shutting him off from high moral and spiritual influences. The Band of Hope has held on its course well, and we trust that this early training in temperance principles may with many of them be abiding.

I must now conclude by once again expressing my many earnest thanks to all our good helpers in the work of this parish and for all the kind and valuable financial support rendered us in the cause of God and His Church; wishing each and all the fulness of Divine blessing and the peace of God, which passeth all understanding.

I am, my dear friends,
Yours faithfully in the Gospel,
R. TOWERS.

Report.

The Managers have much pleasure in again submitting the annual report and financial statement of the schools to our friends and subscribers, with many grateful thanks for their kind and valuable assistance in this work. The schools are well situated for the children with places for 399 and with an average attendance of 386 for the past year. Their educational and religious value is given by both the Government and Diocesan Inspectors as excellent in all respects. In addition to the usual course of instruction for children, the girls are well brought on in Hygiene, Cookery, Music, Needlework, and Domestic Economy, and both departments have again earned the highest merit grant, and the commendation of H.M.'s Inspector for the high tone and character pervading the schools.

It is the earnest desire of the Managers that the children should be carefully instructed in the knowledge of Holy Scripture, and well equipped in every way for the battle of life, and under the conscientious and able conduct of our Head Teachers and their staff, we trust that this end is in some measure being attained.

Diocesan Inspector's Report :—

The Girls' School—"The school is again quite excellent. All the work in Division I. is of a very high order, and seems to show personal appreciation of what is taught; nearly all the girls answer. Division II. is also excellent. The explanation of Catechism might have gone a little deeper, but the New Testament subject is very generally and correctly known. In Division III. the answering is general and lively, and the repetition is particularly well said."

The Infants' School—"There seems to have been special difficulties during the year, which would account for the knowledge in Division I. being unequal, but earnest work has been done. The explanation of Catechism is not always correct. Work of a very good character is shown in Division II. Excellent work has been done in Division III. The New Testament subjects are not so generally known as the Old. Division IV. is correctly taught; the repetition might be said in a softer tone."

BERNARD REYNOLDS, INSPECTOR.

H.M. Inspector's Report :—

The Girls' School—"The training of the girls here continues to be excellent and most creditable to the Head Mistress. A great deal of the instruction is very creditable. The Arithmetic, however, should be made more practical, and I recommend the higher grant for English with hesitation this year. I must ask the serious attention of the Managers to the overcrowding of the classrooms. The health of teachers and children and the instruction must all suffer from this. There appears to be only two courses open, either to enlarge the school or reduce the number on the Roll considerably."

The Infants' School—"The order and tone are very good, and the instruction is very careful and industrious and generally intelligent. In Reading, Arithmetic and Kindergarten, methods may improve. The class-rooms must not be used as cloakrooms; more pegs are wanted; the playground needs repair."

Subscriptions and Donations will be thankfully received by G. W. GIDEON, Esq., 39, Lancaster Road, or may be sent to Rev. R. TOWERS, St. Andrew's Vicarage, 476, Harrow Road.

Our Sunday School Account is again encouraging and we beg to thank all our kind friends who helped us to give the children a happy and successful "Day in the Country" last July, and also have enabled us to meet the necessary expenses connected with the routine work of the Sunday Schools. The work is an important one for the children, and we trust that all our good friends will grant us the same kind and liberal support this coming year.

Hon. Treasurer—Mr. G. B. SWAIN.

This Society continues its useful and helpful work among our young men. Several new members have joined, and the Society is in a fairly flourishing condition, both financially and numerically. The usefulness of the Society might be very much extended if we had a few more workers who would throw themselves heartily into its objects and aims, and give a little freshness to the lectures and debates during the winter sessions.

St. Andrew's Christian Flower Mission.

Superintendent—Mrs. TOWERS.

In this Mission we have set before us a beautiful example of Christian continuance in well-doing. For 17 years our good friends Mr. and Mrs. Shea have lovingly and faithfully kept up this beneficent work by sending us during the early summer months, a weekly consignment of fresh cut flowers from their garden in Kent, made up into 13 bouquets for the joy and comfort of our sick and aged poor. The least, therefore, we can do is thus to acknowledge their kindness and to thank them very cordially for their labour of love to our people, who always very gratefully welcome the coming of the flowers with their message of divine goodness and loving kindness.

Gifts of Clothing, etc., for the Poor.

The following gifts of clothing, etc. for distribution among our poor people are gratefully acknowledged—Kensington East End Work Society, three parcels; London Needlework Guild, one bundle; The Lady Sophia Cecil, one parcel; Misses Prentis, one parcel; Mrs. Millar, one parcel; Miss Lathom-Browne, one bundle; Misses Yolland's Working Party, one parcel; Lady Lawson, one parcel; Paddington Charity Tickets.

Interview with the Rev. Canon Pennefather, Vicar of
S. Mary Abbots, ^{West Kensington} ~~London~~, at ²⁸ ~~the~~ vicarage. (E.A.) Ap. 5

Canon Pennefather has been ^{here} ~~there~~ for two years only,
but appears to have ^{quite} ~~completely~~ mastered the details of
a parish organization that requires a Year Book of 275
pp. to describe them. He has done this, primarily be-
cause he is a great organizer, but also because he has
made it his business to concentrate on his task. He thus
has refused to join almost everything that is Metropol-
itan, save ~~two~~ ^{two} or ~~three~~ ^{three} essential things, and gives his
mind and his time to his great parish. He said that his
first duties were those of an organizer -- "to work to
make others work". His hand is "on everything", and, as
he also said, "I am a beggar for looking through things"

He is a man of perhaps 60 to 65; tall; clean-shaven
with bad teeth and a good mouth; dull eyes that yet do
not take away the humour of the face; and a full voice
and a good-humoured way that is provocative of good-tem-
per, and that must win him many friends. He is a man,
without humbug and without conceit, spiritual or other-
wise.

He described his own parish as forming part of the
middle zone of Kensington: the South part, ^{Standard} for wealth;
his own for a mixture with many wealthy, many substanti-
al shop-keepers, and some poor; the North, on the whole, ^N

Pennefather - S. Mary Abbots (2)

No particular change is in active progress, but in as far as one is going on, it is in the direction of the substitution ~~for~~ small and poor houses, ~~of~~ large houses and flats. By far the greater part of the area that has to be allotted to the district visitors is composed of mews, as is seen from the list (pp.6-7.) The most recent demolition ~~and~~ of the dwellings of the poor was for the new Town Hall, an improvement, that has brought down the numbers at the Sunday Schools somewhat. (see p.29).

The big clearance before that, was in the neighbourhood ^{and on account} of the house built for "Baron" Grant.

For Workers etc. see the Report. They are legion, and there are 9 curates.

The Buildings include 3 churches: S. Mary Abbots (x (1800); Christ Church (550) and S. Paul's (850). The last is very near the parish church and was built for the overflow congregation. In addition, there are a Mission Hall (200); Soup Kitchen (which is open every winter, but of which the Vicar does not altogether approve), Club room, etc. etc. and excellent Schools.

For lists of services etc. see Report. Exclusive of children, the Vicar estimated that from 5 to 6000 individuals attended the three churches every Sunday, and he gave the following as more detailed estimates of the av-

Pennefather - S. Mary Abbots (3)

average congregations:

S. Mary Abbots: at 9.30, 1000; at 11.30, 1800 (people always turned away from this service); 4.0, 600; at 7, 1600. At S. Pauls: at 11, 800; at 7, 350 to 400; at Christ Church, at 11, 500; at 7, 200.

The class of person who comes is pretty much the same to all the services except at the evening one at the parish church, which includes a large proportion of shop assistants etc. Attendances are mainly parochial, especially at the parish church at 11.30, when seats are allotted (not rented) only to residents in the parish of S. Mary Abbots. There is little variation in numbers throughout the year, except in August and September, this uniformity differentiating the parish in a marked way from the fashionable churches, like S. Peter's, Eaton Square. The Communicants, monthly, average about 2800. The Mission service on Sunday evening is a small one, perhaps 60 or so.

Asked as to the extent to which people broke away from the Church and Church obligations, the Vicar said that he "was rather struck the other way", but "our danger, I often tell my fellows" (curates) "is to look at what is being done, and the numbers, and to forget what is being left undone".

For Social Agencies see the Report. The list is a long one, and the amount of help that is given to outside parishes and Societies is noticeable. In all, nearly £20,000 is raised in the year, and the total in '98, had never been reached before. The Kensington District Nursing Fund and the Kensington Fund are almost entirely supported from this parish (see pp. 246 and 114.) The Girls' Friendly Society, for which he gave immense praise to Mrs. Inglis, the Hon. Sec. is the largest in the world, with its 176 Associates, and 962 members.

The whole parish is visited, the clergy working *readily* through, and the visitors covering their districts twice a year.

The poor are well looked after, ~~and~~ the amount distributed in direct relief, (see p. 98) does not appear to be large -- under £300. They have 24 pensioners, and there are more in the district helped by the Campden Trust. (The income of this is £4000 a year, and is administered under a Charity Commissioners' Scheme, for education, apprenticing, pensions etc. etc.) The parish relief is managed in closer association with the C.O.S. than formerly.

As regards Prostitution, the Vicar said that, in comparison with some neighbouring parts, there was little in his parish, nor was there much soliciting. There

were a few suspicious houses.

Housing generally is "all right in my parish, all wrong in North Kensington".

Canon Pennefather will be very glad to be of any further assistance, if we care to write to him. He was extremely kind and cordial, and is, I think, one of the most level-headed and honestest men I have met in the ranks of the London clergy.

Interview with the Rev. H.C. Rosedale, Vicar of S. Peter's, Bayswater, at the Vicarage, 13, Ladbroke Gardens. (E.A.) Mar. 30.99.

Mr. Rosedale has been at S. Peter's for 4½ years, and, finding the parish as he said "practically gone to the dogs," has brought it back to a high degree of organization and activity. His success is almost painful, and although he pointed out defects in the scheme of operations here and there, satisfaction prevailed. He certainly feels that he ought to be a Bishop. His tone reminded me somewhat of that of Mr. Parry, at Bromley, but the latter was more unctuous and less intellectual and capable. Mr. Rosedale looks rather Jewish, and his name suggests Israel. He appears, however, to mix freely with the numerous Jews living in his parish, and this would hardly be possible, were he a 'vert. But whether Jew or Gentile by blood, he is the former, of the keen, capable, pushing, opportunist, assertive type, in temper.

He has, he thinks, everything going on in his parish that he could have, and even went so far as to say what I that ~~ifxk~~ did not find ~~xxxxxxx~~ mentioned, I might assume had been omitted. He prides himself on his power to adapt his services etc. to the needs of the class that comes, and on the intellectual character of his morning ~~services~~ ^{was} services. The church standpoint is moderate, "like a

Rosedale - S. Peters (2)

cathedral", and the teaching is certainly liberal. But the tone of the Vicar appeared to be conscienceless and unspiritual, puffed up by the sense of the "immense organizations", to quote from the Report, that he feels are at work around him and that ~~he~~ has inspired. Altogether, a successful, clever, and unattractive man. He is perhaps 45 years of age; is married, and I noticed that when the lady of the house appeared, as she did ~~once~~ once or twice, she spoke with bated breath as she asked for her instructions on this or that point, and he with dem superiority. Mr. R. was at one time with the late Bishop Billing, when the latter was Rector of Spitalfields.

Facts (local): Mr. R. classified his parishioners as follows: (1) the rich; (2) people with incomes of from £7 to £800 a year; (3) Chepstow Place people, a rather broken down lot; lodging houses etc. (in their n'hoods, including Chepstow Place, several high-class brothels); (4) Shopkeepers, of the better class; (5) Shopkeepers of the lower class, as in Portobello Road; (6) Servant of class, as in the top of the Portobello Road, and in two or three of the better mews; (7) those living in tenement houses, artisans, labourers etc. (8) the occupants of the majority of the Mews, bus and cabmen, many of them living in "almost criminal poverty"

The worst Mews are: Archer, Wellington, S. John's, B
Brunswick, Norfolk Yard, and Chepstow. He appeared to
think that many of the people here were as degraded as
could well be found anywhere in London, and that not
a few found their way to them from Spitalfields and the
Potteries. In all, estimates that the parish
includes about 3000 wage earners, and emphasised the de-
ceptiveness of the veneer of the well-to-do parts.

Facts (parochial): These are given with great fulne-
ness in the Report, etc. and on the form that Mr. R. ha
filled up. The following are additi nal points. Seven-
ty services and meetings are arranged weekly. ~~60~~
Communicants: Easter, 600; Sundays at 8, 50 to 60; at
noon, 60 to 70. Weekly average, at least 120. All
are visited who want to be. A good deal of responsibil-
ity is thrown on the District Visitors, as in the distri-
ution of relief, (all by tickets); in the use of the
nurse; in the issue of orders for the Needlework Soc.,
and in Convalescent letters etc. Wine and spirits are
only given on doctor's certificate and requisition of
nurse; Lady Crookes gives out, and supplies are always
put in medicine bottles! Relief and visiting appear to
be well in hand. He has succeeded in arranging
local co-operation as regards mothers' meetings, and all
are held at the same hour. Overlapping thus prevented.

Opinions: That most Jews are not Jews by religion; in Spitalfields had a good deal to do with Jewish Missions; the more he sees of them, the less he likes them, and says that the less ^{prejudicing} he does the better are the results. Spoke well of Singer, ^(the Minister of the Lord Brougham) but said that he visited many Jewish families in the district that Singer never saw. (Doubtless he adapts himself to the Jews, very much as he adapts the morning sermon to the intellectual bent of his congregation). Dissent has no real hold in the parish. There are some R.Cs. Thinks that half are attached to one church or another, certainly of those living in the big houses. "Church-going is the fashion here". But, "The Church is too comfortable for the poor", and an outlying mission hall is one of the things he wants. Among his numerous social agencies, those for the young people are the most important and form his "hobby". Temperance work among adults is very difficult, and the propaganda very unpopular. In the bad news, the difficulty is constantly drink, and drink and the charitable weakness of the well-to-do are responsible for half the trouble of the district. On careless charity he was emphatic, and his last words were the expression of the hope that Mr.

Booth would warn against the relief that produces beggary in West London. "It is to this that the Potteries district owes its existence".

Private drinking among women is, he thinks, at a minimum among his people; perhaps there are one or two cases in the congregation. The practice is more rife among those above and below the class he has. Although the moral character of the district is not good in many streets, he appeared to attach as much importance to the evils of impurity as to those of prostitution, saying that much evidence was reaching him of the increase of bad habits among young girls of from 12 to 15 years of age. This is true of those of all classes, but, he said, that the worst things that he heard of were told of the girls attending the High Schools. There have also been unpleasant episodes between the latter, and some of the Paulines.

He praised the Police. To the Kensington Vestry he gave a bad name, saying that it was over-riden by the owners of property. Health in the Portobello Road is notoriously bad. Rents for the better te-do classes are going up, but for the poorer rather downwards he thought.

Life and Labour of the People in London: INFLUENCES.

(Mr. CHARLES BOOTH'S Inquiry.)

- (a) What is the general character of the population?

- (c) What persons are employed? (stating duties and whether paid or not)
- (d) What buildings are used? (including mission rooms, schools and clubs.)
- (e) What services or other religious meetings are held, and by whom and by how many attended?
- (f) What Social Agencies are connected with the Church - institutes, societies, clubs, entertainments, meetings, &c.
- (g) What Educational Work is done?
- (h) To what extent are the people visited? (by Clergy or District Visitors)
- (i) What arrangements are there for nursing the sick?
- (j) To what extent is charitable relief given or administered by the Church?

General Questions —

- (k) Under what other religious, charitable, or philanthropic influences do the people come?
- (l) What co-operation is there between the Church and other bodies.

The chief & almost the only real influence the Church in the neighbourhood. Neither Rome nor Nonconformity are numerically strong

- (IV) Prostitution

- (IX) Housing and Social Condition generally

The crying evil of this neighbourhood amongst the poorer classes. This is also unusually prevalent for many reasons

This is found to be on the increase
Good considering the bad sanitation in some parts
The poor greatly overcrowded.

October 28th 1891

Interview with Rev. J. L. Hassard,
St. James' Workhouse, Nottingham.

Mr Hassard is a man just over
50: short, slight, active; gray hair and beard,
keen, intelligent, sparkling eyes.

He has been here for six years, having
previously been for some years in Haggerston in
the parish of Holy Trinity, Dalston (Mr Knapp).
I remember Mr Knapp referring to him I think
but the look is not him for a fact.

Out of a population of about 10000
the parish contains three distinct tracts.
Of the 4000 who inhabit the "Special Nottingham
Dale Area" of Kensington Mr H. claims 2500
in the (Atherton's Road, Kerby h- (late within h-)
and Crescent h-: there are with some exceptions
loafers, cadgers, beggars, tramps, and prostitutes;
but even in these tracts there are many bright
exceptions: in Crescent h- e.g. there are fine
private houses and one common lodging house

which are quite dead: as a whole however the inhabitants of this area are hopeless and Mr H. believes that nothing will be of any avail but a policy of demolition and rebuilding with a scattering of the population. At the present moment the area is not quite so bad as it has been for some years past owing to the departure of many of the men and men who work on the Central London Railway who had to pick up a woman and live in one of the huts, there are furnished apartments. This element is not spreading at all in this parish but Mr H. thinks that Hunt St and the streets to the north in Mr Robert's parish are getting into the same condition as the "Spind Piece".

Now this degraded element there are about 5000 of the dead poor working class, mostly to the west of Waterloo and Waterloo Road: here there is poverty but little or no squalor. At the top is Waterloo by Royal Arsenal and to the west by there is a middle class population

but these studies are rapidly going down and are now commoner than to more than one family. This is what shows it all marked in a diminution of few roots.

Particulars as to Phillips, Wakers etc will be found in the Report and Magazine; the Report is five years old, but Mr H. says there is not much change.

It will be seen that there are three churches. St James the parish church does not attend the poor, but has a congregation of about 1000 of upper and lower middle class, a good many from outside the parish. St Gabriel's is exclusively a working class church; the morning congregation is very scanty, but in the evening there are about 500. St John the Chapel of the Good Shepherd is St Vincent's Road there are from 70 to 100 on Sunday evening. The total communicants at the three churches amount to some 1000.

Coming here from the Led End when work among men was vigorous and successful Mr.

He was struck by the complete failure to get hold of men, and has spread his net chiefly for them, but still the women are more than 2 to 1. Among the poor though a larger number of the upper stratum are influenced spiritually, and brought to church yet as a whole they "are far less genial and friendly" than the inhabitants of the "Special Area"; who this Mr. H. thought was probably due to expectations of assistance on the part of the latter though the actual amount spent - varying much - is about nil, but "they are helped in many ways".

The Sunday Schools have about 400 children. With the decay of the latter part of the parish there is the usual increased difficulty of getting efficient teachers, but so far Mr. H. has had no serious difficulty as to workers of all kinds.

The Social Agencies are numerous, and

Massard - S. James

as I have said above much is done for men and ladies for whom there are I think in all five clubs of various grades. St. James' Ladies Club, the largest, was in existence when Mr. H. came, and has always been open without any religious test, though of course originally intended to bring the working men to the church; but with the exception of the occasional attendance at a "meat" dinner when there is a popular preacher Mr. H. doubts if "six men" have been drawn to the church from it during its existence. With this ~~object~~ object - to save time for all subsequent clubs have been formed of churchmen none being admitted till they were communicants or members of Bible classes.

Mr. H. spoke of the Church Ladies Brigade as "doing excellent work".

All the poor parts of the parish are systematically visited by District Visitors, who however are not allowed to give Relief. The Relief is administered by a Committee of

Hassard - S. James

laymen and very much on C.O.S. line though Mr H. cannot get them to cooperate with the C.O.S. The amount spent last year Mr H. could not give me, but about £150 will cover it.

Of other religious societies "the Roman" are active and look well after their own people. Mr H. thought the Rev. Cur did little or nothing, but mentioned the Mission in St. Peter and the Tabernacle in St. James' says we getting a good many children to Sunday School.

The parish is in two parts; and of the two Mr H. thinks that Hammanville is the more efficient. Kensington after looking up to the condition of Hotten, Dale and stirring up things for some years has seen the departure of Mr Cur from St. Peterburg, gone to sleep again, and has stopped the issue of special reports on the District: at present neither the Vestry nor the County Council

Hassard S. James

will tackle the problem. The Vestry has
longer put on an additional inspector but there
should be at least one inspector for this one
exclusive.

The police are "excellent".

Drunk is of course "excessive"; new licenses
have been successfully combated; but it has been
impossible to prevent the enlargement of work of
the Public House.

Prostitutes live in the district in numbers,
but do not work there; they are mostly of the
lowest kind, who work the Parks etc. Many
are every year rescued by the workers of the
church.

Criminals abound; the proximity to the
state ^{prison} prison of Womwood Scudder is
brings many who drift here on their discharge.
Health as shown by mortality in the "Spice
Ave" is bad, although fairly good. The houses
are not in the main sanitary; it is only the
people.

Hassard - S. James

Mr Hassard is an intelligent, active,
genial man and this I think is an
unusually nice parish

VICAR'S LETTER.

S. James' Vicarage,
23, Holland Park Gardens, W.,
Lent, 1895.

MY DEAR FRIENDS,

Last year, when I issued the Year Book, I was a very new comer amongst you, and I was in much anxiety as to the financial condition of the general work of the Parish. The care of so large a work will, I fancy, make any Vicar perpetually anxious, but I know now how kindly and self denyingly you rally to his support, and I rejoice to be able to tell you that we have begun this year with practically no debt hanging round our necks as regards the accounts in my special charge; the one item which troubles me is a sum of £34, due to the printers for the last Year Book, and I ask your assistance towards the clearing off of this as soon as possible.

I.—FINANCES.

The chief object of a Year Book is to make the Congregation and Parishioners acquainted with the financial position of the Church and the many organisations gathered round it. I will, therefore, take up this subject at once. Many will be astonished to learn that the total amount contributed during the year EXCEEDED £4,500 (see page 18). The reason why the amount was so large last year was that one lady contributed upwards of £900 for the new Organ Chamber, Choir Stalls, Chancel Screen, &c., and that £600 was collected for the new Organ, which we hope will be "Dedicated to the glory of God and the service of His Church" by the Bishop of Marlborough on March 23rd. We still want £120 to complete the payment for the Organ, and I feel sure that this will be forthcoming before it is due in June next.

A. CHURCHWARDENS' ACCOUNTS.—You will notice that the amount contributed to Church Expenses exceeds that of last year by £40, and yet that there is a deficiency of £44. The reason of this is that the Wardens were compelled to spend a large sum on repairs, painting of the outside of the Church, and on an attempt to get rid of the draught which so many had complained of in the Church. The expenditure has been altogether exceptional, and an exceptional effort to meet it is therefore requested.

B. With regard to the FUNDS ADMINISTERED BY THE VICAR, I am glad to say that, owing in a great measure to the very successful Mission House Sale of Work—for which our thanks are so much due to Mrs. Lewis and Miss Joseph and the many willing workers, and to the Grant from the Kensington Fund—the whole sum required for the ASSISTANT CLERGY FUND has been forthcoming. I wish, however, I could see some way by which the Vicar could be relieved from the necessity of having to advance quite £250 to meet the wants of this and other Funds in October, and having to trust to reimbursement from the December Sale.

The only other of these Accounts about which I need say anything is the MISSION AND CHURCHWORKERS' FUND. The expenditure has been very large owing to the necessary repairs and painting, but this item has been met by a new source of income, the PENNY ASSOCIATION. I am most grateful to Miss Varden, both for originating this scheme and for the admirable manner in which she has carried it through; I feel sure that some who at first thought the scheme quixotic will, now that it has proved so valuable a source of income, be ready to act as receivers, collectors, or subscribers. Either Miss Varden or myself will be glad to explain the working of the scheme to anyone who will help us.

MISSION OF THE GOOD SHEPHERD.

c. Mr. Terry has kindly taken up Mr. Stodart's old office of Editor of the PARISH MAGAZINE. During the last few months the amount of local matter has been largely increased. Many have expressed their gratitude for this, and the circulation in the Parish has very considerably advanced. But the sum charged for the Magazine does not cover the cost of printing, and, for the sake of

the poor, I ask those who can do so to become subscribers of a larger amount, so that it may not be necessary to curtail the space for parochial news.

D. I wish also to commend very strongly the work done by the RELIEF COUNCIL. It does seem to me so entirely the right system that the laity should undertake the Almoner's office; but several times during the year the exchequer has been empty, and it is only owing to the strong faith of those who chiefly manage this business that the work has never come to a standstill. I earnestly hope that more money may be placed in their hands during the present year. I should like also to ask some of my men readers to remember the YOUTHS' INSTITUTE, now removed into better and cheaper premises, but still requiring a good many subscriptions to pay its way. The MEN'S CLUB has also found less expensive quarters, and also deserves support.

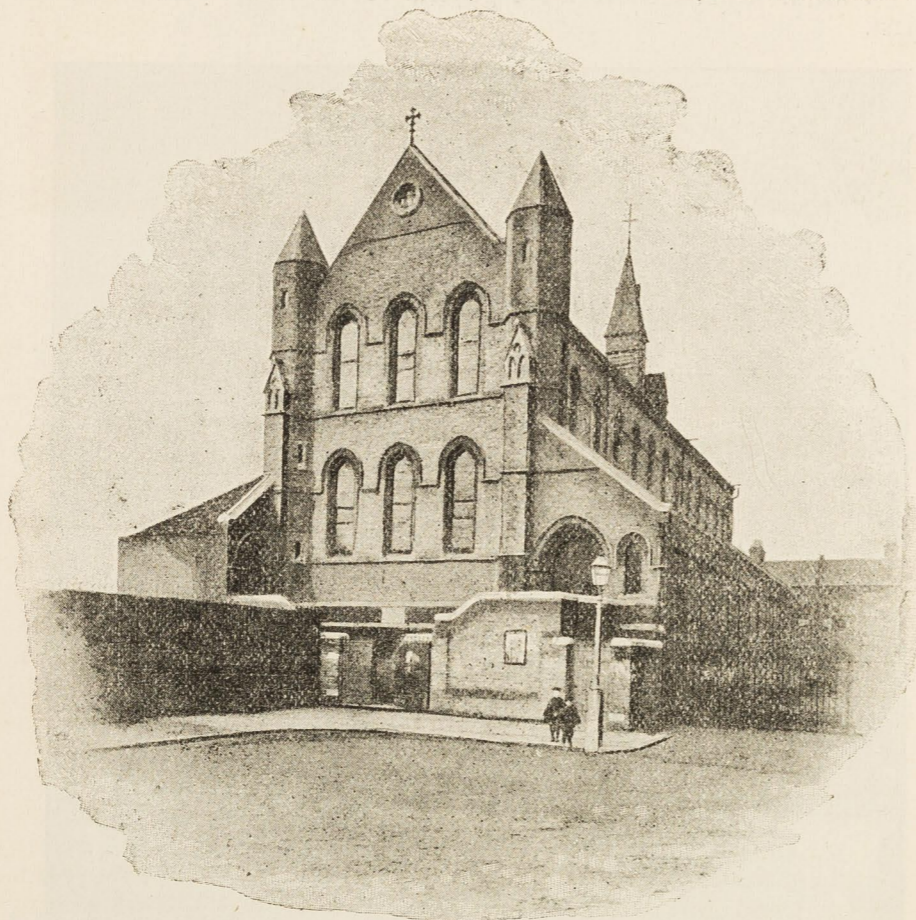

II.—THE PAST YEAR.

I will now make some more general review of the year which is past.

S. JAMES' INTERIOR.

A. First let us glance at the IMPROVEMENTS and additions which have been made to our three PLACES OF WORSHIP. S. James' Church has, I think, in the opinion of everyone, been rendered more beautiful and worshipful through the gift of *Choir Stalls and Chancel Screen* by our ever-kind friend, Mrs. McConnell. The same good friend has been the donor of the new *White Frontal* for the Altar, of the *Violet Frontal* and the *Violet Side-hangings*; also of a very useful cupboard in the Vestry. A beautiful jewelled *Chalice* has also been presented for use at the Daily Celebration, in memory of the late Mrs. Jervis; and a *Credence Table*, in memory of Mrs. Murray. Two very handsome *Stoles*, for use at the Holy Communion, were presented by another ever-kind friend to the Church, Miss Westall. The new *Organ* was not presented during the past year, but it is right to mention here that £600 were collected during the year, and added to the £100 already in hand, towards the purchase of the instrument. And we must not forget to mention the very handsome *Brass Eagle Lectern* presented in memory of the late Vicar, Dr. Williamson.

S. GABRIEL'S EXTERIOR.

S. Gabriel's Church has also been beautified during the year by the two *Windows* placed in memory of the late Vicar, and by the tasteful decoration by an anonymous friend of the stonework above the Reredos. I hope that means will be found before long to decorate the wall above, and thereby to bring out the beauty of the Mosaics.

S. GABRIEL'S INTERIOR.

The Mission Chapel (now the Chapel of the Good Shepherd) seems quite another place since it has been cleansed, repaired, and painted. Here also we hope to see other improvements presently. Externally also it has been much improved by the illuminated clock, presented in memory of the late Vicar.

B. There have been several CHANGES IN THE STAFF OF CLERGY during the year. I know that you all rejoice in the promotion of Mr. Stodart to the Vicarage of Laleham. Mr. Stodart gave his best powers for ten years to the work of this Parish, and we are glad that he went away with so many and so useful testimonials of the affection which he had won. Mr. Dewey also left us after a shorter period of service, and has accepted a Curacy in the country. The work in the Mission District has been taken up by Mr. Blanchard, who has already made a very strong mark there, and won affection on all sides by his simplicity and earnestness. Mr. Noott has joined us at the Parish Church, and is devoting himself to the Sunday School, the Girls' Club, and the visitation of the south part of the Parish. Mr. Pheasant and Mr. Terry are still with us, and are as full of work as they can be.

There were no changes during the year amongst our paid Lay-officials; and no changes, though there were some additions to the number of Sidesmen, amongst the unpaid officials. The number of *District Visitors* has also been replenished, and for the moment we have not one of our 54 districts without a Visitor. During the year several *Sunday School Teachers* have left the Parish, but all their places have been filled, and the number increased, as has the

attendance of children. In the *Day Schools* there have been two important changes: Mr. Welch was appointed to the Head-Mastership of a Board School at Folkestone, and his place has been filled by the appointment of Mr. Grounds, lately Head-Master of the Holy Trinity Schools at Dalston. Miss Smith also resigned the Head-Mistressship of the Girls' School, and has been succeeded by Miss Williams, lately Mistress of S. Luke's School, Westbourne Park.

C. SPIRITUAL PROGRESS—a difficult thing to measure! It is, however, very encouraging to see a steady increase in the number of Confirmees and Communicants. Of the former, in 1893, there were 63; in 1894, 112; and we have already presented 103 in 1895, and are preparing for another Confirmation to be held at S. Gabriel's on May 9th.

The Communion made in S. James' Church show a still more marked advance. The number in 1892 was 9,321; in 1893 it grew to 10,626; and last year the total reached 12,083.

The following figures tell the same story:—

	S. James'.	S. Gabriel's.	The Good Shepherd.	Total.
Easter Day, 1892	629	203	21	853
Easter Day, 1893	570	150	29	749

III.—LAST YEAR'S FORECAST.

In the last Year Book I made SEVERAL PROPOSALS FOR THE COMING YEAR. An effort has been made to accomplish them all, and the efforts have not been without success. Of the *new organ* I have already spoken. The next hope was that the *Evening Congregation* might be largely increased. It has grown considerably, but it is as yet very far from being what I hope it will become. I should be very grateful for any suggestions as to how it might be increased. Some seat-holders have kindly offered to give up all claim to their sittings in the evening, but I still hope that more of the Morning Congregation will also become regular evening Church-goers, and, therefore, I do not press the question of freeing the whole Church in the evening as yet. The greater number of seats in the Church are now quite free.

The *Vicar's Sunday Afternoon Class* has become quite an institution. It generally has an attendance of 150, greatly varying in age, but all of a teachable spirit. Personally, I enjoy my class very much. The *Bible Reading on Wednesdays*, at 12, has also been well attended, and, I think, appreciated. The same remark applies to the *Friday Evening Service*. I am sure that it is a good thing for all Church people to get into the way of attending Church at all events once on a Friday, the day in the week when we specially commemorate the great Sacrifice of our Redemption. I also asked last year for *more Visitors and Teachers*; all the vacant places are now filled. A *Girls' Club* has also been opened at 11, Norland

Place, and has already a large number of members. I wish, specially, to thank Miss Jones and the High School Girls for giving to this Club the proceeds of the performance of their French Play, amounting to £16 16s.

Finally, I proposed that a *Church Council* should be elected at Easter, with whom the Vicar might take counsel on all matters connected with the Church and Parish. My proposal was accepted, and the following became the members of our first Council:—The Clergy of the Parish, the Churchwardens of S. James', S. Gabriel's, and The Good Shepherd, Messrs. Stretch, Purday, Mason, Bamber, Monson (Secretary and Treasurer), Brown, Winkworth, Davis, Abrahams, Muir, Lawrence, Urquhart, Hovil, Ringrose, Tozer, Wallace, Loughborough, Parker, and Bond. The Constitution of the Council will be found on page 17. Some of the uses of a Church Council can be seen if we look back upon the months during which our Council has been in existence. Those who were anxious to get a new organ were able to go to the Congregation for subscriptions backed by a strong resolution from the elected Church Council; when Mr. Stodart left the Parish there was a body ready to propose that a testimonial should be given, and to appeal for and receive the subscriptions. Again, when the Bishop was urging the formation of a Church Defence Committee in each parish, there was the most suitable Committee ready to act, and act together, and thus, without any difficulty, a petition against the Bill for the Disestablishment of the Church in Wales was prepared and signed. We were very fortunate in obtaining such a Secretary as Mr. Monson.

IV.—THE FUTURE.

S. James' Church was consecrated on July 17th, 1845. We propose therefore keeping our JUBILEE ON JULY 17TH in this year, and the Lord Bishop of London has kindly promised to preach on that day, at 8 p.m.

Our Jubilee Year will certainly be marked by the Dedication of the new Organ. But I look forward with considerable anxiety, but also with courage, to the taking in hand of a far more difficult business. It seems that the time has arrived when our very small BOYS' AND GIRLS' SCHOOLS will no longer satisfy the requirements of the day. At present I do not dare to do more than set before you my own opinion, which is that we ought to mark the year by the erection of more up-to-date buildings, and to add, if possible, a Gymnasium, a Workshop, and a Kitchen. If the School Managers and the Church Council are of a like opinion, the matter will doubtless be before you soon in a more business-like form. If this is taken up, it will over-shadow all other schemes for at least a twelvemonth, but I do not abandon the hope of some day getting the Parish Church re-seated, and of forming a Chapel for the Daily Services, at which the attendance is steadily improving.

V.—THE MISSION, 1895, AND CONCLUSION.

It has been difficult to get in all Accounts and to publish the Year Book without allowing two months of the present year to

elapse. During that interval the MISSION has taken place, and a few words from me on the subject will scarcely be out of place. I am not going to attempt to set down results. The one result of which I am perfectly convinced is that there has been the strengthening of the spiritual life of many amongst us, and I know no higher and better result than that. Our most grateful thanks are given to Mr. Townroe and Mr. Wheat, who ministered at the Parish Church; to my old colleague, Mr. Carroll, for his services at S. Gabriel's; and to my present colleague, Mr. Blanchard, for his loving and energetic labours at the Good Shepherd.

THE MISSIONERS AND THE VICAR.

Finally, I wish as Vicar, in the name of the Congregation and Parishioners, and above all in the Name of The Master whom we serve, to thank all those, paid or unpaid, who have taken any share in the work of the Church,—whether as Contributors of their means or their time, whether as Sweepers, or Organ-blowers, or Vergers, or Teachers, or Visitors, or Club Managers, or Relief Distributors, or Sidesmen, or, above all, as Churchwardens. It speaks well for the office of Churchwarden that the son of one of our present Wardens (Mr. Burnell), and the son of a late Warden (Mr. Stretch), should both be rowing in the Oxford Eight this year. I am not astonished to see that nearly all the boys in our School appear this year with dark blue favours!

To my brother Clergy also I must add my thanks for their real hard work, and for their loyalty and kindness to their Vicar.

I am,
Your sincere Friend and Vicar,
RICHARD S. HASSARD.

PUBLIC ELEMENTARY SCHOOLS,

Master MR. J. G. WELCH.
Mistress—Girls' School ... MISS SMITH.
Mistress—Infants' School ... MRS. BISHOP.
Assisted by other qualified Teachers in each Department.

Children are admitted at the Schools on any day between the hours of 9 and 12, or 2 and 4.

Age of admission—from 3 years in the Infants, and from 7 years in the Upper Schools.

Religious teaching, upon the basis of the doctrines of the Church of England, is regularly and carefully given, the Clergy of the Parish taking part in this work. As this teaching is given the first thing in the morning, it is important that Scholars should be *punctual* in their attendance.

The Diocesan Inspector, who examines the Schools in Religious Knowledge, reports upon the results as "very good" and "excellent."

Secular instruction is given in Reading, Writing, and Arithmetic; Grammar, Composition, Geography, and History; Algebra, Euclid, and other specific subjects; Singing, Drawing, and Physical Exercises. Cooking Classes have been established at a centre in the neighbourhood where Girls from the Schools are taught.

A centre for Manual Instruction has also been established, where Boys are taught Carpentering, &c.

The Government Inspector's Report on the Schools is very favourable, and they gain the highest Grant for general efficiency, order, and discipline.

The Inspector of the Science and Art Department reports upon the Drawing, in the Boys' School, as "excellent." The Sewing, in the Girls' School, is reported upon as "very good."

The Schools are now entirely *free*, and *no charge* is made for Books.

Parents of Scholars are invited to subscribe a small sum, quarterly, to help towards the maintenance of the Schools, which are dependent upon subscriptions for part of their income.

Interview with the Rev. E.W. Clarke, Vicar of Christ Church, N.Kensington, at the Vicarage, Faraday Road. (E.A.) Ap. 19. 20.

Mr. Clarke is the father of this parish, having been in it for 22 years, and having started everything that there is in it. This does not amount to very much, the Church here appearing to be the centre of a somewhat mild and ~~ixfx~~ ineffective form of Broad Church teaching and practice. Apart from the liberal way in which the Vicar appears to look at things in general there is not much to attract or give distinction to the work.

Mr. C. is himself a man of perhaps 60, and a first glimpse, with his round face, and spectacles, made me think of a sparser Mr. Pickwick. But a closer view corrects this; the necessary rotundity is absent; the face is sallow and slightly pitted with small-pox. But the impression of geniality and kindness persists.

All his parishioners are working-class, and the Vic. is, he said, the only house ~~ixfx~~ in which servants are kept, and which is ⁱⁿ the hands of a single family. Occupations are mixed, but there are a good many G.W.R. men, operative builders, labourers, etc. The men are hard to reach, work or pleasure presenting constant obstacles. But as a rule the clergy are sent for at death.

cent, W'bourne Park); a Church Army nurse; 14 District V Visitors, of whom 3 are men; and 30 Sunday School Teachers, of whom more than half come from outside the Parish. There are a few other volunteers. Buildings: the Church, holding 750; and a Hall, holding 350.

For a list of the Services etc. see the cover of the Magazine. Church attendances are parochial, in the morning perhaps 200; in the evening, 400. Regular Communicants (weekly) 40; Easter total, 220. Only about 15 per cent are men, and, as stated, women preponderate everywhere. The Sunday School register is 500; average, from 400 to 450. Co-operation with the Church Army is close, and the Sunday evening service in the Hall is managed by it. The average attendance is about 40. Church Lads' Brigade has 50 members; Social Agencies do not amount to much. Meetings are held in the Hall, and the Socialists are allowed to come. No topic interests the men that does not seem to touch the pocket. History for instance has no hold; "it is not connected with money". The freedom with which discussions are allowed helps him to keep on friendly relations with a good many men, and he does not appear to endanger this, either by an aggressive religion or a too exacting culture. He is an active Board School Manager, and is "very happy in the work".

Visiting by districts in his parish does not answer;

blarke- christchurch (3)

the people "are above that sort of thing, because they always associate visiting with relief. When he began to find that his visitors had the door opened, and were told "We dont want anything, thank you", he thought it was time to change his plans for visiting, and to give up the systematic work. So now the house to house visiting is abandoned, and people are only visited on report. The workers are at home every day from 9 to 10, and they find that this brings them plenty of visiting to do. "My wife is a better worker than I am".

Charitable relief is managed by a weekly committee, and distribution is by the deaconesses, mainly. Tickets are used. The amount is perhaps £70 a year.

In addition to the Church Army nurse, in cases of surgical or expert nursing they send to the local Association

In addition to the Church Army, there is nothing in the parish but a Congregational Chapel -- Colbourne Hall.

Opinions: ^(22/10/1912) When he came to the parish ^{to} people, as in the whole of the Ladbroke Grove n'hood, were much more well-to-do than now. But the parishioners were never wealthy -- many clerks etc. There has been a much greater change in the district just to the West of the parish than there ever has been inside it. The upper part of Lad-

^{fine}
broke too is now entirely a district of multiple occupancies. Although the houses in his parish are not adapted to subletting, he does not think that any great harm is done. The houses are badly built, and there is a lot of "natural ventilation". This perhaps helps to keep them healthy. They are of the class of house that pays, if it lasts for 30 years. Local sanitary conditions have decidedly improved on the initiative of the L.C.C. He does not concern himself much with sanitary matters, and, although he does report defects from time to time, has a fear always of coming to be regarded as a detective.

Many classes of his people are migratory, especially the operative builders, and those who get into debt, be it with their landlord, or to tradesmen.

Few police charges come from the parish. There is not much excessive drinking, drunkenness being rarely seen, except at holiday times. Neither do the women drink much. There are no brothels in the parish, or women living in it who are known to be of loose life. The moral standard generally he considers to be high for a working-class district. They have, perhaps, 6 forced marriages in the year.

Report of an interview with the Ven. Robinson Thorn-
 ton, D.D., Archdeacon of Middlesex, Rural Dean of Kensing-
 ton, Prebendary of S. Pauls, Examining Chaplain to the
 Bishop of London, and Vicar of St. John the Evangelist, Not-
 ting Hill; at the Vicarage, 63 Ladbroke Grove. (E.A.) Ap. 22.

I have enumerated the various dignities of the Arch-
 deacon, because they are so very much more impressive than
 he is himself. I think that he must be a man of but little
 weight in the Church, and an unimpressive personality is
 perhaps still further dissipated by the many positions
 that he fills. He was extremely anxious to help in furnish-
 ing information, but with a certain mild courtliness of
 manner, ~~XX~~ he was
 not free from the fussiness that bespoke the small mind.
 He was hardly "venerable" as an Archdeacon should be, and
 perhaps "rather reverend", once suggested by a witty Bishop
 as an appropriate designation for rural deans, would not
 unfairly describe him. It is true that I took him at a dis-
 advantage, when all his papers had been lost in a spring-
 cleaning and he could not even place his hands on a Report.
 This he has since sent, and it contains a fairly full
 account of the parochial work. On this he was very modest,
 almost his last words being that it was "an ordinary par-
 ish worked in an ordinary way".

It includes 1000 houses, and about 6000 people, who

Thornton - S. John the Evangelist ⁽²⁾

may be divided by thirds into the well-to-do, the shop-keepers, and the poor, meaning by "poor" working-class.

The well-to-do include many Jews and Greeks, and there is a tendency for the English well-to-do to move away.

Facts (parochial): Staff etc.: Vicar and two curates.

He says that this may be said to represent two and a half persons, half of his own time being taken up with his extra-parochial duties. There is a parish nurse; and the volunteers include about 14 district visitors and 32 S.S. teachers. Full lists of helpers are given in the Report.

They are difficult to get and keep, and the men of his parish are busy, church-warden's duties appearing to be almost all that he expects from them. They serve on his Church Council, however, and as Managers of his National Schools.

The Buildings include the Church (800); Mission Hall; Parish Room, and Schools. Attendances:

on Sunday morning, perhaps 700; in the evening, fewer, more servants, perhaps an average congregation of 400.

In the morning a fairly well-to-do, but mixed assemblage. This is the service of the day; perhaps a third are from the parish.

No Communicants' Roll is kept; the Vicar approves of no such test. Weekly average at 8 on Sundays, 40; at 12.15, about 35. Easter, 250 to 300. Full particulars are given in the Report (p.9).

Sunday School: register, about 300; average, about

240. The scholars are the children of the "artisans!"

Social agencies are not very numerous, a successful Young Men's Club (social, with billiards etc.) 40 members; a Boys' Gymnastic Club, one or two minor thrift agencies, were among the things mentioned. Charitable relief amounts to about £100 a year; of this about £26 goes in pensions. Apart from the pensions, which he personally controls, distribution is largely by the D.Vs. in the shape of tickets. No-one is helped who is living outside the parish, unless their children happen to be attending the Schools. Visiting among the poor is conducted on house-to-house lines.

He uses the Church Council a good deal to help him to gauge opinion on non-essentials, and on such matters he is opportunist. But sometimes he puts his foot down. In his own parish however he probably sails along very comfortably. Being anxious to know on what kind of matter the "foot" would come down, I was surprised to have "Magic lanterns in churches" cited as an example. He appeared to feel very strongly about it. It "might do in the wilds of East London", but not for him, and whenever asked his opinion about the practice in his archdiaconal visitations he lets it be known very plainly. But he has no power to interfere. The use of the magic lantern was the only matter on which he was ebullient, and it seemed rather trifling.

Thornton - S. Johns (4)

There is no other very active centre of religious work in his parish, although the R.Cs. the Plymouth Brethren, and the Congregationalists are all located in it.

He gave the parish a good name on the score of morals both as regards the absence of disorderly houses, of second establishments, and of centres of solicitation.

Interview with the Rev. W.A. Spence, Assistant curate at All Saints', Notting Hill, at the Vicarage, Clydesdale Road. (E.A.) May 8. 1919

Interview with W.A. Spence
28/6

Mr. S. is a man of perhaps 28 years of age; he has been here for 15 months only, but is quite prepared to take the souls of his parish under his priestly guidance. He has a bright face, with small, well-chiselled features, and would look the part of Little Billee, in Du Maurier's romance, if he took off his cassock and put on an artist's smock. He is ~~sharp~~ as a needle, and rather conceited.

His Vicar has been here for 3 years, and the Church is being rapidly converted into one of the centres of extreme ritualism. As things are now, extremeness was denied, but the Church was "Broad" when the Vicar came, and these things have to be done by stages. They have got a fair distance on the way in the three years -- altar servers, confession, etc. etc. S. Cuthbert's is doubtless their goal. The Vicarage is given the look of a Catholic Presbytery, and the clergy walk about in cassock and biretta, just as though they were the real stamp of Catholic priest. Some of the old attendants at the Church have gone but others have come, and the main thing is that they have "filled it."

Facts (local): The parish is a very complex one, divisible roughly into three classes (1) a mixed profession

class, including many writers and actors; (2) middle class, lower, shop-keepers etc.; (3) "really poor people"

The poorer streets are Bolton Road, Lensdale Road, the adjacent Mews, Pertobello Road (the lodgers over the shops); Weston Terrace. Of these the first is distinctly the poorest. The total population is 9000, and is increasing, the marked tendency being to turn private houses into either tenement houses or into flats. Only one or two parts, e.g., Arundel Gardens, left with single private occupiers. Most of the better houses that have not been transformed altogether, are now lodging or boarding houses. The whole parish is poorer than is imagined.

The occupations of the working classes are varied, but it is mainly a labouring, as distinct from a genuine artisan class. The demand for rooms by the working class is very keen, and though rents are moderate still, they are going up. Many of the women work at charring, etc.

In many of the decaying streets there are many people of small means, who have come down in the world, and a distinct class of decayed gentlefolk, who have come quite down and require help and special treatment.

In the poorer streets mentioned above, the people are migratory. The people living in the flats are perhaps the most difficult to get to know, but in the whole of the parish this is not an easy task.

Spence All Saints (3)

Facts (parochial): Staff: Vicar and three other clergy. About 30 District Visitors, and, altogether, lots of helpers, mainly ladies of limited means, shop-assistants, etc. Very few men. Most from the parish, and the difficulty, not to get help but to get at the people.

For services etc. see extract from the Magazine. Sunday morning service so broken up, that it is difficult to give numbers. Perhaps there are 500 at the 11.30 Holy Communion, and as many at the Matins and sermon. The people are mainly well-to-do. In the evening the average is from 750 to 800. More strangers than; still mainly middle-class. Sunday School, Register, 300; average, 250. Communicants: at Easter, 5 to 600; weekly average, 140.

In the Church, which I visited afterwards, there is a table showing when the "Clergy are in Church for spiritual purposes", which doubtless means mainly for the confessional. I gather that they run this for all it is worth, and for a little more. As Mr. Spence naively said, it is necessary to act differently with different people. but "with some, you have got to know a good deal about them if you want to do anything".

For the sick, they have a lady who visits and the mission women; if necessary the help of the district nurses is called in. Relief appears to be well

and carefully managed (see rules); in '98, they paid away about £40, and of this £12 went in "winter pensions".

For a list of Social Agencies, see the extract from the Magazine.

Other agencies in the parish are the ^aTibot Tabernacl, a strong centre of the Baptists; here they are much exercised at the High Church practices of All Saints, and appear to have been taking action to show their disapproval. They are very near neighbours, and ~~Mr. Spence~~ little Mr. Spence smiled at the thought of their fulminations. In the Portobello Road the Salvation Army has a Hall, and, somewhere, there is an active centre of the Presbyterians.

The All Saints' Buildings include the Church (900); Schools, (not used as day schools) (350); and the large Vicarage or Clergy House. All the clergy live here, and a club etc. also use some of the rooms. Rooms are hired from the School Board for Sunday Schools. They have no Mission Room, and want one. S. Colomb's Mission district is practically independent; it includes 8000 people and the priest-in-charge, (Mr. Levelace, of 46 Tavistock Road) should be seen.

Mr. Spence has recently joined the C.S.U. and is much impressed by the Housing question. It is the great problem; if, for instance, you get people turned out for

Spence - All Saints

over-crowding, others come and things are no better in the end. He does not believe, it seems, in the police doctrine of moving on. The main difficulty of the parish appears to him to lie in the different classes that have to be arranged for, and the different methods that therefore have to be adopted. And, so far as the working-classes are concerned, they are confronted by their long hours of work, by the overcrowded conditions under which so many of them are living; and -- by their indifference. The present staff is young to its work, and, while they have filled the church, and have very many services going, Mr. Spence gave me to understand that the parish, quâ parish, was not yet in hand. But it would appear that there is body of zealous priests here to attempt the task.

Whitsunday.

Whitsunday, or the Feast of Pentecost, is the last of the four great Feasts of the Church's year. It is the Festival of the Holy Ghost, and also the Birthday of the Catholic Church, that Kingdom of God upon earth to which we belong, and in which we recognise our spiritual Mother, the Bride of Christ our Lord.

Those who were the recipients of the indwelling Spirit on the first Day of Pentecost were taught to prepare for His coming by united prayer and supplication. During the nine days that followed our Lord's Ascension they persevered "with one accord" in expectation of the great gift for which they had been taught to look. In imitation of their example Christians have been wont to agree to observe these nine days (or as they are sometimes called, the Novena), according to some scheme by which their prayers have been given point and meaning. We accordingly suggest that the Novena may be observed amongst ourselves this year, for which purpose the following arrangements have been made.

Beggars, Vagabonds and Thieves.

The wise distribution of charitable relief is always attended with the greatest difficulty. It seems to be almost a law of human nature that the really necessitous are constantly the last to say so, and that boldness and clever cunning are the methods by which the undeserving—to use a mild term—obtain pecuniary help, either from the kind hearted or from persons who are glad to pay a price in order to escape from importunity.

We venture to ask all who may read these lines to remember that impostors abound, that in London especially they are clever impostors, and we strongly urge the greatest

care in the distribution of alms, as well as the observance of some laws of prudence by which charitable persons may save themselves from deception.

The latest trick practised, at any rate in our own neighbourhood, appears to be as follows:—A vagabond buys a *Pavish Magazine*, and there learns the names and addresses of the clergy, parish workers, or others presumably well disposed to the poor. Armed with these, he or she pays visits from house to house, using the names which of course are well known, and which seem to be a guarantee of the genuineness of the case. Money is given at the door, and the success of the fraud is complete, until the lie is discovered and a caution in the newspaper drives the impostor into some other district.

This is so intolerable that the following cautions are appended for the guidance of the charitably disposed, and with a further hope that some of the rascals in question may buy and read *this* number of the *Magazine*.

1. Never give money at the doors or in the street under any circumstances.
2. Suspect strangers with plausible tales respecting their needs.
3. Refuse to accept any name as a reference without written authority from the person concerned.
4. If any case appears to be deserving, refer it the Clergy or to the Relief Committee, which sits weekly at the Vicarage, and through whom it is best to administer any relief that seems desirable.
5. Notes or envelopes containing money should not be left upon the table in the Church, but entrusted to the care of the Verger.

RULES

FOR A

Parochial Relief Committee.

1. All applications for parochial relief shall be made to the Parochial Relief Committee—

(a) By the District Visitor, who must fill up a printed form giving particulars of the case, and forward it to the Relief Committee at the Vicarage, where District Visitors may obtain forms.

(b) In sections where there is no District Visitor, or in cases of urgency, by applicants for relief personally, to the Clergy, at the Vicarage at 12 noon.

(c) By the Clergy, or any other member of the Relief Committee, or other person interested in the applicant, who must fill up the same form and lodge it at the Vicarage.

2. On a second or subsequent application for or by the same person, only such information as will correct and supplement previous information and bring the history of the case to the current date, need be supplied.

4. The Committee may refer all such cases as they see fit to the Charity Organisation Society or the North Kensington Friendly Workers for investigation.

5. In order to prevent the overlapping of relief, the Committee shall place themselves in communication with the Board of Guardians, with the view of obtaining from them a statement of all persons in the parish in the receipt of relief from the Guardians; and shall obtain from the Charity Organisation Society, and the North Kensington Friendly Workers, a weekly statement of any case in the parish in which assistance may have been granted or applied for during the previous week.

6. The Committee shall consist of the Vicar, Chairman; the Assistant Clergy, Vice-Chairmen—*ex-officio*; and of (say) six or seven ordinary working members, one to be Honorary Secretary. The ordinary members shall, in the first instance, be selected by the Vicar; but where any vacancy is caused by the death or retirement of any member, every such vacancy shall be filled up by a person chosen by the Committee.

7. The Committee shall meet once weekly, on Monday, at 6 p.m., at the Vicarage. Three to form a quorum. Any District Visitor may attend and be heard on any case of her own. Applicants for relief may be required to attend. All applications, together with the report of the District Visitor

thereon, shall be brought up and considered. The Committee shall decide in private.

8. The relief granted shall be as follows:—(a) Money, either by way of permanent allowances, or gifts for temporary purposes. (b) Orders on tradesmen for meat, coal, grocery, bread, flannel. (c) Letters for Hospitals or Convalescent Homes. An employment register shall be kept by the Committee.

9. After the Committee meeting, the decision of every case shall be communicated at once to the District Visitor (if any), either in person or by letter from the Hon. Secretary, together with such explanation of the opinion of the Committee upon the case as may be necessary. If the District Visitor be present, the relief shall be handed to her at once; otherwise it will be forwarded to her. Where a weekly allowance has been granted, the District Visitor (if any) shall receive, for the benefit of the applicant, payment, in one sum, of as many weekly payments as the Committee shall direct.

10. Where there is no District Visitor, the Committee shall send the relief direct to the applicant; and, in order to meet urgent cases, the Committee may, if they see fit in any case, send relief direct to the applicant; but notice thereof shall be sent by the Hon. Secretary to the District Visitor.

11. It shall be incumbent on the District Visitor to ascertain in every case that the relief granted reaches the applicant.

12. In urgent cases immediate relief may be given by the Clergy, or other member of the Committee, or, in cases of sickness, by the District Visitor, if they think it would be unwise to withhold relief till the Committee meeting; but such relief must be at once reported to the Hon. Secretary. It is expected that

St. Michaels Vicarage
North Kensington

June 21

My dear Sir

I must apologize for not having answered your letter before. —

I am afraid I am not much in sympathy with the tabulating and pigeon-holing of our people. — It seems to me that there is not much to say about the life and labors of the people in this parish. —

Answer received from the Rev. H. P. Denison, Vicar of St. Michaels, North Kensington, after having been written to 3 times

There is no special industry that is particularly represented here, and many of the questions on the form you sent are quite unanswerable. - The point has been a good deal neglected in time past and is now quite undermanned. I should not say that any form of Christianity has any hold upon the bulk of the population here. We work quietly along and do what we

can, but, as to giving the sort of information you ask, I am afraid it is impossible for me to do -

Yours truly
 Henry P. Denison
