General notes. Mr. Survey has been on this district 7 1/2 years. Most of the houses are about 20 years old, & there is no room for any more. Great number of railway men live here it being adjacent to the Midland & North Western Railway depots. These 9 roomed houses are kept in decent repair & fetch from £35 to £40 per annum. They are built for 3 families. Daphne Working school, technically educates about 1000 children for the world, lately held its 125 anniversary, but none of these children trouble Mr. Survey. The streets are wide & fairly healthy.

This visitor's block has been steadily deteriorating for many years. It was formerly an upper class neighbourhood & the numerous "mews" at the back of all the principal streets were used for the carriages of the residents. The "mews" are now occupied by a poor class, the stables being let to shopkeepers, cab proprietors etc.

The main streets are divided between good working class, mechanics etc & the better class of lodging houses which are patronized by professional men, who need a place

There is not much active charitable work in the district. A little is done at St. Mary's, & in winter  $\frac{1}{2}$ -dinners are given at Solmers Sq. Institute. There are 3 active classes of visitors - Rent collectors, Prudential Insurance agents, <sup>every (morning)</sup> School Bd officers - who keep the people lively between them.

A good deal of moving goes on to avoid rent paying & other unpleasant responsibilities, as well as their stress of work. (Seaton St. & Fitzroy Pl. are the worst samples). A great deal

Feb. 13. 90.

Mr. Reiss (50 Lime St.), Secy  
of South St. Pancras Committee.

A special characteristic of the  
district is the great number  
of people who have come down

Shanet St. & Sandwich St.  
are samples of this. C.O.S.  
have a great many cases  
from here; some extremely poor  
& very difficult to deal with.

Charlotte St. & Fitzroy Sq<sup>ue</sup>
