* The *Registration* or *Union Counties* consist of groups of Registration Districts which are generally co-extensive with the Poor Law Unions. The Counties are grouped in Registration Divisions, the County of Monmouth being by this arrangement included in the Welsh Division. The differences between Registration Counties and Administrative Counties are shown in Table 2 of the Census County Volumes.

* The *Registration Districts*, 634 in number at the end of the year 1909, are generally co-extensive with the Poor Law Unions of the same names. They are divided into Sub-districts (2015 in number), each having a Registrar of Births and Deaths. The letter *W* denotes a Workhouse, or a Workhouse Infirmary belonging to the District or Union in which it stands; *w* indicates a similar Institution belonging wholly or partly to other Districts or Unions; *F* a Hospital for Infectious Diseases; *H* another Hospital; *L* a Lunatic Asylum. When a Sub-district contains more than one institution of either kind, the number is indicated by a figure prefixed to the letter. The deaths in these Institutions are shown on pages 231-282.

† These areas are derived from those published in the Census Report for 1901. They do not include space occupied by foreshore or tidal water of rivers and creeks.

‡ 3.—The district of FULHAM comprises the two Poor Law Parishes of HAMMERSMITH and FULHAM.

DEATHS IN WORKHOUSES, HOSPITALS, LUNATIC ASYLUMS, AND IDIOT ASYLUMS

1909.

The following table shows the numbers of deaths (persons, males, and females) registered during 1909 in Workhouses, Hospitals, Lunatic Asylums and Idiot Asylums in England and Wales. These figures afford the means of correcting, in some measure, the mortality of the districts and sub-districts in which the institutions are situated. The table includes 2,972 institutions; of these 853 are Workhouses, Workhouse Infirmaries, or Workhouse Schools; 1,982 are Hospitals or Infirmaries; and 137 are Lunatic Asylums. The Lunatic Asylums comprise County and Borough Asylums, Lunatic Hospitals, and Idiot Asylums. In these 2,972 institutions 103,701 deaths were registered during the year, or 20·02 per cent. of the total deaths in England and Wales, against 18·75 and 19·27 per cent. in the two preceding years; 56,026 deaths occurred in Workhouses, 36,927 in Hospitals, and 10,748 in Lunatic Asylums. The proportion to total deaths was 10·82 per cent. in Workhouses, 7·13 in Hospitals, and 2·07 in Lunatic Asylums. The proportion of deaths recorded in Workhouses, which had been 10·05 and 10·38 per cent. in 1907 and 1908 respectively, was 10·82 per cent. in 1909.

Information relating to the deaths recorded in many Private Lunatic Asylums, and in a few other institutions, will be found in the notes to the table.

LONDON.—CAUSES OF DEATH at different Periods of Life, 1909—MALES.

Note.—The figures in this Table differ in some cases from those published in Table 17 in the Annual Summary. These differences are due (1) to corrections made in the Tables of the Annual Summary, but not in those of this Report, for Deaths occurring in Public Institutions (*see* Note on p. 6 of Annual Summary); and (2) to alterations in classification owing to further information furnished by the Certifying Medical Practitioners after the publication of the figures in the Annual Summary; and, further, the two tables do not relate precisely to the same period.

The terms printed in italics being the names of symptoms merely, or being unauthorized or otherwise objectionable, should be used in medical certificates only when precise information is unobtainable.

INDEX OF REGISTRATION DISTRICTS.

The following Index furnishes a reference to the *Number* of each REGISTRATION DISTRICT, according to the topographical arrangement adopted in the Tables of Abstracts contained in the Report.* Districts having compound names are placed alphabetically according to the initial letter of the word spoken first locally: thus, East Ashford will be found under the letter E, and *not* under A.

For names of Towns such as Accrington, Queenborough, &c., which are not found in this "Index of Registration Districts," see the "Index of Registration Sub-districts" (pp. 480–489) *and "Index of Urban Districts"* (pp. 490–500).

In consequence of numerous alterations in districts since the numerical arrangement, 1 to 630, was adopted in the Abstracts for the year 1881, the districts have been re-numbered consecutively from 1 to 634 in the Abstracts for the year 1909.

INDEX OF REGISTRATION SUB-DISTRICTS.

In this arrangement the principle is adopted of placing the Sub-Districts (or Registrars' Districts) having *compound names* in alphabetical order according to the initial letter of the word spoken first locally; thus, East Grinstead will be found under the letter E, and not as "Grinstead, East"; St. James under the letter S, and not as "James, St." The number against each Sub-District, in the third column, refers to its numerical place in the Tables of Abstracts; thus Abbey Holme (575; 2) is the 2nd Sub-District of Wigton District (No. 575).

INDEX OF URBAN DISTRICTS.

As existing on 31st December, 1909, together with a reference to the number of the Registration District and Sub-district in which each is situated. See pages 150–209 of this Report.

Urban Districts which are County Boroughs or Municipal Boroughs are indicated by the letters C.B. or M.B. Those Urban Districts marked * have been created, and the boundaries of those marked † have been altered since the Census of 1901. The exact constitution of each Urban District and of each Registration Sub-district at the time of the last Census is shown in Tables 9 and 12 respectively of the Census County Volumes. Of the 1,171 Urban Districts (including County, Municipal, and Metropolitan Boroughs) 156 were each co-extensive, at the end of December, 1909, with one or more Registration Areas.
