TABLE E.—Population, Births, Deaths, Infant Mortality, Natural Increase, 1925.—Counties, County Boroughs, Municipal Boroughs and Urban Districts, Rural Districts.

NOTE.—The estimates of population shown in the following table have been based primarily on the 1921 Census returns (See Section "Population" in Text). In the case of districts marked with an *, changes in boundaries have occurred during the year, and the populations have been adjusted in order to make them comparable with the records of births and deaths. Particulars of the changes of boundary will be found in Table AA. The births and deaths exclude stillbirths. Deaths are transferred to the area of residence of the deceased person; births occurring away from home have been transferred to the area of residence of the parents. Deaths of non-civilians have been excluded throughout this table, the districts in which this exclusion appreciably affects the rates being referred to in footnotes.

† The Urban Districts of Thurstonland and Farnley Tyas were amalgamated on the 1st April, 1925. The figures relate to the combined districts for the whole year. A considerable proportion of the population of this area was enumerated in a County Lunatic Asylum, the deaths in which are allocated to the areas in which the deceased patients had resided before admission.

These issues of the Guide provide a systematic survey of the statistics contained in official publications issued since the beginning of 1922. The Guide consists of a List of Publications (grouped under the Departments severally responsible), and an alphabetical Subject Index, which not only refers the enquirer to the appropriate volumes in the List, but also supplies details as to the mode and degree of analysis of the statistics contained therein.

The second volume includes an appendix dealing broadly with selected publications of permanent statistical interest issued mainly since 1900.

Whilst the Guide is based upon official publications containing statistics, it constitutes, in effect, a general work of reference to most of the activities of Government Departments.
