Dear Mr. Lees

Thank you for your letter
or the cheering postcard -

I'm sorry the U.D.C. is not to have
your support, but I am not surprised that
you are a little busy! I am very keen
myself on permeating foreign policy with the
women's point of view or have been glad
to see how ready the pacifists are to
accept women on equal terms. If the women
didn't respond pretty largely I should be
sorry - It seems to me a chance which
might easily not return - With kind regards

Yours very sincerely,

H. M. Swannick
