Dearest Amy,

So many many thanks for your delightful flowers, Lillies
and dear little bag. The flowers were most fragrant when opened
the scent of acacia flowers always reminds me of France in a very pleasant
way; and I love the little bag and admire Elsie's skilful handiwork
and how I love your dear Aunt Mamma sending it to me, and thank
you with all my heart. I am glad to hear of you at Aldeburgh
with Jack. It was a great pleasure to see him when we were
there. He seemed to be working indefatigably and to be throwing
himself into it splendidly and also to be much less shy than he
used to be as a boy. He certainly is pleasant to the eye & fair
to look upon. So we feel you are a very happy mother

We all join
in much love
from your loving
