Dear Mrs. Horton,

I am much obliged for
your letter of the 28th

November & for your
Executive Committee's
support of my Resolution
about Parsons in their
own right.

Your encouragement is all
the more welcome as the
first speech I ever made
— how many years ago
— as a speaker "on the
paper" at the Oxford
Union was in a debate
in which Mrs. Fawcett

Took part in Women's Suffrage,
the first appearance of a woman
on the floor of that assembly.
