Dear Lady Currie -

May I go to see
you one day if you are well

enough? - I hope that you are
quite well again now -

I am here till the middle
of December & staying in a friend's

flat - of Miss Bosanquet

202 Addison House

grove End Rd - W.8

from Monday next -

At present my joy in life is quite
spoilt by the thought of a lecture
which I was induced to promise to
the Central Asian Society - It seemed
such a long way off at the time, but
now it is terribly near and I have
never done anything so alarming before -
When it is safely over I shall begin to enjoy

London -

Yours ever affly
