

NATIONAL UNION OF WOMEN'S SUFFRAGE SOCIETIES

Mr 1521

SPECIAL EFFORT WEEK.

25 Victoria Street,

LONDON S.W.

Dear Madam,

I have pleasure in enclosing collecting cards as instructed by the National Union Executive Committee.

We hope you will be able to co-operate by fixing upon the week that will suit your district best, and sending a collecting card to each of your members asking her to collect something, however little, during the week. Members will often send a donation if they feel they cannot collect.

Will you point out to them that if every member sends something we shall get a large sum for extending our important bye-election, and other work.

The spaces on the third line are for the dates fixed upon for the first and last day of the special week, the date for return to the Branch Secretary (or treasurer) also requires filling in.

It was suggested at the meeting of Branch Secretaries (at the Brighton Quarterly Meetings) that half the proceeds should be sent to the Union and half (if so desired) kept by the Branch.

Other societies have made several thousand pounds by special effort week. If everyone helps we can do the same.

Cards for "At Homes" may be had as enclosed at 2/6 per hundred, and also the card upright without the words "At Home", for programmes etc., from the Hon Sec. W.S.S., "Felixtowe", The Park, Nottingham. - Kindly return any cards that you cannot use.

Yours faithfully,

MARJORY CORBETT,
Secretary.
