To Mother

Dearest Mother

I was not able to see  
anything of you my very  
dear one in the crowd  
this morning.

We are a very gay  
except for M. & me  
young party & we feel  
we have a great chance  
which is a reason for  
joy. You all

~~gave~~ gave us a fine send. off

The saloon carriage in  
which we are is rather  
shaky but it is a great  
convenience to have some

extra space for all the  
baggage which grew alarmingly  
at Victoria & included  
everything calculated to do

away with the beneficent  
effects of Mother Sill's  
Sea Bisk remedy. W<sup>ms</sup>

Godfrey Walker brought  
two <sup>cross</sup> card board boxes of  
grapes & we were given  
chocolates & plums I  
don't know what else.

This is just what you  
would have done at my  
age. I hope I shall be able

to do it half as well  
as you wd have done.

With very much love dear  
yrs

always

dga.
