Dear Mrs. Adams.

I was so pleased to read your letter re: Miss Murray and to hear that your dear Evelyn is at last making progress, and was able to give very valuable aid to your Woman Candidate for the District Council. It is quite delightful to hear all round how many women have been returned at the various local elections. I hope the W.L.G. SOY will soon be able to bring out a complete list. A lady in whose success I was a good deal interested has just been returned, one of a group of four progressives, for S.E. St. Pancras. It was her first candidature & she is very pleased at her success. Thank you very much for writing home. With affectionate remembrances to you both ever yours sincerely
M. G. Fawcett
