Thank you so much for
 your letter — This is just a
 line only to tell you I'm
 at home now, & just where
 you saw me last — I have
 had both arms in my port-
land!! & naturally don't
 want to lose it; so as
 a treat! I'm allowed to
 get up & go to the

Dentist otherwise I
Kept entirely in bed
preparing my heart,
suppose, for a "heart-treat-
ment" which if successful
will do me much good
but which will at this
time make me very ill
for a few days = how
long it will take

God - know, but - I had thought
to go North this week to
my friends but -
more patience & more
weariness, for a short-
time I hope = yes please
to come when you return
to town or ring me up
to see if I am in town
as possibly I may be
away then = I'm

glad you are working its
quite the best-thing in
the world I do =

My brother Fred. is looking
so well & has been working
for some weeks now

Yours with love

Marion Terry
