April 2nd. 1932.

Dear Mrs. Russell;

Thank you so much for your letter which should have been answered a long time ago. I hope to be in London the last week in April, possibly for longer, and it would give me great pleasure to go and see Crosby Hall and the Lord and Lady John Russell Room.

I am glad to hear that your friends appreciated the story in the little green pamphlet, I hope that perhaps some more will be printed, as there are still many people who would be interested to see it.

Thank you for trying to find me a secretary; I ~~have~~ succeeded in finding one, and if ever you are in need of her help I shall let you have her address when I see you. *She is very efficient & a very sweet person.*

*Yours very sincerely
F. D. Drake*

Thanking you again for writing and
hoping to see you in London later on,

I am very sincerely yours,
