circ. sent.

Dear Miss Ward:

Miss Bertha Newcome has enclosed to me a request from your Committee to allow my name to appear among the possible contributors to your new Journal.

It seems to me that the terms of your request point to the possibility of acceding to it so as to imply thereby only a strong sympathy with your object, such as I feel, without giving any definite undertaking as to contribution —

If it is agreeable to you to

do so, pray enrol my name as
a possible contributor; but one
who may for all that be prevented
by steps of other engagements from
sending a contribution — I

don't mean that you need desc.
ribe me so — only be prepared
to have me fail altogether in
sending you anything —

For some time to come I am
simply overtaxed —

Believe me very truly yours

Wm. M. Morgan
