Office of the Society for
Protection of Animals from Dissection.

1, VICTORIA STREET, LONDON, S.W.

Oct 8. 1881

Dear Mr Leys,

I should be greatly obliged
if you will put this important
paper in the hands of one of
your reviewers competent
to deal with it. We have I
think, been turned the tables
on the Dissectors from their
own scientific point of view
Sincerely
Frances Power Cobbe
