

Berlin July 10<sup>th</sup> 08.

My Dear Nelly,

AL/3840

As you asked me about Silva plana in your last letter I wrote to my sister Ellen to hear an account about it, as she has been in the Engadin and I have not. I have just had her answer, which is, that she does not exactly remember Silva plana but that all the Engadin is beautiful and comfortable. Another locality that I have been told of

Case you can help me to arrange one, I should be delighted

as extremely beautiful is Sils  
Maria (also in the Engadin) and  
highly situated, but I believe it is  
crowded of late years and correspond-  
ingly expensive. I am sorry I have  
been causing you the trouble of  
writing twice in these your busiest  
times, but as I know Switzerland  
very little and have no guide book at  
my disposal, it was imperative I  
should get some information about  
the place you had chosen. I should

to enjoy your ~~company~~ <sup>company</sup> for about a fortnight and <sup>enjoy</sup> <sup>it</sup>

very much wish to meet you wherever  
you decide to stay, but it seems  
to me I shall have to wait first to  
hear from you, whether I can get any  
accommodation at the same place.  
It is as well therefore that I should  
first go to Munich and wait for  
your notice there or perhaps at  
Stuttgart, where I have been asked  
to pay a visit to a friend. As my  
holidays begin in the last week of  
July, I mean to start for Munich  
business.

on the 29<sup>th</sup> and shall give you my  
address here (as wherever I go from  
there) as soon as I have yours for  
certain. I suppose you have taken  
the double room at Hôtel Suisse,  
Crystallin Alps (is that right?) over  
~~hall Meyringers~~, but please let me  
know by card whether that address  
will reach you there, and by what  
time. And in case you can get a  
room for me there or in the neighbour-  
hood — wherever you go — by the 2<sup>d</sup>  
week of August (7<sup>th</sup> or 8<sup>th</sup>) tell me also  
how to get there. It seems dreadfully  
difficult to arrange a meeting, but in
