My dear Mr. Bowcott,

I hope you will again
be disposed to support us
with your signature. This
Institute is what the "Round
Robin" asked for four years
ago, & what the "Robins" have
been hammering at ever since.
I know it is just a question

I bring in, full dent pulp
baker, - whether we use to
have a regular school of
Instruction in London and
of large scale. I send
a few papers explaining the
Case & the real (though much
debated), purpose of the
undertaking. As I will

see we have strong support
abroad - before we close,
shall hope, have at least
50000 signatures.

I should have the great
privilege of presenting yours
Dear Mr. Sawcut.
