Dear Philippa

I was interested to

get a notice of the
General Meeting on June

28th. I hope all goes

well at it - I am so sorry

to see Marsden Street is

uninhabitable! What

happened to the Library?

I think I saw it had

been housed elsewhere?

I feel a terribly back number -

Scotland might be the R. Pole

difficulties of travelling
make it almost inaccessible.

I hope to come to London
for the Jubilee Conference
N.C.W. in October. Mrs.

Home Peal has asked me
to stay with her - I am
not standing again for
the Executive - I have
had no address for the
last 2 years and constant
moving about is no con-
ducive to constructive work -
I feel too that the Women
Police are on the map -

can probably take care of
themselves.

I'm reading your letter &
see you tell me the library
is housed at St. Anne's Oxford.

I hear from Nora & Propter
fairly regularly - Marion
seems to be losing ground
mentally and physically -
I feel so sorry about her -
but I do not think she
is depressed or unhappy
just - smile - a horrible
word! I have hopes of getting
into a cottage in Aldborough

before the Winter and
having a place of my own -
My brother & sister-in-law
hope to get back into the
Manor - it is vacated
by the children on 31st July -
but they want some alter-
ations done before they
move in which may take
a bit of time these days -
They have been in the cottage
since the outbreak of War -
I hope I may see you in
London in October -

I am affectionately
Edith Anceud
