HILL HOUSE,

BEMBRIDGE,

I OF W.

March 1<sup>st</sup> 1956

Dear Miss Palfrey

I enclose a <sup>annual</sup> postal order <sup>outs: "Review"</sup> for 2/6 and shall be much obliged if you will live to give permanent address to the undersentary & ask her to send me 2 copies of the "Review" in future.

I have met lately an old friend of mine who

Assortment lit. sent. March 1: & a copy of  
Suly. of Women 6<sup>th</sup> copy is Lady's to be  
to be charged for this.

Mrs Gwynne - Hughes of  
Tregyb. Llandilo  
S. Wales.

She was staying at Southsea  
at the time of the ~~franchise~~  
meeting at Portsmouth and  
I sent her tickets & she went  
(& was interested) with some  
others of her family - I had  
before spoken to her, in Town,  
about the Suffrage and she

would I think be a supporter  
if she knew more about it.  
If you could send her John  
Stuart Mill's "Subjection of Women"  
& some of W. D. Howells' pamphlets  
& any other leaflets you think  
useful to explain the question  
to her - I think it would  
be a very likely means of bringing  
her into the fold! Her husband  
is a strong liberal & she  
does a great deal of good  
Committee work for various  
charities & is a very  
winning person - and rather  
a little personality in her  
county - She has, too

295

my daughter who will  
inherit the estate & should  
be furnished over to the cause!  
She is pricking up her ears  
already & beginning to take  
things in. Her mother said,  
& I want very much to  
help to strengthen the franchise  
leanings of the latter at any  
rate. She was to return

to Tregeath about this time.  
It might be well to put  
await return of the parcel.

I trust all is well with you &  
that you are enjoying our the greater  
our in the House as I am! ~~to the~~  
Has a former member been found to  
do our work this session? You sincerely  
new friend Onslow
