1. Creque walk. Sw. 9. Dec. 1909

Dear Miss Strachey, in spite of my wish to do no  
suffrage, I feel quite breathless about things. I  
mean to have printed programmes - about 200. next  
time. Don't mind the expense! It shall be  
defrayed some how. I am writing to all my performers  
for their programmes. If Miss Palliser could ask Miss  
Shellock what she is going to do I should be glad.  
I ~~hope~~ will you please telephone her. I expect I  
shall come to the Typist tomorrow just after lunch so  
will she either telephone to you or send me a card to 1.  
Creque walk.

Another thing I want very much. To be changed  
from the Finance Committee to the Electoral Committee.  
Is it possible? I feel I am useless for Finance. Any  
help I could give would not be in committee. But  
seriously I am good for an election & for arranging  
matters about Electoral. I really have had experience  
& know about it. I can't speak as you know but I  
understand the working of a committee room, am  
familiar with the Register, canvassing & polling  
& such matters. I have also some suggestions  
to make as to work for non-speakers & the petition.  
Do Miss this over.

Yours  
Bertha Murray

I promised Miss Wigham, that the pianist's card should be  
paid. They are rather more than I expected.

I promised Miss Wip an, that the pianists' cab<sup>ts</sup> should be  
paid. They are rather more than I expected.
