Dear Mr. Simpson

I send you 23 negatives & some of
your slides. I am so sorry but I must
keep the rest of the slides for this evening's
lecture! I will send you them back to-morrow
(Thursday) morning by my maid. You will
notice 25 of the slides she brings, have got
pencil crosses on the reverse side to the
"Royal Geographical Society" label. I can't find
the negatives of these, so will you very kindly
make me duplicate slides from these.
I remember you told me it could be done,
but it was ~~too~~ ^{more} expensive!
Please can I have the slides by July

6th. morning — 48 of them in all — as
I have to lecture on the 7th! Meanwhile
I'm going to be operated upon on
Thursday morning!

Yours sincerely & most gratefully
Posita Forbes

P.S. I've just found the 25 negatives, so
I send all 48 & hope you'll let me
have the new slides by the 6th July.
