GARRICK'S VILLA,
HAMPTON,
MIDDLESEX.

Dearest Pippa -

Desmond has just told me about
Pechel. & I have seen the account
in the Times which I do think is
fairly affectionate & admiring & she
would have liked it. (But I don't think

she sat to at once see the past tense
& conditional!) Oh Dear I wish

she could have had a little longer
in sound health. but how thankful

you must be that peacefully at least was
able to be said about her last breathing

away - I can only send you much
love & I know how devoted she was

to you, & how you cheered her.

Any of your ^{family} gone from this world is an
awful miss, for you keep your brains &

Your "Seele" & are always a delight to
your friends. I beg you know to rest
yourself. Always your affectionate
Mother.
