Dear Miss Palliser -

It was foolish of me to write to you last night. I could not get round to your office today in time. I wanted very much to have a short talk with you about your kind letter received yesterday, both because I am very interested in Miss Black's Declaration Scheme - because I very much regret to hear through you that the thing is not going well. Whether or not, however, I can give much time to it, to effect anything except in a very local way, I have not yet decided. Somehow I don't seem able to do what I used to do.

Before deciding, I should very much like to have a talk with you. Should I find you in the office on Monday? I don't want to make an appointment because I am not sure of my own arrangements.

I saw Miss Black the other day & suggested to her that I should attempt something locally as nothing further had been heard from a mythical lady somewhere near here, who was supposed, some little time back, to be going to organize.

If I can come to your office on Monday, I should ask you to let me look at your Associates' lists for Bloomsbury District & South St Pancras. asking me to meet her

I had a note from Miss Hippard & am waiting now to get an appointment on Monday clinched.

I was very glad indeed to be able to go to Higham Park on Tuesday & am extremely obliged to you for the kind things you say in your letter.

Yours sincerely,

W. Stanbury

Hope you are all right again,
W.S.
