

Leila sends her Best Love & the
sooner she sees you the better.
Query: What will she do to you?

My dear Phillip

Will you be
in London in two weeks?
viz on the 5th? This is
most important as it is
the exact and I think
Dolla Byers is coming

home for it. I hope you
will be there.

I, or rather Dorothy
have or has had Cyrano
bound; he is rather
charming.

Leila has been sporting
more weird theories in
debates. The last one was
on letters + she said that

you ought never to write
letters to please the
people they're written to.

Beatrice Chamberlain
who was staying in the
house came in in the
middle. I think she
was considerably amused
but it was so ridiculous
she said that it was not
a debate but a family

discussion because Leila
& I took opposite sides!
Such nonsense! You might
just as well say that Gerald
& Lord S. can never debate
questions, but always
have "family discussions"
How is the jachdaw?

Yours ever

Marjorie.
