Society  
of  
Female Artists.

Dear Sir

Again this year  
are we very anxious about  
Madame Henriette Browne,  
and Rosa Bonheur if only a  
sketch, do try what you can  
do. We shall also be very  
glad of some good pictures  
about 7 or 8 not large,  
as we have now a permanent

giving  
to  
at least a glance

Gallery of our own but  
still it is small in a capital  
situation opposite the of the  
Palace. We open in our  
London Season too which is  
thought to be better -

We have the promise of some  
good pictures from Sweden,  
Copenhagen, The Hague and  
Munich. I inclose you  
a prospectus and leave it  
to you to do the best

you can for us. We should  
like a few bronzed casts  
of Rosa Bonheur. Please  
let me hear from you -

I am dear Sir

Yours faithfully

Edmund Murray
