I do so thank you for your very welcome
congratulations. It has been a *very*
wonderful time. On Tuesday the 8th I
was hopeful, on the 9th I was in despair,
on the 10th intensely anxious until the
end of Lord Curzon's speech when, of
course, I knew that all was well. But
the size of the majority was more than
double what I had even then expected.

Yours sincerely
