

Berlin. May 18th 97 ALI
3784

Just got your letter. My mother
is proceeding fairly in her re-
covery and if all continues well
will be allowed to get up a little
in a week's time. Dr. Delwiche
informed me that H. W.'s plans
were to go to England immediately
after the 15th of June and to stay
only for a week. So there would
be time to lose if you stick to your
original plan, but I do myself
think the second better, though I
ready to do my part in the business.
Dr. D. says that the things of nothing
but Greece at present. Goodbye and
