Dear Miss Strachey,

Thank you so much for your letter.

It was a great pleasure to hear from you.

I think perhaps you realise how interested

I am, and how deeply I admire the work

you have done and are doing, in spite of

the serious handicaps - a very mild word

to use for what the ~~WAR~~ did to us!

Please remember that if, in the  
future, I can be of the smallest use, I  
shall be only too delighted.

Yours sincerely,

*Lilian T. Deane Thwaites*
