Memo

Dear Mrs Horton

I should very much like to be present at the unveiling of the memorial to Dame Millicent but I have to be in London for meetings on both the 9th and the 10th and it is very tiring to do three journeys to London in three days . I have been rather overdoing it and with the Board and the Presidents visit here on 19th must be fit, May I leave it open and come if I can ?

We should be so glad if some of your committee would come to the party we are giving to our president on June 24th.
I enclose a few invitations and can with please send more

yours sincerely

W Corbett Ashby
