Dear Mrs Billington Gregg

At last my plans have sorted themselves out . I find that I have to be at ~~St~~ Queen Mary's College for the ceremony with the Queen Mother at 2 30 so I have asked my friends to lunch early at the club 12 30. Could you meet me there at 1145 about? I have to entertain the past president of the Swiss Suffrage society who is in London for a few days. I would ask you to join us but she will speak french and talk family so I fear it would not be interesting but only rather

tiring for you.

yours sincerely

W. Corbett Ashby.
