Dear Mr. May,

Agnes and I returned from our travels last
Saturday. We had a most interesting, & refreshing trip
which we must tell you more about. When we
meet. I will only mention now that going by sea, as
far as possible, & between Tilbury & Port Said each
way, was a great success and a thoroughly restorative

bottle. I am L very surprised: but we had ^a very good
steady ship each way & first rate service on board
the Steamers "Orion" & "Orion"

What I am really writing about now is L. I am on the
the how dear little bottles of Eau de Cologne which we found
here on our return & look forward to using on our next
"Jewelry". We have had a very cheerful little time
and have seen Ellen and all seems well with her little
with our dear love & many thanks for your constant loving
of us
Yours affectionately M. G. Barrett
