Dear Miss Blackburn,

I have summoned me

& a party to consider how to
work my arrangements. To secure these
transacts this but most resulting
refusal even to give a day. To decline
to our claims, the value is utterly
unreal. I for one, have written

used nor time in my charge to
continue idly together. Men were
but playing with us, or never under the
old possess the franchise - and
said disinterested friends as well as the rest.
If they never in earnest, no good! could
treat the cause so disrespectfully -

They send me no more papers
as summoners for franchise now
I see the useless sign. Dear Mr
