Dear Sir,

I am at present in the country
& when I come back I have so
many engagements that I
regret I cannot give you an
interview ^{this week}, You will get a very
good idea of the general nature

of the activities of the Nat: Union of
Women's Suffrage Societies, of which
I am President; from the current
No. 46, of the Times History of the
War; and you might also call
at our office, 14 Gt. South Street^{S.W.}
and ask Lisa either our Hon Sec
Miss Arden, or the Secretary

Miss Cooke. They would give you
our latest report.

In reference to the Times publication
I will only mention that since it
~~was~~ was written the £40,000
which we have raised for the
Hospital units ^{wholly operated by women} in France &
Serbia has grown to nearly
£50,000, and the No of beds
for which the N.A. is responsible

9/31/47

has increased from 1000 to 1250.

Yours faithfully,

W. G. Fawcett
