Best thanks very  
 kind Sir for your message  
 in mine & my friends  
 favor - Thanks too for your  
 honest opinion the more  
 valued because it is  
 rare. I see one little  
 error in my Legend which  
 I hope the reviewers will  
 lay hold of namely "China  
 del Alma" is printed "Chiva" &c

If they do is it worth  
while letting them to  
rights?

Please don't forget to  
let me try my hand  
at illustrating a  
plate some of these  
days—

I want to take my  
little girl to introduce

to you someday, unless  
when you are passing  
by you will either  
lunch or take a  
cup of coffee & a card  
with us—My hus-  
band's duties are so  
uncertain that I can  
seldom induce his  
being at home to dinner.  
I am suffering from

a slight attack of  
influenza -

I was invited the other  
day to a Garrison speech  
at Chatham Marie Waters  
was there. I was sorry I  
could not go I should like  
to have met him - he  
attacks all Aburn's  
people, & I would have  
talked a little fair  
reason with him -  
Always Yours A Ward
