May 9th 1916.

Dear Madam,

10 MAY 1916

It is no doubt because you know that I am a keen suffragist that you sent me your letter with the enclosures, but I have always so strongly and sincerely regretted the existence of a specific Church League in this connection that I have not felt, and still do not feel, able to co-operate with the undertakings which it organises.

Yours faithfully,

*W. Temple*
