My dear Mr. Fawcett,

Thank you much

for your kind letter & corrections

of my proof. - I was very ungrateful.

I think I approve the letter -

especially in the news the

printer left it. I am now

very much indebted to the

to which I will do good to

our cause - I am  
yours

I think adopted all of corrections  
& made many more for (symptoms  
of mental condition?) there

was a great ~~many~~ useless  
words in it & needless repetition

I am told that Lady  
Bortwick, whose husband  
is pledged to vote for us - is  
quite the leading Dame of  
the League. We ought

to get at her before my letter  
is circulated & by her influence  
to draw attention to S. H. W.  
among our leading Members

Now then I should be thankful  
to you to write to her on the  
subject. (It will not do, of course

for the paid Secretaries who do  
very specially) - I have

told Miss Briggs that just  
by such acquaintance I  
write to Lady Bortwick

on my own book & send you  
advanced why the vicar -  
keeping her support for it As her  
husband is pledged does this still  
quite fair -

This with real pleasure  
Dear Mr Fawcett with kind  
regards in this beautiful site  
Communion with 2. I am  
very glad to know much I am  
felt for 2 with how much interest  
& admiration I read whatever 2  
write - Ever yr affly
