Dear Mrs Strachey

I am very sorry
to have given so much
trouble. I have always
been harassed by the
division in the Women's
Suffrage Society - the last
change of name - from
"Central to London" complicated
my confusion - I am
so vexed to have
caused disappointment
As I wish you all well

You must allow me
to give you each a
share of the \$10. - I will
write to Mrs. Mason

to that effect I must
make myself better
acquainted with the
tendencies of the two
societies

With very kind
 regards believe me
very truly yours
Carter & Williams
