Dearest P

I have had the enclosed from Mr
H. V. Shaw answered that a Mr
Co seems proper. I think
D. J. Walker should be invited as well.
Also I have written to P. G. F. to
ask her what she wants about date
arrangements. I said with H. V.
that my own opinion was for the
last week in Oct. He. that I
should be available after Sept. 19.
It would be about, if earlier action
was needed. But I don't suppose
it will be, as everyone stays away
till the end of Sept.

I hope you are enjoying your
extensive summer holiday this weekend.
Here it is perfect lovely. As the

moments fairly quiet, though there
is pandemonium preparing for next week.
There is a dim hope of getting
John settled for the winter in
Uncle Tom's cottage (cabin) in Fenchurch
Mrs P. favours the idea, as it will
give a test of his ability to live so,
the only doubt is Uncle Tom's willingness
to submit her precious possession to
random treatment. Olive is going to

U.S.A. so that is all right.
Meanwhile Margaret has just opened &
then pulled out of buying her a car, &
the most horrid clear results, as you can
imagine. I think we shall find her
one in the end. I strongly advised Mrs P.
not to advance the money. She would make
an enemy for life - such a troublesome one.
No other genuine news, though would
old matter which might be repeated.

Yours
Ray
