My dear Mrs. Fawcett. Thank you for your

letter & enclosures.

I will certainly print. I will fill in

the paper & send it in one day this

week —

The relief of learning from the Observer

this morning that Floyd George did

set his speech — or at any rate the

most important part of it — through

yesterday was intense —

If he had been wholly stopped it

would have <sup>been</sup> sheer disaster —

Don't you think the moment has

come for a clear & emphatic

utterance from you. i.e. "Headquarters."

than I am of what is best to do.

as to yesterday proceedings  
I think that after yesterday it  
ought not to be possible ever again  
to confuse the two sections -  
the "Constitutionalists" & the "Militants" -  
~~again~~ - I think the Constitutionalists  
should state as (or rather their leaders) as  
should state, as shortly as possible  
their absolute repudiation of the others  
& get this short statement signed  
by all who can be got with it -  
- Time is of the essence here - as it  
seems to me - If my name of it  
of any use pray use it - & pray  
forgive me for thus greatly daring  
to urge immediate action on your  
- for, as I know at the time I write,  
you are a far better judge
